Almquist drove in the Prowlers' 13th run with a double to center and he scored the 14th on a wild throw on a pick-off attempt at second.

Goodridge collected two singles in the third inning but failed to score as the Prowlers went in front 16-0 on Kim Johnson's double in the third.

The Huskies got on the board in the fourth inning when Iverson walked and Gary Kujanson doubled to center. Goodridge set the Prowlers down in order for the first time in the fourth with the game called on the ten-run rule in the fifth.

District Baseball At TRF

Two south sub-district 31 baseball games were scheduled Saturday at Crookston as the teams tried to advance into Monday night's semi-final action at Thief River Falls.

At 1 p.m. Red Lake Falls took on Fisher and Crookston tackled Climax at 3:30. Thief River Falls and Oslo have already advanced from the north sub-district with their victories on Thursday night.

The Prowlers bombed Goodridge 16-1 and Oslo got by Alvarado 9-8 Thursday on the fairgrounds diamond.

The district 31 tournament will begin Monday night, May 31, at 5 p.m. when the winner of the Crookston-Climax game will go against Oslo. The Prowlers will play the Red Lake Falls-Fisher winner at 7 p.m. Monday with the championship game scheduled for Tuesday night, June 1, at 7:30 p.m. on the Thief River Falls fairgrounds diamond.

The region eight baseball tournament will also be held in Thief River Falls on June 7 and 8.

Prices for the district 31 tournament are $1.50 for adults, 75 cents for students and 25 cents for junior high and below.

Golf Lessons To Start For Girls

Mrs. Gerald Wigness, member of the Thief River Falls United Fund recreation committee, has announced plans for golf lessons for beginner girls to be under the direction of Mrs. John Moum.

The lessons will begin on June 18 at the golf club at 8 a.m. Golf balls will be provided but the girls are asked to bring a five iron.

Girls can call Mrs. John Moum at 681-3723 or Mrs. Gerald Wigness at 681-4061 if they have trouble locating a club.

It is planned that the group will meet once a week and that when the series of lessons is over a tournament for the participants will be conducted.

LHS Nine Get By Crookston 5-4

Thief River Falls ended their regular season baseball schedule Wednesday afternoon with a come-from-behind 5-4 win over Crookston on the fairgrounds diamond.

The win gave the Prowlers a 10-8 won-lost record going into Thursday's district 31 tournament at Thief River Falls.

The Prowlers played a fine game despite mistakes on the basepaths to lead the Pirates 5-0 going into the final inning. Crookston wasn't about to give in however as the Pirates came up with four hits and four runs to grab a 4-3 lead going into the last of the seventh.

After an easy out, ground ball to the pitcher, to open the seventh for the Prowlers sophomore Pete Sullivan drew a walk off relief pitcher Jim Clausen.

Senior pitcher Brian Peterson stroked a long double to center that hit the bottom of the fence to drive in Sullivan with the tying run. Tom Hanson, sophomore third baseman, hit a ground ball to shortstop Scott Youngquist who tried to tag Peterson, running from second to third, on the play. Umpire Sweda Lund called Peterson safe when Youngquist tagged the Prowler runner with his glove while the ball was in his other hand. Hanson also reached base on the play.

Sophomore catcher Ordean Peterson tested Youngquist once again with a ground ball to short as Peterson broke for home with one out. The Pirates' throw to the plate was high and wide as Peterson made a head-first slide into home plate for the winning run.

The Prowlers and Pirates were locked in a scoreless dual between Peterson and Kyle Pearson until the sixth inning when the Prowlers collected their three runs off Clausen. Peterson didn't allow a hit until the fourth inning and struck out 12 enroute to the win.

The Prowlers missed an excellent scoring opportunity in the third inning when they had the bases loaded and one out but failed to score.

Junior Mike Hamilton walked and went to second on Rick Johnson's single to right while Sullivan loaded the bases on an infield hit to second.

Brian Peterson lifted a fly ball to left field but the runner at third base failed to tag-up and the Pirates got out of the inning on a strike out.

Sullivan walked to start the Prowler sixth and Brian Peterson poked a Texas-League single behind short to put runners on first and second with no outs.

Tom Hanson advanced the runners with a ground ball to the pitcher before Ordean Peterson drew an intentional walk to load the bases and set up a possible double play or a force at any base. Senior first baseman Mike Hamerlinck didn't follow the Pirates' plans though, as he blasted a double to right-center to score two runs.

Dale Hanson followed with a sacrifice fly to center to score the Prowlers' third run of the inning.

The Pirates took the lead in their half of the seventh when Clausen opened up with a long double to left. An error at third base put runners on first and third with no outs before the Prowlers retired Ron Muir.

Pearson knocked a double to right, driving in two runs, cutting the Prowler lead to 3-2. Kevin Tiedeman singled to center to put runners on the corners before Peterson struck out Dale Normandin for the second Pirate out.

Paul Hendrickson reached base on an error in left field on a two-strike count as the Pirates' third run crossed the plate. Roger Johnson singled to center to drive in the fourth run of the inning before Peterson struck out Scott Wheelhouse for the final out.

More than 232,000 cars entered Minnesota state parks during 1970.

OUTSTANDING STUDENTS at Northland state junior college were announced Tuesday evening at the annual awards banquet held at St. Bernard's Catholic church. Pat Mortenson and Carol Kraemer were announced as winners of the award and will have their names engraved on the permanent plaque held by Victor Charles, college president, who presented the award. Other photos and a list of award winners will be published in the Monday edition of the Times.

Registrations Open For Summer School

Registrations will be accepted until Friday, June 11, for elementary and secondary summer school programs in Thief River Falls public schools. Persons having questions not answered in the following material may contact William Desrocher, principal at Washington elementary school; Neil Taverna, principal at Franklin junior high school; or Robert Ostazeski, principal at Lincoln senior high school.

Cost for students who are residents of School District 564 will be a $1 matriculation fee. Tuition for non-resident students will be $40. Because the summer program is on a state-approved basis and aids are paid on average daily attendance, it is important that students attend class every day, the principals said.

Classes will run for a period of six weeks—starting June 18 and ending July 30. Elementary classes will be two hours in length and secondary classes will be either two or four hours in length—all from 8 a.m. until noon. Buses will be provided for rural (including St. Hilaire) and cross-town students who attend the full four hours of classes. Bus students should arrange to take two two-hour classes or one four hour class; since they will be at school four hours. Elementary classes will meet at Mark Twain school. Secondary classes will be at Franklin junior high, Lincoln senior high and the area vocational-technical school.

Enrollment in all classes will be on a first come, first served basis until all sections are filled. If enough enrollment is not secured for a certain class, that class will be removed from the program offering this year.

Elementary Program

Grade designation for the following courses is the grade the students were in during the 1970-71 school year, and the offerings are as follows:

Reading—Grades 1 through 6. Children will be tested to determine placement in the group most beneficial to them.

Arctic Sales Total Record $80,236,986

Arctic Enterprises, Inc., Thief River Falls, announced Tuesday that sales and earnings for the year ended March 31 again reached record levels.

Net sales for the year were $80,236,986, an increase of 73 per cent over the $46,441,905 reported in 1970. Net income increased $1,812,155 or 63 per cent to $4,703,062, as compared to $2,890,907 for the year ended March 31, 1970. Net income per share was $1.82, up $.63 over the $1.19 reported at the end of last year. There were 2,585,512 average common shares outstanding in 1971 and 2,434,744 in 1970.

In making the announcement, Arctic president Lowell T. Swenson stated that two subsidiary companies, Silverline, Inc., and General Leisure Products corporation, contributed to year-end profits. Both companies had experienced operating losses prior to their acquisition by Arctic.

Silverline, acquired in March, 1970, contributed approximately $29,000 to earnings during the year, which Swenson said was in line with management's objectives. He explained that new Silverline boat models, introduced by Arctic, have had a favorable affect on sales and that the volume of orders unfilled as of March 31, 1971, is significantly higher than a year ago.

General Leisure, acquired as of Feb. 1, 1971, contributed $6,203,400 to consolidated sales and approximately $115,000 to net income during the last two months of Arctic's fiscal year. February and March are traditionally the highest sales volume months in the power mower and lawn tractor business, Swenson said.

For the fourth quarter, Arctic reported net sales of $16,858,118, compared to $8,774,104 for the final three months of fiscal 1970. Net income reached $300,826, versus $172,908 for the final quarter last year. Net income per

Air-flow hood is designed to provide greater cooling capabilities.

Directors Of Center For Child Care Hold Meet

First meeting of the permanent board of directors of the Thief River Falls child care center May 20 formed committees on budget and financing, incorporation, personnel registration, publicity, equipment, and housing, with the housing committee chosing Redeemer Lutheran church from among the available churches as the location of the child care center.

The housing committee met last Friday with Maurice Lucas, professor of early childhood education at the University of North Dakota at Grand Forks to discuss research and program preparation.

Lucas stressed the need to emphasize the intellectual well-being, opportunity for physical excercise, and social and emotional development of the children under the care of the child health center. He also emphasized the center's need to interact with the parents of the children attending the center.

After the meeting with Lucas the board toured the United Day Nursery in Grand Forks, which cares for 240 children. The nursery director discussed various aspects of child care centers with members of the board.

Application forms for the positions of director and assistants in the Thief River Falls child care center are now available through Mrs. Duane Walton. Persons interested in applying for these positions should call Mrs. Walton at 681-3838 or 681-1946.

Permanent board members of the child care center are Mrs. Gene Beito, Mrs. David Bjorkman, Mrs. Jonathan Law, David Sorvig, Mrs. Neil McEwen, Mrs. Duane Walton, Rev. Lloyd Berger and Rev. Phil Lathrop. Ronald Mooers and Roger Worth are advisors to the board.

New Statement Form Used For City Utilities

Statements for Thief River Falls utilities will be different when received by residents this month. The new form of statement is due to the city's use of the computer owned by Minnkota Power cooperative in Grand Forks, N D.

According to William Fahey, city clerk-treasurer, the city has contracted with Minnkota for preparation of its approximately 3,500 utility bills. Source data for the computer will be prepared on paper tape punched by city personnel. The city purchased the input computer last December.

While the form of the bill has changed, it provides more information to the customer than previous bills, Fahey said.

Most important to the customer is the fact that a 10 per cent penalty will be added automatically if payment is not received by the next business day following the 10th of each month. No exceptions can be made to this charge, Fahey said.

The new service begins with the bills payable June 1. For the first month, however, the date for payment without penalty has been extended to June 15. "This added time will provide the customer with opportunity to ask and receive adequate explanations of the new bill if necessary," Fahey said.

Lists Schedule For Closing Days Of TRF Schools

Schedule for the last few days of school in Thief River Falls public schools was announced Tuesday by Supt. L. M. Johnson. No school was held Monday due to the Memorial Day holiday, but regular hours were noted Tuesday.

Today is the last day of school for all students in kindergarten through grade 12. Tomorrow morning the seniors will have practice for the commencement program from 8 a.m. to noon in the city arena. Graduation ceremonies will be held at 8 p.m. in the city arena.

Thursday and Friday will be teachers' work days for instructors in kindergarten through grade 12. Vocational school students will attend classes on Thursday.

Report cards will be mailed to all students shortly after close of the school year.

22nd Annual Dairy Day Will Unfold On Tuesday

PRINCESS KAY of the Milky Way, Gayle Krogstad of Ada, will reign over Northwest Dairy Day festivities in Thief River Falls Tuesday. A dinner in honor of the 1970 Northwest Dairy Princess will be held Monday evening at the Thief River Golf club. Gayle is the third Region One princess to become a state Princess Kay winner.

Princess Kay of the Milky Way, Region One's own Gayle Krogstad of Ada, will reign Tuesday at the 22nd annual Northwest Dairy Day to be held in Thief River Falls. Miss Krogstad was crowned Northwest Dairy Princess here last year and then became the third Region One princess to win the state title at the Minnesota state fair.

Northwest Dairy Improvement association, sponsor of Dairy Day, will sponsor a dinner in honor of Princess Kay Monday evening at the Thief River Golf club. Members of the board of directors from the Dairy Day area, Princess Kay and her parents (Mr. and Mrs. Earl Hovland) and invited guests will attend the event.

On Tuesday a new Northwest Dairy Princess will be crowned from among 26 winners of 10 county contests entered in Region One competition. The coronation will be the concluding event of the day, since the board of directors has voted to discontinue the parade of champions.

Site of activities this year will be the livestock pavilion (curling building) at the Pennington county fairgrounds. Weather permitting, the show ring will be arranged outside. If rain should threaten, all the action will be inside the building.

Although dairy entries will begin arriving early in the morning, the show itself will begin at 10 a.m. with a showmanship demonstration by Mary Kay Kasprick of Angus. Show supervisor will be Harley Shurson of McIntosh with Harold Rosendahl of Ada as assistant. Judging starts at 10:30 a.m.

Showmanship contest will conclude the judging at about 2:45 p.m., and awards will be presented at 3 p.m. Paula Beneah of Ada will receive a purebred dairy calf as winner of the grade reserve championship last year (the champion was ineligible, having won in a prior year). Don Bruggeman will make the award.

Walter Schon of Fosston will preside at the program with awards to be made by the show judges and by Terry Courneya, Pennington county agent, Tom Johnson, American Dairy association fieldman; Cliff Skime, manager of the Roseau Co-Op creamery; and Martin Ellingson, Land O'Lakes fieldman from Fosston. Princess coronation is set for 4 p.m.

Directors of the Northwest Dairy Improvement association voted to use the livestock pavilion due to prohibitive cost of using the new city arena. The entire floor of the arena would have to be covered with plastic sheeting and wood shavings, according to conditions set forth by representatives of the city, and it was estimated the cost would be about $400 in addition to arena rental. Since the arena floor had not been sealed when used for Dairy Day last year, some staining of the unfinished concrete reportedly happened, thereby resulting in restrictions for this year.

Two new awards will be added to the Dairy Day awards program this year. An individual dairy herd award will be presented to the showman with the best three animals and a county herd award will be given to the county with the best five animals from among county entries. Also for the first time, 11-year participation awards will be presented to two contestants. No other participants have ever taken part in Dairy Day for more than 10 years.

Three-Year Pact Is Approved By Arctic Employees

Contract calling for a 10 per cent wage increase effective June 15 and three additional progression raises over a three-year period was approved by members of International Woodworkers of America Local 4-348 last Thursday and Friday. The union covers about 1,600 employees of Arctic Enterprises, including 1,400 in Thief River Falls, 170 in Karlstad and 30 in Clearbrook, according to local union officials.

Wayne Bjornrud, local business agent for the union, said the three-year pact was offered by Arctic management following lengthy negotiations and that member acceptance last week puts the terms into effect. Thief River Falls members voted by secret ballot on Friday while votes were held at Clearbrook and Karlstad on Thursday.

Present contract between the union and Arctic Enterprises was due to expire June 15—effective date of the new contract.

According to information provided by Bjornrud, the contract calls for a 10 per cent wage increase with automatic progression in all job classifications on June 15, plus three future wage increases during the life of the contract. He said the agreement also calls for an additional one and one-half days of paid holidays, improved group hospitalization plan and an improved sick leave plan which will be effective in the second year of the agreement.

Bjornrud said the new contract will be worth approximately $1.20 per hour when the final increases and new pension plan go into effect at the start of the third year.

Malcolm Trach, Wausau, Wis., regional director of the Woodworkers union, headed the negotiations committee for the union. He was assisted by Bjornrud and Frank Gillespie, local business agents. In-plant committee members were Hazel Iluot, Marvin Foss and Harvey Lund from the Thief River Falls plants, Hans Anderson from Karlstad and Bud Sims from Clearbrook operations.

Directing negotiations for Arctic Enterprises were David Koskinen, Duluth attorney, Ed Mazurek and Syriel Olson of Arctic.

Building Permit Total Here Down From Year Ago

Building permits issued during April for new buildings, repairs and alterations in Thief River Falls were valued at $92,000, according to the Ninth District federal reserve bank in Minneapolis.

According to statistics released by the bank, this was a decrease from $155,000 for permits issued during April of 1971. The cumulative valuation from January through April of this year compares with $169,000 over the same four-month period in 1970.

The number of permits (all of which were for individual housing units) totaled five for April of this year, as compared to nine for the same month in 1970. Ten permits were also issued over the four-month period from January through April last year.

Graduation For Lincoln Thurs.

Graduation ceremonies for the Lincoln high school class of 1971 will be held Thursday at 8 p.m. in the Thief River Falls city arena. There are 210 candidates for graduation listed on the commencement program which will be issued to persons attending the annual event.

Dr. Neal Nickerson, associate professor of educational administration at the University of Minnesota in Minneapolis, will be guest speaker at the exercises. Special sound system has been installed by Mader Audio Engineers of Bismarck, N. D., and it is believed the system will be adequate for the arena program, school officials said.

The high school orchestra, conducted by James Solsten, will play the traditional "Pomp and Circumstance" processional and recessional, as well as one other number. David Morken's concert choir will also sing. The class will be presented by Robert Ostazeski, high school principal, and diplomas will be presented by Kenneth Murphy, clerk of the board of education.

Additional members of the National Honor Society have been listed for the Lincoln high school class of 1971, according to Ostazeski. These students were omitted from lists announced at the senior banquet and prepared for high school commencement programs.

As corrected for the commencement programs to be issued at high school graduation on Thursday, the list of honor society members is as follows: Randall Adamson, Cristy Amundgaard, Gail Anderson, James Arhart, James Aune, Jeffrey Borning, Louise Brandt, Peggy Burrell, David Cameron, Cornelia Carlson, Mark Charison, Robert Craik, Terri Cuppett, Mervin Eriksson, Joyce Feragen, Bonnie Habedank, Ruth Hammer, Julie Hermanson, Barry Hogan and Jan Johnson;

Also Coreene Kloubee, Roberta Knutson, Larry Langevin, Roxanne Langlie, Roberta Lasha, Roger Lee, Paula Mickelson, Cheryl Narverud, Cynthia Nesland, Paul Olson, Candace Passa, John Peterson, Barbara Roisland, Gary Rux, Susan Scheuneman, Brian Scholin, Mary Sherack, Jacquelyn Sinding and Mary Jo Williams.

Direct Distance Dialing Approved

Thief River Falls has been chosen as the site of a long distance center to bring Direct Distance Dialing (DDD) to this area within the next three years.

D. L. Lindquist, Northwestern Bell Telephone company manager, said the program will necessitate an expenditure of $2,000,000.

Upon completion, it will enable telephone users to dial many of their own long distance calls directly throughout the United States and Canada as well as to Puerto Rico and the Virgin Islands.

In addition to Thief River Falls, other Bell-served northwestern Minnesota exchanges which will receive the new long distance service late in 1973 or early in 1974 include Baudette, Roseau and Warroad.

Lindquist said the principal reason for selecting Thief River Falls was its central location and its present importance as long distance center.

Besides DDD, the program will also provide facilities for future long distance calling needs and, through use of buried cables and expanded microwave transmission systems, will provide stormproof protection for the service.

Special equipment will be installed here to automatically record billing details of each DDD call made from any of the Northwestern Bell exchanges as well as from 17 communities served by other telephone companies which will be added to the network.

The overall project will include:

—A 58 by 100 foot addition to the rear of the telephone building here to provide space for special long distance switching equipment required for the new service. Construction of this addition started late in April and is expected to be completed by late this year.

—Installation of special facilities to permit telephone users in each community to dial many of their own long distance calls directly.

—Placing more than 85 miles of buried long distance telephone cable and construction of 18 locations to amplify messages along the cable routes.

—Construction of expanded radio transmission systems between Thief River Falls and Warroad and between Warroad

Rhonda Nilson And LeRoy Wagner Wed At Gatzke

Miss Rhonda Nilson of Gatzke and LeRoy Wagner of Middle River exchanged marriage vows recently at the Bethany Free Lutheran church at Gatzke.

Parents of the couple are Mr. and Mrs. Holger Nilson of Gatzke and Mr and Mrs. John Wagner of Middle River.

Rev. Clarence Haaland officiated at the double ring ceremony attended by only 25 close relatives and friends. Organist was Mrs. Clifford Klamar, a friend of the bride. She played the traditional wedding marches and also accompanied the guests as they sang, "O Perfect Love."

For the ceremony, the altar was graced with an arrangement of daisies accented on either side by candles.

Given in marriage by her father, the bride was attired in an empire fashioned ensemble of white crepe with lace overlay featuring long sleeves secured at the wrists by wide cuffs, and a high neckline with stand-up collar. A taffeta wedding ring headpiece held her fingertip veil and she carried orange lace carnations with white daisies and greens.

Kay Simmons of Gatzke was the bride's personal attendant.

The bride was attended by her sisters, Miss Ranelle Nilson of Gatzke as maid of honor and Miss Marcyne Nilson, also of Gatzke, as bridesmaid. They were attired in orange empire fashioned gowns featuring stand-up collars and long sleeves gathered at the wrists by wide cuffs. To complete their attire, they wore circular veils held by orange wedding ring headpieces and each carried a wicker basket filled with tangerine carnations, daisies and greens.

Attending the groom as best man was his brother, Wayne Wagner of Middle River. Randy Burrell of Middle River, a cousin of the groom, was groomsman and Dale Nilson of Gatzke, a brother of the bride, seated the guests. All wore black tuxedos. The groom wore a tangerine carnation pinned on his lapel and his attendants had orange lace boutonnieres.

The mother of the bride wore a lime green dress with contrasting scarf at the neckline, beige accessories, and a corsage of yellow sweetheart roses and white carnations. A similar corsage was worn by the mother of the groom, who was also attired in a lime green dress. Her accessories were in white.

Special guests at the wedding were Mr and Mrs. Christ Sostad, grandparents of the groom, Mr. and Mrs. Helmer Johnson, grandparents of the bride, Mr and Mrs. Willis Nilson, godparents of the bride.

A reception followed at the Gatzke school gymnasium for approximately 150 relatives and friends. Mr. and Mrs. Bob Aroneon, brother-in-law and sister of the groom, served as host and hostess. Miss Valerie Wagner, sister of the groom, presided at the guest book as Mr. and Mrs. Norm Opdahl, brother-in-law and sister of the groom, served the punch.

Centering the serving table was a five-tiered wedding cake, trimmed with orange roses and lilies of the valley. Topping the cake was a miniature bride and groom accented by a triple lace circle. Mrs. Philmore Nilson, aunt of the bride, and Mrs. Carl Buerell, aunt of the groom, cut and served the wedding cake as Mrs. Willis Nilson and Mrs. Anton Wagner, aunts of the bride and groom, respectively, poured.

Waitresses were Sandra Wagner, sister of the groom, Lynette Cwikla and Pat Gram, friends of the bride. At the gift table were Mr. and Mrs. Lloyd Wagner, cousins of the groom, Miss Jackie Anderson and Donovan Ruud; friends of the couple.

Relatives and friends attending were from Cooperstown, N.D., Union City, Tenn.; Middle River, Thief River Falls, Roseau, Wannaska, Newfolden, Strathcona and Holt.

For traveling on the wedding trip, the bride wore a lavender tunic pants ensemble.

The bride is a senior at Middle River high school and is a 1971 candidate for graduation. The groom, a 1966 graduate of the Middle River high school, is engaged in farming.

The newly-weds will make their home on a farm near Middle River.

Diane Vensland Is Honored At Bridal Showers

Miss Diane Kay Vensland, a former resident of this community, has been honored at several bridal showers recently. At each event the honored guest was presented with a corsage, games were played, and gifts opened and viewed.

The first shower was held at her parental home in Faribault with Mrs. Dale Pratt, Mrs. George Amundson and Mrs. George Gunderson as hostesses. They had also arranged a canopy of flowers over the chair where the bride-elect was seated. Among the guests were the bride-elect's mother, Mrs. Gilbert Vensland, Mrs. Oswald Nelson, Mrs. Elegene Norberg, Mrs. Lloyd Broady, Mrs. Olive Johnson and Mrs. Adriel Norberg. Sending gifts but unable to attend were Mrs. Wayne Norberg and Mrs. Kenneth Broady.

The second shower was held at North St. Paul at the home of her cousin and attendant, Mrs. Robert Pfingston. Mrs. Jon Potneria, Mrs. Doris Auld, Mrs. Harland Nelson, Mrs. Laurence Groven and Judy, Mrs. Kenneth Lecae and the bride-elect's mother were in attendance. Hostesses were Mrs. Pfingston and Mrs. Groven.

Later in the week, Miss Vensland was honored at a shower given by the faculty women of Maplewood, North St. Paul junior high school, where she has been a faculty member for the past two years.

TRF Eagles Auxiliary To Install Officers

Officers will be installed at the regular meeting of the Eagles auxiliary set for Monday, June 7, at 8 p.m., at the Eagles club rooms.

Past presidents Minnie Krause and Loretta Helle will serve as installing president and madam conductor. All officers, both outgoing and incoming, are asked to wear formals for the ceremony. Pictures will be taken before the 7:30 p.m. officers meeting.

All members are encouraged to attend.

Hostesses will be Mrs. Yvonne Green, Mrs. Leola Kelley and Mrs. Leah Thompson.

Maccasin Club Plans Contest For 4-H Clubs

Members of the Moccasin garden club held a plant and bake sale at the Julian C. Lendobeja home Saturday. To interest the youth in gardening, members of the 4-H clubs in the area were invited.

The Moccasin club is also planning a flower growing contest in August for the Kratke and Smiley 4-H clubs. Members of the 4-H clubs were reminded to plant annuals and vegetables in addition to a planter to beautify the homes.

President of the club, Eva Lendobeja, also reminded garden club members of the 13th district horticultural society flower show to be held in Roseau August 19. She stated that the categories for the floral arrangements suggest a religious theme, which she covered in a report at a previous meeting.

Many guests attended the sale which was held outdoors. Refreshments were also served outdoors by Eva Lendobeja, Gladys Wilson, Sophie Ourstad, Mary Koglin, Christine Ancnson and Mabel Lendobeja.

Zion LCW To Hear Mrs. L. Hormansen

25th Anniversary Is Observed By George Joyces

Approximately 100 relatives and friends gathered Sunday afternoon, May 30, at Norden church, rural Thief River Falls, to honor Mr. and Mrs. George Joyce on their silver wedding anniversary.

Seated with the honored couple at a table decorated with streamers, flowers and silver candelabra, was Charles Joyce of Fargo, N. D., a brother and only remaining member of the original bridal party. Also seated with them were another brother, Chester Joyce; an aunt, Mrs. Marvin Johnson; a close friend, Miss Emma Rhodegaard, and Rev. and Mrs. Marius Haakenstad, all of Thief River Falls.

The event began with a brief program at 2:30 with Kathy and Cindy Liden playing the organ preludes. Darleen Melvie, mistress of ceremonies, extended the welcome and Rev. Haakenstad gave the devotional meditation. Greetings from a godson, Allen Gjerde of Reseda, Calif. were read by Mrs. Paul Furuseth, and several of the guests participated in the program by extending congratulations or telling anecdotes pertaining to the lives of the honored couple. Vocal selections were a solo, "Silver Threads Among the Gold," by Mrs. Ernest Melvie, Sr. and in response to a request by Mrs. Joyce, a trio composed of Mrs. Melvie, Mrs. Furuseth and Charles Joyce, sang, "In Jesus". All the guests participated by singing, "What a Friend We Have in Jesus" and "Blest Be the Tie that Binds." The honored couple expressed their appreciation to all who in any way helped make the anniversary a day to remember.

As a special gift, the couple was presented with a two-tiered silver tray by their six godchildren: Allen Gjerde, Donavon Dyrdal, Elton Solseng, Randall Ayers, Timothy Lewis and Gregory Dyrdal. Engraved on the tray were the names of the godchildren.

At the reception that followed, Mrs. Irene Sainio of Minneapolis presided at the punch bowl while Mrs. Earl Sainio of Minneapolis was in charge of the guest book. Mrs. Daryl Lewis assisted by Darleen Melvie presided at the gift table. Women of the Norden church served the reception with Esther Solseng cutting the cake and Mrs. Herb Haugen of Minneapolis pouring.

Guests attending were from Kalispell, Mont., Minneapolis, Motley, Thief River Falls and surrounding areas. Sending gifts and best wishes but unable to attend due to illnesses, were the couple's mothers, Mrs. Emma Hanson and Mrs. Marie Joyce, two sisters, Mrs. Sam (Hazel Joyce) Anderson and family of Bainville, Mont., and Mrs. Victor (Jessie Joyce) Anderson and family of Minneapolis, and an uncle and aunt, Mr. and Mrs. John Gustafson of Thief River Falls.

Ballots Mailed To Wool Growers For Referendum

Ballots for voting in the June 7-18 referendum on extending the wool and lamb market promotion program will be mailed to all known wool producers in Pennington county, announces Winton Knutson, chairman of the Pennington County Agricultural Stabilization and Conservation (ASC) committee.

"The vote will determine whether producers will continue their support for the wool sales promotion program," Knutson said, "but it will not affect present wool payment legislation."

Under the new agreement, the U. S. department of agriculture and the American Sheep Producers council (ASPC) would set up payment deductions of up to one and one-half cents a pound on wool marketed during 1971-73 and seven and one-half cents a hundredweight on the unshorn lambs marketed. Funds collected would be used by the ASPC to continue a program of advertising, sales promotion and related activities for wool and lamb.

The ASC committee chairman said a similar agreement was approved by 79.6 per cent of the wool producers voting in a 1966 referendum.

The wool and lamb promotion program, for the year ending June 30, 1970, cost about $3.4 million. The budget for the current year is $3.2 million. Because wool production has decreased, payment deductions have declined to about $2.8 million. ASPC has been able to maintain its promotion activities by using reserve funds. The council's present wool promotion is on a national basis in cooperation with additional or matching funds from other segments of the industry. Lamb promotion now is concentrated in high lamb consuming areas.

Anyone who has owned sheep, six months old or older, for 30 consecutive days during 1970 may vote in the two-week referendum.

Approval of two-thirds of the total number of producers voting nationally, or of producers having two-thirds of the total volume of wool production represented in the referendum, must be obtained before the agreement can go into effect.

"Ballots may be mailed or brought to the county ASCS office beginning June 7," the chairman said. "Anyone who believes he's eligible to vote but has not received a ballot by June 7 should get in touch with the county ASCS office."

"To be counted, ballots must reach the county ASCS office before close of business Friday, June 18," he cautioned.

22nd Dairy Day Will Be Staged Here Tuesday

(Continued from Page 1)

The usual awards of grand show champion, champion purebred and champion grade animals will also be made, as will awards for best uddered cow, showmanship and individual breed championships. An area young dairyman who was a past participant in Dairy Day will be recognized in the awards program and all contestants will receive participation awards. A total of 179 dairy entries has been received—well above last year's mark—probably due to the ability of farmers to complete much of their spring field work.

Judges of the dairy show will be Ralph Wayne of the University of Minnesota and C. L. Blakeslee, both of whom have judged the Dairy Day show in prior years.

All county princess contests have been completed and names of regional contestants submitted to Merle Smith, secretary of the Northwest Dairy Improvement association, at the Chamber of Commerce office in Thief River Falls. County winners include the following:

Pennington—Paula Mickelson, Goodridge; Susanna Bruggemon and Gloria Swonson, Thief River Falls;

Norman—Kathy Olasey, Ada; Bonnie Jean Jensen, Ulen; and Diane Svobodny, Mahnomen;

Marshall—Angeline Burda, Jane Ranianen and Lynnette Cwikla, Middle River;

Lake of the Woods—Kathleen Hasbergen, Baudette;

Kittson—Ruth Gunderson, Strandquist; Peggy Fossell and Connie Wolff, Karlstad;

Roseau—Barbara Dostal and Deborah Rehn, Badger, and Rosalie Forst, Strathcona;

Polk—Miriam Hanson, Trail; Janice Ostenson, McIntosh; and Loretta Swenson, Fertile;

Clearwater—Myrna Foebeagd, Leonard; Charlotte Hedin and Lois Johnson, Gonvick;

Red Lake—Anna Mae Schindlee, and Debra Beyer, Red Lake Falls; and Carol Groven, Oklee;

Mahnomen—Barbara Winters, Waubun.

share, totaled $.11, including a $.04 per share contribution from General Leisure, as compared to $.05 for the quarter last year, which did not include General Leisure.

Swenson said that production of 1972 Arctic Cat snowmobile models began nearly three months ago to meet increased demand. He revealed approximately 77,000 snowmobiles were produced in fiscal 1971 and that Arctic's 1972 forecast calls for production of approximately 105,000 units.

Swenson also announced a new three year union contract was reached Friday, May 28 with the International Woodworkers of America which represents the majority of Arctic's production employees.

"This is a fair contract that allows us to maintain our competitive position," Swenson said. "It was also an early settlement which we consider a vote of confidence by our employees."

Services Set At Trail For Ole Olson, 80

Ole J. Olson, 80, a farmer of Hickory township, Pennington county, near Trail, died Monday at Northwestern hospital in this city where he had been admitted as a patient earlier that day.

Funeral services for Ole Olson will be held Friday at 1 p.m., at the Nazareth Lutheran church, rural Trail, with Rev. Carl Wosje officiating. Interment will be in the church cemetery.

Pallbearers will be Obin Good, Jorgen Oftelie, Andrew Hanson, Einar Bjornaraa, Jorgen Bjerkhe and Knute Sordahl.

The body will repose at the Petterson Funeral home, Oklee, after 3 p.m., Thursday and at the church for one hour prior to the time of services.

Ole J. Olson, a son of the late John and Gunvor Tveitbakk Olson, was born June 18, 1890 in Norway. At the age of two years, he came to America with his parents. They lived for a time in the Fisher community, and at Garnes township, Red Lake County, before settling on a farm in Hickory township. Olson had since lived in Hickory township where he was engaged in farming.

Survivors include four brothers, Henry, Ben, Johnnie and Olaf Olson, all of Trail; a sister, Mrs. Art (Emma) Gustafson of Oklee, and a number of nieces and nephews.

Herbert Ziems Services Held Today At Gully

Herbert William Ziems, 61, of Gully, died unexpectedly Sunday afternoon at his farm home in Johnson township, Polk county.

Funeral services for Herbert Ziems were held today (Wednesday) at 2 p.m., at the Bethany Lutheran church, Gully, with Rev. Darrell Vetter officiating. Interment was in the church cemetery with the Petterson Funeral home, Oklee, in charge of arrangements.

Pallbearers included Alfred Bergh, Nordal Solheim, Henry Sweno, Harry Bergh, Palmer Solheim and Carl Sweno.

Herbert Ziems was born March 22, 1910 in Boyd to William and Anna Kerchoff Ziems. On Jan. 12, 1938, he was married at Marietta to Margaret C. Orton. After their marriage, the couple lived at Decatur, Ill., for eight years and at Bethany, Ill., for 18 years. Ziems was employed for 25 years by the Staley manufacturing company at Decatur, Ill. Since 1967, he had lived on a farm near Gully.

He is survived by his wife, one son, Robert Ziems of Gully; three daughters, Mrs. Richard (Gale) Rutherford of Landover, Md., Mrs. Patrick (Leilani) Burke of Anoka and Mrs. Charles (Katherine) Brightman of Decatur, Ill., four grandchildren, one brother, Milton Ziems of Boyd and a sister, Mrs. Clara Berg of Minneapolis.

He was preceded in death by one son.

Agnes Raymond, Once Newfolden Resident, Dies

Mrs. Agnes E. Raymond, 70, of Olympia, Wash., sister of Olger Green of this city, died May 18, at a convalescent center at Olympia. Mrs. Raymond was a former resident of the Newfolden community.

Funeral services for Mrs. Agnes E. Raymond were held May 20 at Olympia. Interment was in the Tacoma Mausoleum, near her husband.

Mrs. Raymond, the former Agnes Green, was born Feb. 13, 1901 in Marsh Grove township, Marshall county. She received her elementary education in the rural school in that community and attended high school at Newfolden. She was a registered nurse, graduating from the Deaconess hospital in Grand Forks, N.D.

In the mid-twenties, she left for Washington where she worked in the Tacoma General hospital and at St. Joseph's hospital. She was married at Tacoma to Clifford Raymond. After her marriage, in addition to nursing, she and her husband operated a record and sheet music shop for several years. In 1950, they moved to Kelso, Wash., where they also had a record shop. Following the death of her husband, she disposed of her store and in 1964, she retired.

Her only survivors are two brothers, Olger Green of this city and Olof of Newfolden, and a number of nieces and nephews.

All adults who are planning to go to Winnipeg June 11-13 for Scouting events scheduled there are urged to attend a meeting in Trinity Lutheran church lounge at 8 p.m. tonight (Wednesday).

Minnesota has 984,000 milk cows, representing 7.9 per cent of all milk cows in the United States.

Fireworks Sale Or Use Illegal In Minnesota

Though for many years it has been unlawful for persons to sell or use fireworks in Minnesota, there appears to be an increasing laxity in compliance, Minnesota department of public safety commissioner W. R. Hoaglund warned today.

"The law expressly prohibits the sale, use or explosion of all types of fireworks except cap pistols. The firing of blank cartridges is also unlawful. Contrary to common belief, sparklers are also on the banned list. Many people feel that, since the sparkler is not an explosive, it is harmless and permissible to use.

"Exceptions to the law are public displays of fireworks by municipalities. Displays by fair associations, amusement parks and other organizations are also permissible after permits have been approved by the municipality or county.

"Also exempt are sale or use of fireworks for transportation agencies for signal or illumination purposes, and blank cartridges for shows or theaters, athletic events, and by the military.

"This warning may appear to be early since July 4 is weeks away, but we are already finding some fireworks in use and this will increase throughout the month of June.

"I urge all law enforcement officers in the state to be very strict with this law, especially those who patrol the border areas where the fireworks are transported."

H. G. Rasmussen To Be Honored At Convention

Harold G. Rasmussen of Thief River Falls is among 44 agents who will be honored by Time Insurance company at the firm's 1971 conference to be held in Quebec, Canada, this summer. Rasmussen will be represented at the conference by William Ulrich.

Each year the company recognizes the superior efforts of those agents who have exceeded certain production and consistency goals by inviting them to the conference. Rasmussen has qualified for the convention three times.

Numerous Thefts In Police Report

Thief River Falls city police department handled numerous thefts and vehicle accidents during the last week, a spokesman for the department reported, and they also found a number of presumably stolen goods.

A local car dealer last Wednesday reported to police the theft of four batteries taken on different days during the preceding week. Total value of the four stolen batteries was set at $92.

On the same day at 2:15 p.m., a car driven by Wayne Fox, Thief River Falls, was traveling north on Knight when it struck a car driven by John Markstrom, Thief River Falls, while he was driving east on Second street. Damage to both vehicles amounted to $700.

Also last Wednesday a local lumber company reported the theft of a carpet from the front room of a mobile home. The door of the mobile home had been forced open and a 14 by 15 foot avacado green carpet was cut loose from the floor with a knife. Value of the stolen carpet was set at approximately $150.

James Fisher last Wednesday reported the theft of a dull yellow hard hat and a brown leather carrying case for a voltage tester from his pickup truck. Value for both articles was set by police at $11.

James Thune of Thief River Falls reported last Thursday the theft of a tackle box and its contents sometime during the previous week. Value of the tackle box and its contents was estimated at $15. What is believed to be stolen property was recovered on the same day at the Burlington Northern railway loading dock on Kinney avenue. Police found a beekeeper's protective head net, a propane gas torch, and four fishing tackle boxes containing varying amounts of fishing gear.

Last Saturday Delvina Hindon of Route 5, Thief River Falls, reported to police that her large brown purse had been either taken by mistake or stolen while she was at a local club the previous evening.

At 6:45 p.m. last Saturday Mrs. Mary Scheuneman of Thief River Falls was driving east on Nora avenue when her car crossed the centerline and struck a parked car owned by Harvey Thune. Her car continued up over the curb after striking the Thune vehicle and stopped after knocking over a tree valued at approximately $100. Damage to the Scheuneman car was $400 and there was $80 damage to the Thune car.

Willard Erickson of this city reported to police Sunday that someone had stolen two small oval rugs from his clothesline during the previous night, and Mrs. R. W. Nelson reported the theft of a brown tweed winter coat with blue fur collar from her clothesline sometime Saturday. She valued the coat at $110.

L. L. Tygeson of Thief River Falls told police Monday that after he returned home Sunday evening he found four new tires that didn't belong to him in his garage. The tires were turned over to the police department.

Also on Monday Gary Chaput of Brooks reported that his car was struck by an unknown vehicle about 1:30 a.m. while it was parked behind the Covered Wagon. Damage to his car was estimated at $300.

48 Billion Bees To Be Inspected By Department

Minnesota department of agriculture inspectors recently began running the annual risk of being stung by an estimated 48 billion bees, officially opening a new honey production season, reports Commissioner Jon Wefald.

Inspection of the 177,000 colonies of bees in commercial hives will continue until the fall freezeup to insure the disease and contamination free honey output that has ranked Minnesota second in the nation for honey and beeswax production.

Inspectors will open hives and examine bees for four major disease problems that can speed up the normally high mortality rate, reduce production or contaminate the honey. Diseased or contaminated hives will be totally destroyed.

Each colony has about 70,000 bees, maintained—despite a 42-day life span—by a single queen bee that lays 1,000 to 1,500 eggs daily, replenishing the population four times per season.

Commissioner Wefald said the bee is one of the most phenomenal and lowest paid "workers" in modern society.

Half its life is spent gathering nectar. Bees fly four to 10 round trips daily of one half to three miles to blooming plants. Carrying half its own weight in nectar, the bee must gather 50 drops to yield its life output of 1.5 drops of pure honey.

The other half its life is spent in hive chores—house cleaning, air conditioning, processing and packaging the honey in beeswax cells. Bees maintain a constant temperature of 80 degrees and forced air ventilation in the hive by vibrating their wings.

Using a department electronic scale measure of a drop of honey at .0481 of one gram, Commissioner Wefald estimated "it requires 6,287 bee lifetimes to produce a single pound of pure honey. Or, two million bees can produce a pound of honey in a single day.

Mathematicians in the plant industry division responsible for regulation of the state's commercial bee and honey industry extended the computation and came up with 16-ten thousandths of one cent as an average bee's lifetime earnings, at 1970 prices.

Area Students Will Receive Degrees At BSC

Nine Thief River Falls area students are among more than 1,100 Bemidji state college graduates who will receive degrees at commencement exercises scheduled for next Monday.

The graduates include Jay G. Guillemette, Red Lake Falls; James L. Johnson, Gene H. Paulson and Kathleen K. Miller, Goodridge; Keith M. Anderson, John S. Ihle, and Richard M. Reierson, Thief River Falls; Robert J. Stanislawski, Greenbush; and Ilene C. Hagen, Grygla.

Commencement addresses will be given by John Berg, president of the student senate, and Dr. R. D. Decker, president of Bemidji state. The invocation and benediction will be given by Rev. Fred Atkinson, chaplain for united ministries in higher education.

Old And Young Differ On Speed Control In Autos

Department of transportation was not surprised to learn that different views on speed controls for automobiles were held by young and older age groups, Minnesota department of public safety commissioner W. R. Hoaglund said today.

"However, the surprise comes with the report that the younger generation favors speed controls and the older group opposes them."

Each group, the national motor vehicle safety advisory council, and YOUTHS, a 15-member advisory group, took a look at DOT's proposal to require that cars be built to go no faster than 95 miles per hour and have a warning system that operates above 85 mph.

The older group reported that the most realistic approach is driver control, and that built-in speed controls would obstruct "future improvements in engine, suspensions, braking and aerodynamic design."

The YOUTH group conducted hearings during which it took testimony from government and outside experts on both sides of the question. They noted that most cars made today have speed capabilities well over 100 mph, despite the fact that even under the latest federal vehicle safety standard, cars are "designed for only 30-mile-per-hour crashes and ... the best that technology can produce in the forseeable future, the experimental safety vehicle, is limited to crashes below 60 miles per hour."

"Clearly," the report stated, "effective countermeasures are needed. Speed limited vehicles is one promising countermeasure which should not be discarded."

USDA Reports Meat Supply Is Free From DES

Assistant secretary of agriculture Richard E. Lyng today said American consumers need not worry that the beef they buy may contain residues of the growth-promoting feed additive Diethylstilbesterol (DES).

Commenting on recent inquiries to the U.S. department of agriculture, assistant secretary Lyng said:

"USDA's test show that no red meat containing detectable levels of DES residues has reached the consumer.

"The meat and poultry inspection program of USDA's consumer and marketing service is now conducting a broader, statistically designed survey—which will involve 6,000 meat animal samples—to maintain an accurate picture of the incidence of DES residues," he said.

Assistant Secretary Lyng emphasized that no residues have been found in any samples checked for DES in 1971. He said that only one sample checked positive for DES in 1970. Even though the liver of that one animal showed a slight residue, no detectable residue was found in the muscle tissue from which steaks and roasts are produced.

"Recent reports that 100,000 to 150,000 meat animals containing DES residues may have been marketed last year are based on invalid assumption that the few animals tested then were a cross-section of all meat animals marketed in the United States. They were not. Most of them were suspect to start with—picked from herds where we thought the producers might not have followed the food and drug administration's requirements to withdraw the drug 48 hours before slaughter."

Lyng indicated that the current testing program, employing a newly-developed laboratory technique, will permit more samples to be processed with greater efficiency. Developed by laboratory personnel of the meat and poultry inspection program, in association with the pharmaceutical industry and the food and drug administration, the new procedure cuts sample analysis time from two weeks to less than two hours.

Lyng pointed out that in addition to USDA's improved residue sampling program, the livestock industry is taking steps to prevent drug residue problems. He said USDA is finding increasing evidence that the certification program, sponsored by the American National Cattlemen's association, the animal health institute, and several other industry organizations, is effective. The program emphasizes the educating of the producer in the safe use of animal drugs and requires a certification that meat animals are withdrawn from drugs within FDA-specified time periods prior to slaughter.

Army Recruiter Will Transfer

Lt. Col. Charles Gomon, commanding officer of the main U.S. Army recruting station in Minneapolis, has announced that Army Staff Sgt. Ron Anderson will soon be ordered to Bemidji, where he will re-open the U.S. Army recruting office which was closed after he arrived in Thief River Falls.

Sgt. Anderson is being transfered because of a reorganization of Army recruiting areas in the state. The Thief River Falls recruiting office will continue to be staffed by two men, however.

Sgt. Anderson first began recruiting duty here in February, 1970, but it was not until May of that year that an Army recruiting office was established in Thief River Falls.

It is considered gracious taste, when entertaining a new friend, to invite whoever originally introduced you. The invitation must at least be offered. If it is refused, it is correct to entertain a new friend without the others being present.

Mobile Homes Are Popular In State

by David A. Zarkin
Information Specialist
University of Minnesota

Mobile homes continue to gain acceptance in Minnesota, although the industry still suffers from an outdated image of the crowded, rundown trailer park resembling a gypsy encampment.

Mobile home shipments to Minnesota dealers increased from 3,039 in 1965 to 7,700 in 1969, according to the Mobile Home Manufacturers association (MHMA). The more than doubling of volume in five years can be attributed to the tremendous unmet demand for quality low-cost housing and the persistence and growth of the mobile home industry.

More than 90 per cent of all new single-family homes under $15,000 in 1969 were mobile homes at the close of a decade marked by spiraling costs for conventional houses. Nearly half of all Federal Housing administration (FHA) housing units in 1960 in the Twin Cities were priced below $14,000, while in 1968 the average cost of a single-family house in the area increased to $25,989, according to a state planning agency report.

Also contributing to increased demand for mobile homes is the increasing number of large, well-planned mobile home parks that provide occupants with maintenance, landscaped surroundings, recreation centers, man-made lakes and other attractive features. Yet the gypsy encampment perspective of mobile home parks lingers in the minds of a segment of conventional homeowners who actively resist the entry of mobile home developments in their communities.

"Pressures for decent housing will bring mobile homes in," Joseph Summers, St. Paul attorney and MHMA legislative lobbyist, told a recent professional development course for Minnesota agricultural extension service staff members. People in government and education should alert their communities to this fact and help make sure that the mobile home development that comes in is a good one, he added.

"It's better to let in a development on your terms than have a solution imposed," Summers said.

In recent years mobile home developments have been upgraded by more discriminating customers demanding more amenities, while the industry's stature and marketing potential has been enhanced by the entry of several prominent firms in manufacturing and park development. Inland Steel company, Swift Industries, Inc., and Chris-Craft Industries, Inc., among others, join the list of mobile home manufacturers, according to "Business Week." Extending their corporate activities into mobile home park development are Fuqua Industries, Inc., GAC Corp., Metropolitan Life Insurance company, Prudential Life Insurance company of America and TraveLodge Corp.

Taking a two-pronged, "synergistic" approach to mobile units, where a firm manufactures units and develops mobile home parks, are Boise Cascade Corp., a diversified wood products manufacturer; Summit Organization, Inc., formerly Exquisite Form Industries, Inc., a broad based manufacturers of women's undergarments; and Pemton, Inc., Minneapolis, home builders.

Pemton, with its "Movilla" concept, seeks to improve the exterior appearance of mobile-made modules while combining them in clusters on landscaped plots.

Some college campuses in Minnesota are attracting mobile home developments including Southwestern Minnesota State College in Marshall, where 250 wood-sided modules designed by Pemton are being placed in landscaped clusters. Draper and Kramer, Inc., a Minneapolis mortgage banking firm, recently completed arrangements for an $800,000 FHA insured loan for construction to start in August on a 33-acre mobile-modular community, 1½ miles from the Mankato state college campus. The project, to be known as Victory Village, will include 227 mobile home lots, a recreation building, swimming pool, saunas, game areas, party rooms and a tornado shelter.

While some planning boards may be softening their attitude toward mobile home developments, public safety officials still hold deep-seated reservations about materials used in mobile home construction and the close spacing of units in some parks.

State adoption during the past regular session of the legislature of the American national standards institute (ANSI) Standards for Mobile Homes should provide Minnesota mobile home buyers with greater protection in regards to construction quality and safety. This code requires that wall materials have a Type "C" retarded flame spread rating as established by the national Fire Protection association. Because of weight limitations, sheetrock (drywall) is not practical for mobile units, although this material if used with the pre-finished wood panels, common in mobile homes, would provide greater heat resistance.

The Minnesota Fire Chiefs association's committee for mobile home safety joined the MHMA in supporting state adoption of the ANSI standards. Ronald Fagerstrom, president of the Blaine-Mounds View-Spring Lake Park fire protection service, who also addressed the extension staff course, said although the incidence of fire is not higher in a mobile home than a conventional house, a mobile home fire generally is more severe.

Mobile home park owners are being urged by some fire officials to keep fire extinguishers in breakfront cabinets throughout their parks and to require residents to keep extinguishers in their homes. In some cases, fire officials require park owners to construct "fire lanes" for ready fire truck access to parks and install larger water mains where greater water pressure is needed for firefighting capabilities.

NEW FOR '72 are these models in the Arctic Cat line of snowmobiles. The Panther (top photo) and Puma are two of the popular models of Arctic Cat, with the company planning to manufacture 105,000 machines this year. Production of 1972 models has been underway for nearly three months.

State To Play Role In Federal Meat Inspection

Minnesota department of agriculture will have a continuing cooperative role in helping protect state meat and poultry consumers after federal takeover of state meat inspection on May 16, Commissioner Jon Wefald stated today.

He announced the signing of a cooperative agreement for a joint state-federal enforcement program, in the several thousand Minnesota meat processing and retailing establishments exempt from full time federal inspection. Federal personnel are slated to take over inspection of only the state licensed commercial slaughter plants and wholesale meat dealers.

Second of its kind in the six-state Northern Region, the agreement pools the surveillance and enforcement resources of the Minnesota department of agriculture and the U.S. department of agriculture consumer and marketing service. The earlier agreement united the North Dakota and federal programs.

Lou Gast, director of program review and compliance, U.S.D.A. consumer and marketing service, Washington, D.C., represented the federal co-signer of the agreement. Dr. Kenneth M. McEnroe, deputy administrator, meat and poultry inspection.

Commissioner Wefald and Director Gast said the agreement permits the state and U.S. agencies to integrate their compliance program to offer consumers maximum protection against unwholesome, adulterated and deceptively labeled meat and poultry products.

Surveillance of custom slaughter plants, large volume hotels and restaurants and all retail stores selling meat products will attempt to prevent violations, and assure orderly, non-duplicative investigation when violations are found on federal and state laws and regulations. It also provides for joint enforcement action, when required.

The joint program will be administered by Bernard J. Steffen, director of the meat inspection division, Minnesota department of agriculture, and R. A. Baumgart, officer-in-charge, northern region, U.S.D.A.

Stephen Legion Honors Memory Of Thomas Price

First Certificate of Honor awarded by American Legion Post 390 at Stephen was presented Monday evening at Memorial Day services at Stephen to Mr. and Mrs. John T. Price in memory of their son, PFC Thomas Price, killed in action in Vietnam on Sept. 29, 1969.

Signing the certificate were Reuben Knutson, commander of the post; Amos D. Larson, adjutant, and Rev. James Ditzler, chaplain. Rev. Ditzler is a past chaplain of the Thief River Falls post while he served St. Bernard's Catholic church here.

PFC Thomas Price had been an outstanding athlete at Stephen high school and received a number of military decorations for Vietnam service.

Dairy Processing Industry Sets Records In 1970

Minnesota's dairy processing industry set new records for cheese and ice cream manufacture while retaining the long held national championships for butter and non-fat dry milk production, reports Agriculture Commissioner Jon Wefald.

American cheese production alone totaled 128,530,000 pounds and represented a 23 per cent increase over 1969.

Ice cream manufacture totaled 28,240,000 gallons, an increase of four per cent over the previous year.

Butter manufacture totaled 299,060,000 pounds, a drop of 14,466,000 pounds from 1969, but still far out in front of second place Wisconsin, which produced 207,030,000 pounds of butter.

Commissioner Wefald noted that the production of the three products of 1970 represents approximately 71 pounds of butter, 34 pounds of American cheese and 7½ gallons of ice cream for each of Minnesota's 3.8-million residents.

Production figures are not yet available for other cheese and all non-fat dry milk products.

Wisconsin leads the nation in American cheese production with 647,000,000 pounds last year, a 12 per cent increase. Pennsylvania is the ice cream champion with 74,880,000 gallons in 1970, up one per cent.

Commissioner Wefald said latest figures from the Minnesota Department of Agriculture State-Federal Crop and Livestock Reporting Service also reveal the loss of 37 butter manufacturing plants in the state last year. Minnesota now has 146 plants.

Wright was the only county to gain in butter manufacturing facilities, by one plant, while 28 counties contributed to the state-wide reduction.

Morrison was the biggest loser, by four plants. Losing two each were Clearwater, Douglas, Pope, Todd, Freeborn, Rice and Houston. Losing one each were Mahnomen, Norman, Pennington, Roseau, Itasca, Koochiching, Otter Tail, Carver, Kandiyohi, Meeker, Scott, Sibley, Pine, Blue Earth, Fillmore, Goodhue, Mower, Olmsted, Wabasha and Winona.

Wholesale Price For Plywood Is Lower Than 1950

Despite all of the publicity given to increases in lumber and plywood prices in recent months, these products still represent a pretty good buy for Mr. and Mrs. Consumer, says Harold Storhaug, manager of the Lampert building center in Thief River Falls.

"It is interesting to note that the wholesale price index for plywood right now is about the same as it was in 1960 and 22.5 per cent lower than it was in 1950," he said. "Lumber and plywood represent only about 10 to 20 per cent of the cost of a new home, and even at the highest levels reached in 1969, would have increased the total cost of a new home no more than $500 over the 1957-59 levels. With present costs about one-third under these historic highs, about all that present prices could add to a house is about $300."

At the same time, all other manufacturing shows a price escalation of three to five per cent per year.

"A new home at the present time makes real sense as an investment despite everything you may have read," Storhaug said. "The cost of improved lots will not get any lower. Labor is not going to get any cheaper. Real estate taxes are not going to go down without a shift to some other form of taxation. Transportation costs are rising. As a matter of fact, all of these things point to further increases in the cost of homes, which makes a home bought today worth more tomorrow".

MICHAEL D. SCOTT, grandson of Mrs. N. J. Bruneau, formerly of Goodridge, will graduate from the college of law at Arizona state university today (Wednesday). Scott, who received a bachelor of arts degree in accounting from Bemidji state college in 1968, will receive a doctor of jurisprudence degree. He is a 1963 graduate of Goodridge high school.

Maple Sap Yield Low Because Of Shorter Season

Minnesota's maple syrup harvest this spring was one of the shortest in history, reports Agriculture Commissioner Jon Wefald.

Only one third of a normal yield of maple sap was taken because the season was curtailed to 10 days and the sap flow was slowed by unfavorable weather conditions. Quality of the maple sap is rated as good, however.

Minnesota's was the sharpest reduction in the national industry, which experienced a 14 per cent cutback in production and indicates that the favorite pancake and waffle topping may be more difficult and dear to obtain this year.

Joyce Richards of Waukon, secretary of the Minnesota Maple Syrup Producers association, said this state's short season was due to the heavy snow cover that insulated maple tree roots from the warm daytime sun during April.

Reports from association members indicated the maple sap flowage generally in Minnesota was limited to the April 7-17 period. The other nine major maple syrup producing states averaged a 31-day season, with a range from 22 days in Wisconsin to 38 days in Pennsylvania. Only Ohio reported an increased yield.

Mrs. Richards advised the marketing services division of the Minnesota department of agriculture this year's short crop of maple syrup will probably restrict deliveries to regular customers, with a very limited supply of the distinctively flavored sweetener to be available at roadside stands in the resort area.

Commissioner Wefald said Minnesota's maple syrup industry has one of the greatest opportunities for economic growth in the state's diversified agricultural resources. He pointed out that less than three per cent of the state's estimated 10 million sugar maple trees are tapped annually by less than 100 commercial sap processors and an equally small number of hobbyists.

Minnesota department of agriculture and the Minnesota Maple Syrup Producers association are cooperating in a recruiting program to increase state maple syrup output.

Minnesota's dairy industry ranks third in the nation for number of milk cows, milk produced, butterfat yield, and milk marketed.

M. Helgeland Graduates From Army School

Army Private First Class Michael F. Helgeland, son of Mr. and Mrs. Francis B. Helgeland, 402 S. Riverside, Thief River Falls, recently was graduated from the airborne recondo school at Ft. Bragg, N. D.

Pfc. Helgeland received four weeks of training in patrolling, movement by helicopter, explosives survival, rappelling, river crossing, and calling in air and artillery strikes.

He is a crew member with headquarters company, 1st Battalion of the 82nd Airborne Division's 504th airborne infantry.

Darrell Bakke Honored For Salesmanship

Darrell Bakke of Thief River Falls was cited for his outstanding life insurance service at the annual convention of the national association of fraternal insurance counsellors meeting in Philadelphia last month.

Bakke is a district representative for Modern Woodmen life insurance and was awarded a certificate in recognition of his selling of half a million dollars worth of life insurance in 1970.

Forest Fire Is Used In Tests At Itasca Park

Foresters are testing the possible use of controlled forest fires in Minnesota's Itasca state park to restore the area's disappearing pine forests and return them to a pre-white man condition.

Forest fire creates a favorable seedbed which pine trees need to regenerate adequate numbers of new pine seedlings. Since 1919, however, forest fires have been almost eliminated as a result of control measures needed to prevent the damage from catastrophic fires. Few young pine seedlings are now surviving to replace the aging pine forests in Itasca park as well as most northern Minnesota forests, according to University of Minnesota forester Henry L. Hansen.

If fire is not soon restored in its age-old ecological role in northern Minnesota, and if young pine are not planted, desirable pine forests will continue to decline while acreage of less desirable brush and trees increase, he said.

Within 25 years, the 5,738 acres of red pine in Itasca park will be reduced by nearly half and most of the 847 acres of white pine will be eliminated if young pine growth is not regenerated to replace it, Hansen said.

This spring an experimental burn covering 30 acres in 35,000-acre Itasca state park was conducted under the supervision of Vernon Miller, Itasca district ranger, with the help of state forestry and park personnel and in cooperation with the college of forestry.

It is hoped that this and future controlled forest fires will help pine regeneration as fires have for thousands of years by preparing an ash-mineral seedbed and by reducing brush competition, Hansen said. In addition, heat from the fire helps to open jack pine cones so that seeds are released.

Fire has played an important historic role in Itasca park. The occurrence of 32 forest fires has been documented for the period 1650 to 1922.

The park was created in 1891 with the idea of preserving a small part of the land and its forest as it had been for thousands of years before the white man arrived with his axe and powersaw. In fact, a law passed in 1907 made special reference to the preservation of the "primeval pine forest."

Man's idea of "preserving" the forests included the suppression and attempted elimination of fire. Ironically, fire control has permitted the conversion of pine forests to less desirable species.

Another factor in the reduction of pine forests in the park has been browse damage by excessive deer populations, Hansen said. In the 25 to 30 years preceding 1945, browse by deer was so heavy that no pine seedling were able to survive. The state legislature relieved this condition in 1945 by making an open deer season possible in Itasca park.

The declining acreage of pine is especially disturbing because park visitors have particularly enjoyed the virgin pine forests. Itasca lake and the pine forests are the two main attractions in the park, according to visitor preference studies, Hansen said.

The future for pine forests looks especially dim because of a "serious absence of the younger age classes of pine in the forest and a disturbing concentration of very old trees, many of which cannot be expected to last more than 25 years," Hansen said.

"As these acres revert to other less desirable forest types such as mixed hardwoods, brush and balsam, the value of Itasca park as a tourist attraction will suffer greatly unless there is a sufficient acreage of young pine growth to replace it," he said.

Another controlled forest fire of 20 acres is to be set in mid-summer in Itasca park. If the experimental burns prove to be successful, controlled forest fires of several hundred acres may be set on a regular basis. Because there is still much to be learned about the problems associated with the use of fire, the plan is to proceed carefully, Hansen said.

CAR DRIVEN by Mrs. Mary Scheuneman of Thief River Falls came to rest after knocking over a tree late Saturday afternoon after hitting a car owned by Harvey Thuna while it was parked on Nora avenue. Damage to the Scheuneman car was set at $400 and damage to the Thuna car, foreground, was set at $80. Owner of the tree valued it at $100.

Vital Statistics In '70 Are Announced; Birth Rate Rises

Births are rising in Minnesota, and illegitimate births are rising especially fast. These are among the trends shown in the provisional vital statistics for 1970 compiled by the Minnesota department of health.

Provisional figures indicate that a total of 68,368 live births occurred in the state during 1970, the third consecutive year in which the total number of births has increased. The 1970 total was more than 4,000 above the 1967 total.

The turnabout is apparent in the birth rate as well as in total births. After dropping from a high of 20.2 births per 1,000 population in 1959, the state's birth rate leveled off at 17.6 in 1968 and 1969, then climbed to 18.0 in 1970. The provisional birth rate for the United States for 1970 was 18.2.

Eight out of every 100 babies born in Minnesota during 1970 were illegitimate. The provisional total of illegitimate births for 1970 was 5,526 with a rate of 80.8 per 1,000 live births. Corresponding figures for 1960 were 2,525 illegitimate births with a rate of 28.8. The illegitimacy rate has increased each year during the past decade, almost tripling in that time.

According to A. B. Rosenfield, M.D., director of the state health department's division of special services, "The increasing interest in family planning and the extension of subsidized services where needed will probably have an influence on the birth rate and will undoubtably result in a decrease in the illegitimacy rate."

A provisional total of 1,202 infant deaths was reported for Minnesota during 1970 with a rate of 17.6 per 1,000 live births, an increase of 2.9 per cent above the 1969 rate of 17.1. The 1969 rate was the lowest ever attained in Minnesota. The provisional United States infant death rate for 1970 was 19.8 per 1,000 live births, the lowest rate ever attained for the United States.

Provisional figures indicate that 731 fetal deaths were recorded in Minnesota during 1970 with a rate of 10.7 per 1,000 live births. The 1969 figure was 701 with a rate of 10.6.

A total of nine maternal deaths was reported in Minnesota for 1970 with a rate of 13.2 per 100,000 live births. The 1969 total was 11. The annual maternal death total for Minnesota since 1960 has varied between five (1968) and 17 (1961).

A provisional total of 34,365 deaths was recorded in Minnesota during 1970 with a rate of 9.0 per 1,000 population. The provisional United States death rate was 9.4 for 1970. Minnesota's rate is the lowest rate ever attained in the state. The 1969 final rate for deaths occurring in Minnesota was 9.2.

The 10 leading causes of death during 1970 in rank of order were: heart disease (12,837), cancer (8,303), cerebrovascular disease (4,353), accidents (2,079), influenza and pneumonia (1,071), certain diseases of early infancy (721), arteriosclerosis (648), diabetes mellitus (626), bronchitis, emphysema and asthma (499), and congenital anomalies (412).

These 10 causes accounted for 86 per cent of the deaths occurring in Minnesota in 1970. With the exception of cancer, certain diseases of early infancy, and congenital anomalies, number of deaths and mortality rates for each cause declined slightly. Cancer deaths increased by 175 while the rate increased from 163.7 to 165.6 per 100,000 population. Deaths from certain diseases of early infancy increased by 58 and the rate from 17.7 to 18.9. Deaths due to congenital anomalies rose by 30, with the rate increasing from 10.2 to 10.8. Arteriosclerosis dropped from sixth to seventh place as a cause of death, while diabetes mellitus dropped from seventh to eighth.

The number of deaths attributed to communicable diseases declined from 1,431 in 1969 to 1,269 in 1970. Most of this decline is accounted for by a drop in influenza pneumonia deaths (from 1,216 to 1,071). Tuberculosis deaths declined from 52 to 43. No deaths were attributed to diphtheria, measles, or acute poliomyelitis.

Of the 1970 provisional accidental death total of 2,079, some 1,030 (49.5 per cent) were due to motor vehicle fatalities. Home accidents increased from 461 in 1969 to 493 for 1970. Of the total accident victims, 266 (12.8 per cent) were under 15 years of age; 1,187 (57.1 per cent) were between 15 and 64 years of age; and 625 (30 per cent) were 65 years of age or over. Among the motor vehicle fatalities, 127 (12.3 per cent) were under 15 years of age, 725 (70.4 per cent) were between the ages of 15 and 64, while 178 (17.3 per cent) were 65 years of age or over.

The provisional number of marriages reported in Minnesota during 1970 was 31,320 with a rate of 8.2 per 1,000 population compared to the 1969 total of 31,971 and a rate of 8.5. This is the first time that the annual marriage total has declined in Minnesota since 1959. The provisional marriage rate for the United States was 19.7 for 1970. The number of divorces continues to increase in Minnesota. A provisional total of 8,260 divorces was reported for 1970 with a rate of 2.2 per 1,000 population. The 1969 total was 7,496 with a rate of 2.0.

The official U.S. Census population count for Minnesota on April 1, 1970 was 3,805,069, an increase of 391,205 (11.5 per cent) above the 1960 census count of 3,413,864. The United States population increased from 179,323,175 to 203,184,772 (13.3 per cent) during the same period. Both North Dakota and South Dakota lost population during the decade. Wisconsin experienced a gain of 11.8 per cent and Iowa a gain of 2.4 per cent.

Within Minnesota, the seven county metropolitan area (made up of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott and Washington counties) increased by approximately 349,000 (22.0 per cent). Approximately 49.3 per cent of the total population of Minnesota resides in this seven county area compared with 44.7 per cent in 1960.

Otter Tail Co. Adopts Program On Air Quality

Otter Tail Power company's program to preserve the environment at its various power plants was given a boost today with the announcement by company president Albert V. Hartl that his firm will spend more than $2,750,000 for electrostatic precipitators to assure air quality control at its generating stations at Fergus Falls and Ortonville.

At the company's Hoot Lake station in Fergus Falls, the Minnesota Pollution Control agency has approved the installation of precipitators designed to provide 99 per cent efficiency in removing fly ash and other particulate matter from stack emissions. The precipitators, which are believed to be the first ever installed on lignite-burning generating units in the United States, are the result of many months of research and design engineering on the part of the company and its consulting engineers.

While its extremely low sulphur content makes the burning of lignite much less noxious than the burning of higher-grade coals, this same quality makes designing an effective precipitator much more difficult. Otter Tail, a pioneer in developing techniques to burn lignite for power production, now is pioneering in the development of air quality control equipment for use with lignite-burning boilers.

The job of installing the two huge precipitators at Hoot Lake has already begun, while the precipitator for the Ortonville unit has been purchased. All of them are expected to be installed and in operation before the middle of 1972.

Engineering studies, meanwhile, are being carried out at the company's other major generating stations to see whether or not the installation of precipitators is practicable. It is probable that some of the company's oldest, least efficient generating units may be phased out in order that the company's environmental goals and related government standards may be achieved, Hartl said.

LOCAL NEWS

Guests at the JoAnne Wedul home over the weekend were her brother, Dr. M. O. Wedul, his wife, daughter, Lita, and granddaughter, Kim, of Winona. Accompanying them were Guillermo (Bill) Barrea of Panama Canal, an exchange student at St. Cloud State college, and Kai Raaberg of Norway, an exchange student at Winona State college. The Weduls also visited with other relatives in the area before returning to their home.

Mr. and Mrs. John Uggerud accompanied Mrs. Jarvus Torgeeson, Debbie and Lisa to Meadowlands on Wednesday where they attended the graduation of their granddaughter, and niece, Shirley Hokkanen. On Thursday, Mr. and Mrs. Hokkanen and Phyllis took them to Duluth where they spent the day. While there they visited the docks and saw one boat coming in with coal from Columbus, Ohio and another leaving for France with a load of grain. Enroute home, they spent the night with their son, Orlando Uggerud and family at Buhl.

Michael Olson, son of Mrs. Judy Olson and the late Gerald Olson, observed his third birthday on Monday, May 24. To celebrate the event, his grandparents and uncles, Mr. and Mrs. Alvin Olson, Verne and Alan of Roseau and W. Lloyd Spray of this city were guests at a dinner at the Olson home on Sunday. The day of his birthday, guests at supper were Mrs. Alice Spray and Mr. and Mrs. Oscar Welby of Erskine, Mr. and Mrs. Will Bartsch and family, Mr. and Mrs. W. Lloyd Spray, Mr. and Mrs. James Rude and family and Susie Owen, all of Thief River Falls, and Michael's brother Andrew. Mr. and Mrs. Larry Rude and family were guests at the Olson home the following evening.

Dairymen Earn Record Income For Milk Sold

Dairy farmers in Minnesota received record income of $445,911,000 from 1970 marketings, agriculture commissioner Jon Wefald announced today.

Farm utilization of milk and cream represented an added value of $14,450,000, boosting the net farm value of 1970 Minnesota dairy production to $460,261,000, also a new record.

Cash receipts from 1970 marketings topped the prior record set in 1968 by $22,366,000 and were $23,039,000 greater than for 1969.

Actual production of milk last year was 9,772,000,000 pounds of milk, the eleventh highest in Minnesota dairy history, and contained 347,000,000 pounds of butterfat. Farmers marketed 9,473,000,000 pounds and consumed 299,000,000 pounds on the farm.

Minnesota had 984,000 milk cows in 1970, down 24,000 from the year before, but a new record average yield of 9,931 pounds of milk per cow resulted in net increases over 1969 production by 45,000,000 pounds of milk and 2,000,000 pounds of butterfat.

Statistics compiled by the state-federal crop and livestock reporting service of the Minnesota department of agriculture showed that higher prices were responsible for the new income records.

Minnesota shared the highest average butterfat price in the nation, 74 cents per pound, with Wisconsin and Iowa, in sales to dealers. That was the same price as for 1969, but the milk price averaged $4.73, up 21 cents per 100 pounds over the prior year.

Despite that increase, Minnesota's milk price was the lowest in the entire nation, and the blend prices for all milk and cream marketings ranked 48th among the 50 states. Prices paid by dealers were 95 cents below the nation's average for milk and 4.8 cents higher than national average for butterfat, because only 25 per cent of Minnesota's milk production marketed qualified as U.S. Grade A.

Had Minnesota's dairy industry received the U.S. average prices last year's income would have been increased by $8,495,606, Commissioner Wefald noted.

Minnesota's 1070 milk production represented 9.3 per cent of the nation's supply.

Coast To Coast Tops TRF Trap League Standings

Thief River Trap League members finally broke through the clouds Tuesday night and enjoyed perfect weather for the first time this season as Coast to Coast jumped out in front of the league standings with a 4-0 record.

Coast to Coast dropped the Shrine 117-115 to remain the only unbeaten and untied team in the standings. The Shrine remains the only team without a win in four weeks of shooting.

In other action the Times knocked Northern St. Bank from the top with a 122-122 tie while Arctic Cat dropped Karlstad 121-107, VFW got by the Pharmacy 119-113, Tony Dorn's dumped L. B. Hartz 123-119, Union St. Bank defeated Wilson Brothers 123-117, the Legion clobbered Bjorkman's 123-111, Custom Motors edged Lind Motors 114-113 and A & W snuck by Johnson Hide & Fur 123-122.

In Coast to Coast's fourth win without a loss, Norland Windahl shot an 18-6, Harold Hugg 21-3, Ike Ellingson 23-0, Merv Skadsem 18-5 and Dale Thompson 14-8. The Shrine's top shooter was Gene Gaer with a 17-8 while Irv Wilson shot a 16-8, Orvis Olrn 16-8, LeRoy Nabben 16-5 and Carl Lee 13-8.

The Times' Bob Mattson and Marv Lundin each shot 24 straight before missing on the last bird while Roger Anderson shot a 21-5, George Mostue 19-8 and Bruce Mattson 15-7. For Northern St. Bank, Bob Phillips shot a 22-3, Howard Thorsen 23-7, Don Stewart 20-6, Sandy Wilson 24-0 and Joanie Wilson 20-3.

Arctic Cat stayed two points behind Coast to Coast in the standings with their 121-107 win over Karlstad behind Lorn Brenna's 24-1, Jerome Lund 20-5, Gary Lana 19-5, Ron Shern 19-5 and Ike Hoglin 17-6. For Karlstad, Jack Olstad shot a 15-8, Jon Nordeen 19-8, Armond Kiel 23-0, Craig Spidd 16-5 and a dummy score of 15.

VFW bumped the Pharmacy 119-113 with Del Rux shooting a 17-8, Ronnie Johnson 20-5, Gubby Lane 22-1, Tony Noel 21-2 and Keith Bugge 16-5. The Pharmacy was paced by Stub Pahlen with a 20-6, Don Wahlbeck 20-6, Russ Embury 19-4, Ray Thyrrn 19-2 and Mark Swanson 16-3.

Tony Dorn's evened their season record at 2-2 with their 123-119 win over L. B. Hartz behind Tony Dorn Jr.'s 23-7, Mark Langovin 20-8, Buzz Marvin 20-5, Rick Bruggeman 22-2 and Tom Dorn 22-2. L. B. Hartz was led by Dean Anderson with a 22-3, Howard Hagen 22-6, Norm Olson 20-6, Bob Olson 19-5 and Pat Fischer 20-0.

Union State Bank stopped Wilson Brothers 123-117 with Fred Sorenson shooting a 23-4, Al Scheuneman 22-6, Arnie Narverud 20-6, Arnie Johnson 20-7 and Jarry Wendorf 17-0. Si Schantzen led the losers with a 22-4, Myrt Wilson shot a 24-4, Dan Rowertz 14-8, Orville Feragrn 16-8, and Stan Wilson 21-0.

The Legion defeated Bjorkman's 123-111 with Gary Boughton shooting a 22-4, Allen Steinhauer 16-8, Tom Grellis 16-8, Al Paulson 19-8 and Dick Sculthorp 20-2. Dave Bjorkman led Bjorkman's with a 23-3 while Earl Dagg shot a 20-3, Dick Bjorkman 18-4, Bob Bergan 14-6 and Wendy Olson 11-6.

In Custom Motor's win over Lind Motors, Steve Johnson shot a 24-3, Mark Hagrn 16-8, Steve Cyr 19-3, Dave Laeson 19-3 and Dale Schantzen 14-7. Lind Motors was paced by Hal Lage with a 22-5, Floyd Ball 23-2, David Lee 21-5, Dick Greisen 15-5 and Lambert Brunkhorst 12-6.

Leech Lake Regatta Scheduled For July 3-5

Leech Lake, one of the largest and most beautiful lakes in Minnesota which borders the Chippewa National Forest, will be the site of a three-day sailing regatta during the 1971 Independence Day weekend.

"We are sponsoring this regatta in recognition of the growing interest in sailboat cruising and racing on large lakes, such as ours, in the vacation wonderland of the midwest", said John Eisenpeter, co-chairman of the event.

"Walker civic organizations are already actively planning programs necessary to support this regatta expected to attract between 50 and 100 sailing families. This will be the first of annual Leech Lake Regattas" according to Gary Trimble, the other co-chairman.

Racing and cruising for all types of sailboats has been planned. A cruising race for daysailer and cruising classes covering over 50 miles in three legs and a series of five races in Walker Bay (larger than 9,900 of Minnesota's lakes in itself) for the cartop sailboat classes...with consolidated events during the three days for the entire fleet.

This will be a family oriented regatta with plenty of time for participants to enjoy the many other recreational resources of this area.

Jack Culley of Minneapolis, 1970 Chairman of the Lake of the Woods Regatta, is vice chairman responsible for Operations.

Hotel, motel and resort accomodations can be assured for those making early reservations. Campgrounds are also available.

Further information and entry forms should be obtained by writing Leech Lake Regatta, Walker Chamber of Commerce, Walker, Minn. 56484.

Some Common Questions Answered

Can A Fish Distinguish Colors?
Research has shown that some fish are able to discriminate between colors that are closely related, while most fish can easily tell the difference between contrasting colors such as yellow and black or red and white.

Can A Fish Hear?
Yes, although they have no external ears, they can hear by detecting vibrations.

Can Fish Smell?
Yes. A fish's nostrils open to blind sacs lined with sense organs of smell. These are better developed in some species than in others.

Do Fish Sleep?
Yes. Fish rest regularly. Some lie on their sides, while others simply remain motionless while suspended in the water.

Does A Fish Feel Pain?
A fish does not experience pain as we know it. A hooked fish will experience a sense of discomfort rather than pain.

Can Fish See Under Water?
Yes, but only for a short distance. All fish see well enough to avoid danger and find food.

What Are The Largest Fish?
In fresh water the sturgeon is acknowledged as being the largest. One taken in the Oregon River weighed over 1,200 pounds. The whale shark tops the saltwater list. One weighing 150,000 pounds has been recorded.

What Fish Are Considered Rough Fish?
Carp, garfish, bowfin, buffalo, quillback, burbot, gizzard shad, suckers and various others, with names varying from state to state.

School Board Proceedings

June 2, 1971

A regular meeting of the School District Board No. 564 was held at 8:00 o'clock p.m. on Tuesday, May 25, 1971 in the Lincoln School Building.

The following members were present: Dr. George Martin, Kenneth Murphy, E. C. Olson, Mervin Preslebak, Charles Samuelson, Wallace Sperby, Maynard Wedul and Superintendent Johnson. None were absent.

Chairman Preslebak presided.

A motion was made by M. Wedul, seconded by E. Olson and carried to accept the minutes of the previous meeting as corrected. C. Samuelson presided at the meeting held May 10, 1971, rather than M. Preslebak.

A motion was made by W. Sperby, seconded by M. Wedul and carried to accept the election results of the May 18 election. The results are as follows: Edgar A. Naplin 1160 votes; Curtis L. Charlson, 1161 votes; Paul R. Biegner 957 votes; Robert D. Flynn, 866 votes; Charles R. Samuelson, 833 votes; Roger P. Worlin, 749 votes; John E. Goulet, 155 votes; Kermit Finstad, 10 votes, and Dennis Bakke, 1 vote.

A motion was made by M. Wedul, seconded by C. Samuelson and carried to go into an executive session at 8:20 p.m. The Board reconvened at 9:42 p.m.

Mr. Naplin and Mr. Charlson were invited to sit in on the executive session.

A motion was made by G. Martin, seconded by W. Sperby and carried to rescind and expunge the fourth motion of the minutes of October 12, 1970 and all reference thereto in official school records.

A motion was made by C. Samuelson, seconded by E. Olson and carried to accept teacher contracts for Peter Tri, Anthony Ricci and Paul Jacobs.

A motion was made by G. Martin, seconded by C. Samuelson and carried to adopt a resolution to enter into a student teacher agreement with Bemidji State College.

A motion was made by M. Wedul, seconded by E. Olson and carried to grant a military leave of absence to Michael J. Mattson.

A motion was made by W. Sperby, seconded by M. Wedul and carried to grant a military leave of absence to Curtis Korlike.

A motion was made by W. Sperby, seconded by E. Olson and carried to issue Dr. William S. Corliss a contract for $23,500 to serve as superintendent for the 1971-72 school term.

A motion was made by G. Martin, seconded by M. Wedul and carried to adopt the resolution on the athletic accident benefit plan contract. The following voted in favor thereof: G. Martin, K. Murphy, E. C. Olson, M. Preslebak, C. Samuelson, W. Sperby, and M. Wedul. Nay votes: None.

A motion was made by C. Samuelson, seconded by M. Wedul and carried to accept the bid for the A.V.T.S. house from Mr. Rolland Weller at a purchase price of $24,155. The bids for the house were as follows:

Mr. Rolland Weller, $24,155; Mr. Archie Wilson, $23,530; and Mr. Richard Kruie, $19,995.

A motion was made by G. Martin, seconded by E. Olson and carried as to classroom space:

A. The school district advertise for bids.

B. The administration continue to clarify the legal status of five (5) year lease for portable classrooms.

C. The administration prepare a budget for paying for necessary classrooms including investigation of all legal finance-arrangements.

D. The administration negotiate with the Redeemer Lutheran Church for appropriate rental for necessary classrooms.

E. The administration publish the reasons for our present dilemma.

F. The Board defer until the next regular board meeting the decision for appropriate space.

A discussion was held on what action to take on additional classroom space. There is a possibility that the school board may not be able to lease portable housing for the coming year.

A motion was made by G. Martin, seconded by W. Sperby and carried to acknowledge receipt of the general proposal.

A motion was made by W. Sperby, seconded by M. Wedul and carried to study the teachers' proposal.

A motion was made by M. Wedul, seconded by W. Sperby and carried to adjourn at 10:25 p.m.

SIGNED: Kenneth D. Murphy, Clerk
APPROVED: Mervin Preslebak, Chairman

Card of Thanks

We wish to express our sincere thanks for the kindness shown us in the loss of our dear husband, father, brother and grandfather, Sheldon Joyner. A special thank you to Rev. Law and the doctors and nurses of the Northwestern hospital. To the pallbearers, for the cards, memorials, flowers and to all who brought food to the house. Also to the Masonic Lodge for their impressive memorial service. Your kindness will always be remembered and may God bless each and everyone. The family of Sheldon Joyner. 1144c

Card of Thanks

A very special thank you to the Elks officers and B.P.O. Does and also Elks members, guests, relatives and kitchen workers for the wonderful party given for us on our 30th anniversary. We appreciated it very much. Cotton and Doris Langevin 1144p

Card of Thanks

We wish to express our sincere thanks to our friends and neighbors for the kindness shown us during the illness and death of our beloved husband, father, grandfather and brother. A special thanks to Dr. Herber and Dr. Beey, the nurses and staff at the hospital. To Rev. Walla and Rev. Pederson for visits and prayers. Thanks to all who brought food, to the Rindal Ladies Aid for serving lunch, for cards and memorials. And all who assisted in so many other ways. Your kindness will always be remembered. May God bless you all. The family of Albert Alby. 1144p

Card of Thanks

We would like to express our sincere thanks to our friends, neighbors who were so kind and thoughtful during the loss of our beloved husband, father and son. Special thanks to the Rev. Fathers Paul Cardin, Keough Patnode and Daniel Noah for their comforting words to Father Henry Carriere for the comforting funeral service. The Knights of Columbus Council 4619 for reciting the rosary, to the pallbearers, usher and to the ladies of the church who furnished and served the lunch. Thanks to Mrs. Steven Sundberg and the Brooks choir for the music; thanks to all those who brought food and helped with the work at home, also those who sent Mass offerings. Your acts of kindness were deeply appreciated. Mrs. Theodora Jaeger and children, Mrs. Helen Jaeger. 2144c

Card of Thanks

I wish to thank everyone who sent me cards, letters and flowers while I was a patient at the hospital. Also thanks to Pastor Anderson, Ekelund C.W. for the flowers, Dr. Bray and Dr. Davidson and the nurses for the good care. To my friends and neighbors who helped us God Bless you all. Mrs. Henry Hovet. 1144c

I, Mary Ann Piche, will not be responsible for any debts incurred by Elmer P. Piche.

Crookston Stops Prowlers 8-5 For District 31 Title

Lincoln high school baseball squad ended their 1971 season on a frustrating note last night as the Crookston Pirates defeated the Prowlers 8 5 in the District 31 championship game on the fairgrounds diamond.

It was the rubber game of the season with each team gaining a 5-4 decision during the regular season—winning on the home field.

The home field advantage didn't help, however, as the Prowlers were guilty of four errors during the seven-inning affair A four-run sixth inning for the Pirates gave them the district title and a berth in the region eight tourney Monday and Tuesday at Thief River Falls.

Senior right-hander Brian Peterson set the Pirates down in the first inning with three strikeouts, including three straight strikes to the first batter.

Sophomore centerfielder Rob Almquist started the Prowlers off with a long double to right-center in the bottom of the first inning before Pirate hurler Jim Clausen retired the next two batters. Sophomore catcher Ordean Peterson stroked a ground ball through the shortstop's legs for an error and the game's first run.

The Pirates managed a single in the second inning but the Prowlers stranded the Crookston runner to hold their 1-0 advantage going into the second frame.

Walks to Mike Hamerlinck and Dale Hanson started off the Prowlers' second and senior leftfielder Jerry Morben blasted a double to left, driving in Hamerlinck and putting runners on second and third with no outs.

Kim Johnson's fly ball to right started a double play as Hanson broke from third too late on an attempted tag-up and was caught at home for the second out. Almquist walked to put two Prowlers on base but Clausen retired the next batter on a ground ball to first.

Crookston threatened to score in the third when an error and a hit batsman put runners on first and second with two outs. A grounder to short would have driven in a run but Prowler shortstop Kim Johnson caught the Pirate runner at the plate for the final out and maintain a 2-0 lead for the Prowlers.

Crookston jumped out to a 3-2 lead in the fourth inning as the first three batters reached base safely.

Kyle Pearson and Ron Muir each doubled to center to start the inning with Muir's two-bagger driving in the Pirates' first run off Peterson. Scott Youngquist singled to left driving in Muir with Youngquist advancing to third on an error.

DALE HANSON takes a big stride before crashing into Crookston catcher Ron Muir at home plate during last night's district 31 championship game on the fairgrounds diamond. Hanson was out on the play at the plate after trying to tag-up from third base on a fly ball in the second inning. A four run sixth inning propelled the visitors to an 8-5 win and placement in the region eight tournament set for Thief River Falls Monday and Tuesday, June 7 and 8.

Peterson got the next two Pirate hitters on easy outs but Roger Johnson, the number nine hitter, connected on a seeing-eye single between first and second to drive in the Pirates' third run and a 3-2 lead.

The Prowlers came back with two runs in their half of the fourth after two men were out.

Almquist doubled to left-center after the first two Prowlers were retired and scored on Orian Peterson's single to left. Peterson went to second when the left-fielder was slow reaching for the ball and then scored on Tom Hanson's single to right. Ordean Peterson followed, with a single over the shortstop's head to put runners on first and third but Clausen retired the next batter.

Crookston tied the contest 4-4 in the top of the fifth when Clausen opened up the inning with a walk. Prowler coach Ralph Skay brought in senior right-hander Dale Hanson to pitch and after a walk to Kevin Tiedeman Hanson got Kyle Pearson to hit into a short to second to first double play with the runner advancing to third.

Muir drove in the Pirates' fourth run with a solid single to right for a 4-4 contest going into the sixth when the Pirates erupted for four more runs and an 8-4 lead.

Dale Normandin singled over short on a bad hop to start the inning but Hanson retired the next batter on a pop fly back to the mound Johnson reached base on a fielder's choice and the runner at second was safe on a throwing error with one out A fly ball to center accounted for the second Pirate out but Clausen doubled to left, scoring two runs and Tiedeman smacked a home run over the right field fence for an 8-4 lead. Sophomore left-hander Pete Sullivan came on to pitch for the Prowlers and struck out the final out.

PROWLER TRACK captain Paul Battleson will run in the 880 during the state track meet this weekend at Macalester college. The junior speedster set a new school record this season with a 1:59 5 during the region eight meet for second place. The state meet record for the event is 1:51 7.

Both teams went in order in their next appearance at the plate before the Prowlers' Dale Hanson stroked a homer to left to open the Prowlers' seventh inning with an 8-5 contest.

With two outs Rob Almquist walked and went to third on an error at short with Brian Peterson reaching base, putting the tieing run at the plate. Tom Hanson's hard line shot was caught at third for the final out.

The Prowlers had advanced into the championship contest after their opening round 16-1 win over Goodridge and a 14-2 triumph over Fisher. Both games were shortened to five innings because of the ten-run rule. Fisher reached the semi-final round with a 3-1 upset of Red Lake Falls.

Crookston defeated Climax in their opening round of action and then dropped Oslo 3-1 in the semi's after Oslo had surprized Alvarado 9-8 in the first round.

Pete Sullivan went the distance against Fisher, striking out five in the five innings. Four Prowler batters collected three hits as the Prowlers collected 15 hits in 30 at-bats in the game. Rob Almquist, Brian Peterson and Tom Hanson went three for four at the plate while Tom Wurst collected three hits in three trips to the plate including a home run.

MAKING AN APPEARANCE in the state track meet Friday and Saturday in Minneapolis will be Lincoln high school's 880-yard relay team. The four members of the 880 squad share the school record for the event with a 1:33.8 turned in at the region eight meet last week at Bemidji. The state meet record for the 880 relay is 1:29.5 set in 1970. Members of the Prowler relay team are, left to right, Markoe Hanson, Jon Wangberg, Jon Markstrom and Steve Belch.

SOPHOMORE Jon Wangberg will participate in the 180-yard low hurdles during the state track meet Friday and Saturday. Wangberg was clocked at 20 6 in the region eight meet last week at Bemidji, his best performance of the season in the event. The state meet record for the low's is 19.3.

Region 8 Tourney Monday

Crookston will play the District 30 winner and District 29 will go against District 32 in the first round of the region eight baseball tournament Monday night on the Thief River Falls fairgrounds diamond.

The Crookston contest will start at 5 p.m. with the nightcap set for a 7 o'clock start.

The championship game is set for Tuesday night, June 8, at 7:30.

Ticket prices will be $1.50 for adults and 75 cents for students with junior high school and below admitted for 25 cents.

NSJC Tracksters At State Meet

Tim Olson, a freshman from Thief River Falls, placed fifth in the 120-yard high hurdles for the best performance turned in by a Northland trackster at the state junior college track meet last week at Anoka-Ramsey.

Olson ran the hurdles in 16.0 while the winning time was 15 2.

Tony Burke, freshman from Bemidji, placed sixth in the javelin with a toss of 134-9 which is a new school record. Burke missed the cut-off for the finals in the discus competition.

Freshman Mark Kays of Thief River Falls was injured during the shot put competition was not able to throw.

Worthington junior college won the meet easily with over 100 points.

The new University of North Dakota Memorial Stadium press box, built in 1970, has been named after C. D. Locklin, who served as sports editor of the Grand Forks Herald from 1913 until full-time retirement in 1967.

LHS Netmen Capture District 31 Crown

Thief River Falls successfully defended their district 31 tennis crown Friday at East Grand Forks as the Prowlers advanced junior Mark Liden into the region eight meet.

The Prowlers scored 11 points to runner-up East Grand Forks' 7 and Crookston finished third with 6 points.

The region eight meet will be held Friday, June 4, at "East Side" beginning at 10 a.m.

Liden advanced into the region in the singles action as he drew a first round bye before defeating Orent Reichert of Crookston 6-2, 6-1 in the semi-finals and dropping Crookston's Bob Menzhuber 6-2, 6-0 in the championship match. Reichert advanced into the semi's with a 6-2, 6-1 win over Bob Oydahl of East Grand Forks while Menzhuber defeated the Prowlers' Gordy Prichard 6-3, 6-3 in the semi's after a first-round bye.

Prichard advanced in the semi-final round with a 6-1, 7-5 win over George Weber of East Grand Forks.

East Grand Forks won the doubles action with a 5-7, 6-3, 8-6 win over the Prowlers' doubles team of Mark Thyren and Stuart Waltonen in the finals. "East Side's" duo of Mark Hughes and Kim Hovet drew a first round bye before the win while the Prowlers dropped Mark Shananhan and Marc LaPlante of Crookston 3-6, 6-3, 6-3.

Both Liden and Menzhuber will advance into the singles action in the region meet Friday while the Green Wave doubles team advances.

The first and second place singles will advance into the state meet from the regional.

HS Golfers Place Second In Dist.

Crookston defeated Thief River Falls by seven strokes to win the district 31 title Friday, May 28, at Crookston.

The Pirates totaled 231 while Thief River Falls came in with a 238, East Grand Forks 253 and Red Lake Falls and Warren finished with 269. Tom Smerud of Crookston was the medalist with a 75.

Jay Moum led the Prowler golfers with a 76 while Roger Lee shot a 79, Paul Olson 83, Lee Sorenson 83, Mark Charlson 84 and Mark Mathusalem 87.

For Crookston Smerud shot a 75 while John Kalin also shot a 75, Len Gumila and Ward Westbeeg shot 81's.

Bemidji state college, long-time site of the region eight track meet, will not have the 1972 regional meet if the coaches have their way.

The region eight coaches are nearly unanimous in favoring a change from the Bemidji campus to either Park Rapids or Bagley for the '72 meet.

The coaches favor the switch because of the shoddy performance by the BSC meet manager.

A vast majority of the coaches brought their teams to Bemidji in preparation for a 10 a.m. meet, as was the custom in the past, only to find a 1:15 p.m. starting time. No notification was given the coaches of the change. Even the Bemidji newspaper had posted a 10 a.m. start.

The time schedule for the events found the preliminary running events beginning at 1:15 with the finals beginning at 3:15. This would find a boy running in the mile relay event arriving at the track around 9 a.m. and not running until 4:55 p.m.—or a wait of eight hours.

The track was not marked off in lanes when the coaches arrived so they did the lane markings themselves—along with moving the pole vault pit from where the college officials would have had the boys trying to vault into a strong wind off Lake Bemidji.

After a group meeting the coaches forced the college into running straight finals without prelims, using all eight lanes. The coaches also moved most of the starting times up an hour so the final event would begin at 3:10 instead of 4:55 p.m.

Bemidji has an excellent site for a regional meet but the situation existed where the managers of the meet just didn't care how the whole thing turned out.

Thief River Falls was also mentioned as a possible site for the region eight meet, but lack of a long straight-away would make it almost impossible for the meet to be held here.

The coaches who participated in the Prowler-Joycee Invitational have also agreed to run in the annual event at Thief River Falls a week later in the season and withdraw from the Beaver Relays at Bemidji which is run with the same indifferent attitude.

Lincoln high school track coach Jim Sims was named region eight track Coach of the Year in a vote of coaches before the region eight meet at Bemidji.

Earlier this season Sims was named as region eight football Coach of the Year.

Assistant track coach Quentin Jones was the 1970 region eight track Coach of the Year.

Steve Daley, a 1970 graduate of Lincoln high school, has been named as co-captain of the Crookston Tech baseball squad for the 1972 season.

Daley lettered in both track and baseball for the Trojans this season after transferring from Moorhead state.

Filmore Engelman brother of Northland coach Chet Engelman, is the coach of the Trojan baseball club.

The region eight track title won by the Prowlers Thursday was the first regional cinder crown won by Thief River Falls since the 1962 season.

Rod Max coached the '62 edition to the crown with 53 points to Crookston's 26½. Paul Klungness went on to claim the state title in the broad jump with a leap of 22 feet, one-half inch.

Prowler assistant coach Quentin Jones had regional winners for Thief River Falls in 1947, 1949, 1950, 1955 and 1956. Jones' 1956 delegation trailed Bemidji by 5½ points with just two events remaining but placed in each of them while the Lumberjacks failed to win another point as the Prowlers edged the Jacks 33-32½ for the title.

THIEF RIVER FALLS TIMES

Volume 60 | Thief River Falls, Pennington County, Minnesota | Wednesday, June 2, 1971 | Number 44

Two Women Join Board Of Regents Of University

Two women joined the University of Minnesota board of regents last Friday and two incumbents also were sworn in, all to begin six-year terms.

Mrs. Josie Johnson, 40, an instructor in the university's Afro-American studies department, and Mrs. Loanne Thrane, 37, a housewife and former teacher, took the oath of office at the May meeting of the regents.

Mrs. Johnson became the first black person named to the 12-member board. Two women have served together on the board at two different times previously, in the year 1933-34 and the 1926-28 biennium.

Two incumbent regents—board chairman Lester Malkerson, 58, of Minneapolis, and George Rauenhorst, 57, of Olivia—were returned to the board in the regents' election by a joint session of the Minnesota legislature.

House Speaker Aubrey Dirlam, a *Redwood Falls conservative*, attended the regents' meeting to administer to oath of office.

The two new regents replace Albert Hartl, Fergus Falls, who was defeated in his bid for reelection, and Mrs. Marjorie Howard, Excelsior, who did not seek reelection.

Mrs. Johnson is chairman of a legal services committee of the MOER board in the Twin Cities and serves as a consultant to Southwest state college in Marshall. She was acting director of the Minneapolis urban league in 1966.

Mrs. Johnson and her husband, Charles, who is director of Honeywell's systems development center, live in Bloomington. They have three children in junior and senior high school.

Mrs. Thrane lives in Chanhassen and has an 11-year-old son. Her husband, Ralph, is an executive in the Green Giant corporation. She has served as Republican chairwoman for the second congressional district. She is also active in her church and the Federation of Women's clubs.

Both women hold bachelor of arts degrees and have done some graduate work.

Mrs. Johnson holds a degree in sociology from Fisk university and Mrs. Thrane a degree in history and economics from Concordia college, Moorhead.

Senator Mondale Comments About Economic Ills

"With the deteriorating state of the economy and unemployment at an all-time high, I feel that something must be done to give this country an economic 'shot in the arm'," states Sen. Walter Mondale.

"To help stimulate an economic recovery, I have introduced legislation in the U.S. Senate to help relieve the burden which has been placed directly on the people and is causing them to suffer needlessly.

"My bill has three titles. The first would increase the personal exemption to $150 and the standard deduction to 15 per cent. These changes are currently scheduled to take place in 1972 and 1973. My bill would move them up to this year.

"The second title would provide the 13 weeks of extended benefits starting in 1972. My bill would make it possible for all states to start paying the extended benefits immediately.

"The third title of my bill would reinstitute the seven per cent tax credit for the first $25,000 of investment in plant and equipment. This measure is designed to provide relief to the small businessman and the farmer," Sen. Mondale said.

"Let me point out that unemployment has now been around six per cent for six months. The ultimate national shame is in the enormous waste of this unemployment. Sixty billion dollars is lost in goods and services, 25 per cent of our plant and equipment goes unused.

"It is estimated that my bill would reduce treasury revenues by $5-½ billion in 1971, $3 billion in 1972, and under a billion annually thereafter. It's effect would be to stimulate the economy now when it is needed, and to fade out later when we near full employment. In this way, it will avoid re-lighting the inflationary fires," he added.

"My bill will not create a permanent drain on the treasury; it will not permanently reduce the revenues available to meet our many pressing social needs.

"I disagree with the administration's recent statements about the economy. The administration has embarrassed itself so often in the past by making euphoric economic predictions based on fragmentary evidence that one might have expected it to have learned a lesson," he admonished.

"But the issue now is more important than misplaced optimism and lost credibility. The administration continues to adhere to a "wait and see" attitude. But while the administration is waiting and seeing, what are the families of America's five million unemployed to do?"

Autonomy Of 'U' Threatened Says President Moos

Constitutional autonomy of the University of Minnesota is threatened in several riders attached to the university budget proposed by the state House appropriations committee, University President Malcolm Moos said Thursday.

The riders would require all public and private university funds to go through the state treasury and retroactively would change a faculty retirement plan.

"I consider these riders to be a frontal assault on the integrity of the governance of this institution and I must accept *my* responsibility as its president to protect it," Moos said at a news conference.

The proposal to alter the retirement plan seeks to "violate contractual arrangements between the Regents and faculty," Moos said.

Former Minnesota Gov. Elmer L. Andersen, a member of the board of regents, said it would be "premature" to say whether the university would test the constitutionality of the provisions.

Andersen said university officials would discuss the riders with legislators to determine whether the unconstitutional aspects of them could be dropped.

The provision requiring all university funds to go through the state treasury appears unconstitutional, Andersen said. "This would give the state auditor power to decide whether the university needed funds or not."

Moos expressed concern at what he called the "erosion of the Regents' autonomy" which would be prompted by these provisions. He said some legislators seem to feel that the university should conform to guidelines set for other state agencies.

"A university isn't like a highway department; it isn't a welfare department or a corrections system. If a highway system deteriorates, you can build it back and it doesn't take too long to build it back if you've got the funds.

"But if a university ever tumbles and goes into decline, you won't build it back without taking a generation. If its freedom is lost, you'll never get it back," Moos said.

Moos said the university could be held accountable to the legislature and still retain the autonomy guaranteed in its charter.

Wefald Tells Of State Stand On Meat Inspection

Agriculture Commissioner Jon Wefald said Governor Wendell R. Anderson joins him in a pledge of continuing service and support for Minnesota's instrastate meat processing industry, notwithstanding the May 16 federal takeover of state meat inspection.

"The governor and I also want to express our profound appreciation for the tremendous support from all over the state and in our legislature for this vital industry and for our attempts to maintain the state meat inspection program.

"We will continue our bond of good faith to this industry and to the important rural consumer service it provides, in any way we can. This includes high priority in helping secure Small Business administration loans for plant and facilities improvements that may now become more urgent," Commissioner Wefald stated.

He emphasized the state administration's "desire is still to help keep legitimate processors and locker plants in business, continuing to provide clean and wholesome meat products for Minnesota consumers.

"The USDA and Secretary of Agriculture Clifford Hardin are totally responsible for the federal takeover of Minnesota's meat inspection program. Secretary Hardin's decision for takeover," Commissioner Wefald said, "was not only hasty but irresponsible, most especially to our small town locker plant operators and the rural communities they service."

He said the takeover, "totally rejecting the governor's and legislative assurance in the final week of the biennial session for added inspectors and funding in compliance with federal requirements, also has jeopardized the state and municipal continuing consumer protection responsibilities in 3,008 retail and custom meat operations.

"Secretary Hardin's representative gave our entire inspection staff an equally arbitrary ultimatum, 24 hours to decide whether or not to apply for federal inspection jobs. Because federal takeover also stopped the cost sharing funds for our total program, we had to give layoff notices to 13 of our 31 inspectors. At present we do not know how many of the remaining 18 may have applied for federal jobs.

"Place the blame squarely where it belongs, on the U.S. Department of Agriculture and Secretary Hardin," Commissioner Wefald concluded.

EPA Announces Number To Call On Oil Spills

U.S. Environmental Protection agency announced today that it has installed a 24-hour answering service in response to oil or other hazardous materials spills in the northern Minnesota-Wisconsin region.

Louis J. Breimhurst, acting director of EPA's Minneapolis office, said the new answering service will give the agency the ability to respond immediately to hazardous spills. Breimhurst said that Clarence C Oster has been named oil spill coordinator for the Minneapolis office and will handle the local EPA reaction to calls.

The phone number is 612-861-4467.

Oster said that the Water Quality Improvement Act of 1970 and a companion Executive Order require that immediate notification be made to the U.S. Environmental Protection Agency or the U.S. Coast Guard of any oil discharge or spill.

Oster warned that any person in charge of a vessel, an onshore or offshore facility who has knowledge of any discharge of oil is subject to a $10,000 criminal fine or up to one year imprisonment for failure to immediately notify federal officials.

Oster added that "Deliberate or knowing discharges of oil spills are also covered under the law. A civil penalty of ten thousand dollars can be assessed against a violator of a knowing discharge."

Oster said that the oil control program will also be carefully checking into chronic or continual oil releases by violators.

The area covered by the Minneapolis office for oil spills includes: the Upper Mississippi river basin, Red and Rainy rivers basin and the Lake Superior basin which encompasses the entire State of Minnesota, eastern portion of North and South Dakota, western Wisconsin from the Minnesota border to and including the Wisconsin River, the northeastern corner of Iowa to Lock and Dam No. 10 of the Mississippi at Guttenberg, Iowa and the western tip of the peninsula of Michigan to a point west of Marquette.

Here comes the winner! Can he hold that first-place position? Or will he fail? Victory is the most important thing in the world for these youngsters right now. Everything hinges on the outcome of this contest.

Enthusiasm is an important part of successful living. It can stimulate the imagination and inspire the mind. And it can be a contagious thing, too. It can affect your co-workers, your friends and your family. That is why it is so important to instill enthusiasm in any successful organization, as well as in individuals.

One of the greatest institutions on earth, the Church, has inherited a rich spiritual enthusiasm which has been handed down through the centuries. Its members, working together, fired by the enthusiasm of Faith can give you renewed inspiration which you in turn, can pass on to others.

Plan now to attend church next Sunday. Become a part of this great fellowship of believers who can instill and impart enthusiasm into our lives, our community, our world.

Roland E. Waller, Chief
Thief River Falls Police Dep't.

A couple of weeks ago I was at a meeting of the city council. At the same meeting was a group of boys there to appeal to the council members for the privilege of riding MINI BIKES within the Thief River Falls city limits. I was asked by council members to state the restriction concerning Mini Bikes.

State statute requires that all motor vehicles must comply with certain regulations on equipment and safety factors and be properly licensed by the state. This includes mini bikes, go-carts and bicycles with motors. The equipment has to do with proper lights and brakes.

Most Mini Bike manufacturers are aware of these requirements and advertise openly that the vehicle they have for sale is for use on private property only and is not for use on streets or highways. Most people, however, buy the vehicles with the idea of using them on streets and roads.

Another requirement is that any person operating or driving a motor vehicle must be licensed by the state and therefore all operators must be of licensing age and pass the tests for a license. This eliminates the many persons under 15 and 16 who buy the Mini Bikes and want to operate them.

Since the Mini Bike is in the same classification as a motorcycle, the license to operate also requires a motorcycle endorsement which indicates the person has been tested as to the ability and knowledge required to operate a motorcycle. If this isn't enough to discourage the aspiring operator, he finds that he must also wear a proper helmet while driving or operating the vehicle.

As I previously stated, these are all state laws and no relaxing of the requirements can come from any lesser governmental group. The boys who visited the council were hoping that provision could be made for them to by-pass the state laws. The question was then asked if any area of this city could be designated for mini bikes but the problem of liability to the city in case of an accident ruled out any such action. The boys were quite sad as they left the council chambers.

Motorcycles and motorbikes are a problem even when operated by properly licensed and equipped persons. Many times we receive complaints from citizens on the noise and disturbances of these vehicles. Just as a car can be driven fairly quietly by one person and very loudly by another, so the motorcycles all too often are driven in a very loud fashion and upset the citizens who have to listen to the noise. Some owners even remove the muffling baffles from the muffler and this really makes them loud.

We try to issue tags to the outstanding noise makers, but usually only get a few. It is a real problem and the number of cycles on the streets is growing by leaps and bounds. We will be happy to work with the persons who are disturbed as best we can.

After many weeks without a judge to hear our cases, we now have Judge Kersting from Mahnomen sitting two days a week in an attempt to catch up on the backlog of cases awaiting court action. I am personally very appreciative to Judge Kersting for volunteering to assist in this action. All persons who have received traffic tickets or have been arrested and released for court action can expect to hear from the court as to a date for appearance.

We had quite a problem processing arrest cases where they could not post bond to insure their appearance. Most who lived in the Thief River Falls area were released on their promise to appear. The persons from outside this area were required to post a bond before release. We got through this period without any great protests arising.

The men of your Police Department are to be commended for their continuing enforcement in the face of the frustrations of having no court actions during this time. We are hopeful of having a permanent judge appointed for Probate Court and misdemeanor cases very shortly. The state legislature has been considering at lease two bills which should make provisions for a permanent judge and county court.

"I have three precious things, which I hold fast and prize. The first is gentleness; the second is frugality; the third is humility, which keeps me from putting myself before others. Be gentle and you can be bold; be frugal, and you can be liberal; avoid putting yourself before others, and you can become a leader among men." —Lao-tse

Into The World

For many of the Lincoln high school graduates who accept their diplomas on Thursday evening, the graduation certificates will be passports into a world mostly foreign to them. An era of their lives will have been ended and their living patterns and responsibilities will be subject to major changes.

We have watched many of these youngsters work their way through the local schools, particularly in junior and senior high school years. There is much to be said for the talent and intelligence owned by a number of them, and it is to be hoped that potential for leadership and citizenship will be fully realized in future years.

It is entirely possible that some of the graduates will experience at least a sampling of what their parents remember only too well—an economic depression when obtaining a job was a privilege and keeping it was a challenge. Employment is not easy to obtain now in many fields and in many areas, and unemployed people without a marketable skill are having difficulty finding work.

On the other hand, for those who have the ability and the desire to apply themselves, the United States is still a land of unequaled opportunity. There is a wide variety of occupations which already exist and many others which are being created every day.

It has been a pleasure to see the development of the Class of 1971 through its members participation in music and speech events, athletics, dramatics and community affairs. To see boys and girls become young men and women is one of the gratifications of adulthood. The adult hopes to see at least some of himself reflected in the generation which follows.

We congratulate the senior class of 1971 at Lincoln high school, and wish the graduates well as they go on to make their way in the world.

Keep Pollsters Busy

What will happen as a result of lowering the national voting age to 18 years is anybody's guess. That is the sum and substance of the following editorial from the South Pasadena Review:

The impact of the new 18 year old voting law on next year's national elections, at least, has been the subject of considerable discussion and analysis in view of the potential effect nearly 12 million new voters will have on the major parties.

Less publicized has been the fact that there will be an additional estimated 13.5 million who have reached 21 in the 1968-1972 period and new law or not, will be eligible to vote.

Twenty-five million new young voters all at one time is something to give the political statisticians quite a bit to think about.

This 1972 influx of new voters is by far the greatest in the nation's history. Twelve million were added in 1968, 10.5 million in 1964.

How will all these new millions vote? There, of course, is the political rub. The more or less conventional answer, based on past experience, is that if they bother to register and vote at all, they'll pretty much follow parental and party lines. But there are those who dissent, and feel that this new generation of voters may well act differently. At least in significant numbers.

Frederick G. Dutton is one. The Christian Science Monitor quotes from his forthcoming book "Changing Sources of Power: American Politics in the 1970's" a factor that so far is a large imponderable in any prediction. The author, former U. C. Regent and aide to President Kennedy, points out that the new voters are part of the big baby boom after World War II, and are "The first baby crop to be nurtured by television." Also they have suffered little insecurity.

Where they go and how they use their new suffrage is a question that will keep pollsters and politicians pretty busy.

They Must Be Kidding

Following editorial comment is from the Murray County Herald at Slayton:

In a recent letter to a metropolitan daily newspaper, three Minneapolis union leaders recently pointed out that the unions are not to blame for the current inflation in America. They must not have learned that rural people and others throughout the state no longer bear the "dumb farmer" label with which we were blessed a few generations ago.

"Unions have made no major contributions to inflation," the union leaders claim. They must be kidding. When a Murray county farmer today looks at the price tag on a new combine or tractor, he does so with more than a little knowledge of the actual cost of the product. He knows the local dealer isn't making a killing by any stretch of the imagination. He knows that the cost of the raw materials going into the unit are relatively insignificant. He knows that the manufacturer is doing his best to hold costs down in order to be competitive. He also knows, as do the union leaders attempting to convince us to the contrary, that the price of labor more than anything else has forced the final retail price of the unit out of reach. If this isn't contributing to inflation, just exactly what is?

Former President Lyndon Johnson once said that in order to keep inflation in check there should be no increase in wages of over three per cent. It would appear, then, that the president and all of the research at his disposal was quite convinced that the price of labor is indeed the overpowering factor responsible for the inflationary spiral. Union leader George Meany was the first to toss this edict aside when he allowed construction workers to exceed the voluntorily imposed limits.

As another example of the tremendous economic power of organized labor, only last week the nation's railroads were all but imobilized by a strike which actually involved only about one per cent of the workers of all roads on strike.

Labor is the biggest cost item in practically all manufactured products, and the people of America know it. For union bosses to try to tell the people of America that the unions are not a major contributor to inflation in this country today is an insult to the intelligence of the people.

Compromise Essential

Comment on the special session of the Minnesota legislature is made as follows by the Morris Tribune:

The regular 1971 session of the Minnesota Legislature is over and the legislators have now been called back into special session. In view of the problems which confronted the legislators, especially on the financial front, it is not surprising that a special session became necessary.

Even if both houses of the legislature as well as the governor's chair had been controlled solidly by one political group, it is doubtful that accord on taxes and tax relief as well as spending and a host of other state programs and problems could have been resolved in the regularly allotted time.

With the Legislature almost evenly divided but narrowly controlled by the conservatives, and with the governor's chair occupied by a liberal, the art of compromise becomes most essential.

This situation will not be changed in the special session now underway. About the only chance to get the session over within the near future is to confine the deliberations to the essential matters which were not settled in the regular session.

Opening the session to every conceivable piece of legislation which is the pet project of one legislator or another will delay getting down to the serious business in the matter of finances and taxes. It is well to remember that only five weeks remain of the current fiscal year. Present appropriations expire at that time and the governor has indicated that he will not sign the new appropriation bills until aggreement is reached on taxes.

There is so little common ground in the various tax plans which have been advanced that agreement will be extremely difficult to attain.

Self-Help Needed

Commentary on the plight of railroads is contained in this comment from the Murray County Herald at Slayton:

Louis W. Menk, chairman of the Burlington Northern railway, American's longest system, authorized an article for the Minneapolis Tribune last Sunday. In it, he pointed out that the railroads want an "even break" and in our judgement they are certainly entitled to it.

Menk points out that a hundred years ago the rails had a virtual monopoly on the transportation needs of the nation. As a result, government restrictions were imposed and we can readily see where there is cause for complaint in this regard on the part of the railroad industry.

Regulatory problems not withstanding, however, the railroads made a lot of their own problems and are continuing to do so today. It is only logical to believe that they cannot afford to update and modernize their systems, just as it is only logical to believe that many newpapers have declined to change to more modern methods of reproduction for financial reasons. But the vast majority have found a way—and so should the railroads.

By refusing to accomodate customers for decades, the railroad industry has lost its natural clientele. They gave away the passenger service years ago. Now they are in the process of giving away a lot of their freight business—largely because they are unable to compete with other industries on the move.

Looking Backward

1921—FIFTY YEARS AGO

Joseph Johnson, former alderman and county commissioner, died May 20.—George Reitz, 11, was drowned in Red Lake river when a canoe overturned.—Chairman E. O. Mogenson announced that 65 cars would join a caravan to the Red Lake Narrows.—Alderman O. L. Ihle returned from a month's stay in Oklahoma.—The TRF postoffice started free parcels post delivery.—M. C. Burns suffered critical injuries when he fell from a ladder at his home.—Mrs. G. L. Biddick was elected president of the TRF Woman's club.

1931—FORTY YEARS AGO

Theo. Quala was elected president of the 14th district bar assn. at a meeting in Ada.—E. M. Bennes returned from a trip to Indianapolis and Fort Wayne, Indiana.—Mrs. Rasmus Oen succumbed May 22 to a heart attack.—Theodore Prichaed was awarded a graduate fellowship at Harvard.—Miss Ruth Fletcher, local teacher, left for a visit in Annapolis, Maryland.

1941—THIRTY YEARS AGO

Ralph A. Luhman was named to succeed Don Mattson as president of the TRF Jaycee chapter.—Dr. E. S. Amesbury was elected president of the Lions club, succeeding Dr. A. R. Hulburt.—Food stamps will be distributed Tuesday by the county welfare office to be exchanged for surplus commodities.

1951—TWENTY YEARS AGO

A large gathering in the Elks park heard a Memorial Day address by the Rev. John G. Lewis of Crookston.—At the ninth district Legion convention in Moorhead, Elmer Andersen of TRF was named second vice commander, and Mrs. H. F. Harrison was elected second vice president of the district auxiliary group.—George F. McDowell, president of the Minneapolis Bridge Co., and well known in TRF, was killed in a highway mishap near Moorhead.—Willie Bondorf was named to head the local Odd Fellows lodge, succeeding Erland Anderson.

1961—TEN YEARS AGO

Following several years of ill health due to a heart condition, George W. Werstein, Thief River Falls banker for the past 40 years and a leader in community affairs, succumbed at the age of 67.—Rebecca Ferber, daughter of Mr. and Mrs. Erwin Ferber of Thief River Falls and a senior at Lincoln high school next year, has been selected as the recipient of an American Field Service International scholarship.—Residents of Oslo and surrounding area rallied in attempts to save their school Friday as flames gutted the 55-year-old building.

The Loch Rainy Monster and Other Beasts

Everyone knows that fishermen are the most unbiased, objective reporters of fact that exist. Especially when it comes to describing lengths and weights of fish which have eluded their angling attempts.

Old timers around Rainy Lake will tell you of that 100-pound muskie which has evaded the hook and line for years. You can even find a guide to take you to the very spot where this monster lives (and while your shoulder develops bursitis from casting for Mr. Big, your guide will be content with yanking in a few ten-pound northerns for his supper).

But Muskies, as proved by the following report, get even bigger than that in Minnesota. There is a nameless lake in Aitkin county which has little in the way of resort facilities and, consequently, fishermen. No wonder that the muskies dwelling therein have attained such impressive size. "Two Hundred Pounds" said the man who reported seeing the creatures "jumping."

A certain resorter on Basswood Lake relates the craftiness of Minnesota's fish by describing "Jingles." Jingles is a whopping northern pike who has accumulated so many spoons, plugs and spinners in his jaws that on a quiet day, if you're in his neighborhood, you can hear him clinking around in the depths.

Northern Minnesota hasn't sole claim to these biological wonders. On Union Lake near Faribault—which is south—one fellow was stunned to see a finny phantom swim 'neath his ice hole a few years back. It looked like a freight train passing and, although the specie was not determined, its length was guessed (because it was never seen in its entirety) at about 8 to 8 feet.

Divers in the St. Croix and Mississippi Rivers report the existence of ten-foot catfish and sturgeon which would keep one in caviar for a life-time.

As a matter of fact, a record exists of a 600-lb. sturgeon being netted in the St. Croix River in the olden days. The weight was estimated because it broke a logging scale which only went to 550 pounds.

If Jacques Costeau ever builds a smaller version of the "Calypso," we suggest that he bring it to Minnesota to investigate these and other fishy matters for which the state has become so famous.

4-H CLUBS

New Solum

On May 20 at 8:30 p.m. the New Solum 4-H club held its monthly meeting.

The meeting was called to order by President Dwight Johnson. The flag pledges were said and the roll call response was by members naming their mother's favorite flower. Secretary's report was given by Barbara Holmstrom and treasurer's report by Randy Lambert.

Program committee was Lorilla Bulgor and Loretto Aaseby. Opening song was "Home on the Range". A demonstration was given by Cindy Anderson on "How To Make a Cat from a Pop Bottle and a Light Bulb". A demonstration by Ramona Johnson on how to make a nice picture. Project report by Wesley Solney on how to make a leather key case. A talk by Terry Courneya, county agent, on new 4-H projects coming up next year in 4-H. A poem by Peggy Lubarski "Dreaming". Closing song was Kookaburra". Recreation committee was Barbara Bauer and Jennifer Bulger.

Solney and Aaseby families served lunch.

Cadillac Motor Car Division

The leader... any way you look at it.

Cadillac for 1971. It could well be your best car buy, any way you look at it.

Styling. It's a carefully created combination of styling continuity and contemporary flair.

Comfort. A longer wheelbase and new suspension system mean an even smoother ride.

Performance. The proven 472-cubic-inch V-8 is amazingly responsive—on regular gasoline or no-lead and low-lead fuels.

Luxury. In the incredible quietness inside, in the beautiful standard appointments and in the many features you can order.

Choice. The first Cadillac luxury you enjoy. There are nine models from which to choose.

Value. A Cadillac traditionally returns a larger portion of original investment than any other car built in the land. Cadillac is the leader—any way you look at it. And now is the time to look at it—at your authorized Cadillac dealer's showroom.

Cadillac 1971

Cadillac is doing something about traffic safety, but some things only you can do. You might be surprised by the scope of our involvement in advancing the cause of safety.

Did you know, for instance, that Cadillac was the first to install safety glass in its cars? And introduced the triple braking system?

Today you can see evidence of the magnitude of our concern. The 1971 Cadillacs incorporate a host of recent safety developments. Including an energy absorbing steering column. Padded instrument panel. Seat belts for all passenger positions. Side Guard steel beams in the doors.

And the work goes on. But all our efforts will not be enough, unless you do your share.

Here are five ways you can help. 1. Always use your seat and shoulder belts. 2. Make sure your car is in good running order. 3. Never drive when you're tired or under the influence of alcohol. 4. Support driver training and uniform traffic codes and enforcement. 5. Drive defensively. Please. Will you do your part?

How a minus on your paycheck can be a plus in your future.

Sound too good? It isn't, really. When you join the Payroll Savings Plan where you work, an amount you designate will be set aside automatically from each paycheck. That's the "minus."

That amount will then be invested in U.S. Savings Bonds. That's where the "plus" comes in. Because you're automatically saving for your future, with one of the safest investments there are: U.S. Savings Bonds.

And, by deducting a little at a time from each paycheck, you don't feel the pinch financially. Before you know it, you'll have quite a tidy sum tucked away.

And now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½% is payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970 ... comparable improvement for older Bonds.

Put a little "plus" in your future. Join the Payroll Savings Plan.

Take stock in America.
Now Bonds pay a bonus at maturity.

Cook-out tips from Speas

MARINATE an economy steak in Speas Vinegar. Speas tenderizes, improves flavor. Leave the meat in the marinade several hours or overnight in the refrigerator before grilling.

SPARK a salad with Speas Vinegar. Make a fresh dressing: use your favorite recipe or go creative and invent a new one! Speas makes dressing "better than bottled"! Try it yourself and see.

Move over Ford and Chevy
Chrysler Royal's coming through with your kind of price

While you're at it, move way over. Because this is no cut-down car. This is a full-size Chrysler, with all the full-size luxury you'll never find in a Ford or Chevy. Like the largest interior in the medium price class. Like Chrysler Corporation's exclusive Torsion-Quiet Ride. Even a new 360 V-8 that runs on regular gas. And when you add the features you buy a luxury car for, the price difference is enough to make Ford and Chevy blush. For the right car deal, you've got to come to the right place. Our place. We'll move you up. Royally.

Municipal Bond For Industry Is Used To Build

Construction has started on a $1.5 million animal and poultry feed mill near Worthington.

The plant, being built for Allied Mills, Inc., of Chicago, is one of the first in the State to be constructed under Minnesota's new municipal development bonding act. The facility is expected to be completed in about one year.

It will employ 15 persons initially with employment expected to peak at 45. The plant is located on a 10-acre tract of Highway 60 and the Chicago and North Western Railroad, two miles northeast of Worthington.

Thomas T. Feeney, acting commissioner of the Minnesota department of economic development, which approved the Worthington bonding project, said he is gratified that communities such as Worthington are taking advantage of the bonding act.

"This act puts Minnesota in a position to compete effectively in attracting new industry," he said. "Other states have had similar bonding laws which, in the past, have put us at a competitive disadvantage. But now, we can bid effectively for industry, and this can be shown by the way Worthington used the bonds to bring a new plant into the community and into the state. The community leaders of Worthington are to be congratulated for their industrial development efforts in this and other projects."

Under the Minnesota municipal development bonding act, a city may issue tax exempt bonds to finance construction of industrial plants.

The law provides that plants financed with such bonds are leased to industrial firms at a price sufficient to cover operating costs and maintenance, bond retirement costs and taxes. At the conclusion of the bond retirement period, the building is deeded to the industry at a nominal cost. The company's assets, and not the tax dollars of the community, are pledged to retire the bonds. The program provides a method for working out a package for construction of an industrial building which makes a community attractive for a new plant or expansion of an existing one.

James Bohart, manager of the Worthington Chamber of Commerce, lauded the Minnesota department of economic development for the aid it gave Worthington Industries, Inc., in bringing the plant to the area.

"The department advised and counseled us throughout the development of the project," he said. "And we never would have put the industrial revenue bonding proposal together if it had not been for the splendid help we received from the department of economic development."

Allied Mills plans to serve the Minnesota, Iowa and South Dakota animal agricultural area from the Worthington plant. It represents an expansion of Allied into a new geographical region.

Allied is one of the largest feed manufacturers in the nation, and is prominent in poultry production as well as leather goods, through its subsidiary, Baronet Corp.

"Fortune" magazine recently listed Allied Mills as 346th among the 500 largest industrial corporations in the United States.

Counties Record Top Livestock Sales For 1970

Lyon, Martin, Rock, Nobles, Jackson, Redwood and Murray counties, in that order, paced Minnesota grain-fed livestock production in 1970 that resulted in record cash income from beef and all red meat animals, reports Agriculture Commissioner Jon Wefald.

He announced release of the 1970 report, with 1968 and 1969 comparisons, on grain-fed cattle marketings by counties, compiled by the state-federal crop and livestock reporting service of the Minnesota department of agriculture.

"Family farming operations continue to be the backbone of our cattle industry and Minnesota's agricultural economy. Last year Minnesota had an estimated 18,200 feed lots. Only 38 of the lots were feeding 1,000 or more cattle. By far the biggest group are family operations feeding less than 50 head of cattle," Commissioner Wefald said.

He noted that the new figures do reveal the loss of an estimated 1,700 livestock feeding operations from the 19,900 feedlots indicated in Minnesota in 1969.

Lyon county is repeat champion, marketing 47,400 grain-fed cattle last year, although down 3,600 head from 1969 and down 5,000 from the state peak production in 1968.

Rock county marketed the most fed livestock per square mile, an average of 82 head, compared to Lyon county's 66 head and Martin county's 64 head per square mile.

Martin county stayed within challenging distance of Lyon for the production title, with 45,200 cattle marketed, only 2,200 head behind the champion.

Two of the leaders, Nobles and Jackson counties, were among only 12 Minnesota counties that set 3-year highs for fed cattle sold in 1970. Others are Todd, Stearns, Stevens, Swift, Kandiyohi, Brown, LeSueur, Rice, Dakota, Fillmore, Houston and Mower.

State-wide marketings in 1970 were 65,000 head above 1969, but 37,000 less than for record 1968.

REAP Practices Established For Normal Lifespan

Conservation and pollution-abatement practices established with cost-sharing approved by the county Agricultural Stabilization and Conservation (ASC) committee must be maintained for their normal lifespan.

When a farmer installs a needed conservation practice, he normally has every intention of realizing its full benefits for a long period. "For the lifespan of the practice" is the term used by ASCS.

"Sometimes it happens that a farmer will make a change in his farm operations that interrupts the lifespan of a practice he installed with cost-sharing," said Marcel Dahl, chairman of the Minnesota state ASC committee. "When a practice is not maintained through its normal lifespan, all or part of the cost-sharing must be refunded by the producer, unless the practice failed due to conditions beyond his control."

Producers who have questions about the normal lifespan of a cost-shared conservation or pollution-abatement practice should check with the county ASC committee or the executive director of the county ASCS office.

Cost-sharing practices are being established this year under the rural environmental assistance program (REAP). In previous years, cost sharing was through the agricultural conservation program (ACP). The lifespan provisions apply to practices established under either program.

22nd Dairy Day Is Slated For Tuesday

CLASS SPEAKER for the Lincoln high school graduating class was James Aune, son of Mr. and Mrs. Arnt Aune of Thief River Falls. He was selected by vote among the top 10 scholastic students at the school and spoke at Lincoln high school commencement exercises Thursday evening at the new city arena.

Northwest Dairy Day kicks off at 10 a.m. tomorrow at the livestock pavilion (curling building) on the Pennington county fairgrounds with a showmanship demonstration by Mary Kay Kaspriek, the 1970 Dairy Day showmanship champion.

Northwest Dairy Improvement association, sponsor of the 22nd annual Dairy Day, will hold a dinner in honor of Princess Kay of the Milky Way, Gayle Krogstad of Ada, at the Thief River golf club tonight (Monday).

Tomorrow, however, judging will start at about 10:30 a.m., and a showmanship contest will conclude the judging at about 2:45 p.m. Judging will be done by [illegible] of the University of Minnesota and C. L. Blakesley, both of whom judged at previous Dairy Day exhibits.

Awards presentation will start at about 3 p.m. with Don Bruggeman presenting a purebred calf to Paula Benesh, last year's grade reserve champion. Awards presentation [illegible] and Ralph Wayne will present the showmanship and best uddered cow awards.

C. L. Blakesley will present the grand champion grade and grand champion purebred awards. County agent Terry Courneya will present the individual dairy herd award and the county herd award. This is the first time that these two awards will be presented. Seventh year awards will be presented by [illegible] Johnson, and Cliff Skime will present trophies to exhibitors participating in Dairy Day for eight, nine, ten, and 11 years. The young dairyman award will be presented by Martin Ellingson.

A new Northwest Dairy Princess will be crowned at 4 p.m. from among the 20 winners of ten county contests entered in Region One. The Northwest Dairy Princess will go on to compete in the Princess Kay of the Milky Way contest at the Minnesota state fair later this summer.

All participants in the show will receive a participation award. A total of 179 dairy entries have been received—well above last year's level.

If weather permits, the show ring will be set up outdoors. If rain should threaten, however, all the action will take place inside the building. The crowning of the Region One Dairy Princess will conclude the day's events, since the board of directors has voted to discontinue the parade of champions.

Bond sales in Pennington county in April totaled $8,108. In Marshall county, $9,796 worth of bonds were sold, and Polk county residents bought $54,035 worth of bonds. Sales of bonds in Red Lake county totaled $2,[illegible]50, and citizens of Roseau county bought $4,077 worth of bonds.

Low Income Representatives Are Chosen

Inter-County Community council office at Oklee reports the results of the election of low-income board members for the [illegible] year. The election was held June 2 at sites in Goodridge, Oklee, Fosston, and Bagley.

Elected to the board were W. A. Corbet, Pennington county, three year term; Lyle Jenning, alternate, Pennington county, three-year term; Gust Iverson, Pennington county, one-year term; and Alex Larson, Pennington county, alternate, one-year term.

Elected from Red Lake county for two-year terms were Leander Berberich and Joe Fisher, alternate, and elected to one-year terms were Don Schirrick and Leona Vig, alternate. Elected to three-year terms from East Polk county were R. L. Edwards and Barnice Loland, alternate. Elected from that county to two-year terms were Clarence Engelstad and Mary Rolf, alternate.

Charlene Lundin of Clearwater county was elected to a two-year term on the board, and Clifton Goodwin of the same county was chosen as alternate. [illegible] Robert Littlewolf of Clearwater county was elected to a three-year term and Alphonse Patnaude was selected as alternate.

Band Rehearsal Slated Tuesday

In preparation for a marching appearance at the Minnesota Firemen's convention in Bemidji Saturday, the Lincoln high school concert band will rehearse Tuesday at 1 p.m. Director John Moum asks all band members to be at the school for rehearsal.

APPEARING in Thief River Falls during the Diamond Jubilee celebration in September will be Jeannie C Riley and the "Harper Valley Express". She will headline the evening show on Thursday, September 16, at 9:15 p.m., according to a contract signed late last week by local officials in charge. Her record of "Harper Valley PTA" sold over five million copies and is still selling at the rate of 3,000 copies per week. She has appeared on many major television shows, including her own special on NBC.

Finnish Sheep Breed On Display At Sheep Days

Finnish Landrace sheep breed will be on exhibit at 1971 Greenbush sheep days Thursday. The breed is noted for fertility, according to Roseau county agricultural extension agent Larry R. Corah.

Featured speakers at the program will be Dr. William Boylan, University of Minnesota, and Dr. M. Seale, University of Manitoba. Boylan will discuss crossbreeding of sheep and crossbreeding research currently being done at the Crookston branch of the University of Minnesota. Seale will discuss the Finnish Landrace sheep breed.

The main program starts at 1 p.m., following a noon luncheon sponsored by the Greenbush commerce association. Featured speaker at the evening banquet to take place at 7 p.m. Thursday at the Greenbush school is Dr. Laurel Loftsgard, president of North Dakota state university. Master of ceremonies at the banquet will be Beenie Nelson, vocational agriculture instructor at Greenbush.

Fair Board Sets Meet Wednesday

Appointment of superintendents for the various departments and discussion of other items relating to the 1971 Pennington county fair will take place at a meeting of the board of directors Wednesday at 8 p.m. in the Rex cafe. Fair dates for this year are July 28 through August 1.

Meeting in special session Wednesday evening, the Thief River Falls board of education rejected part of the adjustment panel's report, accepted part of the report, adopted a salary schedule for the 1971-72 school year and instructed the central office to prepare and mail contracts to teachers for the coming year in accordance with the schedule adopted.

Although adoption of the salary schedule is deemed by the board as settlement of the local salary question, it was not offered to the teachers' negotiating council for approval as a group. Contracts were being prepared in the superintendent's office Thursday for mailing on Friday and will replace the contracts issued earlier in the year. Teachers who signed the previously-issued contracts will receive amended contracts for the coming year. The new contracts are to be signed and returned before July 1.

Friday at 8 a.m. the Thief River Falls faculty met at the Lincoln high school auditorium at the request of the faculty negotiating council. Lengthy discussion was held on the salary schedule adopted by the board Wednesday evening and a number of suggestions were made, according to Vern Isaacson, chairman of the council.

Only formal action taken at the meeting was to "acknowledge receipt" of the salary schedule. No action was taken to accept or reject the board's decision. Faculty members were not concerned so much about the dollar amount of increments adopted by the board as by the ethics of the decision-making without consultation, Isaacson said. They also expressed concern over having their recommendations ignored and questioned inconsistencies in distribution of the increments on the schedule.

As adopted by the board in unilateral action Wednesday, the salary schedule will provide total increases of $77,403 over the 1970-71 contracts—including extended contracts. Total of 185-day contracts would be $68,406. The teachers' council had requested increases in their last proposal of $76,050 on the 185-day contract—resulting in a total of $89,153 when extended contracts were computed. The adjustment panel had recommended increase based on 185 days of $70,6[illegible]7 with the increase to be incorporated into the salary schedule by mutual agreement of the parties concerned.

Individual increases under the adopted schedule will range from $120 to $520 on a 185-day basis. The board also added a 14th year to the experience maximum in the master's degree lanes. First-year teacher with a BA degree will now receive $7,120 with a maximum on the schedule of $12,120 for a BA plus 45 credits and 13 years of experience. Master's degree teachers would start at $8,520 and could progress to $13,420 with 30 additional quarter hours of credit and 14 years of experience.

Maynard Wedul made the motion to reject the adjustment

3.02 Inches Rain Falls In Merry Month Of May

May precipitation was in marked contrast to rainfall in the previous month when only one-tenth of an inch of rain fell. Total rainfall in Thief River Falls was measured at 3.02 inches for May, bringing much needed rain to the area's newly-planted farm crops.

Measurable precipitation was recorded on eight days in May, and a trace of rain was listed for four days. The most rain in one day fell May 21, with a total of 1.10 inches. On May 20 eight tenths of an inch of rain was reported, and four-tenths of an inch of rain was recorded May 19. Most of the rain fell in a six-day period from May 17-22.

The average high temperature for Thief River Falls in May was 64.4 degrees, and the average low was 39.7 degrees. Mean temperature for the month was 52 degrees, higher than the five year mean average temperature of 50.9. Total precipitation of 3.02 inches was also above the five-year mean precipitation average, which is 2.29 inches of May.

The highest temperature for May was recorded May 14, with the mercury hitting 83 degrees. The lowest temperature was on May 8, when the thermometer dipped to 26 degrees. The lowest high temperature for May was 46 degrees on May 1, and the highest low temperature was 54 on May 29.

Following is a summary of the temperatures and precipitation during the last month, as supplied the Times courtesy of the weather observation station at the North Central airlines terminal at Thief River Falls.

Steam Course At Tech School

Steam engineering will be taught on Tuesday nights for three hours beginning at 7 at the Thief River Falls area vocational technical school. The course in high pressure steam engineering lasts 16 weeks, and the course in low pressure engineering lasts 13 weeks.

Registrants must have worked with boilers at some time and only the first 25 to register will be accepted. A list of alternate registrants will be kept, however. Those interested should register with Arnt M. Aune, director of the vocational school, at 681-5424.

Topics will include boiler types, auxiliaries and accessories, combustion, feed water control, steam engines, turbines, condensers, and formulas for math problems. Fees are $17 for the high pressure course and $12 for the low pressure course. The fee is payable at the first class session.

TRF Ladies Golf Season Begins With Luncheon

Thief River Falls Ladies Golf club season officially opened on Tuesday, June 1, with a luncheon at the club house. Hostesses for the event were Betty Onken, Mary Jane Wurst, Marilyn Wigness, Sam Rasmussen and Patti Dieken.

President Marie Sorenson welcomed the members and guests and also presided at the short business session. It was announced that there would be a slight increase this year in the price of luncheons and for the locker rent. Luncheons will be $1.50 and locker rent will be $2. Anyone wishing to rent a locker was asked to contact "Sam" Rasssmussen. The golf rules were reviewed by Eunice Flynn, co-chairman of the committee with Gladys Narverud.

Phyllis Moum announced that two fold tournaments in the area have been scheduled for the middle part of June. Invitations have been received for tourneys at Karlstad on June 10 and at Detroit Lakes for June 16. Mrs. Moum stated that all schedules for area tourneys will be posted on the bulletin board at the club.

Members of the club were also reminded that league play will begin Tuesday, June 8.

An afternoon of bridge followed the luncheon. Winning prizes were Adelle Berg, high, and Vi O'Hara, second. Mrs. O'Hara served as caller for the bridge event.

Welcome Wagon And Newcomers To Meet

Welcome Wagon members and newcomers to the area will meet at Tindolph Park on Wednesday at 1:30 p.m. Coffee and cookies will be served by the club. Those bringing children are asked to bring refreshments for them.

Anyone in need of rides may call 681-6579 or 681-6930.

All newcomers in the area are welcome to attend.

The Allergy Foundation of America, 801 Second Avenue, New York, N.Y. 10017, estimates that one out of every ten persons in the United States has some sort of allergic disease. Help them breathe easier by contributing time and money to the foundation's programs.

Colleen M. McDonald And Burton Emanuel Married

Colleen Mary McDonald and Burton Rolland Emanuel were married May 16 at Christ the King Lutheran church at Mankato. The Rev. Harry L. Anderson officiated at the 7 p.m. ceremony.

The bride is the daughter of Mr. and Mrs. James E. McDonald of Mankato. The groom is the son of Mr. and Mrs. Burton E. Emanuel, 704 Minneopa Road, Mankato, former residents of Thief River Falls.

Sister of the bride, Mrs. Sharon Helmes of Danville, Calif., was matron of honor. Bridesmatrons were Mrs. Peggy Paape of Mankato and Mrs. Joey Harty of New Ulm. June Rochelle Malvin, niece of the groom, was junior bridesmaid and Kimberly Manderfeld, daughter of the bride, was the flower girl. Mrs. Jacqueline McDonald of Mankato was the bride's personal attendant.

Attending the groom as best man was Thomas Harty of New Ulm. Groomsmen were Douglas Paape and Jerome Ellingson, both of Mankato. Nephews of the bride, Paul McDonald and Jeffery McDonald, served as junior groomsman and ring bearer, respectively.

Following the ceremony, a reception was held at the Elks lodge.

Thief River Falls residents attending the wedding were Charles Emanuel, uncle of the groom, Mr. and Mrs. William LaFave, and Mrs. Richard Mabey. Mrs. Paul Perrault of Santa Monica, Calif., a former resident of Thief River Falls, was also in attendance.

Mr. and Mrs. Melvin Johnson, Jimmy, David and Dane of Wadena and Mrs. Roman Rodniecki of Staples visited Memorial day with their parents, Mr. and Mrs. C. L. Bowman. They also brought a birthday cake for Mrs. Bowman whose birthday was May 31.

Sarah Gettel And Richard Falk To Wed

Mr. and Mrs. Ben Gettel of Mahnomen announce the engagement and forthcoming marriage of their daughter, Sarah, to Richard Falk, son of Mr. and Mrs. Edwin Falk of Karlstad.

Miss Gettel is a 1969 graduate of Mahnomen high school and a 1970 graduate of the Thief River Falls area vocational-technical school. Her fiance, a 1969 graduate of the Karlstad high school, is a 1971 graduate of the local vocational school.

A July 16th wedding is being planned.

WCTU Protests M. E. Chafetz' Appointment

At the May meeting of the local Woman's Christian Temperance Union, members were urged to write letters protesting the appointment of Morris E. Chafetz as director of the new post of Division of Alcohol Abuse and Alcoholism.

The request came from the WCTU state legislative director Clara Lundberg. Mrs. Lundberg [illegible] to belief, Chafetz was not suitable for this position. Chafetz believes that liquor is not a major health problem and he recommends eliminating the age limit for drinking. Lundberg stated that this post should be filled by an individual who would try to prevent rather than encourage greater use of alcohol. She urged members of the local unit and interested friends to join in the protest of Chafetz' appointment by writing letters to Pres. Richard Nixon, The White House, Washington, D. C., and to Secretary Elliot Richardson, Department of Health, Education and Welfare, Washington, D. C.

Members were also asked to write to their representative from this district asking him to sign the Discharge petition I for H. J. Resolution, 191, by Congressman Chalmers T. Wiley, regarding the privelege of using prayer in public schools and public buildings.

Letters were read commending the local unit on their interest in the welfare of the soldiers, regarding the availability of alcoholic beverages in the mess halls and in the barracks. Letters were from Major General Leo Benade, office of the secretary of defense; General W. C. Westmoreland, department of the United States Army, and Walter F. Mondale, United States Senator. Reading the letters were Mrs. Melvie, Mrs. Green and Mrs. Haugen. Mrs. Haugen also read a letter from Mrs. Basil Westcott regarding the recent illness and hospitalization of a former member, Mrs. Eva Peet. The correspondance also included a letter from the WCTU state president, Mrs. Wilbur Genry, announcing that the National convention will be held in Minnesota this year.

Mrs. Tarkel Ose reported on an interview that she had had recently with Sister Ingeborg Nystul, a retired missionary from China. Sister Nystul is now living at the Augustana home in Minneapolis. Early in May she observed her 91st birthday and the 65th anniversary as a deaconess. She came to America at the age of 22 with two of her brothers. Her parents and other members of the family came later, and after living for a time in the Dakotas, settled in Grygla. After completing her nurses training and Deaconess training, Sister Nystul left for China in 1906. There she worked in the mission field in Honan Province. In the interview, Sister Nystul stated that her most trying time in China was upon receiving the news of her mother's tragic death in a peat fire in 1940, and her father's unexpected death five years later.

The meeting was held at the home of Elsie and Anna Koglin. The devotional meditation, given by Anna Koglin, was based on Ephesians 4:11-13, "It was He who gave gifts to man, appointing some to be apostles, prophets, evangelists, pastors and teachers. This was done to prepare all people for Christian service."

Members of the unit participated in the program by singing, "America" and "America the Beautiful" with Mrs. C. C. Ward as pianist. Mrs. Ward also read the article, "Recipe for more joyful living," written by Mrs. R. G. LeTourneau.

Lunch was served by the hostesses.

Mr. and Mrs. Norman Voldness spent the weekend at the Harold Bonawitz home in Moorhead and also attended the confirmation services for their granddaughter, Pamela Bonawitz at St. Mark's Lutheran church.

JUNIOR HIGH school students helped plant about 200 honeysuckle bushes recently at the edge of a wooded area near Franklin junior high school. The outdoor classroom was a project of the Boy Scouts of America and the local school district, with technical assistance given by the soil conservation service. An area of approximately two acres will be used for the project.

BARE FEET seemed appropriate for Kirk Reed as he helped in planting honeysuckle bushes near Franklin school. Using the shovel is Jeff Hendrickson while Gordon Jelle of the soil conservation service moves on to assist another group of youngsters. The soil in the planting area was very sticky.

PLANTING BUSHES was a muddy task for Franklin junior high school students. Left to right are Jay Narverud, Scott Oen, Gordon Jelle of the soil conservation service, and Brian Liden.

STICKY MUD provided a quick way to get your hands dirty for Jennifer Pluth and Kelsy Richards as they helped plant honeysuckle bushes near Franklin junior high school.

Franklin Class Plants Shrubs On School Site

With shrubbery donated by the Pennington county soil and water conservation district, approximately 30 students of Arthur Welter's seventh grade life science class at Franklin junior high school planted about 200 honeysuckle bushes recently.

Planting took place around the north and east sides of the wooded area to the south of Franklin junior high school—on the southwest corner of the school site. The area of approximately two acres has been set aside by the local school district for development as an outdoor classroom for students and a project workshop for the Boy Scouts of America.

Under the supervision of Robert Kloubec, work unit conservationist, and Gordon Jelle, assistant in the county soil conservation district office, the shrubbery planting was the first of several proposed projects for the site. Others are construction of trails, building natural bird houses and providing feeding areas for birds. The site includes an area of approximately 300 square feet for an outdoor classroom.

Court House Plots Planted By Campanula Club

At the May meeting of the Campanula garden club, it was reported that the flower plots at the court house had been planted. The work was done by Mrs. Walter Fischer, Mrs. Sig Grothe, Miss Olga Johnson, Mrs. L. A. Meyer and Miss Geneva Overum. To complete the planting at the court house, Mrs. Albert Swanson and Miss Overum volunteered to get flowers for the planter. It was decided that the flowers selected be in maroon and gold, the state colors, to harmonize with the Diamond Jubilee observance.

The meeting was held at the home of Mrs. S. S. Nelson with 10 members present. Vice president Mrs. Laura Ekeberg presided in the absence of president Mrs. Irving Swanson.

During the program, reports of the 13th District Horticultural Society spring workshop held at St. Hilaire were given by members attending. Two poems, "Flower Fun" and "Want A Long Life, Try Gardening" were read by Mrs. Sig Grothe. The program also included a humorous article read by Mrs. Garda Nelson and a solo, "Vacation Time" by Mrs. Anna Magnuson. Mrs. Magnuson stated that the song was a school song used about 1907.

Lunch was served by Mrs. Nelson and Mrs. Martha Matheson, co-hostess.

Karen Eskeli Engaged To Lowell Johnson

CONCERT CHORUS sang Thursday evening for commencement exercises at the new city arena. As can be noted by the number of caps in the photo, a number of seniors will be lost from the chorus next year and replacements will come from the sophomore class entering Lincoln high school. David Morken directed the chorus in singing three numbers, including the "Star Spangled Banner" and "Lincoln Alma Mater".

FINAL PERFORMANCE with the Lincoln high school orchestra was turned in Thursday evening when seniors played for their own commencement exercises in the city arena. Mark Thyren, active in a number of extra-curricular events at the school and last year's basketball captain, is pictured above. The orchestra was conducted by James Solsten and also played the processional and recessional for graduation exercises.

Paula Wendt Augsburg Grad

Paula Wendt, daughter of Dr. and Mrs. H. Paul Wendt of Thief River Falls, was graduated from Augsburg college in Minneapolis at commencement ceremonies held at the college on May 30.

About 325 Augsburg seniors received their bachelor of arts degrees from the liberal arts college of the American Lutheran Church.

panel's recommendation that the increase in salary schedule be $76,687 and that the increase be incorporated by mutual agreement. It was seconded by E. C. Olson and carried.

Wedul moved and Dr. George Martin seconded acceptance of the recommendation that there be no change in extra-curricular schedule, that health and hospitalization insurance be limited to a premium of $360 per year, and that the new salary schedule be adopted. Dr. Martin moved and Wallace Sparby seconded instruction to the central office staff to type individual contracts based on the new schedule and mail them to the faculty.

In conversation with the Times Thursday morning, Supt. L. M. Johnson revealed that a total of 19 resignations had been received this year from local faculty members. These include three elementary, one special education, three senior high, 10 junior high and two area vocational-technical school teachers. These vacancies are due to retirements, military duty, marriages, pregnancies, graduate school, family moves and other factors in addition to employment in other school districts, Supt. Johnson said.

He added that he had an entire file drawer filled with applications for teaching positions here, including approximately 150 each for two subject fields.

Amonda Reopelle Rites Held Today At Terrebonne

Mrs Amanda Reopelle, 79, a resident of the Hillcrest Nursing home, Red Lake Falls, for the past four years, died there on Friday evening. She was a former resident of the Terrebonne community and Crookston.

A Requiem High Mass for Mrs. Amanda Reopelle was offered today (Monday) at 10 a.m., at St. Anthony's Catholic church at Terrebonne. Rev. Henry Carriere officiated. Interment was in the church cemetery with the Petterson Funeral home, Red Lake Falls, in charge of arrangements.

Pallbearers were Rene, Dennis and Thomas Reopelle, Harold and Edward Derosier, Jr., and Clarence Derosier.

Mrs. Reopelle, the former Amanda Derosier, was born Jan. 31, 1892 in Poplar River township, Red Lake county, rural Brooks, to Maurice and Agnes Fournier Derosier. She was married at Terrebonne on Feb. 12, 1912 to Victor Reopelle. The couple established their home in the Terrebonne community, where they were engaged in farming. Following the death of her husband in 1932, Mrs. Reopelle moved to Crookston. There she resided for 20 years before entering the nursing home.

She was a member of the Sodality of St. Ann and the Women's Catholic Order of Foresters.

Surviving are two sons: Maurice Reopelle of Red Lake Falls and Reaume of Columbia Heights; one daughter, Mrs. James (Loria) Sames of Bloomington, 14 grandchildren, two great-grandchildren, a [illegible] Derosier of Mentor, and four sisters: Mrs. Albert (Mary) Vaudrin, Mrs. Delima Trudeau, Mrs. A. P. (Rose) Dubuque and Mrs. Vernord (Medora) Berberich, all of Crookston.

She was preceded in death by two brothers and two sisters.

Change Made

Change was made in pallbearers for the funeral services held Wednesday for Roy J. Hude, 72, of rural Thief River Falls. Serving in place of Harvey Hemmestvedt was Roy Kelleher of New Jersey.

Berger Wold Rites Are Set For Wednesday

Berger Wold, 83, a lifetime resident of the Thief River Falls community, died Thursday at his home in this city.

Funeral services for Berger Wold are scheduled for Wednesday at 2 p.m., at the Green Funeral chapel. Rev. Alexander Stoffel, pastor at the Zion Lutheran church, will officiate. Interment will be in Greenwood cemetery.

A complete obituary will be in the Wednesday edition of the Times.

Services Today At Gatzke For Ida Anderson, 86

Mrs Ida Anderson, 86, of Alvarado and formerly of the Gatzke community, died Thursday at Northwestern hospital in this city.

Funeral services for Mrs Ida Anderson are scheduled for today (Monday) at 2 p.m., at the United Lutheran church at Gatzke. Rev. Donald Fredine will officiate. Mylan Abrahamson will be the soloist and Mrs. Glenn Larson, soloist. Interment will be in the Moose River cemetery at Gatzke with the Collins Funeral home, Middle River, in charge of arrangements.

Pallbearers will be Willie Tale, Arthur Peterson, Sam Pearson, Leo Orpen, Peter Aune and Ronald Simmons.

Mrs. Anderson, the former Ida Emma Stark, was born June 22, 1884 in Sweden to Ole and Chresti Stark. She was baptized, confirmed and attended school in Sweden. At the age of [illegible] years, she immigrated to the United States, settling at Alvarado. On July 27, 1911, she was married at Grand Forks, N.D., to Otto Anderson. Following their marriage, the couple lived for a year in Grand Forks before moving to Minneapolis. They returned to Grand Forks in 1915 and in 1937, they moved to Moose River township, Marshall county, near Gatzke. Following the death of Mr. Anderson in January of 1958, Mrs. Anderson had made her home at Alvarado.

She was a member of the United Lutheran church at Gatzke.

Survivors are one daughter, Mrs. Edwin (Hilda) Strong of Alvarado, a son, Roy C. Anderson of Gatzke; six grandchildren and three great-grandchildren.

In addition to her husband, she was preceded in death by two daughters, three sisters and two brothers.

Henry Sparby Funeral Services Held At Argyle

Funeral services for Henry T. Sparby, 67, of Argyle were held Saturday, June 5, at the St Rose of Lima Catholic church at Argyle. Sparby died the previous Thursday at the Riverview hospital at Crookston.

Rev. Henry Housseau officiated at the services. Interment was in the church cemetery.

Honorary pallbearers were Frank Kurz, Willard Johnson, Virgil Peterson, Charley Hammerback, Donald Whitlow and Dan Beaudry.

Active bearers were Dennis Housseau, Charles Hammerback, Wallace Sparby, Eldon Sparby, Darryl Anderson and James Thompson.

Henry Torleif Sparby was born Dec. 31, 1903 at Arlington, S. D., to Ole and Amalie Sparby. He grew up on a farm near Grygla, attended school at Gatzke and later worked on a farm near Stephen. He was married to the former Leona Parent at Argyle on Dec. 29, 1941. Following their marriage the couple lived at Argyle, where he was employed by the village. He had been a member of the Argyle Fire department and the Argyle Rod and Gun club for 20 years.

He is survived by his wife, two daughters: Mrs. Edwin (Angel) Carlson of Hallock and Mes Robert (Mary) Clausen of Stephen, and four grandchildren: Mark, Merle and Ann Mari Carlson and Kim Clausen.

Also surviving are five brothees: Alton, Alfred and Cleon Sparby, all of Grygla, Clifford of Norfolk, Va., and Oscar of Bloomington; and five sisters: Mrs William (Lee) Cumberland and Mrs. Armand (Alma) Marx Sr., both of Minneapolis, and Mrs William (Jean) Elever, Mes Ella William and Mrs Palmer (Edel) Nordvick, all of San Francisco, Calif.

NEW CITY ARENA was used for commencement exercises for Lincoln senior high school graduates for the first time on Thursday evening. Graduates and part of the crowd in attendance are pictured as they listened to the class address given by James Aune. A sunny and warm evening added to the graduation festivities as the main address was given by Dr. Neal Nickerson, associate professor of educational administration at the University of Minnesota in Minneapolis. There were 210 candidates for graduation in the Class of 1971 with diplomas awarded by Kenneth Murphy, clerk of the board of education. Use of the city arena made issuing of tickets to graduates unnecessary since ample seating was available for all who wanted to attend.

MGM's Elvis, "That's The Way It Is," investigates the phenomenon that is Elvis. The film will capture the ups and downs he experiences putting his act together, beginning with his preparations for the show at MGM's rehearsal facilities, and building up to opening night at the famed International Hotel in Las Vegas. Starts Tuesday at the Satellite Drive In Theatre.

Minnie Risjord Funeral Services Held At Fertile

Funeral services for Miss (Margaret) Minnie Risjord, 76, of Red Lake Falls, who died there Sunday afternoon, May 30, at St. John's hospital, were held on Thursday. Services were held at the Little Norway Lutheran church, near Fertile. Rev. Roy A. Seger officiated. Mrs. Melfred Rorogen was the soloist and Miss Barbara Lundby, organist. Interment was in the church cemetery with the Petterson Funeral home, Red Lake Falls, in charge of arrangements.

Pallbearers were Edwin Bennes, Gustave Haugen, Harry Dale, John Larson, Ival Bennes and Clifford Christianson.

Margaret Risjord was born April 6, 1895 at Mt. Horeb, Wis., to Dr. John and Carrie Skogen Risjord. As a child, she moved with her parents to Fertile, where she graduated from high school. She was a graduate of the University of North Dakota and taught home economics at Eveleth for 12 years and at Milwaukee, Wis., for 30 years. She retired from teaching five years ago and lived at Two Harbors until the past year. She had since lived with her sister, Mrs Ben Johanson at Red Lake Falls.

Surviving are two sisters: Mrs Ben (Gertrude) Johanson of Red Lake Falls; and Mrs. Walter (Sarah) Erickson of Two Harbors; two nieces, Mrs. George (Eileen) LeClercq, Wilmington, Del., and Mrs. John (Janice) Klobe of Lester Prairie, three grandnieces and one grandnephew.

She was preceded in death by one brother.

Ed Sorenson Funeral Services Held At Viking

Funeral services were held Wednesday at 2 p.m., at the Zion Lutheran church at Viking for Edwaed Sorenson, 84, who died Sunday, May 31, at his home in Viking.

Officiating at the services were Rev. Wesley Mathre and Rev. T. J. Weltzin. Vocal selections were a solo by Rev. Weltzin and a duet by Mr. and Mrs Virgil Hjelle. Mrs. Agnes Halvorson served as organist.

Pallbearers were Bruce Larson, Gary Anderson, Jimmy Potucek, Robert Horien, Thales Grindeland and Keith Maidment. Interment was in the Viking cemetery. Sinding's Funeral chapel was in charge of arrangements.

Edwaed Sorenson, a son of the late Soren and Maren Johnson Sorenson, was born March 30, 1887 at Newfolden. He attended rural elementary school and grew to manhood in the Newfolden community.

He was married at Warren on April 7, 1907 to Clara Louise Peterson.

Sorenson operated a livery business in Newfolden and Viking and later operated a garage and a restaurant at Viking. Prior to retiring, he farmed north of Viking. Since his retirement in 1952, he had lived in the village of Viking.

He was very active in the affairs of the community. He was a former member of the school board, town board, ASCS board and creamery board.

He is survived by six daughters: Mrs. Bill (Minnie) Potucek of Warren, Mrs Douglas (Clarice) Johnson of Spokane, Wash.; Mrs. Harold D. (Gladys) Anderson of this city, Mrs. Leonard (Alice) Larson of Viking, Mrs. Normon (Doris) Kelly of Scappoose, Ore., and Mrs. Robert (Beverly) Dawes of San Jose, Calif.; 18 grandchildren and 13 great-grandchildren.

He was preceded in death by his wife in 1960, two daughters, five brothers and two sisters.

Funeral Services Held Thursday For Frants Berg

Funeral services for Frants Berg, 74, of this city who died Monday, May 31, at Northwestern hospital, were held Thursday at 10 a.m., at the Green Funeral home.

Rev. Lloyd Berger, pastor at the Zion Lutheran church, officiated at the services. Mrs. James Dalager was the organist and Mrs. Clarence Weckworth, the soloist. Interment was in the North Pleasant cemetery at Hickson, N.D., with Rev. Roland Sathre in charge of the graveside services.

Pallbearers were M. R. Leverson, Hjalmer Rafteseth, A. B. Stenberg, Earl Yonke, Art Stenseth and Harold Anderson, members of the VFW and American Legion. Military honors were also accorded by those organizations.

Frantz Berg, a son of the late Nels and Anna Berg, was born March 7, 1897 at Christine, N.D. There he attended school and grew to manhood. In 1930, he moved to the Detroit Lakes community where he was engaged in carpenter work. He was a veteran of World War II. Following his discharge from service, he returned to the Detroit Lakes area where he continued living until moving here in 1969.

He is survived by four sisters: Mrs. Luella Albrecht of Mt. Iron, Mrs. John (Tina) Ubersetzig of Sabin, Mrs. Freda Krabenhoft of Detroit Lakes and Mrs. Nora Westerberg of Coeur d'Alene, Idaho, and a number of nieces and nephews.

He was preceded in death by three sisters and two brothers.

Rites Held At Warroad For James Fish, 74

Funeral services were held Wednesday at 3:30 p.m., at the Zion Lutheran church in Warroad for James Fish, 74, father of Vernon Fish of this city. A resident of the Warroad area since 1924, Fish died May 29, at Northwestern hospital in this city.

Rev. Paul Gustafson officiated at the services. Interment was in the Pine Hill cemetery at Williams.

James Delbert Fish was born Aug. 18, 1896 in Texas to Mr. and Mrs. Myron Fish. He came to Minnesota in 1908. He lived at Dassel until 1912 when he moved to the Clearriver area in Roseau county. Since 1924, he had made his home in the Warroad community.

He married Gertrude Besseman on June 25, 1924. She survives, together with two sons: Harold Fish of St. Paul and Vernon of Thief River Falls; one daughter, Mrs. Lester (Ramona) Storey of Warroad, 18 grandchildren, four great-grandchildren and two brothers: Miner and William Fish, both of Williams.

One son, four sisters and a brother preceded him in death.

"After playing Chopin, I feel as if I had been weeping over sins that I had never committed, and mourning over tragedies that were not my own. Music always seems to me to produce that effect. It creates for one a past of which one has been ignorant and fills one with a sense of sorrows that have been hidden from one's tears." —Oscar Wilde

All Wasted Time

Add to the total of wasted time which we have accumulated in newspaper work the time spent at negotiating sessions between the Thief River Falls board of education and the teachers' negotiating council. Multiply that time lost by the number of board members, negotiating council members and interested individuals who also attended the sessions. Add the time those people used outside of the meetings themselves.

On Wednesday evening, in a non-announced special meeting, the board of education settled the salary matter for 1971-72. It did so by adopting an arbitrary salary schedule and instructing the administration to mail out contracts in accordance with it. The only thing resembling agreement about the whole situation was apparent agreement among board members to proceed on that basis.

We do not say that the contracts offered are unfair or that increases are not what they should be. We feel that the salary schedule adopted by the board is certainly adequate—and undoubtedly much higher than many taxpayers believe necessary. In view of the number of certified teachers seeking employment, those taxpayers may be right. Applications for positions in the local schools run well into the hundreds.

But we are disappointed that the salary question could not have been settled with approval by both the board and faculty. Somewhere along the line the intent of the state's meet and confer law seems to have been lost in the shuffle.

After all the chaff is blown away, the end result in hand is simply that the board decided a contract figure and told the faculty to take it or leave (it). The amount is greater and the date is later, but the same thing could have been accomplished three months ago without all the time wasted by long-range sparring from both sides.

Legally, local faculty members now have two choices under the law. They can (1) sign the new contract being offered to them or (2) teach next year under the 1970-71 contract. Legal date for resignation is past, although it must be realistically assumed that resignations would still be accepted. You can lead an instructor to the classroom but you can't make him teach.

In defense of the board, it must be noted that in years prior to the meet and confer law, the decision would have been reached much earlier in the year and the teachers could make their decisions accordingly. June is a little late to go job hunting for a teaching position. Attempts by the board to abide by the meet and confer law's regulations resulted in the extra time lost.

The negotiating sessions, the offers and counter-offers and counter-counter-offers, the executive sessions, the faculty meetings, the consultation with state organizations, the naming (and paying) of adjustment panel members, meetings by that panel and its ultimate report, the notes taken and stories written—all are now a total loss, a total waste.

For while there may be settlement, there is no agreement—and it seems to us that this is what the whole deal was all about.

No Poll Needed

Rep. Frank T. Bow of Ohio commented recently on the number of polls taken regarding the Vietnam war and their results, and his analysis seems to be a bit more realistic than several we have seen. Here are his comments:

A few weeks ago, the Gallup Poll asked people whether they wished their Congressmen to vote for a resolution to withdraw all American troops from Vietnam by Dec. 31, 1971, and reported that 73 per cent said yes. Immediately the sponsors of the resolution claimed a great victory and heavy public support.

More recently, the Opinion Research Corporation asked the same question but with same qualifications. Opinion Research wanted to know if people supported the Dec. 31, 1971, withdrawal if certain consequences would follow—such as a threat to the lives and safety of American prisoners of war or a Communist take-over of South Vietnam.

A majority responded that they would not support withdrawal on December 31 if either of these eventualities were likely.

Moreover, on this poll, 72 per cent answered that they "support President Nixon in his plan to end the war in Southeast Asia" just as 73 per cent had answered yes to the unqualified withdrawal date.

We did not need a poll to tell us that almost all of the people in this country want to end the war in Vietnam—and as quickly as possible. We did not need a poll to tell us that a majority are also concerned about the consequences to our troops, the prisoners and the future of Southeast Asia.

It seems to me the significant conclusion should be that the problems of ending this war cannot be resolved by pollsters anymore than they can be solved by demonstrations or debates or legislation. They can be solved only by continuing to seek grounds for negotiation, for release of the prisoners and for disengagement of our forces as rapidly as circumstances permit. This is the course the President is pursuing.

If it can be accomplished by December 31, it will be done.

Spending Next Year's Taxes

Most of the federal government's spending for next year was decided long before the 1972 budget was prepared. In fact, government spending could continue indefinitely without any additional action by Congress, because so much spending is provided for automatically through prior commitments, the Chamber of Commerce of the United States points out.

More than $152 billion—two-thirds of the $229 billion budget for 1972—was committed for spending by programs passed in previous years. Because of built-in features, spending for these same programs—without adding a single new item—will automatically have to be increased 25 per cent by 1976, without allowing for increased costs due to inflation.

These spending programs, which are taking an increasingly larger share of the federal budget, are classed into three groups:

. Open-ended programs of social insurance and welfare, such as social security, medicare and welfare payments.

. Interest on a national debt which was so close to the $395 billion ceiling that Congress had to raise the ceiling to $430 billion this year.

. Long-term committments made in previous years, such as national defense contracts which may extend over several years.

The trend to built-in spending could lead to a situation where there would be no uncommitted funds, even without additional programs. Any new spending or unanticipated emergency would have to be financed through new or higher taxes, or by more deficit spending.

Too many built-in features sacrifice the needed flexible control over federal spending in the name of expediency, the national Chamber warns. The resulting inflexibility fails to provide a federal budget that reflects a careful, intelligent allocation of our taxes.

Quality In Question

Following editorial appeared in the Walsh County Record at Grafton, N. D.:

James Michener, in his recent book, Kent State, believes that nothing angered the National Guard more than the vocabulary of many girl students. Their language was cruder than any of the troops had heard from the Army or even the roughest street people. They made obscene insults about the wives of the National Guard and conjectured how they might be spending their time, according to various accounts by men in the Guard.

The simplicity of these students boggles the imagination. It also calls into question the quality of their education. Their simplicities lie in their believing that they can shout obscenities at men and simultaneously enjoy physical immunity. The quality of their education is highly questionable for not having prepared them to expect the logical consequences of their offensive acts, and even more for not teaching them to behave like civilized women.

The studied use of obscenities in current films reflects the policy of the New Left to destroy the sensitivities inculcated by our traditional Judeo-Christian culture. These sensitivies correspond to basic values of western civilization, which the New Left considers a corrupt, middle-class culture whose taboos must be shattered.

The particular value that comes under fire in the case is respect for the rights and dignity of the individual. For the New Left, individuals have no rights and merit no respect, only the Communist Party, the liberation movement, or some indefinite mass is supposed to have rights and merit respect.

The use of abusive language is intended as an important part of the psychological warfare against our country and our culture. We should counteract the warfare by passing local laws against insulting our police. Such insults should bring arrests.

Borrowed Nonsense

A lumberjack toiled six years in the woods, accumulated $5,000 and went to the big city and got into a crap game. He lost his entire stake on one roll of the dice.

"Oh, well," he said as he started back to the woods, "easy come, easy go."

Department of Economic Development

On June 30, 1851, the steamboat "Excelsior" discharged its load of passengers on the Minnesota River bank north of what is now St. Peter. Among them were Minnesota Territorial Governor Alexander Ramsey and Luke Lea, U. S. Commissioner of Indian Affairs.

As the days passed, the white men were joined by Sioux Indian chiefs from all parts of the territory until, on July 18, formal negotiations were begun which turned over 24 million acres of Indian lands to the white men.

The site of this far-reaching contract was a point on the river where the Indians took advantage of the terrain to ford the swift and sometimes swollen waters of the Minnesota. It is still called Traverse des Sioux, or "crossing of the Sioux."

The agreed price for the territory—which included what is now southern Minnesota, the Dakotas and Iowa—was over $1.6 million plus annuities and other benefits over a 50-year period. Little actual cash ever reached Indian hands, however.

A total of $400 000 was paid directly to fur traders and others for alleged debts of the Sioux. This payment convinced the Indians that they had been cheated and the resulting discontent was one of the major causes of the 1862 Sioux Uprising.

In 1906 Minnesota acquired 2.3 acres on the plateau where the treaty was signed. The Daughters of the American Revolution marked the site in 1914 with a granite boulder and a bronze plaque.

In 1937 it was designated Traverse des Sioux Memorial State Wayside. With the addition of tables, fireplaces and other picnicking facilities, it later became a public park.

This important historic area is located two miles north of St. Peter along U. S. Highway 169. It makes an excellent starting point for touring the Minnesota River Valley's many historic sites dealing with the Indian war of 1862. Many of these will be covered by this series in the future.

notes from the governor

Several months ago a group of southwestern Minnesota mayors asked for an appointment in my office.

Their dilemma? The extreme difficulty their communities were facing in financing the construction of badly needed municipal sewerage systems.

The mayors' visit played a key role in the development of a major proposal contained in the environmental protection program I placed before the 1971 legislature.

And last week, because of bipartisan help from many legislators, I was able to sign into law the Municipal Sewer Facilities Act of 1971.

Under previous law, municipalities were forced to provide 67 to 70 per cent of the construction costs of such facilities, with the federal government paying 30 to 33 per cent. The state's effective share was zero.

The 1971 Legislature appropriated $9.75 million directly and authorized the issuance of $25 million in bonds for sewer plant construction.

Because of the significantly increased state participation, the federal share of such costs will now increase to 50 to 55 per cent, while the local share drops to 20 to 25 per cent. The state share will be the same as the local share.

In addition, the aid is retroactive to cover projects started since mid-1970.

Among the communities that will benefit from the retroactive aid provision are Winona, Isle, Albert Lea and New Ulm.

According to the Minnesota Pollution Control Agency, about $640 million will be required between now and 1990 to meet Minnesota needs for municipal sewerage facilities. The savings to our local governments under this new program, therefore, will ultimately be measured in the hundreds of millions of dollars.

Can hand you a back-breaking loss but not if you carry some insurance. It's time to give us a call.

Chief's Corner

— by —

Roland E. Waller, Chief
Thief River Falls Police Dep't.

During the last five years that I was a member of the Police Department in Minneapolis, I was an instructor in the training academy for new recruits for that city. One of the hours of instruction dealt with POLICE SERVICES.

I used as a training aid for the class the picture of the police officer standing alongside a parking meter with log book in hand and pencil poised to write the citation. The time marker on the parking meter was just at the point where it would indicate red and that the violation had then occurred.

This picture was no scattered incident as I had complaints from persons who had received meter violation tags that this was the pattern of the enforcement officer. I always tried to reassure the complainants that this was not the case and that there were plenty of ready violations without the officer having to wait for them. This picture is the concept, all too often, that the general public has of the police officer.

If I were to ask what the first reaction would be to the word "Policeman" it usually would be an officer with a raised club arresting someone or in the act of writing a traffic ticket. Most people are of the opinion that all an officer does is arrest people.

The real facts of this matter are just the opposite. Instead of an enforcement action occupying most of the officer's time, he spends about 90 per cent of his time in actions other than enforcement. These other actions are what we refer to as SERVICES. I am sure you will recognize a number of these services as I attempt to list them for you.

A great amount of time is used up in just plain paper work, that of MAKING REPORTS on many different situations. Many of these reports are used by other than police agencies, such as insurance companies, etc. We HANDLE ACCIDENTS and assist the public in this way. We ASSIST IN INJURIES whether criminal or otherwise, and render help in getting to medical treatment. ANIMALS are another area of service. Licensing, impounding, disposing, reporting bites, etc.

We do a great amount of TRAFFIC DIRECTION. NOTIFICATIONS and general message carrying in emergency and non-emergency situations are very often our service. TRANSPORTATION is another service we are often called upon to render. LOCATING LOST persons and getting them to where they belong. Where else do you find yourself calling for INFORMATION than to the Police Department. "Call the Police, they'll know," is a well known cliche.

Just being a WITNESS for persons in accident cases, divorce cases, and many other non-criminal cases uses up much of a policeman's time. A week never goes by but what he is called to some situation where he is called upon to be an ARBITRATOR, whether in a domestic incident, a fight on the street, or just an argument over a baseball in the wrong yard.

Last but not least by any means is the HANDLING OF PROPERTY. A bicycle pulled out of the river, a suitcase that fell off a car, that same baseball taken away from the boy that hit it into the wrong yard, these are a few of the many items of property that come into our possession and we have to try to get them back to the proper owner in the proper manner. All this and the many items of evidence connected with cases builds up our collection to where we don't know what to do with them for storage space.

Many of these items of service are connected with enforcement cases but a great many are not, and we expect that when the situation comes up we will take care of it as best we can in a legal manner.

We are finding that this rendering of services has its bad points as well as good. One of the first things a Police Supervisor has to learn is to say NO. Escorts for private enterprise is an area for curtailment. Policing at private enterprises such as dances, school sports, private promotions, make demands for manpower that we cannot afford in that it takes away public protection during these demand times.

We have already started a program of requiring the persons sponsoring dances, high school sports, and other enterprises to include in their overhead expense the cost of hiring off-duty officers to police the function. This will be enlarged to include all requests for policing where there is an admission charge and there is an overall budget for the function. This permits the person in charge of a function to direct the policing within legal limits and it also permits the officers to make a little extra money without the TAXPAYER footing the bill in loss of money and protection.

Lightweight, Durable, Plastic
ARCH SUPPORTS

The combination of a lightweight, strong, injection molded plastic and nylon makes this support extremely durable so that it will not flatten under constant weight-bearing conditions. Recommended for those who must spend long hours on their feet. Ideal for relieving the pain of callouses, cramps, sore heels, etc., when due to weak or fallen arches. Cupped heel cradles and holds heel of foot in a natural position.

METATARSAL BAR — This patented Metatarsal bar extends across the forward end of the support, giving a substantial raise to the Metatarsal Arch at the ball of the foot where the Foot Wings rest on the insole of the shoe.

Mylo Carlson Has Top Herd Average In County DHIA

Top ten herds in the Pennington dairy herd improvement association in April were announced recently by Jerry Hamre, association supervisor.

Herd owned by Mylo Carlson hit a monthly production average per cow of 1,517 lbs. milk and 57.8 lbs. butterfat. Albert Koop's herd averaged 1,546 lbs. milk and 55.3 lbs. butterfat for the month, while the herd average for Carl and Duane Krohn was 1,528 lbs. milk and 55.3 lbs. butterfat.

Donald Erickson's herd averaged 1,502 lbs. milk and 52.5 lbs. butterfat. Herd owned by James Muzzy averaged 1,256 lbs. milk and 49.9 lbs. butterfat. Records for the Kermit Finstad herd show an average production of 1,279 lbs. milk and 49.8 lbs. butterfat for April.

Darrow Lundeen's herd averaged 1,342 lbs. milk and 48.4 lbs. butterfat, while the herd owned by Mehrkens Farms Inc. averaged 1,231 lbs. milk and 49.4 lbs. butterfat. The Gene Nelson dairy cattle produced 1,205 lbs. milk and 47.8 lbs. butterfat on the monthly average. The Knute Nasland herd produced on average 1,331 lbs. milk and 47.8 lbs. butterfat.

Herd averages are affected by the number of dry cows in the herd. The amount of milk or butterfat produced is averaged out over all the cows. This gives the farmer a record of the earning power of the herd for the month. If too many dry cows are included in the herd, then the average for that month may be low, even though the cows which are milking are producing heavily.

There were 39 herds on test in April, with a total of 1,408 cows in the Pennington association. Of these, 17 cows finished with over 500 lbs. of butterfat during the testing year in a 305-day or less lactation.

These included two cows owned by Mordy Morrison that respectively produced 12,940 lbs. milk and 509 lbs. butterfat, and 15,970 lbs. milk and 586 lbs. butterfat. A cow owned by Clyde Swenson produced 14,670 lbs. milk and 524 lbs. butterfat. A cow owned by John and Harry Hess produced 11,370 lbs. milk and 556 lbs. butterfat during lactation.

Three cows owned by Carl and Duane Krohn respectively produced 14,010 lbs. milk and 514 lbs. butterfat, 12,060 lbs. milk and 506 lbs. butterfat, and 15,880 lbs. milk and 578 lbs. butterfat.

Three cows owned by Gene Nelson respectively produced 12,840 lbs. milk and 588 lbs. butterfat, 19,960 lbs milk and 668 lbs. butterfat, and 13,340 lbs milk and 527 lbs. butterfat.

A cow owned by Ronald Moe produced 15,600 lbs. milk and 547 lbs. butterfat, and a cow in the Martin Hanson herd produced 12,080 lbs. milk and 568 lbs. butterfat. Three cows in the herd at the Swanson brothers farm respectively produced 13,500 lbs milk and 520 lbs. butterfat, 11,080 lbs milk and 532 lbs. butterfat, and 13,300 lbs. milk and 523 lbs butterfat. Two cows in the Mylo Carlson herd produced 13,440 lbs milk and 561 lbs. butterfat and 19,100 lbs. milk and 557 lbs butterfat respectively.

Six From Area On Dean's List

Six Thief River Falls area students were among the 1,057 students qualifying for the second semester Dean's list at Concordia college in Moorhead.

The students named to the list were Robert A. Dicken, Bruce E. Eldevik, Constance A. Hillyer, Larry E. Lee, and Margaret E. Semrud, all of Thief River Falls, and Beattie Mickelson of Goodridge.

To earn this academic honor a student must achieve a grade point average of 3.0 (a "B" average) or better and carry at least 12 semester credits.

Slow down and live.

Girl Rescues Kennedy Youth As Other Drowns

One young boy was rescued and saved from drowning by a 14-year-old girl at Kennedy May 27, but his younger brother drowned in the evening incident.

David Matthew, eight, son of Mr. and Mrs. Scott Matthew of Kennedy, was playing on a raft near "the dam" on the east edge of Kennedy with his brother Michael when both boys apparently tumbled from the raft.

Two other boys saw them fall into the water and ran about a block to where they met Mary Kay Lysford, 14, daughter of Mr. and Mrs. Melvyn Lysford.

She ran to the scene as fast as she could and later said she could see Michael in the water. She plunged in and temporarily lost sight of Michael. She saw bubbles coming to the surface and reached down at that spot to reach him and then drag him to shore. She said she never saw David at any time.

The Kennedy fire department was called to the scene about 7:30 p.m. and began an immediate dragging of the area, recovering the body a short time later. The water was estimated at a depth of about eight feet where Michael was rescued. The pond reaches a depth of 12 feet in the center.

David Matthew was born Dec. 5, 1962, at Hallock. He lived his entire life in Kennedy and was in the fourth grade at Kennedy elementary school.

He is survived by his parents, three sisters, Jeannine, Dacyel, and Mary, at home; seven brothers, Ronald and Jon, Grand Forks; Daryl, Moorhead; George, Donald, Philip, and Michael, at home; and his paternal grandmother, Mrs. Charlotte Matthew, Fort Wayne, Ind.

Funeral services were held last Monday morning at St. Patrick's Catholic church in Hallock with the Rev. Jerome Fellon officiating. Burial was in Greenwood cemetery at Hallock with Stennes-Hughes funeral home in charge of arrangements.

Minnesota Tech To Give Degrees

Graduating with high distinction in agriculture will be Lyle Olson of Newfolden. Also receiving associate degrees in agriculture will be Baylen Hagen and Dennis Sparby of Grygla, and Harvey Lambert of Thief River Falls.

Receiving associate degrees in business will be Michael Bourque of Oklee and Michael Moran of Erskine. Kathy Ford of Red Lake Falls will graduate with distinction from the business division of the technical school.

Guest speaker at the graduation will be Richard Fitzsimons, chairman of the House appropriations committee in the Minnesota legislature. The Rev. A. L. Oelschlager will give the invocation and the Rev. J. Warren Regnier will pronounce the benediction. Ken Oehlke, Nick Boerger, Harold Olson and Grant Haugen, members of the campus veterans club, will present the colors.

Samuelson Will Lead Workshop

Charles Samuelson, science instructor at Northland state junior college, will be one of the leaders of a five-day comprehensive curriculum workshop June 14-19 for elementary, secondary, and junior college teacher to be held at the University of Minnesota technical college in Crookston.

Six credits will be given for the workshop, which is part of the first summer session at the Crookston technical college. Other classes are offered in agriculture, business, and general education. There is no minimum fee on credits; a student may enroll for a one-credit course and pay only the $14 per credit fee or take a full credit load at the standard rates.

Garden Valley Phone Co. Has Annual Meeting

Some 300 persons, including 158 registered stockholders, attended the 65th annual meeting of the Garden Valley telephone company at the cooperative's headquarters in Erskine last Tuesday.

Re-elected to serve three-year terms on the board of directors were Oris Moen, Fertile; Simon O. Knudson, McIntosh; and L. J. Lee, Bagley. O. P. Gjerdingen of Red Lake Falls was elected to a two-year term to complete the term of the late Walter Johnson. Other board members are Elmer Berg, Chester Casselman, Christ Clausen, Norman O. Hendrickson, and Elmer B. Lee.

President Elmer Berg in his report to the members reviewed the growth of the cooperative over the past ten years. Over that time the cooperative's assets increased 82 per cent to just under $6 million at the end of last year. The number of telephone subscribers rose from 6,898 in 1960 to 9,299 at the end of 1970. Long distance calls climbed from 388,233 in 1960 to 923,790 in 1970.

General manager Harold W. Peterson reviewed the cooperative's past year and stressed the need for continued expansion of the one-party service program which so far has been extended to six of Garden Valley's 25 exchanges.

Peterson also told the members that their excise tax payments applicable to the cooperative's surplus in 1966, 1967, and 1968 will be refunded to subscribers in the near future. These refunds, with government interest, total more than $50,000.

Red Lake DHIA Lists Top Herds

Top ten cows in production and top five herds in the Red Lake County dairy herd improvement association were announced recently by Blake D. Peterson, county extension agent.

A cow owned by Donald Taus produced 2,820 lbs. of milk and 118 lbs. butterfat, while another cow owned by Ron and Paul Olson produced 2,450 lbs. of milk and 115 lbs. butterfat. A cow owned by Elmer Korpi produced 1,890 lbs. of milk and 93 lbs. butterfat.

Three cows in the herd at the Northwest experiment station produced 2,784 lbs. of milk and 90 lbs. butterfat, 2,870 lbs. of milk and 89 lbs. butterfat, and 2,010 lbs. of milk and 86 lbs. of butterfat, respectively. A cow in the Alex Cwikla herd produced 1,990 lbs. of milk and 90 lbs. butterfat.

A cow in the Calvin Harmoning herd produced 2,370 lbs. of milk and 90 lbs. butterfat, and two animals in the Conrad Zak dairy herd respectively produced 2,260 lbs. of milk and 90 lbs. butterfat and 2,229 lbs. of milk and 90 lbs. butterfat.

Top five dairy herds in the association belonged to Warren Gast, 1,484 lbs. milk and 53.9 lbs. fat; Alex Cwikla, 1,408 lbs. milk and 52.3 lbs. butterfat; Northwest experiment station, 1,392 lbs. milk and 51.6 lbs. butterfat; Elmer Korpi, 1,355 lbs. milk and 51 lbs. butterfat; and Ronald and Paul Olson, 1,232 lbs. milk and 46.4 lbs. butterfat.

Mel Rasmussen is local supervisor of the Red Lake county dairy herd improvement association.

City Officials Will Attend Municipal Meet

Mayor A. E. Jacobson, aldermen Bob Carlson, Ole Engelstad, William Froiland, Gerald Wigness, and Arnold Narverud, police chief Roland E. Waller, city clerk-treasurer William E. Fahey, city assessor Gerard DeHaan, and liquor dispensary manager Bill Peterson will represent Thief River Falls at the annual convention of the League of Minnesota Municipalities in Bloomington, June 9 through 11.

Wigness is a trustee of the league, while Jacobson is a trustee of the mayor's association of Minnesota and Fahey is vice-president of the Minnesota clerk's and finance officers association.

More than 1100 municipal officials are expected to attend the annual three-day meeting of the league, which is the official cooperative organization of Minnesota cities and villages.

Up-to-date reports on legislative developments will be featured throughout the convention. If the 1971 special session is running as of June 9, municipal officials at the convention will get special "hotline" reports from the capitol as news develops.

Municipal officials will make first-hand acquaintance with new laws on Wednesday and Thursday when a variety of workshop sessions are planned. The 14 workshop topics range from the administration of property tax law to new housing legislation.

Wigness will chair the workshop session titled "Outstate Minnesotans can solve Problems Cooperatively". Walter W. Heller and Robert Herbst are among featured convention speakers, with Royce Hanson of the Washington, D. C., center for metropolitan studies and John Price, a special assistant to the President.

Hallingdal Meet Will Take Place At Bemidji

Emigrants from Hallingdal, Norway, and their descendants will hold their 64th annual convention at Bemidji state college June 25-27.

A program including talks, music, and pictures of Norway, as well as a rosemaling demonstration, will be given. The group will also sing Norwegian folk songs and hear a band concert the night of June 25.

A traditional Norwegian banquet will be held the last night of the convention at which Mrs. Martha L. Hoghaug of Grand Forks will sing. Mrs. DeFloren Rude of Bemidji will sing at the Norwegian worship service to be held the Sunday morning of the convention, and the Rev. Jacob Andreason of Hitterdal, Minn., will conduct the service.

Population Growing

WASHINGTON — By 1980, there are expected to be 235 million people in the U.S. and 24.7 million trucks — one for every nine persons.

Loan Officer Of SBA Will Visit Bemidji June 10

George Masterton, loan officer of the Small Business administration, will be in Bemidji on June 10 to visit with small businessmen interested in obtaining SBA loans, as well as other services.

The SBA provides several services to small firms such as long-term financing along with their many management counseling programs. Most of the loans being made by SBA are under the guaranty plan where SBA may guarantee up to 90 per cent of a bank loan to a small firm.

Management counseling can be obtained from SBA staff members as well as from SCORE which is an organization of retired business executives who serve on a voluntary basis. In addition SBA sponsors and conducts many management workshops, conferences and management seminars for owners of small firms. Also available are publications on many subjects related to business management.

More information about any of these programs can be obtained from SBA's Minneapolis office or by an appointment with Masterton through the Bemidji Chamber of Commerce, Bemidji Avenue and Third Street, telephone 751-3540.

National Guard Camp June 13-27 At Little Falls

About 8,000 Minnesota National Guardsmen from the 47th "Viking" Infantry Division and non-divisional units will participate in two weeks of field training June 13-27 at Camp Ripley, Little Falls.

The annual field training will include the first extensive use of the M-16 rifle by state guard troops. Other weapons to be fired are mortars, grenade launchers, machine guns and small arms.

In addition, each unit will spend a week on bivouac, roughing it in the wooded areas of the camp while engaging in tactical training. The annual Governor's Day review will be at noon June 27.

Guard convoys will observe speed limits of 47 miles per hour on open highways and 25 miles per hour in populated areas. Guard military police will join local authorities and the state Highway Patrol to assure smooth convoy movement with a minimum of public inconvenience.

Convoys will be marked with flags and will travel with lights on. Military vehicles will observe all traffic signals unless directed otherwise by police. All convoys are expected to be at Camp Ripley by 5 p.m. opening day.

Jacks Win Region 8 Tennis Tournament

Bemidji successfully defended their region eight tennis crown Friday at Moorhead as the Lumberjacks scored 13 points to runner-up Thief River Falls' four.

The Jacks entered the regional meet just one man shy of a full squad and boasted the top seeded singles and doubles players.

Bemidji's Gary Conda, seeded number one, defeated the Prowlers' Mark Liden 6-2, 6-1 in the championship match of the singles action. Both Conda and Liden will advance into Friday and Saturday's state meet on the University of Minnesota campus.

In doubles action, Bemidji toppled East Grand Forks 6-3, 7-5 to send Joe Rossi and Jim Kastner to the state meet.

Liden advanced into the finals of the singles competition with a 6-3, 6-2 win over Crookston's Bob Menzhuber after a first-round bye. Menzhuber also received a bye in the first round when his Ada opponent failed to show up for the meet.

Conda dropped Scott Bjella, a Bemidji teammate 6-0, 6-0 in the semi's of the singles action after Bjella received a first-round bye when his Ada foe didn't appear. Conda was automatically seeded in the second round.

East Grand Forks and Bemidji met in the championship round of doubles action when Fertile was forced to forfeit its doubles action to "East Side" after an illegal substitution. "East Side's" duo included Mark Hughes and Kim Hovet.

The meet was originally scheduled for East Grand Forks at 10 a.m. Friday but because of rain, the meet was set back until 3:15 p.m. in the Moorhead state college indoor facility.

St. Hilaire; VFW Post Victories

St. Hilaire and VFW posted wins in the first week of action in the Thief River Falls mens fast-pitch softball league.

VFW blanked L. B. Hartz 3-0 Friday night and St. Hilaire opened the season with a come-from-behind 4-3 win over Falls Diesel on the fairgrounds diamond.

St. Hilaire and Falls Diesel exchanged runs in the first inning Wednesday before Falls Diesel went in front 3-1 in the bottom of the second inning. St. Hilaire came up with single runs in the fifth and sixth innings for the win.

St. Hilaire and Falls Diesel failed to make the most of their opportunities as they stranded 21 runners during the seven inning contest.

Nickie Drees supplied the only run the VFW needed in their 3-0 win over L. B. Hartz with a run-scoring triple in the first inning. VFW added insurance runs in the fourth and seventh frames for the win.

Next action for the league teams will be Wednesday, June 9, when Melvie will take on Schmidt at 7 p.m.

Use Of Plastic Is Illegal For Gas Containers

Containers made of plastic or similar materials are not to be used for flammable liquids, Minnesota department of public safety commissioner W. R. Hoaglund warned today.

"From time to time plastic containers appear on the market for flammable liquid (usually gasoline) use. In most cases, these containers are colored red and appropriately labeled, giving every indication they could be acceptable for use.

"However, such containers have not been approved by the state fire marshal and could be extremely dangerous for those who use them. Fire marshal regulations require that acceptable containers must:

Be clearly marked with the name of the product contained therein.

Have a tight closure with screwed or spring cover.

Be filled with a spout or so designed that the contents can be poured without spilling.

Be constructed of metal or approved by the state fire marshal."

Fire prevention experts warn that use of plastic containers is especially dangerous if they are carried or stored in areas where heat can build up. For example, a plastic container filled with gasoline should not be carried in the rear luggage compartment of a car during the warm, summer months. Heat causes the liquid to expand and the container could explode.

"To date, the fire marshal has not approved any portable containers other than those constructed of metal."

Landowners Form 210-acre Forest

Several private land owners have joined their holdings to form a unique cooperative forest in Kandiyohi county, the Department of Natural Resources reports.

With the assistance of Department field foresters, the 210 acre tract called Wagonga Woods will be set aside to provide recreation, wildlife habitat, watershed protection and timber.

The land is located four miles south of Willmar. Sixty separate land owners cooperated to make the project a reality.

The idea was sponsored by the "Wes-Min Resource Development Project".

10-point Program For Snowmobiles Adopted By SLED

A new 10-point program for snowmobiles has been adopted by Snowmobile and Leisure Equipment Distributors, Inc., (SLED), designed to improve the snowmobile image and properly insure the industry future.

The new objectives to be pursued, endorsed by SLED President Richard Fischer at the organization's first annual meeting in Minneapolis are:

1. Realistic and fair registration fees.

2. A snowmobile trail system financed by snowmobile registration money.

3. A safety instruction program including snowmobile operation and environmental education financed by snowmobile registration fees.

4. All snowmobile laws and regulations be based on sound, objective research.

5. All snowmobile registration fees be applied to snowmobile related activities.

6. The application of sensible operational limitations.

7. Cooperation with, and encouragement of, advertisers to portray family-oriented snowmobile activities.

8. Support of the International Snowmobile Congress.

9. Full cooperation with snowmobile manufacturers and dealer organizations.

10. Provide assistance, support, and counsel to all national and international snowmobile user groups.

SLED is a non-profit snowmobile distributor organization formed to promote snowmobile safety, preservation of natural resources, positive legislation, and continued industrial growth. Its members, representing the major snowmobile brands, cover Illinois, Wisconsin, Minnesota, North Dakota, South Dakota and Iowa.

Sign-up Set For Baseball Program

Boys who plan to play in the Thief River Falls summer baseball program for 8 to 10-year-olds and in the 8-year-old program will be registered Wednesday and Monday.

Youngsters planning to participate in the 9 to 10-year-old Little National league are asked to be at the fairgrounds diamond for registration on Wednesday, June 9, at 1 p.m.

Boys interested in playing in the 8-year-old instructional league will report Monday, June 14, at 1 p.m. for registration.

New Record Set On Minn. Splake

A new Minnesota record on splake has apparently been set in Pierz lake, Cook county.

Gerald Quade of Duluth weighed in the fish at Benson Bros. Midway Service in Grand Marais. According to the owner, Harold Benson, the fish tipped the scales at 6 pounds 0 ounces and was 29 inches in length.

Quade caught the fish May 23. On May 1, Gogebic lake in Cook county produced an 6 pound 9 ounce splake. This record, although briefly held, was set by Donald Schulte of Grand Marais.

Pierz lake is located east of the Gunflint Trail and is reached by canoe and portage through East Bearskin and Alder lakes.

The splake is a cross between a lake trout and a brook trout. The fish are spawned in state hatcheries and stocked into suitable lakes by the fisheries section of the Department of Natural Resources.

Hanson Paces Scoring During '71 Track Season

Sophomore sprinter Markoe Hanson led the Lincoln high school track team in scoring during the 1971 season based on a total number of individual points won during the year.

Awarding six points for a first-place finish, five for a second, four for a third, three for a fourth and one point for a fifth-place, Hanson collected 87½ points during the year going into the state meet last weekend in Minneapolis.

Hanson, running in the 100 and 220 yard dashes, recorded nine firsts, three seconds, a third, two fourths and a fifth. The sopomore was also on five first-place relay teams where 1½ points were given to each winning team member with no points being awarded to second place.

Jon Wangberg, another sophomore, was second in the scoring parade with 70½ points while running in the 120-yard highs and 180-yard low hurdles.

Wangberg placed first four times to go along with four seconds, three thirds, two fourths and a fifth. He also added 7½ points on winning relay teams.

Prowler thinclads broke four Lincoln high school records and tied another mark during the season.

Junior Mike Fitzgerald, who finished fourth in the team scoring chart, set a new school record in the 440-yard dash with a 52.1 clocking during the region eight meet at Bemidji state college. Fitzgerald broke the old mark of 52.5 set in 1961 by Roger Johnson and in 1968 by Dave Reeve.

Junior captain Paul Battleson broke the school record in the 880-yard run during the region meet with a 1:59.5, bettering the old mark of 2:03.6 set by Neil Rondorf in 1970.

Jon Folkedahl set a new school record in the two-mile run in the region meet with a time of 10:37. Don Reierson held the old record of 10:54 recorded last season.

The Prowler sprint medley relay team recorded a school record and also a new region eight standard at Bemidji with a 3:44.8. Rob Swenson, Mike Fitzgerald, Markoe Hanson and Don Reierson were on the record-setting relay squad. The old school record in the sprint medley was set in 1970 by Brian Bowman, Merv Eriksson, Randy Wentzel and Paul Battleson with a 3:50.5.

The 880-yard relay team tied the school record of 1:35.5 during the region eight meet. Members of the 880 squad included Steve Belch, Jon Markstrom, Jon Wangberg and Markoe Hanson. The record was first set in 1961.

The complete individual scoring summary for the Lincoln cindermen, with relay points figured into the individual's total.

880 Squad Sets LHS Mark At State Meet

Thief River Falls failed to bring a man through the preliminary running events Friday and Saturday at Macalester college in Minneapolis and came home from the state track meet empty-handed.

The Prowler runners did set a new Lincoln high school record in the 880 relay race, however, while three other Lincoln runners either surpassed or equaled their best performance of the 1971 season.

The 880-yard relay squad of Steve Belch, Jon Markstrom, Jon Wangberg and Markoe Hanson, turned in a 1:34.1 mark, breaking the old 1:35 standard they had tied in the region eight meet at Bemidji. The record was previously set in 1961.

Sprinters Rob Swenson and Markoe Hanson were each clocked at 10.3 in the 100-yard dash for their best times of the season but still failed to advance into the finals.

Sophomore hurdler Jon Wangberg tied his best time of the season with a 20.6 in the prelims of the 180-yard low hurdles while Mike Fitzgerald ran a 52.7 in the 440-yard dash, Paul Battleson a 2:02.4 in the 880-yard run and the sprint medley team (Swenson, Belch, Fitzgerald and Don Reierson) turned in a 3:46.0.

White Bear Lake ended Edina's championship reign at two years as the state champs as the Bears scored 29 points to runner-up Moorhead's 18.

Dennis Fee of White Bear Lake set the only new record during the meet with a 9:25.9 in the two-mile event while Greg Geiger of Richfield joined a list of co-holders for the record in the 100-yard dash with a time of 9.9. Geiger was the only double winner during the two-day meet with firsts in the 100 and 220-yard dashes.

Mahnomen was the only region eight school to score in the meet with three points coming from shot putter Dave Uhlir who placed third with a heave of 55-10½.

The complete state track meet results is as follows:

BOYS LOW HURDLES was just one of the many events during the Thief River Falls elementary school track and field meet held on the Lincoln high school athletic field last week. Northrop scored 45½ to win the championship, ahead of Washington with 37 points, Knox 33½ and Mark Twain placed fourth with 24 points in the spirited meet. Northrop tracksters placed first in the girls sprint medley relay, boys 880 relay, girls 50-yard dash and the girls 220-yard relay for the title.

NORTHROP finished first and second in the girls 50-yard dash Tuesday enroute to their TRF elementary school track and field championship. The girls provided a healthy boost for the Northrop team as they claimed three of the four first-place finishes by the school. Washington picked up first-place finishes in the boys low hurdles, boys sprint medley relay and the boys softball throw while first-place finishes by Knox included the girls low hurdles, girls softball throw and the boys 50-yard dash.

Region Tourney Begins Tonight

Bemidji Lumberjacks are the heavy favorites to defend their region eight baseball title as the tourney gets underway tonight (Monday) on the Thief River Falls fairgrounds diamond.

District 30 champ Ada will take on Crookston, champion of district 31, at 5 p.m. while Bemidji will play district 32 champion Newfolden at 7 p.m.

The Lumberjacks will be seeking their fourth straight trip to the state tournament at Midway Stadium in St. Paul. The Jacks were last stopped in 1967 by Baudette in the regional final. Bemidji dropped Warroad the last two seasons in the championship contest, winning last year 11-8 at Red Lake Falls.

Bemidji has lost just one game this season, an early season loss to Grand Rapids. The Jacks defeated Park Rapids 25-1 in the district 29 championship game last week.

Bemidji is led by All-State Gary Sargent who is a pitcher-first baseman. A younger brother, Earl, is the leading hitter on the Lumberjack squad. The Jacks are coached by Chuck Grillo and Des Sagedahl.

Newfolden will throw a veteran club against the Lumberjacks with six seniors on the team. The Nordics are led by senior right-hander Marlin Bjornrud, their leading pitcher.

Ron Ueland is the head coach of the Nordics and Dave Kragness is the assistant.

Crookston, an 8-5 winner over Thief River Falls in the district 31 championship game, will field the youngest region entry with only two seniors listed on the Pirates' roster. Ada will have just one more than Crookston with three upper classmen. The Vikings carry five freshmen on their squad. The Pirates are coached by Jim Everson and Ada's head mentor is Jim Simon.

Roseau Tops Region Golf Championship

Roseau shot a four-man score of 229 to capture the region eight golf title at Crookston Friday, June 4.

Lincoln high school golfers finished with a 237 and tied Mahnomen for third-place in the meet while Crookston placed second with a 236, Bemidji fifth with a 243, followed by Bagley 248 and Greenbush 267.

Three Thief River Falls golfers qualified for the state meet on the University of Minnesota golf course Friday, June 11. The Prowler golfers who qualified for the state trip include Roger Lee, Jay Moum and Paul Olson.

Rob Harris of Roseau was the region eight medalist with a 75 while teammate Gary Ross also fired a 75 and Dave Haaverk shot a 78 and Brian Brastad an 81.

The Prowler scores included Roger Lee's 78, Jay Moum 78, Paul Olson 80 and Lee Sorenson 85.

The top 15 region eight golfers who qualified for the state meet include, Rob Harris, Roseau, 75; 2. Gary Ross, Roseau, 75; 3. Len Gumfla, Crookston, 76; 4. Guy Strandemo, Mahnomen, 77; 5. Sun Shines On 22nd Annual N.W. Dairy Day Tuesday

THREE MAJOR AWARDS were captured by Allyn Workman, 18, son of Mr. and Mrs. Gary Workman of Borup, at Northwest Dairy Day Tuesday. His five-year-old purebred Jersey, Anthem Laura Debbie, was selected as grand champion of the show. It was also named best uddered cow of the show and was the day's champion purebred. Prior to winning the top three awards, the cow was selected as breed champion Jersey. Allyn has shown at Dairy Day for six years and has won one grand championship, five breed championships and a number of other high awards during that time.

YOUNG DAIRYMAN award at Northwest Dairy Day Tuesday was presented to Mr. and Mrs. Eldo Bentley of Twin Valley. Eldo showed cattle at the first Dairy Day held 22 years ago, and on Tuesday the Bentley's daughter Teresa, 14, showed the breed champion Milking Shorthorn of the show. Northwest Dairy Improvement association honors a past entrant now farming at each year's Dairy Day.

PRINCESS of Region One's Northwest Dairy Day for 1971 is Barbara Winter, 18, seated, daughter of Mr. and Mrs. Milo Winter of Waubun. She is five feet, seven and one-half inches tall, has brown hair and brown eyes and is a 1971 graduate of Waubun high school. She has nine sisters and five brothers. Attendants selected were Susanne Bruggeman of Thief River Falls, 18, left, daughter of Mr. and Mrs. Donovan Bruggeman of Thief River Falls, and Miriam Hanson, 17, daughter of Mr. and Mrs. Reuben S. Hanson of Trail. At center is Gaylo Krogstad of Ada, 1970 Northwest Dairy Princess and Princess Kay.

Blessed by perfect weather and the largest number of entries (186) in several years, the 22nd annual Northwest Dairy Day was held Tuesday at the Pennington county fairgrounds in Thief River Falls. Two 18-year-old participants gained the major awards of the day.

Eighteen-year-old Barbara Winter, one of 15 children in the family of Mr. and Mrs. Milo Winter of Waubun, won the title of Northwest Dairy Princess and the right to represent Region One in the state Princess Kay of the Milky Way contest. A 1971 graduate of Waubun high school, Barbara is five feet, seven and one-half inches tall and has ash brown hair and brown eyes. She plans on seeking secretarial work in the Fargo-Moorhead area.

Eighteen-year-old Allyn Workman, son of Mr. and Mrs. Gary Workman of Borup, won the grand championship of the dairy show. Enroute to the overall title his five-year-old purebred Jersey won the Jersey breed championship and was named the champion purebred of the show. In addition, Anthem Laura Debbie added best uddered cow honors to her laurels for the day.

Attendants to Miss Winter as Northwest Dairy Princess were Susanne Bruggeman, 18, daughter of Mr. and Mrs. Donovan Bruggeman of Thief River Falls, and Miriam Hanson, 17, daughter of Mr. and Mrs. Reuben S. Hanson of Trail. Lois Johnson of Gonvick was named Miss Congeniality by the contestants.

Reserve champion of the show was a purebred Holstein shown by 18-year-old Jerry Muzzy, son of Mr. and Mrs. James Muzzy of Thief River Falls. Jerry's animal was also the reserve champion purebred and Jerry was reserve champion showman in the showmanship competition.

Since both Allyn and Jerry have won trips to the International Dairy Cattle Congress previously, however, and rules state that contestants may not receive more than one major award, the trip was awarded to 18-year-old Jerry Katzenmeyer, son of Mr. and Mrs. Alvin Katzenmeyer of Lake Itasca. He showed the champion Ayrshire and placed third in purebred competition.

Winner of the purebred dairy calf to be awarded next year by showing the grand champion grade animal at Dairy Day was David Dahlgren, 18, son of Mr. and Mrs. Vernon Dahlgren of Roseau. David showed a three-year-old grade Holstein to the top grade position. Reserve champion grade was a Guernsey shown by James Krogstad of Ada, brother of Princess Kay, Gayle Krogstad.

Recipient of the purebred calf this year as a result of her grade placing last year was Paula Benesh of Ada. The calf was purchased from the William Wilson herd at Greenbush.

Two new awards this year were the individual dairy herd and the

Elks Club Will Note Flag Day Monday Evening

Thief River Falls Elks club is planning to hold a special observance of Flag Day at 7:15 p.m. at the Elks club next Monday, according to Stan Cockrell, past exalted ruler of the Elks lodge here.

Cockrell said that the lodge was joining a nation-wide program led by Elks lodges throughout the country to show support for democratic institutions and to protest the anti-democratic tactics employed by fanatical extremists in the name of peace.

The special observance will open with a ceremony conducted by lodge officers, and there will be a special speaker. The program is open to the public, and there will also be presentation of Eagle Scout awards.

"All Americans with any sense want peace and that includes just about everybody in this country," Cockrell said, "just as they defend the democratic right to dissent, but lawlessness is not dissent."

DR. THOMAS CLIFFORD, dean of the college of business and public administration at the University of North Dakota, will deliver the commencement address to the 80 members of the graduating class at Northland state junior college in Lincoln high school auditorium at 8 p.m. Friday. Clifford will become president of the University of North Dakota on July 1. He has taught and held administrative positions at the university since 1945. Topic of his address Friday evening is "Paradox of Progress".

Summer Classes At NSJC Will Begin June 4th

Registration and first day of classes for summer session at Northland state junior college will be next Monday. Registration will be held in the student commons beginning at 8 a.m. The session runs five weeks from June 14 to July 16.

Classes offered will meet in double sessions, with three credit-hour classes meeting for three two-hour sessions per week for five weeks in place of the usual three hours per week for ten weeks. Normal course load for a summer session is considered to be seven or eight quarter hours.

Eighteen courses will be offered with classes scheduled from 8 to 10 a.m., 10 a.m. to noon, and from 1 to 3 p.m. Four-credit course offerings include botany, English, ecology, and basic mathematics. Three-credit course offerings are consumer economics, American literature, ceramics, American minorities, introduction to music, Western civilization, introduction to computers, music history, philosophy, and psychology. Two-credit course offerings are personal health and community health. Golf is a one-credit course offering.

Courses are designed for college transfer credit, for in-service teachers to maintain their professional standing, and for personal self-improvement. Tuition for the summer session is $8 per quarter hour credit. For further information, phone 681-2181.

Five Plummer Students In Honor Group

Plummer high school students Byron K. Baune, Daryl Wilkins, Betty Hagge and Michael D. Norby have been chosen as members of the Society of Outstanding American High School Students, according to Hugh A. Kappes, Plummer high school principal.

With the assistance of high school principals and counselors from across the nation, the society attempts to further the pursuance of academic achievement and civic responsibility by American youth.

The society accepts for membership only young men and women who have distinguished themselves as their school's highest achievers. The students are now competing for more than $262,000 in renewable college scholarships offered by the society.

The scholarships consist of unrestricted cash awards to colleges of the student's choice and renewable $1,000 annual scholarships to select colleges and universities across the nation.

SHOWMANSHIP championship at Northwest Dairy Day Tuesday was Steve Filipi, 15, son of Mr. and Mrs. Huntley Filipi of Angus. His five-year-old purebred Guernsey named Suko Farms Sherry's Sophie was also the Guernsey breed champion. This was Steve's sixth year of showing at Dairy Day.

Young Farmer Class Opens At AVS Here

Agri-business operation and management is a new course to be offered at the Thief River Falls area vocational-technical school next October. The course will be 15 months long and include two semesters of "in school" education and one semester of supervised experience on the farm.

The course is designed to interest more young men in farming and to prepare tomorrow's farmer to deal with the rapid changes, specialization, farm financing, production problems, harvesting and marketing of agricultural products and help him to become established in farming.

According to officials of the school, agricultural journals predict that there will be a steady rise in farm income throughout the 70's. By the end of the decade the profit potential will be tremendous, the magazines said.

The course is designed to meet the needs of the student who plans to enter farming as a farm operator, farm foreman or farm manager.

"In school" semesters will begin in October and finish in April to allow the student time to develop the home farm operation. Periodic "in school" classes will be scheduled during the semester of supervised work experience. Students in the classes will be encouraged to keep and complete farm records for analysis and interpretation.

CHAMPION GRADE of the 1971 Northwest Dairy day was this Holstein shown by David Dahlgren, 15, son of Mr. and Mrs. Vernon Dahlgren of Roseau. This was his first championship in six years of showing at Dairy Day. His top placing with the three-year-old named "Pansy" qualifies him to receive a purebred calf at next year's event.

Existing farm operation and management courses at vocational-technical schools in Alexandria, Jackson, Mankato and Willmar are filled to capacity or are expected to be filled shortly. Capacity of the class at Willmar is 25 but 29 have already enrolled. Statistics show that enrollment in farm operations and management courses at all four schools have grown since the classes were first offered. At Mankato, for instance, 14 students were enrolled when the course was first offered, and 44 students are now enrolled.

One-Day Retreat Is Scheduled By Trinity Women

"A Better World Begins With Me," will be the theme of the one-day retreat scheduled for Wednesday, June 16, at Trinity Lutheran church.

The event is being planned by women of Trinity Lutheran church. All women of Trinity are encouraged to attend. Women of other area churches are also welcome. To enable women who work to participate, two sessions are planned.

The first session, from 9 a.m., to 3 p.m., will begin with registration at 9 o'clock. A prayer breakfast is set for 9:30, followed by a Bible discussion. Those attending are asked to bring Bibles and the June issue of the Scope magazine with the June lesson completed. A film will be shown, followed by group discussion. The session will also include creative activity and time allotted for silent meditation. The highlight of the retreat will be a unique communion service.

Women attending the morning session are asked to bring a sack lunch, which will be eaten during the break at 12:30 p.m. Coffee will be provided.

The evening session from 7 to 10 p.m., will begin with a Bible study and conclude with a communion service. Lunch will be served at that session.

This retreat will take the place of the June circle meetings and the general TLCW meeting. A free will offering will be taken.

25th Anniversary Is Celebrated By Lloyd Wolds

Mr. and Mrs. Lloyd Wold of Trail were honored on their 25th wedding anniversary on Sunday, May 30, at an open house celebration at their home.

A short program was presented with Jeff Wold extending the greetings, Rev. H. V. Thoreson, giving the devotional meditation, Mrs. Roland Rue a reading and Wayne Wold an original poem.

About 200 relatives and friends attended the anniversary celebration. They came from Grand Forks, N. D., Trail, Gully, Gonvick, Clearbrook, Leonard, Bagley, Fosston, McIntosh, Thief River Falls, St. Hilaire, St. Louis Park, Minneapolis, Brainerd, Moorhead, Comstock, East Grand Forks, Kelliher and Badger.

The Wolds, Lloyd Wold, son of Mr. and Mrs. Selmer Wold, and Carol Lee, daughter of Mr. and Mrs. Elmer Lee, were married June 2, 1946 at Fosston with Rev. I. H. Megorden officiating. Their attendants were Mrs. Donald (Eunice Lee) Peterson of St. Louis Park and Harry Dunrud of Gully. Both were present at the celebration.

Young Farmer Class To Open At AVS Here

(Continued from Page 1)

Another survey showed that most graduates of existing farm operation and management courses were already farming. At Jackson, 84 per cent were farming, with 83 per cent from Alexandria, 60 per cent of Mankato graduates, and 81 per cent of Willmar graduates also engaged in active farming.

At Alexandria, the 17 per cent of graduates not farming were in military service, as were the 40 per cent of Mankato graduates who were not farming. Eventually 100 per cent of the graduates from Alexandria, Mankato and Willmar will farm, as will 86 per cent of the Jackson graduates, according to the survey.

Area young men interested in registering for the course should contact Robert Reeve or Ed Sisler at the area vocational-technical school. Alan Dalen, currently an agriculture instructor at Cokato, will be the "in-class" instructor when classes start this fall.

The full course of study of 2,040 hours includes farm management, with classes in accounting, establishment in farming, record analysis, reorganization, credit sources, money management, tax management, success factors and investments in farming, for a total of 520 hours.

Agricultural engineering classes will total 360 hours and will include welding, machinery operation, machinery maintenance, machinery investment, materials handling equipment, farmstead layout, buildings and electricity. Courses in soil science will total 300 hours and will cover physics, chemistry, drainage, fertilization and management.

Plant science courses will total 196 hours and will include agronomy, pathology and production and management of small grain, forage crops and specialty crops. Animal science courses covering 190 hours will deal with nutrition, health, and production and management of livestock and poultry. Supervised on farm work experience will total 480 hours.

Application for admittance may be obtained from the Thief River Falls area vocational-technical school office. After application for enrollment is received, the applicant is scheduled for testing and an interview.

Student selection is based on interviews, aptitude test scores and high school records. Students accepted for training will be notified as early as possible of the exact starting date of the course.

No tuition will be paid by Minnesota high school graduates under 21. In addition, any qualified person who has been out of school a year and not yet reached 21 may attend without paying tuition.

Any veteran who entered military service before reaching the age of 21 may enroll tuition free, and receive his G. I. benefits allowance while attending the school. All qualified adults over 21 may attend and are expected to pay tuition based on a per pupil cost to the school. This cost amounts to $45 for four weeks and applies also to out of state students.

ICC Council Annual Meeting Is Next Week

Board of directors of the Inter-County Community council will hold its regular annual meeting next Wednesday at 8 p.m. in the high school auditorium in McIntosh.

Chairman of the board Arvid Clementson reports that the council staff members will each give five-minute reports on all programs in operation in the area. Executive director Roy Jorgenson is attempting to get a speaker from the office of Economic Opportunity.

The name of the speaker will be announced as soon as Jorgenson receives confirmation. Displays of program materials, scrap books and displays will be available. A staff member will demonstrate the knitting machines that are used in one of the programs. The public is invited to attend the meeting.

FHA Members Attend Banquet At Golf Club

Second annual FHA banquet for Franklin junior high school chapter members was held recently at the Thief River Falls golf club. Opening ceremony was led by president Roxanne Bruggeman and Becky Fleegel gave the invocation.

[illegible] retired FHA president gave the address. Awards were given from the Snoopy Snooze contest. Campships were given to Kathy Charlson, Kathy Kohler, Lorrie Olson, Marya Hallstrom, Barb Eriksson, Rachel Trontvet, Lynette Swenson, Barb Hanson, Theresa Schindler, Roxi Bruggeman, and MaJeana Steiger. Pin degrees were awarded to Susan Adamson, Connie Dahl, Jean Vatsaas, Nancy Scheuneman, Hollie Olson, Barb Eriksson, and Renae Joppru.

Becky Fleegel, daughter of Mr. and Mrs. Willard Fleegel, was awarded the Crisco trophy for her outstanding work in home economics at the Franklin school annual awards banquet. Presenting the award to her were home economics teachers Bonnie Bumgarner and Karen Dahl. Barb Hanson received an award for being an outstanding student and FHA member.

New officers were installed, including Kathy Charlson, president; Kathy Kohler, vice president; Marya Hallstrom, secretary; and Lorrie Olson, treasurer.

ICC Board Sets Annual Meeting

Annual board meeting of the Inter-County Community council will be at the McIntosh high school auditorium on June 18 at 8 p.m. The meeting is open to the public.

New programs for the area will be discussed and ways that residents of the area may deal with the council's operation will be explained. Following the meeting, the new board members will meet to elect officers of the corporation, according to executive director Roy A. Jorgenson.

Immunizations Completed In Local Schools

If parents in Thief River Falls got the impression that "shots and sugar cubes" were becoming the routine as the recent school year ended, they were correct, according to Margaret Race, school nurse.

She said that March was devoted to checking health records of over 3,900 Thief River Falls students and sending recommendations to parents. After much consideration by the medical staffs of the local clinics, it was recommended that immunizations be given in school, with concentration on the second and twelfth grades.

Because oral polio vaccine had never been offered in the school program at a special price, there were 467 requests for protection. Of this number 237 had never had oral polio vaccine and required a series of two feedings. Each dose of the "live virus" feedings must be spaced by a period of four to eight weeks, and this extended the immunization program from April 1 to June 2.

Besides the oral polio vaccine, 375 smallpox vaccinations and 266 diphtheria-tetanus boosters were given.

The nurse also reminds parents that their children are not protected if they have had only the Salk vaccine polio shots. They must also have the oral vaccine as a drink, as drops on the tongue, or on a sugar cube. If your school-age children are not protected, she said, see your doctor or call either Lillian Ranum or Margaret Race and request it for next fall.

Korea Offered In Army Plan

Thief River Falls Army recruiter Staff Sgt. Ron Anderson has announced that a new program is available in which the volunteer would be sent to Korea for a 13-month tour of duty.

The enlistee could chose the Army post where he would take basic training and in most cases the post where he would take advanced individual training. While serving in Korea he could request any of nine Army units within the United States, or the U.S. Army in Europe, Panama, Alaska or Hawaii. He would then be assigned to one of these for the remainder of his three-year enlistment.

Local Jaycees In Orientation At Collegeville

Jay Borchert, James Erickson and Donald Grabenski, Thief River Falls Jaycees, were among officers of the Minnesota Jaycees who attended a two-day orientation—workshop at St. John's University in Collegeville June 5 and 6.

The officers were briefed on how local Jaycee chapters can function more effectively under the guidance of key leaders, and discussed their individual needs and programs with members of the Jaycee executive committee, governing body of the organization, and the state staff.

Minnesota Jaycee president Vern White urged the group to continue seeking solutions to Minnesota's social problems during the coming 12 months. White was recently elected as leader of the 11,000-member individual development organization.

Roland Borgan Arraigned On Gunshot Charge

In a preliminary court hearing in Warren yesterday Roland Bargan of Greenbush was arraigned on charges of aggravated assault and attempted second degree murder in a Sunday morning shooting.

Officials said that Earl Vaytilis, about 22, of Florian, about 35 miles northwest of Thief River Falls, was shot in the stomach Sunday morning at a wedding dance at Florian.

Voytilis Monday was reported to be "getting along fine" at Northwestern hospital in Thief River Falls.

Minnesota's highest producing dairy cows are in metropolitan Hennepin, Ramsey and Washington counties, averaging 11,400 pounds of milk per cow, 469 over state average.

county dairy herd awards, given for the best three animals entered by one exhibitor and the best five animals entered from one county.

Greg Zak of Angus won the individual championship. He is the son of Mr. and Mrs. Conrad Zak. West Polk county won the county herd award with animals shown by Greg and Vince Zak, Vickie Johnston, Steve Filipi and Robert Olson.

Showmanship winner was Steve Filipi of Angus, whose purebred Guernsey also won the Guernsey breed championship.

Special award for a young dairyman who is now in the dairy business after competing in Dairy Day was presented to Mr. and Mrs. Eldo Bentley of Twin Valley. Bently participated in the first Dairy Day 22 years ago and now raised purebred Milking Shorthorn cattle. His daughter Teresa won the Milking Shorthorn breed championship this year by showing a two-year-old.

Breed champion and reserve champion showmen respectively were as follows:

Holstein—Jerry Muzzy of Thief River Falls and Greg Zak of Angus;

Guernsey—Steve Filipi of Angus and James Krogstad of Ads;

Milking Shorthorn—Teresa Bentley of Twin Valley and Scott LaVoi of Fosston;

Brown Swiss—Don Slininger of Twin Valley and Arne Rantanen of Middle River;

Ayrshire—Jerry Katzenmeyer of Lake Itasca and Mike Hanson of Goodridge;

Jersey—Allyn Workman of Borup and Mark Lee of McIntosh.

Participation awards were given to all contestants in the dairy show with trophy awards made for eight, nine, 10 and 11 years of participation. The first 11-year award in the history of the show went to Susanne Bruggeman of Thief River Falls.

Ten-year awards went to Greg Zak of Angus, Loretta Swenson of Fertile, Jerry Muzzy of Thief River Falls and Jerry Katzenmeyer of Lake Itasca.

Nine-year awards went to Vince Zak of Angus, Franklin Jaenicke of Badger, Larry Macho of Fosston and Vicky Erickson of Viking.

Eight-year awards went to Sherry Rydeen of Clearbrook, Roxanne Bruggeman of Thief River Falls, Kurt Muzzy of Thief River Falls, Kathy Boman of Twin Valley, Douglas Fjelstad of Fosston, Arne Rantanen of Middle River and Mike Hanson of Goodridge.

DARRYL TORRIN, son of Mrs. Oscar Torrin and the late Mr. Torrin, will be ordained into the ministry in Minneapolis next Sunday. He was born in Roseau and received his B. A. from Augsburg college. He then studied at Luther Theological seminary. In 1968 he took chaplaincy and counseling training at Fulton state hospital in Missouri. He served his internship at churches in Northwood, North Dakota, and will be installed June 20 as assistant pastor at Trinity Lutheran church in Duluth.

Slow Week Noted By City Police

Last week was a relatively calm one for the Thief River Falls police department, at least as far as accidents and thefts are concerned. Only three accidents and one break-in attempt were reported to police during the week.

James Schob of Thief River Falls reported at 12:30 a.m. June 2 that his car had run off the street at Second and Atlantic and struck a water hydrant. Damage to the hydrant is as yet unknown.

Judith Knutson of Thief River Falls reported at 1:25 a.m. last Thursday that someone had attempted to enter her apartment by kicking out the bottom panel of the door. Police are investigating the incident.

A car driven by Bonnie Cameron was headed west on Highway 1 at 7:25 a.m. Sunday and while nearing the Eighth street bridge went out of control, leaving the left roadway and entering the ditch on the right. The vehicle sheared off a roadway sign and struck a crossing. It continued on, making a 180 degree turn before coming to rest. The driver and two passengers, Don Sollom and Barbara Sauve, were taken to [illegible] hospital and treated for minor injuries. Damage to the car was set at $170.

At 8:15 a.m. Monday a car driven by Kenneth Skaaren of route 3, Thief River Falls, was traveling north on Horace. Skaaren was making a left turn on Tenth when a young bicyclist turned in front of him. Skaaren swerved out to avoid the child and struck a car owned by Merton Hutchinson of Thief River Falls. Damage was $350 to the Skaaren vehicle and $200 to the Hutchinson car.

PUREBRED LINE-UP awaits judging to select the champion and reserve champion purebred of the show Tuesday at Northwest Dairy Day in Thief River Falls. Ideal weather permitted the show to be held outdoors as a show ring was arranged west of the livestock pavilion (curling building). Cattle were housed in the curling building before being brought to the show ring. There were 126 entries in the dairy show this year, one of the best turn-outs in recent years and reflecting the spring season which permitted many farmers to complete their spring work [illegible].

HOLSTEIN breed championship was won by Jerry Muzzy, 18, son of Mr. and Mrs. James Muzzy of Thief River Falls, at Dairy Day in Thief River Falls Tuesday. His five-year-old Holstein purebred named "Daleford Master Elsie" is classified Excellent 91 by the Holstein-Friesian association. This was Jerry's 10th year of showing at Dairy Day, and he also was reserve champion in the showmanship contest.

JUDGES for Dairy Day this year were Ralph Wayne, left, from the University of Minnesota in St. Paul, and C. L. Blakesire from Lewiston. In addition to judging and placing the animals, the men gave reasons for their selections and suggestions for improvement to the exhibitors.

RUDY MEHLHOFF, chairman of the princess contest at Northwest Dairy Day, makes the Miss Congeniality award to Lois Johnson of Gonvick. Lois was selected in a vote among the candidates as being the friendliest contestant.

Marshall Bank Has Dairy Month Food Promotion

Tribute will be paid to the dairy industry of this area and Minnesota during 1971 June Dairy Month by the Marshall county state bank, president of the bank A. W. Carlson has announced.

He said his bank will add its weight to the month-long promotion, which calls attention to the economy and nutrition of dairy foods as well as the economic importance of dairying.

Banks throughout Minnesota and in other parts of the nation are presenting special lobby and window displays, serving dairy food samples and making other special efforts as a salute to the dairy industry.

Friday the Marshall county state bank promotion will include serving milk, ice cream, cheese and crackers throughout the day and drawing every hour for [illegible] dairy product prizes as well as awarding a $75 prize to the person who guesses what the temperature will be at 2 p.m. that day.

Minnesota's 42,000 dairy farm families received more than $450 million in gross income during 1970, Carlson said. He also said that most of the dairy industry's income comes from outside Minnesota. Approximately 80 per cent of Minnesota's dairy products are sold out of state.

"Dairying adds to the wealth and well-being of all who live in Minnesota," Carlson said, "and our bank is pleased to join the Minnesota Bankers association in supporting June Dairy Month."

Goodridge Sixth Grade Has Minneapolis Tour

Sixth graders at Goodridge school recently returned from their annual class trip to the Twin Cities. The following accounts of various parts of the trip were written by the students and selected by the instructor:

The Mississippi

The Headwaters of the Mississippi begins at Lake Itaska. The river looks just like a ditch. It certainly grows in width by the time it flows through Minneapolis and St. Paul.

Kevin Dahlen

Runestone Museum In Alexandria

We went to the Runestone Museum on Wednesday. There was a scene where a man and a woman were in a cabin and the things they used. There were heads of animals that were stuffed, such as buffalo, bear and deer. A big scene with all kinds of animals like bears, wolves, birds, deer, weasels, fox, ducks, and etc. were like real. There was an old bicycle that they used in the olden days and olden day cradles. An old dental chair, and old lenses that you put in glasses were there too. The Runestone was on display too, chairs that were made out of bones were put together very nicely. Old arrow heads, different kinds of rocks, old typewriters, fish, and guns that were used by old timers and in the war, were pretty nice for old guns. It was a fun experience to go the the museum. I was glad we went there.

Georgine Troska

Como Park

In Como Park the first thing we toured was the conservatory. In there we saw trees, flowers, gardens, shrubs, ponds, and other things. Some kinds of trees were palm, orange, lime, and many others. There were big and small flowers of all colors. In the ponds there were lily pads and large goldfish. There were many rooms and lots of interesting plants.

At the zoo we saw many kinds of animals such as buffalo, ostrich, monkeys, lions, tigers, llama, sebra, wild cat, wolves, roosters, python, bears, turtles, seals, penguins, leopards, and other kinds. We all enjoyed the various kinds of animals.

We also rode on the different kinds of rides. Most of the rides cost two tickets and a ticket cost 10 cents. Some of the different kinds of rides were the sky diver, roller coaster, mad mouse, tilt-a-whirl, and others. We all enjoyed [illegible] at Como Park.

Tammy Nelson

Minnehaha Falls

We stopped at Minnehaha Falls on Wednesday. There were many steps to see the Falls at different angles. The Falls were very pretty. By them there were trees and trails to walk along. There was a bridge that we could walk across and look down to see the Falls. Many people took pictures and everybody enjoyed seeing it.

Tammy Nelson

Metropolitan Stadium

At the Metropolitan Stadium we sat in section two right behind homeplate. They had a net up so we couldn't catch any foul balls. The Twin's pitcher was Blyleven and the Red Sox's was Culp. Rod Carew hit a line drive right into left field in the corner for a triple. The Twins won 1-0.

Science Museum

When we were in Minneapolis we saw the science museum. A guide took us around and showed us some of the dinosaur family. One was called a Triceratops and the other a flying dinosaur. The guide told us to sit on the floor when she told us about a mummy. It was a minister because of the covering. She took us to see some Indian pictures. We also saw some bones from elephants. We had fun at the museum.

Joni Sjulestad

Our Visit To The Capitol

Our guide at the capitol was Sandy Schneider. She showed us a large star on the floor called the north star. Directly above the star one hundred and forty-two feet was a beautiful chandelier, because of its height, they only bring it down every ten years to clean it. They used stones from Minnesota in the building of our capitol. They had ceilings painted and decorated showing grain, flowers, important dates, names and things of Minnesota. We saw a metal sculpture of Cass Gilbert, designer of the capitol. We went in the Supreme court and were allowed to sit in the places of the judges, lawyers, recorder, and marshall. Our guide explained why there are seven judges, why we have blackboards in the court, why we have a marshall, and other things. Miss Schneider told us that people come here if they think they didn't get a fair trial. We went into the House of Representatives. We sat in a balcony that is for spectators. She showed the boards on which the names of the representatives are and by each name is a green and a red light. This is for voting. The red means no, the green means yes. She explained to us how bills were passed.

Diane Holm

Planetarium

The planetarium was a dark room where we saw the big dipper and little dipper, the Milky Way and a lot of stars. We saw the sun and how it goes down. We saw what the sun looks like at the North Pole in the winter and summer.

Jody Wiseth

Foshay Tower and Shopping

We could look over the city from the Foshay Tower. An elevator took us to the top. When we went shopping we saw many escalators. We had fun going up and down on them. We saw loads and loads of food, clothing, toys and many other things.

Larry Johnsrud

Cooper Theater

The movie was Tora, Tora, Tora. It was a surprise attack on Pearl Harbor by Japanese forces on December 7, 1941. This action forced the Americans into World War II. The Japanese said "Tora, Tora, Tora" when they were successful in an attack.

Susan Johnsrud

Little Falls

We stopped at Little Falls to tour Lindbergh's home. In the entrance hall we saw the picture of people waiting and cheering when he came back safely from his non-stop solo flight to France in 33½ hours. In the living room there was his father's chair when he was a congressman. His mother was a teacher. There were some books she used in her teaching in a cabinet.

We got to see a picture of him when he was a little boy. We saw his parents bedroom, some of his mother's dresses and shoes. Then we went to see his father's office. We went upstairs, and in the first room was a propeller of one of his first airplanes, an old book, and a few other things. Then we saw his sister's rooms with some of the things that were there a long time ago. One of his sisters is still alive and the other died when she was young.

His room had 2 propellers, a goat skin rug, his collections and a few other things.

The kitchen had a coffee grinder, stove, a sink, a wooden ice box, boxes and sacks the different food came in. There was a bullet hole in the door. He was practicing his aiming and the gun went off accidently and hit the door, he said it hit the wrong place anyway. The bathroom is almost the same as now, except they had a kerosene lamp, and the water closet was mounted high on the wall. We saw the car Lindbergh drove to California, a Saxon, which still runs. Charles Lindbergh is still living, he is [illegible] years old.

Camp Ripley

We came into Camp Ripley. Our tour guide St. Gibson got on the bus and we started our tour.

First we went to the barracks. There were rows and rows of them the guide said they held 20,000 people when filled. Then we went on to the tanks. Each of the tanks held two machine guns but were taken off. The next stop was the airport, the airport was pretty small because all it could hold was small planes. The reason why they couldn't have bigger planes was because the runway wasn't long enough. Then we went on to Valahalla this was the place where the governors and other high-ranking officers stayed when they came to visit Camp Ripley. Next we went by all the Mess Halls, there were 105 of them all in a row. We also went by other places to, such as the hospital, food storage buildings, and the place where trucks, tanks and jeeps are fixed.

We all enjoyed the tour.

Times Camera Records Events Of N.W. Dairy Day

EVERY OPPORTUNITY to promote the Diamond Jubilee in Thief River Falls is seized by William LaFave, general chairman. He presented a souvenir plate to Princess Kay of the Milky Way, Gayle Krogstad of Ada, at an honor banquet Monday evening, and invited all in attendance to the jubilee on September 16-18.

REACTING to the announcement of her winning the Northwest Dairy Princess title Tuesday, Barbara Winter of Waubun puts her hands to her head as Susanne Bruggeman (left) of Thief River Falls and Miriam Honson of Trail share in the moment of excitement.

INDIVIDUAL HERD award went to the animals shown by Greg Zak of Angus at Northwest Dairy Day in Thief River Falls Tuesday. The award is new this year and goes to the best three animals shown by one contestant of the show. Shown with the cattle, left to right, are Greg and Vince Zak and Glenn Bakken.

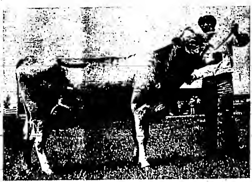
PUREBRED CALF was received by Paula Benesh of Ada at Dairy Day this year. [illegible] winner in 1970 when she showed the reserve champion grade and the grand champion was ineligible for the award. The calf was purchased from the herd of Mr. and Mrs. William Wilson of Greenbush, pictured at left.

PREPARATION for Northwest Dairy Day includes wash-up and grooming for the cattle entered. A number of participants are shown preparing their animals for the show ring in the above photo. Judges cited clean animals and clean appearance of showmen as important parts of dairy showmanship.

A HELPING HAND to brother Jim is given by Princess Kay, Gayle Krogstad, at Northwest Dairy Day in Thief River Falls Tuesday. Jim showed the reserve champion grade animal of the show, and then did a little touch-up work before entering competition for the grand show championship.

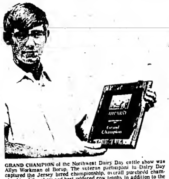
DEMONSTRATION of showmanship was given by Mary Kay Kasprick of Angus to open activities of Northwest Dairy Day Tuesday. While she led the cow around the show ring, judges for the day commented on showmanship for the benefit of exhibitors and others in attendance. Mary Kay was winner of the showmanship contest at Dairy Day last year.

MILKING SHORTHORN breed champion was this two-year-old purebred shown by 14-year-old Teresa Bentley, daughter of Mr. and Mrs. Eldo Bentley of Twin Valley. In five years of showing at Dairy Day, this is Teresa's first championship.



BROWN SWISS breed champion was this purebred named "Candy" and shown by 18-year-old Don Slininger of Twin Valley. The son of Mr. and Mrs. Burton Slininger, Don also won the breed championship in 1970 with the same animal. This was his fourth year of showing at Dairy Day.

[illegible] to the efforts put forth in behalf of the dairy industry by Stuart McLeod, president of the Northwest Dairy Improvement association for all 22 years of Northwest Dairy Day. He presented Princess Kay of the Milky Way, Gayle Krogstad of Ada, with an engraved silver tray at a dinner in her honor Monday evening at the Thief River golf club . . . then received a kiss of appreciation in return.



GRAND CHAMPION of the Northwest Dairy Day cattle show was Allyn Workman of Borup. The veteran participant in Dairy Day captured the Jersey breed championship, overall purebred championship of the show and best uddered cow trophy in addition to the grand champion award.

CHAIRMAN of the board of directors of the Northwest Dairy Improvement association, sponsor of Northwest Dairy Day, Stuart McLeod greets the crowd in attendance at the 22nd annual event on Tuesday at the Pennington county fairgrounds.

COUNTY HERD honors were won by West Polk county at Northwest Dairy Day in Thief River Falls. The award was new this year and will be added to the growing list of annual awards at the event. Left to right with their animals which made up the champion county herd are: Robert Olson, son of Mr. and Mrs. Ronald Olson, East Grand Forks, Steve Filipi, son of Mr. and Mrs. Huntley Filipi of Angus, Vickie Johnston, daughter of Mr. and Mrs. Gene Johnston of Angus, Vince Zak and Greg Zak, sons of Mr. and Mrs. Conrad Zak of Angus. The award goes to the best five animals from one county participating in the show.

MSHL Approves Camps & Clinics

Directors of the Minnesota state high school league have issued a list of approved summer camps and clinics for Minnesota high school athletes.

A few of the many area sanctioned summer specialized camps and clinics for athletes include:

University of North Dakota basketball school, Grand Forks, N.D., June 20-26; Butch Nash—Mike Friedman All-State football camp, Camp Hiawatha, Grand Rapids, Minnesota, July 25-31; Otter basketball camp, Fergus Falls, Minnesota, June 27-July 2, July 11-16 and July 25-30; Fargo Blue Line hockey clinic, Fargo, North Dakota, June 14-20; Olympic development hockey school, Bemidji, Minnesota, six weekly sessions beginning June 13, 20, 27, July 4, 11 and 18; Bison wrestling camp, Fargo, N.D., June 27-July 2, and the North Dakota state university camp, including football, basketball and wrestling, July 12-16.

Camp attendance on the part of the student will be limited to a total of seven days for instruction in a single sport. A student may attend more than one camp during the summer, however, not in the same sport. Clinic attendance by students will be limited to 14 days in the aggregate in a single sport.

No more than three players from the same school can participate on the same team that is scrimmaging or practicing while attending a camp or clinic.

All students, including A, B, or JV squad members, who apply to a camp or clinic for admission will be given equal consideration regardless of skill level, past participation in athletics, school affiliation, etc.

The students should consult with their high school coaches and athletic directors before attending any camp or clinic.

Hawley To Host Golf Tournament

Hawley, Minnesota, will host its 27th annual O.K. Dolva Memorial golf tournament Sunday, June 13, on the Hawley golf course.

There will be a 27-hole championship flight, medal play, for merchandise prizes plus a trophy for the champion. All other flights are match play with prizes for the winners, runner-up and consolation winners. Minimum age limit will be 16 with those under 18 playing in the championship flight.

Championship flight players must enter by 8 a.m. Sunday with an 8:30 tee off time. Lower flights must be entered by 8 a.m. with an entry fee of $6.

The tournament will be limited to the first 108 players. Ray Sauer of Walker is the defending tournament champion.

Bridle Club To Winnipeg

Members of the Goodridge Bit and Bridle club will travel to Winnipeg Saturday to attend horse races there. All members are asked to meet at the Bob Prestebak home at 6 a.m. Saturday.

Each family should bring along enough food for three meals, and each family should bring its own plates, cups, utensils and camping equipment. Saturday evening will be spent at Sunny Harbor beach.

Old Mill Park

Old Mill state park at Argyle is open for camping, swimming, picnicking and hiking. Park hours are from 8 a.m. to 10 p.m., and all vehicles entering the park must have a state park vehicle permit. Camping is $2 per night and Scout camping is 25 cents per person.

A life guard is on duty from 1 p.m. to 8 p.m. weekdays and from 10 a.m. to 8 p.m. weekdays and holidays. The [illegible] is open from noon until 8 p.m. weekdays and from noon until 8 p.m. weekends and holidays, according to Donald W. Jueneman, park manager.

SCHOOL BOARD PROCEEDINGS

June 9, 1971
SPECIAL MEETING
June 2, 1971

A special meeting of the School District Board No. 564 was held at 8:00 o'clock p.m. on Wednesday, June 2, 1971 in the Superintendent's Office of the Lincoln School Building.

The following members were present: Dr. George Martin, Kenneth Murphy, E. C. Olson, Mervin Prestebak, Wallace Sparby, Maynard Wedul and Superintendent Johnson. Absent was Charles Samuelson.

Chairman Prestebak presided.

The meeting was held for the purpose of discussing the adjustment panel report.

A motion was made by M. Wedul, seconded by G. Olson and carried that the Board of Education reject the recommendation by the panel because the total dollar cost of the 185 day schedule as presented amounted up to $89,000 when computed for the extended contracts as well as 185 day contracts.

A motion was made by M. Wedul, seconded by G. Martin and carried to accept the extra curricular activities and insurance recommendation of the panel and that the Board of Education adopt the following salary schedule which has an estimated total cost of $77,400.

A motion was made by G. Martin, seconded by W. Sparby and carried to direct the central office staff to type individual contracts to be mailed out.

A motion was made by E. Olson, seconded by K. Murphy and carried to adjourn the meeting at 10:20 p.m.

SIGNED: Kenneth D. Murphy, Clerk
APPROVED: Mervin Prestebak, Chairman

Card of Thanks

We wish to express our sincere thanks for all the kindness shown us in the loss of Andrew (my husband) father, brother and grandpa. Special thanks to Rev.'s Stoltel, Berger, Peterson and Father Patnode for all their comforting words and prayers, to Carol Gustafson for her beautiful songs and to The Green Funeral home for the special care they took with Andrew. Also thanks for the kindness and patience to the nurses and aids on Med-Wing during his long stay at the Northwestern hosp. Thank you neighbors, friends and relatives for all the food brought to the house, also to Zion Circle Noomi for the noon luncheon. Everyones kindness will always be remembered. God Bless you all. Mrs. Cora Grendahl, Mr. and Mrs. James [illegible] and family, Mr. and Mrs. Conley Nygaard and family, brother Arne in Norway. 1146c

Lumberjacks Win Fourth Straight Region 8 Title

Bemidji socked a homerun in each of the first three innings Tuesday night as the Lumberjacks defeated Crookston 8-5 in the region eight championship game on the fairgrounds diamond.

It was Bemidji's fourth straight region title and eleventh regional baseball crown since the game was officially recognized as a major sport in 1947. The Lumberjacks will now enter the state tournament at Midway Stadium in St. Paul June 16, 17 and 18.

Bemidji advanced to the region finals with an 8-1 win over Newfolden Monday night while Crookston stopped ADA 9-1 in their first-round contest.

Crookston took a 2-1 lead over the Jacks after one inning last night and the Pirates held a 5-4 lead after four innings over the [illegible] favored Lumberjacks before a two-run fifth inning gave the Jacks the win.

With two out in the top of the first inning, Bemidji's Steve Donahue poked a home run over the right-field fence for the game's first run off Pirate hurler Jim Clausen. All-State selection Gary Sargent followed with a double just inside the right-field foul pole before Clausen struck out the third out.

Crookston came up with two runs in their half of the first after two men were retired. With one out, Clausen walked and went to second on a fielder's choice. An error at third base on a ground ball off the bat of Kyle Pearson put runners at the corners with two outs before catcher Ron Muir smashed a hard double to right-center for two runs.

Muir went to third on the play at the plate but was picked off the bag by Lumberjack pitcher Gary Sargent with Scott Youngquist at the plate.

Bemidji tied the contest in the second inning with Allon Killian's solo home run to left with the rest of the Bemidji batters going down easily.

Crookston was retired 1-2-3 in the second before the Lumberjacks jumped on Clausen for two runs and a 4-3 lead in the third inning.

Center fielder Dwight Degerman singled to left to start the inning but the next two Bemidji batters poped out to first base. Charlie Myers brought in two runs with his homer to right and the 4-3 advantage for the Jacks.

An inspired Crookston squad tied the game once again in the bottom of the third inning without the benefit of a hit. Roger Johnson reached base on an error at second and went to a second on a passed ball. Clausen walked after a strike out while a fielder's choice put runners on second and third with two outs. Sargent walked Pearson and forced in a run when he hit Muir in the back.

Bemidji coach Chuck Grillo replaced Sargent with Steve Donahue who retired the side with a ground ball to third base for a force out with the bases loaded.

The Pirates went in front 5-4 in the bottom of the fourth with two hits, an error and a hit batsman. Donahue hit Dale Normandin to begin the inning for the Pirates and the sophomore hurler put two men on base when he tossed the ball into centerfield on a force play. Roger Johnson followed with a solid single to right for a run and put men on first and second with no outs.

Donahue struck out the next two batters before Kevin Tiedeman [illegible] to left, scoring the runner from second base. Gary Sargent cut off the throw to the plate, however, and caught Hendrickson trying to slide into third base for the final out.

Bemidji put the game away in their half of the fifth as Degerman reached safely on an infield hit to second. A sacrifice bunt put the runner at second and an intentional walk to Gary Sargent put runners at first and second with one out.

Myers drove in his third and fourth runs of the game with a hard double to left before Clausen retired the next two batters.

Crookston threatened in the last of the seventh as Wheethouse reached base on an error. Clausen struck out but a full-count walk to Tiedeman put runners on first and second with one out. Kyle Pearson, the Pirates' clean-up hitter, ended the game with a line shot back to the [illegible] the runner at second base.

Bemidji collected eight hits to Crookston's four during the game but the Lumberjacks were guilty of three errors.

Crookston had defeated Ada Monday night 9-1 with seven hits while Pearson limited the Vikings to just three safeties. The two teams combined for 11 errors in the game with Ada committing six.

Bemidji pitchers Gary Sargent and Steve Donahue combined to strike out 15 Newfolden batters in their opening round 8-1 win. Bemidji collected eleven hits off losing pitcher Marlin Bjornrud.

TWO LINCOLN high school golfers will be entered in the state tournament Friday, June 11, on the University of Minnesota golf course. Senior Roger Lee (left) and junior Jay Moum departed early this morning for Minneapolis with LHS golf coach Jack Boyer. Lee shot a 78 and Moum a 79 in the region eight meet last week at Crookston to qualify for the state meet.

Trap Standings Still Bunched

Coast to Coast nipped the Legion 114-113 Monday night to remain the only undefeated team in the Thief River Trap League standings after five weeks of action.

Coast to Coast tops the standings with five wins and ten points while the VFW and L. B. Hartz registered wins Monday to climb into second place with eight points. The VFW dropped Bjorkman's 113-106 with the L. B. Hartz squad dropping Northern St. Bank 120-118.

In other action, Arctic Cat and Tony Dorn's shot to a 122-122 tie, A & W topped Karlstad 122-106, Johnson's Hide & Fur blasted Union St. Bank 122-112, the Times dumped the Pharmacy 122-114, Wilson Brothers defeated Lind Motors 114-105 and the Shrine broke into the win column with a 114-97 win over Custom Motors.

Coast to Coast defeated the Legion behind Harold Hugg's 22-3. Marv Skadsem 21-6, Dale Thompson 16-8, Norland Windahl 15-7 and Ike Ellingson 18-0. For the Legion, Al Paulson shot a 22-6, Tom Greelis 20-8, Dick Seulthorp 20-3, Allan Steinhauer 13-8 and John Kotaska 14-5.

VFW downed Bjorkman's 113-106 behind Ronnie Johnson with a 21-4, Tony Noel 22-2, Gubby Lane 22-2, Del Hux 13-8 and Keith Bugge 14-5. For the losers, Dave Bjorkman shot a 21-3, Dick Bjorkman 19-4, Lawrance Bjorkman 15-8, Wendy Olson 16-8 and Bob Bergen 8-8.

L. B. Hartz sneaked by Northern St. Bank 120-118, with Howard Ilsgen shooting a 21-5, Dean Anderson 22-2, Pat Fischer 24-0, Curt Bottem 19-5 and Norm Olson 17-8. Northern St. Bank received a 22-3 from Bob Phillips while Howard Thorsen shot a 19-5. Don Stewart 18-6, John Feragen 20-3 and Sandy Wilson 22-0.

Arctic Cat tied Tony Dorn's 122-122 with Arctic's Lorn Brenna recording the evening's only 25 straight. Jerome Lund shot a 21-6, Burt Lane 18-7, Ike Hoglin 18-6 and Ron Shern 18-5 for Arctic Cat. Tony Dorn Sr. shot a 22-3 to lead his team while Mark Langevin recorded a 17-8, Rick Bruggeman 23-2, Bud Brooten 18-6 and Buzz Marvin 18-5.

A & W recorded its third win, over Karlstad, 122-106 with Curt Ness hitting a 23-6, George Hannestad 20-5, Roger Rivera 17-8, Barry Fellman 22-2, and Bruce Prichard 15-8. For Karlstad, Jan Nordeen shot a 19-8, Armond Kiel 22-0, Craig Spield 17-5, Jack Olstad 11-8 and Tim Nordeen 13-5.

Johnson's Hide & Fur tripped Union St. Bank 122-112 with Frandell Johnson shooting a 23-6, Pete Duncan 20-8, Brian Daily 19-8, Harry Johnson 18-7 and Del Stordahl 14-8. Union St. Bank was led by John Moum with an 18-7, Fred Sorenson 20-3, Al Scheuneman 19-4, Arnie Narverud 17-8 and Arnie Johnson 11-7.

The Times won their second in a row with a 122-114 win over the Pharmacy as Bob Mattson shot a 24-1, Marv Lundin 23-3, Bruce Mattson 19-7, George Mostue 19-8 and Roger Anderson 18-4. The Pharmacy was paced by Mark Swanson with a 20-5, Don Wahlbeck 18-5, Stub Pahlen 18-6, Russ Embury 18-3 and Ray Thyren 18-2.

Wilson Brothers knocked off Lind Motors 114-105 with Dan Rawerts shooting a 19-8, Wally Vagle 18-8, Orville Feragen 17-8, Stan Wilson 21-1 and Si Schantzen 14-3. Lind Motors' top score was Dick Griesen's 18-7 while Hal Loge shot an 18-4, F. D. Ball 20-2, Dave Lee 17-4 and Ed Krystosek 7-6.

The Shrine clubbed Custom Motors 114-97 with LeRoy Nabben shooting a 20-7, Phil Prichard 17-7, Gene Gaer 15-8, Carl Lee 13-8 and Orvis Olen 13-8. Custom Motors was short-suited as only three shooters showed up with Mark Hagen shooting a 20-8, Steve Cyr 19-3 and Dale Schantzen 12-8. Two dummy scores were needed to fill the slack for Custom Motors.

LINCOLN HIGH SCHOOL baseball team ended their season with a 12-7 overall won-lost record. The Prowlers lost to Crookston 8-5 in the district 31 championship game ending their season. Members of the Prowler squad include, left to right front row, Rob Almquist, Jon Jensen, Kim Johnson, Tom Hanson, Brian Peterson, Ross Gutterud, Jerry Morben, Pete Sullivan and Rick Johnson. Second row, coach Ralph Skay, student manager Mike Schroeder, Bruce Johnson, Neil Nelson, Ordean Peterson, Dale Hanson, Mike Hamerlinck, Mike Hamilton, Gary Burstad, Tom Wurst, student manager Tom Jorgenson and assistant coach Charlie Cornell.

MARK LIDEN will represent Thief River Falls in the state tennis meet Friday and Saturday, June 11 and 12, on the University of Minnesota courts. The Lincoln high school junior will advance to the meet as region eight's second singles, having lost to Bemidji's Gary Condo in the regional championship match last week.

Prowlers End Baseball Season With 12-7 Record

Lincoln high school baseball squad ended their regular season with a 10-6 won-lost record and added two more victories in the district 31 tournament before having their season stopped by Crookston 8-5 in the district title game last week.

The Prowlers will lose just four seniors to graduation this season, bringing back three of the club's top four hitters next season. The four graduating seniors included Jerry Morben, Mike Hamerlinck, Dale Hanson and captain Brian Peterson. Peterson was the team's second leading hitter with a .373 average.

Sophomore Tom Hanson turned in the best performance at the plate for the Prowlers in 1971 with a sparkling .475 batting average. Hanson, playing third base and left field, collected 29 hits out of 61 appearances at the plate while walking eight times. The sophomore led the team in hits, runs, average and sacrifices with four.

Brian Paterson, second baseman-pitcher, was the club's leading scorer with 16 runs to go along with .373 average. Peterson rapped 25 hits in 67 trips to the plate and added 12 walks.

Other Prowler hitters who batted .300 or better included junior Tom Wurst who was injured most of the season but came back at tournament time to bat .375 in eight appearances; sophomore center fielder Rob Almquist with a .370 average, 20 hits and a club-leading 14 walks. Almquist was charged with just one error during the season.

Another sophomore, catcher Ordean Peterson, knocked the ball at a .338 pace with the most official appearances at the plate—71. Sophomore Jon Jensen hit .333 in limited appearances during the season and senior Mike Hamerlinck, playing first base, hit an even .300 in 60 at-bats.

Prowler coaches Ralph Skay and Charlie Cornell were naturally disappointed with the season-ending loss to the Pirates but admitted the Prowlers went with a young team this spring and they made some mistakes.

Skay said he was pleased with the over-all success of the team this season.

Task Force At 'U' Issues Report On Gov't. Surveillance

A report released today after a four-month investigation into military surveillance at the University of Minnesota finds fault with individual members of the university community and recommends both a conduct code for administrators and a reorientation of the campus police department.

Several areas of the report—most notably its finding of individual responsibility—differ sharply from a report on surveillance issued last February by Eugene Eidenberg, assistant vice president for administration.

The new report is the work of the task force on military surveillance, a body composed of faculty, students and a civil service staff member. Headed by political science professor and department chairman Samuel Krislov, the task force was appointed in January by President Malcolm Moos at the request of the university senate.

This report, unlike Eidenberg's, considers the campus police force's surveillance activities as far more serious than the question of agent access to students' files.

However, Krislov pointed out, the task force found that "files policies within other units of the university stood up well," that the number of persons damaged by surveillance activities was very small and such activities were much less prevalent than was implied by press coverage of Eidenberg's report.

Eidenberg made his report at the request of President Moos to answer charges by former military intelligence agents in the news media about university cooperation with intelligence operations. The task force's charge was [illegible] to investigate the nature and extent of surveillance on campus, determine where information is stored and make recommendations to prevent violations of university policy in the future.

The policy guiding police surveillance is a jointly drafted administrative-police document, which the task force found was violated "at regular intervals" and "at the police's own initiative."

Police practices included maintaining photograph files which included pictures of individuals, of indoor meetings, of automobile license plates and of events off campus—"justifiable only by adopting a somewhat whimsical definition of the term 'immediate environs' of the campus"—all in violation of the policy on police.

In addition, an intelligence agent recalled an incident in which Lt. Darrold Telle provided him with mug shots of three individuals, although Telle, in an appearance before the task force, did not recall such an event.

The task force faults former police chief Clinton B. Hanscom and his deputy (now chief), Andrew R. Vernes—who helped draft the policy—for not insuring that their subordinates adhered to the policy. Telle is also faulted for never having read the policy.

A need for greater emphasis on social purpose and social responsibility within the force [illegible] states, by establishing a code of responsibility. The code would establish a "sense of university lawfulness" and set up penalties and accountability in areas where dismissal is not appropriate. There is also a need for on-the-scene training, release of police for academic training and careful choice of leadership, the report states.

While the Eidenberg report concluded that more stringent enforcement of existing university policies would end most of the problems, the task force went [illegible]

"Excuses—such as those outlined in the Eidenberg report (that no useful purpose would be served by holding anyone responsible) do not mitigate the fact that the administration does not live by its own rules," the report states, and that "accountability must start somewhere."

W. Donald Beatty, university recorder and director of the office of admissions and records, is singled out for his role in allowing investigatory agents access to student files, in violation of a policy on student records adopted by the board of regents in 1968.

That policy holds that material in students' files, other than matters of public record, is confidential except under specifically defined conditions. The task force concurred with Eidenberg that for a 24-month period after the regents issued the policy, investigatory agents were still allowed access to student files on the basis of their credentials alone.

For that period the office was operating by a memo issued by Beatty which ordered that a full range of investigatory agents, from the FBI to military security to U. S. probation officers, when identified "are privileged to full access to all information without questions."

"Mr. Beatty," the report states, "no matter how sincerely, exercised bad judgement in reinterpreting the regents' policy." Further, the report states that "clear unequivocal regents' policies carefully considered should be obeyed by administrators as well as faculty and students."

The task force found that in the vast majority of cases, agents were checking student files for employment purposes, and could have produced proof that the student had authorized the opening of his file.

However, with respect to the FBI, the task force found the "reverse to be most probable: that the majority of such use must have been in the absence of possible waivers" based on evidence developed on the national level. Evidence was not available because no one from the FBI consented to appear before the task force.

Both the task force and Eidenberg state that a memo regarding student files which was issued last January should end any gaps in enforcing the regents' policy.

The task force, however, further recommends that an implementing policy be adopted which would state that public information regarding an individual be obtainable only with a written release, and which would limit exceptions to the rule. The report also recommends that the university begin developing a system whereby students can be acquainted with all the materials in their files.

The task force suggests that the administration should consider developing an administrative conduct code which includes graded penalties to insure that any further violations of university policies will be [illegible] dealt with.

Eugene Eidenberg, assistant vice president for administration who made a preliminary report on surveillance activities at the university in February, had the following comments regarding today's Krislov task force report:

"I think the Krislov task force worked hard and produced a document that is going to be of immense value to the University as it works out policies and procedures to insure that the problems that my report and the Krislov task force uncovered do not reoccur.

"[illegible] that the Krislov task force found my report both factually accurate and helpful in their deliberations. I accept their differences in judgement about the accountability for these problems in the spirit in which they were offered, and look forward to working with the members of the Krislov task force in implementing its recommendations."

Prison Officials OK University Class Project

Authorities at Stillwater state prison have given approval to an inmate study group to "reach past the walls" and share experiences with youths who may be headed for prison themselves.

The inmates, members of a University of Minnesota social science class, have received permission to tape "rap" sessions in class, film some segments of the discussion sessions, prepare a comprehensive bibliography on Afro-American studies, prepare an Afro-American studies quotation guide, release a small anthology of throughts pertaining to the project's subject, and resume a Thursday night class to coordinate the project.

Bill Wilson, class instructor and assistant coordinator for the center for urban and regional affairs (CURA) at the university, had negotiated the proposal with Robert Erickson, education coordinator at Stillwater.

"You see," said Wilson, "the proposal is based on the fact that the young black sees all the material objects that mean success in American society. Blacks that have attained some degree of success are not likely to stay in the inner-city ghetto, so the young blacks look elsewhere for success images.

"They just don't have many images to guide them," Wilson continued. "On TV they have Flip Wilson or Pearl Bailey—and that doesn't strike very close to home. They see their parents living an honest, hard-working life and still surrounded by the ghetto. And then they see the criminal with fancy clothes, a flashy car and all the money he needs."

Wilson shrugged and said, "It's easy to see which image they're going to emulate."

The class, called "Crisis in Human Relations," hopes to make taped and recorded material available to any community or educational institution or group that requests it.

"What this is, really," concluded Wilson, "is a major step in prison reform. The best way to reform a penal institution is to change the society that makes such an institution necessary.

"Right here is a start."

Pre-4th Of July Festival Planned At St. Hilaire

Plans for a pre-Fourth of July celebration at St. Hilaire have been announced by Louis Longtin and Larry Kruse, general chairmen for the event. Activities will take place on Saturday, July 3, with games and contests all day.

Main events include a boat race from Thief River Falls to St. Hilaire, starting at 8 a.m. at Riverside park. Entry fee will be $4 per boat with cash prizes of $50, $25 and $10.

Starting at 12:30 p.m., foot races, bike races, sack races and three-legged races will be held for the youngsters with prizes to be awarded.

Snowmobile racing will be held at 2 p.m. with $4 entry fee and cash prises of $50, $25 and $10. Parade will be held at 3 p.m. with prises of $15, $10 and $5 for the best floats and special cash prises for kiddie entries.

Demolition derby will be held at 4 p.m. with entry fee of $5 and $100 in prize money offered. Softball will be played at 7 p.m. and a greased pig chase is also planned. Fireworks will conclude the day at 9:30 p.m.

To enter any of the competitive events, contact Louis Longtin or Larry Kruse at 964-2031 or 964-2835.

ONE JOB LEADS TO ANOTHER

IT'S IN THE BAG. It's safe and sound. It's two expensive camera lenses in very inexpensive protective foam cups. This novel use for foam cups was discovered by a professional photographer on assignment to get pictures of foam cups and containers in their many day-to-day uses for hot and cold beverages and foods. Pittsburgh photographer Bud Harris says it works, [illegible] them from now on to protect his working "tools", which is fine with the Foam Cup Manufacturers Division of the Society of the Plastics Industry. Meanwhile, foam cups continue to be used by the billions for the usual reasons since they maintain the temperature of the foods they are used for at least 30 minutes longer than any other disposable container.

The percentage of fat in milk produced by Minnesota cows is only 3.55, one of the eight lowest averages in the nation.

Cyclamates Again Show On Shelf, Ag Dep't. Says

Food products illegally adulterated with cyclamates are popping up on retail shelves again in Minnesota, agriculture commissioner Jon Wefald warned consumers.

He said Minnesota department of agriculture inspectors are condemning and requiring immediate destruction of these products.

Cyclamates were banned by the U.S. food and drug administration last year when research indicated this artificial sweetener may be hazardous to human health. State enforcement was automatic because of the Minnesota law forbidding adulteration of food products.

Commissioner Wefald reported the highest incidence of finding the banned food products containing cyclamate currently is in northern Minnesota. Some was carryover stock that had not been disposed of, but most was in fresh shipments to grocery and drug stores from out-of-state suppliers.

State inspectors have found no violations by Minnesota based food and beverage processors. Commissioner Wefald noted that these Minnesota industries were among the first in the nation to voluntarily eliminate cyclamates from their formulas when the federal authorities indicated the health hazard more than a year ago.

Inspectors have reported excellent cooperation from retailers in properly disposing the contraband items under the inspector's supervision. The retailer is provided an official certification of the action, so he may demand any proper credit from his supplier. Federal authorities also are advised of the findings, so any further action warranted may be taken against suppliers in other states.

Commissioner Wefald said that if necessary to totally remove all cyclamate adulterated products from Minnesota, the state inspectors are armed with legal authority to seize the illegal items when voluntary cooperation is denied.

ALONG THE TRAIL

Novices tend to follow the path, especially when it is straight and narrow. But even with experienced, riders there can be unexpected turns, and it's possible to get lost.

In life there are very few straight paths. It is extremely easy to come upon an unexpected turn, and to encounter doubt, confusion, even despair.

Horseback riding is not compulsory. But you do have a life—and you have to live it. The way is up to you. If we get lost, we can give up, but with the help of the Church, you will find a trustworthy guide which will renew your faith and clear the way to the path of eternal fulfillment.

Rock City Gardens Recognized

As Successful Ecology Experiment

LOOKOUT MOUNTAIN, Tenn. — An experiment in preservation of the environment 40 years ahead of its time is currently being re-examined as perhaps the world's foremost existing proof of man's yearning to enjoy earth's wonders in their natural state.

The experiment is a ten acre tract of land on Lookout Mountain overlooking Chattanooga Valley. Its name is Rock City Gardens.

Named by early settlers because of its remarkable rock formations, Rock City was developed in the late 1920s as a garden in which visitors could observe the kind of beauty only nature can create.

The owners, Mr. and Mrs. Garnet Carter, established a careful program to preserve and enhance existing vegetation. Today, Rock City has more than 400 different species of plants native to the region.

The natural stone formations at Rock City amaze scientists. The huge rocks in their strange shapes stand as examples of erosion by wind and water over some 20 million years.

With ecology making today's headlines, Rock City, already world famous as a tourist attraction, is coming into the limelight again, this time as an important and far reaching example of how areas of natural beauty may successfully be set aside for the enjoyment of generations to come.

For information about the Gardens, write P.O. Box 173, Chattanooga, Tennessee.

She worked all afternoon helping some of the ladies get filling ready for pillows. Mr. and Mrs Albin Wikholm of Karlstad and Swan Lindstrom joined us for the afternoon. William Wikstrom stopped by for coffee and gave Sarah a ride home. Bertha Holmstrom, who has spent some time in the hospital again has been released and is now at her son Elmer's home. Work on Thursday was similar to most work days, only this week Amanda started to weave on the loom. Florence continued on the yarn pillow top, Sarah and Mabel continued to make refrigerator ornaments, Dolly planted some flowers in the garden, Ella sewed on quilt blocks, and other ladies present prepared the filling, stuffed and sewed bed pillows, and the men helped rip Arctic material for filling for pillows, and later played whist. Thanks to all who donated seeds and plants for the Senior Citizens Garden. Mildred, Ella, and Dolly have been working up there this past week. The town is already taking on the "Good Look" again, as three of the Senior Citizens are back on the job to help beautify the town. Thursday all members present voted to purchase a new lawn mower. This should help make lawn mowing a bit easier for them, since they have so many vacant lots to go over. Mrs. Ed O. Stennes was hostess for Thursday's meeting.

Those who called at the Louis Larson home in town and at the farm on Memorial day were Wejmer Newman, James Larson and sons, Larry Johnson of Warren, Mr. and Mrs. Donald Larson, Dion and Tina, Mrs. Helen Porter and Mr. and Mrs. Emil Fletten and daughters of Roseau.

'Taj Mahal' Of The Train World

The railway station of Kuala Lumpur, Malaysia's capital, has been described as "The Taj Mahal of the Train World", and one of the most unique and beautiful. It seems to be designed by an architect who had a sultan's palace in mind. Somerset Maugham arrived at the station once and wrote about "the charming incongruity" of this magnificent edifice built sixty years ago. Photo shows part of the entrance and the corner minarets.

$2175*
Maverick 2 door
$176** less than Nova 2 door

The little carefree car. Pinto is small, like the economy import, but it's bigger in value. And price is only the beginning. Pinto calls for only half as many oil changes as VW. One-sixth the chassis lubes. So easy to service that you can do most routine maintenance yourself. And Pinto is bigger on performance: it has a 75-hp engine that has averaged over 25 mpg in simulated city/suburban driving. Sports-car type rack-and-pinion steering. Wider stance and lower silhouette.

The Simple Machine. Maverick's price makes it simpler to own than Nova. But that's not the only reason we call it the Simple Machine. Maverick's simple to drive and park because of its shorter wheelbase and smaller turning circles. Simple to service because it's been designed for easy care. Maverick offers a 4-door sedan for a low price of $2235* ($145** less than Nova 4 door). Or choose the sporty Grabber model. A choice of an economical V-8 and three thrifty Sixes.

*Ford's suggested retail price for Pinto and Maverick. However, the models shown are equipped with accent group (Pinto $60, Maverick $52) and white sidewall tires ($29). Destination charges, dealer preparation charges (if any), state and local taxes are extra.

Individual Role

The next five years will be critical in this country's history because of a growing dissatisfaction with governments as they are presently organized, one of the nation's leading business spokesman forecasts.

Dr. Carl H. Madden, chief economist for the Chamber of Commerce of the United States, asserts that taxpayers are becoming "fed up with government" and the unalterably rising tax bill which the Federal, state and local governments keep presenting. These taxpayers are seeing their hard-earned dollars go for more and costly programs which fail to deal effectively with the nation's problems, Dr Madden deplores.

The answer is not a greater role of government but returning "the flow of power and money to U. S. families, allowing them to make more of their own decisions," the National Chamber spokesman says. Tax relief was successful in inducing growth and reducing unemployment during the mid-50's and mid-60's, while recent problem-oriented spending programs such as the war on poverty, welfare, and compensatory education have been "unproductive and unsuccessful in reaching their goals," the Chamber federation's economist states.

Tax relief will not only be a spur to the economy but provides "a greater role for the individual in the national decision-making process," Dr. Madden points out.

Moose Shooting Season

Thanks to the efforts of the Minnesota department of natural resources, the 1971 legislature and a large number of Minnesota sportsmen, Minnesota will have a moose shooting season in the fall.

We choose to call it a moose shooting season rather than a moose hunting season because it shouldn't be much of a problem to bag one of the big animals. With four hunters permitted per license and only 400 licenses offered, the total take should be very close to 100 per cent. Moose have not been molested for many years and are certainly numerous enough so that they should be easy to find.

Opening of the moose season is a good thing in the state. It will permit the harvest of a valuable species which has been going to waste—except for those occasionally taken illegally and added to some family's table fare. It will also reduce over-browsing in the area which moose share with deer, therby helping both species to survive during the long winters.

Reducing numbers will improve the quality of the total moose herd from the standpoint of health, although, of course, those animals taken during the season will have no long-range health benefits.

With a license fee of $100 per license ($25 per hunter in groups of four), it will undoubtedly cost the natural resources department money to implement the season. Arranging the zones, conducting the lottery and supervising and enforcing rules of the trial program will cost much more than the $40,000 license revenue.

But we feel that the moose season is a step in the right direction. It now remains for sportsmen to accept the season as a privilege and to conduct themselves accordingly when they hunt. Since 250 of the licenses will be issued for northwestern Minnesota (that's us, folks), we will have a chance to witness the season's results first-hand. It will be interesting to find out the results

For Your Information

Figures recently released by Minnesota Blue Cross Blue Shield and MII indicate the rapidly rising costs of hospital care. Anyone who has had occasion to make use of hospital services recently is aware of the change. For general information, however, here are some figures to ponder:

Hopital charges in Minnesota have increased by an average of 12 per cent over costs a year ago, according to a "Cases Paid Study" just completed by Minnesota Blue Cross.

The average length of stay has decreased somewhat during the same time period

Minneapolis hospital have the highest average charges in the state with an average daily charge of over $100. The average length of stay in a Minneapolis hospital is 7.82 days.

St. Paul has a daily average charge of $92.26, and an average 8.51-day stay.

Duluth has a $74.80 daily average, and an 6.48-day average say.

Outstate Minnesota (excluding Minneapolis, St. Paul, and Duluth) has a $74.80 daily average charge and a 5.94-day average stay.

Overall, Minnesota acute care hospitals average an $88.24-per-day charge, with a 7.19-day average stay.

(The higher figures for Minneapolis-St. Paul hospitals reflect to a large degree the fact that more serious cases are often transferred to Twin City hospitals—with a resultant increase in the cost of providing care.)

The average charge figures include both the room and board charges and the ancillary costs (other hospital expenses such as X-rays, operating rooms and in-hospital drugs).

Don't Take A Chance

Several notices and warnings have been given by the athletic department at Lincoln senior high school in regard to student participation in summer camps or clinics for athletes. Participation in a camp or clinic not approved by the Minnesota state high school league could result in loss of eligibility for high school athletic participation.

Since the rules have been outlined in other articles, we will not go into them here. Let it suffice to say that a student who values his opportunity to compete in high school programs would be wise to check with the local school athletic department before enrolling in any summer camp or clinic program. There is a list of sanctioned activities available, and a few minutes spent in checking could save a lot of time on the sidelines next season. Don't take a chance—it isn't worth the risk.

What Is A Farmer?

Following editorial is from the Wadena Pioneer Journal:

In all business there are no other men just like farmers. Farmers are a diminishing class of specialists that do many things well. They come in all sizes, shapes, colors and ages.

Farmers are eternal optimists who expect that the next year will bring better conditions than the floods or drouths or freezes or insect infestations they have endured every year in the past.

A farmer can keep a $5,000 machine working with a piece of baling wire, an off-size bolt and the lid from an old tin can.

Farmers don't belong to unions, don't have 40-hour work weeks, don't need sleeping pills and don't like neck ties or fast talkers.

Farmers witness the miracle of birth and the certainty of death and sense an order behind it all.

Farmers are men who teach their sons and daughters responsibility and workmanship before the youngsters move to the city to go to work in industry.

Farmers are patience in overalls waiting for the rain to stop, for seeds to sprout or for a calf to be born.

Farmers see the sunrise and walk alone under the stars, they are strengthened by faith in a higher being.

Farmers are practical family men that are sincere and natural and don't try to appear as something they are not.

Farmers risk all the hazards of other businesses and, in addition, endure the uncertainties of weather, insects, disease and politicians.

Farmers are persistence with a sun bronzed face, starting again after a hail storm has wiped out a year's work.

Farmers are exhaustion with 326 bales that must be lifted and hauled to the barn after dark before laying down to rest.

Farmers are the kind of courageous, hard working, persistent, practical, fair minded men that other men imagine themselves to be.

Finally, farmers are the brunt of jokes, the whipping boy of editors, and the sacrifical lambs of politicans.

In spite of all the criticism farmers get, an indication of what people really think is revealed in that, almost every man considers himself a farmer at heart.

Phil Porter

Letters to the Editor

Mr. Editor:

I can't let your reprint of an editorial under the heading of "They Must Be Kidding" go unchallenged as it is nothing more than a vicious attack on labor. Since your reprinting of the article amounts to an endorsement on your part, you are saying that union wages are the prime cause of inflation in this country. Let's take Thief River as an example. In September of 1968 top union wage for factory assemblers was $2.53 per hour two years later in Sept. 1970 it had risen to $2.78 per hour an increase of 25 cents or not quite ten per cent. But in those same two years the price of a snowmobile almost doubled! It is extremely illogical to suggest that a 10 per cent increase in wages was the prime factor in a 100 per cent price increase. With union wages at 1 dollar above the federal minimum, rent and housing in Thief River had increased 200 to 300 per cent. It's natural to want to strike out at something in these trying and frustrating times but let's direct it at the real problem, an unjust war and the ruinously extravagant spending of the military establishment that has driven taxes to all time highs. They are destroying the country defending us from a non-existent enemy. Along with high taxes let's not overlook excessive company profits and the greed of individual opportunists when they find themselves in a position to gouge the working men. But the men and women who work for union wages are your friends and neighbors. They buy your newspaper if they have any money left after they pay their rent and taxes.

I can't help but feel that it would be an enlighting experience for you to spend some time working on a factory assembly line for union wages. I think it would change the editorial policy of the Thief River Falls Times.

Your Truly,
Doyd Johnson

Butterfat produced by Minnesota cows commands the highest price in the nation. The milk from which the fat is extracted brings Minnesota farmers the lowest price in the nation.

Legis Lative Letter

from ANDREW SKAAR

STATE REPRESENTATIVE

About the last thing that any member of the legislature, and presumably any citizen of the [illegible] is a special session of the legislature.

The present special session which began on the day following the adjournment of the regular biennial session, is directly related to the desire of the legislature to provide real estate tax relief for our taxpayers.

Due to the growth in tax revenues partly resulting from inflation, it would have been possible to balance a modest budget based on that of the previous session without any tax increases.

I am sure there would be considerable support for the legislature doing just that. However, because we are very much aware of the need for relief of real estate taxes, the special session became necessary.

During the regular session the governor proposed about $8 hundred million dollars worth of new taxes. While this was rejected as a package by the House, the level of real estate tax relief which the House voted to provide would have required about $470 million dollars in new taxes. In the meantime, the Senate proposal, sponsored by Senator Dietz, chairman of the Senate tax committee, would have resulted in about $600 million dollars in taxes.

The proposals of the governor and the House are mainly based on adjustments and changes in existing conventional taxes. The Dietz proposal which the Senate adopted, was a completely new and different approach and involved the adoption of a value added tax.

The value added tax has been used in foreign countries, but in the United States very few states have tried this concept. One neighboring state, the state of Michigan, tried it several years ago, but has since repealed it and gone to the conventional forms of taxation that most states use.

The House tax committee, after hearing the value added tax in joint meetings with the Senate tax committee, again considered the House tax proposal and passed it out to the floor of the House. This bill will very likely be passed on Friday and go to the Senate for their consideration. The Senate version is likely to be different and the two versions will then go to conference.

The plan in the House is to make certain that a tax measure be enacted in a responsible way so the needs of the state can be met and the future economical growth of our state will not be impaired.

Although Minnesota ranks third in milk production, it ranks fifth in the nation in income from dairying.

Meet our 'easy riding' Radial ply

45.95 plus 2.66 fed. tax and old tire ER70-14 whitewall tubeless

Some radial tires are made with steel belts. While they give long wear and stability, the ride you get is relatively hard and rigid. Penneys Survivor is an easy rider. It's made with a two ply rayon cord body reinforced with four belts of rayon. This gives the tire tremendous strength and long wear (that's why we named it the Survivor). It gives you a truly soft ride, along with improved traction on slick roads, better cornering and handling. If you do a lot of driving, we urge you to try Penneys Survivor radial ply tires. They're well worth the price.

GENERAL NOTICE
— to —
DESTROY WEEDS

Notice is hereby given this 9th day of June 1971 pursuant to Minnesota Statutes 1965, Sec. 18.271, all owners, occupants, agents, and public officials in charge of lands in Pennington County, Minnesota, that noxious weeds standing, being, or growing on such lands shall be destroyed or eradicated by effective cutting, tillage, cropping, pasturing, or treating with chemicals or other effective methods, or combination thereof, approved by your local weed inspector, as often as may be required to prevent the weeds from blooming and maturing seeds, or spreading by roots, root stocks, or other means.

Upon failure to observe this notice, the local weed inspector is required to proceed pursuant to the law and have the weeds destroyed by such methods as he finds necessary, the expenses of which shall constitute a lien and be entered as a tax against the land, and be collected as other real estate taxes are collected, or by other means as provided by law.

In all cases said notice shall be deemed legal and sufficient notice by order of the township and municipality weed inspectors of Pennington county.

Meat Balls Go Hawaiian

The blending of sweet and sour flavors adds zest and variety to the cuisine of many different lands. Sweet and Sour Meat Balls is Hawaiian in inspiration—an adaptation of Oriental cooking to the ways of American kitchens. Serve it with fluffy rice. The entree is good for company entertaining on a budget for it is low in cost yet boasts an elegant company air.

Sweet and Sour Meat Balls

- 1 pound ground beef
- 1 teaspoon salt
- ¼ teaspoon pepper
- 1 tablespoon corn oil
- 1 (13¼-ounce) can pineapple tidbits
- ½ cup pickle relish
- 2 tablespoons soy sauce
- 1 clove garlic, minced
- 2 tablespoons corn starch
- ¼ cup water
- ½ green pepper, cut into thin 2-inch strips

Mix beef with salt and pepper and shape into 1-inch balls. Heat corn oil in skillet over medium heat. Add meat balls and cook, turning or shaking, until browned on all sides. Add pineapple and syrup, pickle relish, soy sauce and garlic. Mix corn starch and water; stir into meat mixture. Cook, stirring constantly, until mixture comes to boil and boils 1 minute. Stir in green pepper. Reduce heat, cover and simmer 5 minutes. Makes 4 servings.

What To Do With Common Drunks Puzzles Police

A group composed mainly of law enforcement officers from northwestern Minnesota left a Friday meeting at Bemidji State College shaking their heads over what to do with common drunks after July 1.

Their plight is caused by a bill passed by the Minnesota state senate March 15, the house March 18, and signed into law March 29 by Governor Anderson which forbids law officers from making arrests for drunkeness or public drunkeness.

The bill goes into effect July 1, and provides that "no person shall be charged with, or convicted of, the offense of drunkness or public drunkeness."

While this bill does not forbid the officers from arresting an intoxicated person for other offenses, and does make it plain that intoxicated persons are liable for injury to persons or property, it now becomes illegal for an officer to charge a person with drunkness, or confine intoxicated persons in a jail or any structure adjacent to a jail.

The intent of the bill is apparently meant to place intoxicated persons in the care of professional health personnel in detoxification centers where they can be sobered up and diagnosed for treatment if necessary.

At present there are few facilities of this type in northwestern Minnesota. Officers must begin complying with the legislation July 1 and it is doubtful that adequate facilities can be arranged in many areas.

The officers charge that most hospitals refuse to accept drunks, and are rarely equipped to handle them when they do accept them. This usually results in a second call, for police to restrain the drunk in the hospital.

A bill has been approved by the legislature calling for establishment of detoxification centers in every area mental health board district by July 1, 1973, but this leaves no alternatives in the interim.

Spokesmen for the attorney-general's office point out that two avenues now appear open to local government. They may make arrangements with some agency to establish a detoxifcation center, or they can charge drunks under other laws.

"Obviously the law is intended to help the drunk, so that he can get treatment for his illness if he needs it, and so that he doesn't hurt *himself* or *someone else*," a spokesman of the state attorney said at the meeting. "The problem is that the rural areas have so few places for officers to place drunks to comply with law, and the time is so short.

County boards, and county welfare boards, are charged with the responsibility of establishing detoxification centers and the feeling of the group at the BSC conference was that county officials will be rapidly forced to find solutions for the problem of drunks.

The law does provide that officers can take an intoxicated person home, and the participants at the meeting pointed out that Northwestern hospital at Thief River Falls already has the required facility for that area, and that Sunnyrest center at Crookston will have such a center by the July 1 date.

Insect Battle In State Begins In Southeast

Southeastern Minnesota may be the first battleground this season in the annual economic war against insects that can devastate farm field crops and raise consumer food prices, reports Agriculture Commissioner Jon Wefald.

European corn borers, one of the major insect problems forecast this year, were found in the pre-flight caterpillar state in Olmstead county. Limited field checks indicated the first pupation averaged six per cent.

Farmers in the southern area of the state should prepare to take control action against the corn borer moths in two to three weeks, under normal weather conditions, Commissioner Wefald warned.

Minnesota department of agriculture crop surveys indicate the corn borer moth problem will hit the state's major crop at the knee-high stage, because this year's corn stand is 10 days to two weeks ahead of normal growth.

The department's special current pest report also warns of potential problems, primarily in southeastern Minnesota, from seed corn beetles, alfalfa weevils, potato leafhoppers, meadow spittlebugs, pea aphids and grasshoppers.

Aphids also pose a new threat this year for nurseries and owners of Black Hills spruce trees. An unidentified species of aphid was found damaging a significant number Minnesota grown spruce trees in a metropolitan area nursery.

Inspection of all Black Hills spruce trees for aphid damage, principally wilting of new growth, is urged. Recommended pesticide control action should be taken immediately, as the aphids can cause serious damage to these trees. The department recommends several pesticides, including Malathion and Meta-Systox-R, used only as label directs.

In cooperation with the University of Minnesota, the department's special pest control program also has activated the black light trap collections in several areas of the state, to catch and identify insects in the moth stage, for forecasting the severity and location of the wide range of agricultural insect problems.

"COMPETITION?...HAH!" laughs Bobbi Knutson's quarterhorse "Doc" as they prepare for entry in the Minnesota state high school rodeo June 18-19-20. Bobbi, 18-year-old daughter of Mr. and Mrs. Robert Knutson of route 3, Thief River Falls, will enter the state queen contest and also compete in barrel racing, pole bending and break-away roping. And despite her mount's confidence, she knows competition will be strong in all phases of the event. The horse is just living up to his real name—"Impulsive"—by his horsing around in the above photo.

Bobbi Knutson Will Enter State Rodeo

by Marvin Lundin
Times Editor

When diminutive Bobbi Knutson reins her quarterhorse into a high speed tight turn around the barrel, it seems like a dangerous way to have fun. The lush grass in the practice field looks slippery.

"He's fallen on me a couple of times," Bobbi admits, "but I haven't been hurt or anything. You kind of learn to scramble out of the saddle when you have to." When asked if it wasn't a dangerous sport, she countered with: "Nothing has happened to me yet."

This weekend Bobbi, just an inch over five feet tall, will compete in four events at the Minnesota state high school rodeo in Granite Falls. It will be her third appearance at the rodeo and she is looking forward to all three days. In addition to competing in barrel racing, pole bending and break-away roping, she will be a contestant in the state rodeo queen contest.

The 18-year-old daughter of Mr. and Mrs. Robert Knutson and a 1971 graduate of Lincoln high school, Bobbi has been working her horse once or twice a day for the past couple of weeks. The seven-year-old registered quarterhorse is Bobbi's third horse and the first registered one. She has had her own horses since eight years old and has been riding since she was six. While the horse's name is officially "Impulsive", she prefers to call him "Doc".

Bobbi's father bought "Doc" at an auction in Minneapolis four years ago and Bobbi has ridden him at the state rodeo, at horse shows at Cook before moving to Thief River Falls two years ago, and at the Thief River Falls saddle club horse show last summer. Sunday she entered the show at Oklee.

At Granite Falls she will ride with other queen contestants in a grand entry Friday evening. On Saturday morning she will be judged for horsemanship with the other candidates, then participate in a queen's luncheon with the judges. The coronation of the new queen will take place Sunday afternoon. In between these events, she will be riding in competition.

The 16th annual high school rodeo will be held at the Lee-Mar Ranch two miles west of Granite Falls where seating for over 5,000

Mrs. M. Walla Re-elected As Mission Pres.

Mrs. Melvin Walla of Thief River Falls was re-elected president of the Women's Missionary Federation of the Association of Free Lutheran churches at its annual meeting held last Wednesday and Thursday at St. Paul's Lutheran church in Cloquet.

About 160 women were registered for the ninth annual federation meeting. They adopted a budget of $22,000 for the next fiscal year. Mrs. John Abel, who with her missionary family will return to Brazil this summer, conducted the Bible study.

James Muzzy At Dairy Congress

James R. Muzzy of Route 2, Thief River Falls, has entered five head of registered Holstein cattle in the 1971 National Dairy Cattle Congress Tuesday through Saturday at Waterloo, Iowa.

Over 800 top dairy animals are expected to compete in six breed classifications—Ayrshires, Brown Swiss, Guernsey, Holstein, Jersey and Milking Shorthorn. The dairy cattle will be in Waterloo June 15-17.

FFA and 4-H members and junior exhibitors start with a dairy show Tuesday afternoon, with open class Guernseys, Holsteins, and Milking Shorthorns being shown on Wednesday morning.

SHAPE-UP is the name of a new clothing store geared to the younger generation and expected to open in about a month in Thief River Falls. Location of the store is on LaBree avenue next to the Falls Theatre and formerly housed Grundy's Office Supply store. Richard Bjorkman, store owner, said that the store will be stocked with pants, shirts, boots and other items designed to please the tastes of teenagers. Clerks will be young people and teenagers will be made to feel that the store is designed for them. An artist's design of the store front is shown above. The drawing of the man with mustache and top hat will be the store's symbol—showing the modern features of the young look with the hat which has typified clothing quality for many years.

Summer School Starts Friday

Summer school sessions for elementary and high school students will start Friday, June 18, at 8 a.m., according to school officials in charge of the various sessions. Bus service will be provided for rural students and across town to Franklin and Mark Twain schools. Buses will operate the first day of the summer session. All elementary students are to report to Mark Twain school and all high school students to Franklin school at 8 a.m. Friday.

School Board To Meet Tonight

Approval of five contracts, including that of Dr. William S. Corliss as superintendent, and acceptance of three resignations are included on the agenda of the Thief River Falls board of education for tonight at 8 p.m. in Lincoln high school.

Acceptance or rejection of bids is also scheduled for portable school buildings, with the bids to be opened at 3 p.m. today at the superintendent's office. Resolutions of commendation for retiring teachers Mrs. Alice Vraa and Blanche Larson are also on the agenda.

Ralph Luhman Is District Governor Of Lions Clubs

Former Thief River Falls resident Ralph A. Luhman was recently elected district governor of Lions club district 5-M3 at its 53rd annual district convention at Moorhead.

Luhman, currently living in Ada, and his wife, Hilda, will leave for the international Lions convention next Friday. The convention will be held in Las Vegas, Nevada, June 22-25. A three-day seminar for all newly-elected district governors totaling about 490 men from 146 countries will be held June 19-21 prior to the convention.

The Thief River Falls Lions club is part of District 5-M3 of the multiple district, which consists of all of Manitoba, six clubs in the southwestern part of Ontario, and the northwestern part of Minnesota. There is a total of 74 clubs in the district.

Luhman, who will be installed as district governor at the convention, is expected to make an official visit to each club in his district during the year he is in office. Since it is about 1,400 miles from Churchill, Manitoba, to Breckenridge, and about 500 miles from the most easterly club in the district in the Kenora area to the western border of Manitoba, it will require about 30,000 miles of travel for Luhman to visit all the clubs.

GOODRIDGE '56 CLASS REUNION

Reunion of the Goodridge high school class of 1956 is scheduled to take place the evening of July 3 at the American Legion club in Thief River Falls. Anyone interested in attending from any class is welcome and should contact one of the members of the 1956 graduating class.

Wool Referendum Voting Deadline Slated June 18

Ballots voted by producers in the mail referendum on wool and lamb promotion are now arriving in the county ASCS office, according to Winton Knutson, chairman of the Pennington County Agricultural Stabilization and Conservation (ASC) committee.

"Friday, June 18, is the last day for voting. Ballots not received in the county ASCS office by close of business on that date cannot be counted," he said.

Producers eligible to vote in the referendum are all those who have owned sheep, six months of age or older, for 30 consecutive days during 1970.

An agreement between the Secretary of Agriculture and the American Sheep Producers council (ASPC) provides for (1) the U.S. Department of Agriculture and the ASPC to set deduction rates not to exceed 1.5 cents per pound from payments to producers on wool marketed in 1971, 1972, and 1973 and 7.5 cents a hundredweight on unshorn lamb payments; and (2) the ASPC to use the deductions to continue to finance advertising and sales promotion programs to encourage the use of wool and lamb products.

The new agreement would be similar to four previous agreements approved by wool producers since 1954.

To become effective, the agreement must be approved nationally by two-thirds of the number of growers voting, or by growers producing two-thirds of the total wool production represented in the referendum.

If the agreement is not approved, no deductions will be withheld from producer payments on 1971 marketings. ASPC programs would continue as long as reserve funds permit, or until wool producers approved some other agreement.

Mayor Jacobson Wins Award For Public Service

Thief River Falls mayor Dr. A. E. Jacobson and Richfield mayor Stanley W. Olson received the 1971 C. C. Ludwig award for distinguished municipal service at the annual banquet of the League of Minnesota Municipalities last Thursday.

The award is named for C. C. Ludwig, executive director of the league for 24 years. The award was presented by Arthur Naftalin, professor of public affairs at the University of Minnesota and a former mayor of Minneapolis.

Dr. Jacobson, 77, was cited for a continuous record of public service which began in 1927, when he formed the Thief River Falls park board and served as its chairman. He has also served as a member and chairman of the school board, as alderman, and as mayor since 1968.

Currently a member of the advisory board of Northland state junior college, he has been active during his long civic career. He served as director, executive secretary, and president of the state school board association, and as a member of the state board of education. In 1947 he was named outstanding school board member in Minnesota.

He was also cited for expanding economic, cultural and medical facilities to meet the growing needs of Thief River Falls' growing population and was instrumental in encouraging the building of new housing. He is currently a trustee of the Minnesota Mayors association and has also served as a trustee of the League of Minnesota Municipalities.

COSMETICS by the numbers are packed by Gayle Nepper, Miss Thief River Falls of 1970, as she prepares to leave for the Miss Minnesota pageant in Austin this week. Gayle will compete in preliminary evening gown, talent and swimsuit competition on Wednesday, Thursday and Friday respectively, with the finals to be held Saturday evening. Tickets for the pageant in Austin are available by writing to Ticket Service, Miss Minnesota Pageant, P. O. Box 397, Austin, Minn. 55912. A 1970 graduate of Lincoln high school, Gayle is a nursing student at Duluth.

90 From Northland Graduate On Friday

Commencement exercises for Northland state junior college were held in the Lincoln high school auditorium Friday night with 90 students representing 32 communities receiving junior college diplomas.

Thomas J. Clifford, dean of the college of business and public administration of the University of North Dakota, delivered the commencement address. The Rev. Keough Patnode of St. Bernard's church offered the invocation and the benediction. College president Victor Charles introduced the class and Dr. A. E. Jacobson of the college advisory committee presented the diplomas.

Asks Farmers To Delay Mowing On Diverted Acres

Winton Knutson, chairman of the Pennington county ASCS committee, asks producers who are participating in the annual wheat and feed grain programs to give serious consideration to delaying mowing of set-aside acres under the wheat and feed grain program, the designated acres under the cropland adjustment program, ditchbanks, roadside ditches and fence lines until July 15.

This will give the ground nesting birds and their young a better chance of survival.

This does not mean that you are not to cut or spray noxious weeds that are a problem. These should be spot-sprayed or clipped at least six inches high if done before July 15, Knutson said.

Producers participating in the programs are required to control noxious weed on acres in the programs in order to be eligible for payment. The cooperation of all producers will be appreciated, Knutson added.

Mrs. Alice Vraa Quits Classroom

by Pete Valkert
Times Reporter

A career instructive for both teacher and students came to end last week as Northrop elementary school said farewell to its students before closing up shop for the summer.

Mrs. Alice Vraa, third grade teacher at Northrop school for the last 14 years, cleaned out her desk for the last time, leaving behind her career at Northrop, two years as a teacher at Strandquist, and ten years as a teacher in rural schools in the Thief River Falls area.

Born in Thief River Falls and a graduate of Lincoln high school, Alice Vraa received her bachelor of science degree in education from Bemidji state college and for the last 14 years taught at Northrop school.

Interviewed in her carefully decorated home filled with mementos of her many years of teaching, she talked of the changes she has seen in her students over the years.

"Mostly, I've found the children now are more aware of what is going on in the world than they were when I first started teaching," she reflected.

"TV has influenced them the most, I believe," she said. "I remember I once told my husband, shortly after most families were beginning to have television sets in their homes, that if we didn't buy a TV soon, my students would know more than I did. They would come to school asking me questions about things I thought they knew nothing about."

She is not totally in favor of television as an educator, however. "Faculty members in the school system here have discussed television as an educational tool, and we eventually will use it here in Thief River Falls—strictly as an educational aid."

Mrs. Vraa deplored the excessive amounts of violence in children's television programs, especially the Saturday morning cartoon programs. "Of course," she said, "this is balanced by such special programming as the moon shots—my students showed so much interest in them."

She related that she had seen many changes in educational methods during her years of teaching.

"We have learned to use so many new materials," she said. "When I first started teaching, we never dreamed of such things as tape recorders, and for years the schools never thought of owning a record player—I had my own phonograph in my classroom for several years," she said.

"All the visual and audio aids have helped the children a lot," she said. She added that during her years as an elementary school teacher, she discovered that each child is of a different nature, a human being trying to develop.

"In rural schools," she said, "you find yourself teaching all eight grades and trying to give each of the grades instruction within a ten-minute class session, while still trying to check on their progress and check their

Installing officer will be Clarice Collins, past president on both the local and district level. Mrs. Collins is presently serving as civic participation chairman of the State association.

The meeting will begin at 6 p.m. with a dinner. Entertainment will be provided by the BPW trio composed of Marilyn Winters, Agnes Hanson and JoAnn Reeve.

Included on the agenda will be the *state convention reports* and a resume of the year's activities by the chairmen of the various committees. Jubilee style show committees will be named and a progress report of the event will be heard.

All members are encouraged to attend. Those who have not already paid their membership dues are urged to do so at this meeting.

TOPS Dieteers Crown Queen, Establish Trophy

Crowning of the monthly queen and the establishment of a traveling trophy highlighted the regular meeting of the Thief River Falls TOPS Dieteers held Monday evening.

Crowned as queen for the month of May, for having the greatest weight loss was Carol Johnson. She showed a loss of eight - pounds. Tying for first runners up were Eladee Olson, Diane Nowacki and Gloria Andersan. Second runners-up were Charlotte Lemke and Gloria Wheeler.

The traveling trophy was established for those showing the greatest weight increase during the month. This trophy, a pig lawn ornament, is to be displayed in the winner's yard for a week.

During the business session, it was also decided that during the summer months, business sessions will be held only on the first and third Mondays of the month. Weigh-ins will be held every Monday as usual.

Alma Church Family Night Set For Wed.

Family Night, sponsored by the Alma American Lutheran Church Women, is scheduled for Wednesday at 8:30 p.m., at the Alma Lutheran church, located eight miles east and two miles south of Argyle.

In connection with the special study for 1971, "The Americas—How Many Worlds", Rev. and Mrs. Charles Lindgren, Hallock, will provide the program. The Lindgrens spent two and one-half years in Bolivia, S. A., under the auspices of the World Mission Prayer League. They will show slides of Lutheran work in Bolivia, sing duets in Spanish and Aymara (Indian) languages, and display articles made in Bolivia.

Lunch and fellowship will follow the program. The public is welcome to attend.

Carlson-Eriksson Engagement Revealed

Mr. and Mrs. Reinhold E. Carlson of Kennedy announce the engagement of their daughter, Karyn, to Arlon Eriksson, son of Mr. and Mrs. Algot Eriksson of this city.

Miss Carlson is a graduate of the Kennedy high school with the class of 1968. She is presently employed at Northwestern hospital in this city. Her fiance is a graduate of Lincoln high school and Northland State junior college.

A July wedding is planned.

Norman Foldens To Observe Anniversary

Mr. and Mrs. Norman Folden will be honored on their 25th wedding anniversary on Sunday, June 20, at an open house celebration at their farm home four miles east of Newfolden. Hours will be from 2 to 5 p.m.

In case of rain, the event will be held at the village hall in Newfolden.

No cards are being sent. All friends and relatives are welcome to attend.

Marriage vows were exchanged recently at the First Baptist church at Brawley, Calif., by Miss Sheryl Engevik and Nathan Bast Jr. Rev. Hamma officiated at the double ring ceremony attended by approximately 170 relatives and friends.

The bride is a daughter of Mr. and Mrs. Bernard Engevik of Julian, Calif., and formerly of Gatzke. Mr. and Mrs. Nathan Bast Sr., of Brawley, Calif., are the parents of the groom.

Mrs. Xenophone Jones, a friend of the couple, was the organist. She played the traditional wedding marches and also accompanied Bill Hutchinson as he sang, "Each For the Other" and "God Given Love."

Enhancing the chancel were arrangements of pink and white carnations backed by branched candelabra.

For her wedding, the bride was attired in an empire fashioned white satin gown made by her mother. Wide lace trim marked the rounded neckline, elbow length sleeves and accented the princess seaming on the front of the A-line skirt. A lace petaled headpiece held her bouffant veil of bridal illusion. She carried a white Bible topped with a nosegay of pink and white carnations.

Mrs. Macy House of San Diego, Calif., was the bride's personal attendant.

Serving as maid of honor was Deanna Larson of Winnipeg, Manitoba, Canada, a friend. Bridesmaids were Nancy Engevik of Julian, Calif., a sister of the bride, and Kay Johnson of El Cajon, Calif., a cousin. All were attired in pink, identical floor length gowns with two rows of pink and white daisy lace trim down the front. Each carried a solitary large carnation.

Attending the groom were his friends Harold Sheldon of Winterhaven, Ariz., as best man, and Mike Martin of El Centro, Calif., and Jim Henry of Brawley, Calif., as groomsmen. Mike Martin and Jim Henry served as ushers and Rus Engevik and Fred Johnson were the acolytes. All wore white tuxedos with carnation boutonnieres.

The mother of the bride wore a lavender dress trimmed with lace around the collar and down the front. Her corsage consisted of white carnations. The mother of the groom wore an off-white eyelet lace dress complemented by a corsage of pink carnations.

Attending the wedding as special guests were the grandmothers: Mrs. Florence Thompson of Wickenburg, Ariz., and Mrs. Elena Skoglund of Crookston, together with Mr. and Mrs. Norman Vernes of Rainy River, Ont., Canada.

A reception followed with Kathy Johnson and Patty Engevik registering the guests. Mrs. Mike Jones served the punch. The three tiered wedding cake was trimmed with pink roses and topped with a wedding bell ornament. It was cut and served by Mrs. Harold Sheldon, who baked and decorated the cake, and by Mrs. Edgar Skoglund. Mrs. Russell Lee poured.

Following a wedding trip to Sea World in San Diego, Calif., the newly-weds are now at home at 302 East Street, apartment E, at Brawley, Calif., where both are employed. The bride is a graduate of the Middle River high school and Prairie Bible Institute in Canada. She is employed by Child Evangelism Fellowship as assistant director. The groom is a graduate of Brawley Union high school and is attending IVC in Accounting. He is employed by Rancho Market as assistant manager.

Rosemary Homme Weds Donald Hahn at Zion Luth.

Miss Rosemary Homme and Donald Hahn exchanged marriage vows on Saturday, May 1, at 7:30 p.m., at Zion Lutheran church in this city. Rev. Lloyd Berger officiated at the double ring ceremony before an altar graced with yellow and white gladioli and mums. The music for the ceremony was provided by the organist, Mrs. James Dalager.

The bride is a daughter of Mr. and Mrs. Gust Homme of this city. Parents of the groom are Mr. and Mrs. Stanley Hahn of Strondquist.

For her wedding, the bride chose a floor-length gown of white Chantilly lace. It was styled in empire fashion with an A-line skirt and long see-through sleeves with a ruffle at the wrist. A matching ruffle enhanced the high neckline. A lace headpiece complemented by pearls and crystals held her elbow length veil. She carried a cascade bouquet of yellow roses, white chrysanthemums and ribbon streamers.

Mrs. Allen Harder of this city, sister of the bride, was matron of honor. She wore a long-sleeve, floor-length, yellow embossed gown with a high stand-up collar. To complete her attire, she wore a shoulder length veil held by a yellow fabric rose. She carried three long-stemmed yellow roses.

David Hahn of Soudan attended his brother as best man.

A reception at Naper's Fireside room followed the ceremony. Highlighting the serving table was a round, three-tiered wedding cake, decorated with yellow roses and topped by a cupid ornament. Mrs. Hubert Sunsdahl, aunt of the bride, cut and served the cake as Mrs. Steven Hahn, cousin of the groom, poured. At the guest book was Debra Hahn, sister of the groom. Jan Joppru, a friend of the bride, presided at the gift table and Mrs. Ted Thompson, an aunt of the bride, assisted with the serving.

Mr. and Mrs. Donald Hahn are now at home at St. Hilaire. Photo—Rude Photography.

KITCHEN KARNIVAL

Features from the Kitchen of

features from the kitchen of
Ellen M. Sprey

Often I receive ideas for Kitchen Karnival from people that I meet on the streets or in the local stores. Today's idea came from an elderly woman who walked by my home on Monday while I was salvaging our tulips. Approximately 20 yellow tulips and one red one, had been picked and left on the boulevard to wilt. The majority of them had been cut off with such short stems that they had to be thrown into the garbage can.

"Destruction of property at anytime is a serious offense," said this woman, "but when youngsters destroy gardens for the disabled and elderly, parents should be notified." (Quickly my mind raced. Disabled? Definitely. With emphysema in both lungs, my husband is very handicapped. Most of his gardening must be done on his hands and knees, using a trowel. Elderly? Ah-h, I suppose. Aren't all grandparents elderly? Notify parents? Whose parents?)

Later during the day as I drove to a neighborhood grocery, I noticed a street strewn with lilacs.

Again I thought of what the woman said, "Children should be taught to respect other people's property." Some parents consider these acts as childish pranks? Maybe so, but when does an act cease to be a prank and become a misdemeanor? Punishment for these offenses now may save heartbreak later, not only for the child but for the parents.

Again I will come to the defense of the youngsters in our neighborhood. Most of them are good children, who enjoy the flowers as much as we do. Several proudly report on the growth of plants that they received this spring when my husband was thinning out the flower gardens. However, I do agree with the woman who said, "Children should be taught."

Today's recipe can be made with many variations. I hope you will enjoy it.

Almond Rhubarb Crunch

One-third cup almonds, chopped fine
1½ lbs. rhubarb (about 5 cups)
¼ cup water
⅞ cup sugar
½ teaspoon almond extract
½ cup butter or margarine
1 cup flour
¼ teaspoon salt
⅓ cup sugar

Method: Wash and cut rhubarb into one inch pieces and place in a buttered 1½ quart shallow casserole. Combine water, ¾ cups sugar and almond extract and pour over fruit. Cream shortening and remaining sugar, add nuts and flour and sprinkle in large crumbly pieces over rhubarb. Bake for 30 minutes in a 375 degree oven. Serve warm or cooled.

For those who aren't supposed to eat nuts, they may be omitted. Grated lemon and orange peel may be used for flavoring in both the crumbly mixture and in the rhubarb filling. Vanilla extract may also be substituted for the almond flavoring. Strawberries, raspberries crushed pineapple, orange slice candy or concentrated orange juice may also be used in the filling.

Daryl L. Forst, 3, Drowns In Farm Pond

Daryl L. Forst, three-year-old son of Mr. and Mrs. Laddie Forst, Jr., of Strathcona, drowned in a pond on his father's farm last Tuesday evening after falling into the water while playing with his brother.

He was reportedly playing in a field with his brother when the two children were told by the father to go home. They played near the pond, however, and the child fell in. His brother ran to the father for help, but the child could not be saved.

Funeral services for Daryl L. Forst were held June 5 in the Helgeson funeral chapel in Roseau with the Rev. Erling Hugien officiating. Interment was in the ZCBJ National cemetery at Strathcona.

Daryl L. Forst was born January 2, 1968, to Mr. and Mrs. Laddie Forst, Jr., in Thief River Falls. He is survived by his parents and his brother, Darrin, and his sister, Brooke. He is also survived by his paternal and maternal grandparents, Mr. and Mrs. Laddie Forst, Sr., Thief River Falls, and Mr. and Mrs. John Gonshorowski, Greenbush.

Pallbearers at the funeral were Gerald, Gale, Gervase, Mark and Nathan Gonshorowski and John Forst, Jr. Funeral arrangements were by Helgeson funeral chapel, Roseau.

Blue Cross-MII Progressive Care provides benefits in or out of the hospital.

Ask Gil Jesch about the plans you can apply for if you're not eligible for group coverage.

Progressive Care provides maximum protection for the more expensive inpatient stay and, in addition, for the new concept in care which recognizes that patients don't always require a continuing and more expensive inpatient stay. Progressive Care coverage includes benefits for "outpatient" services as well, such as radiation therapy, physical therapy, outpatient mental health, home health care and diagnostic services. Moorhead Firm Will Construct Park Lagoon

Low bidder for construction of a lagoon at the Lake Bronson state park was Abbott-Arne-Schwindt, Inc., of Moorhead. Their bid was $93,000 and the only other bid was $140,000.

The project consists of construction of a 200 by 180 foot lagoon which will be located in the thicketed area immediately north of the old entrance to the park. The site will be fully landscaped and fenced. The lagoon will be six feet deep and will be lined with vinyl plastic which will be covered with one foot of dirt. A small seepage pond will also be constructed.

A lift station will pump effluent from the existing camp ground area, picnic shelter and residence. The bid also included acceptance of two alternates which provide for construction of a trailer dumping station and installation of toilet facilities and water supply into the workshop building. The entire project is to be completed by October 1.

The Minnesota state legislature is presently considering funding of additional park improvements, according to Rep. Dick Fitzsimons, who said that approval has also been given to both the Priority I and Priority II recommendations of the building committee for the Lake Bronson state park. Much of the projected improvement will include projects such as sewer line extension to the new campground, construction of a new sanitation building, and further campground improvement.

680 Boardings Made In May On North Central

North Central airlines picked up 680 passengers in Thief River Falls in May, and 739 passengers arrived on the 124 flights operating through Thief River Falls last month, a company official said.

The airline picked up 5,014 pounds of air freight here, and off-loaded 15,541 pounds of air freight. Air express out of Thief River Falls totaled 590 pounds during the month. Air mail picked up here totaled 195 pounds and 3,537 pounds were off-loaded.

System-wide in May the airline flew 66,159,482 revenue passenger miles, a 23 per cent increase compared with 1970, according to David E. Moran, vice president for traffic and sales. The airline carried 301,531 passengers in May, a ten per cent increase over last year.

A completion record of 99.7 per cent was achieved, as the airline flew 2,253,834 of its scheduled 2,259,520 scheduled miles.

For the first five months of 1971, the company flew 338,600,685 passenger miles, an increase of 32 per cent compared with the same period in 1970, and transported 1,485,974 passengers for a 15 per cent gain.

Georgia Cattle Now Grazing At Strathcona

Total of 83 bulls from Georgia, hauled according to regulations which require them to be unloaded every 36 hours, arrived in Strathcona recently, transported to Minnesota because of drought conditions in the southern United States.

The cattle were unloaded and placed in a pen for a few days for partial dry feeding before being turned out to pasture. More cattle from Texas will be trucked to the area in the future.

A fenced pasture has been prepared by foreman Gary Huckaby and two assistants, all of whom have been living in Strathcona for the past three weeks. The cattle transport project is an enterprise of the Romanco Cattle company of Lloydada, Texas.

The area which has been purchased for grazing ground includes sections of land bordering the Roseau-Marshall county line and an added tract in Marshall county.

Young Farmers Would Benefit From Farm Bill

Many young farmers who are struggling to acquire an economic farm unit would benefit from provisions in a farm credit bill now being considered by Congress, according to Glenn E. Johnson, [illegible] of the Federal Land Bank association of Warren.

He said the most significant section of the bill for young farmers would be the elimination of the present Federal Land Bank lending limit of 65 per cent of a farm's normal value.

The bill—the farm credit act of 1971 [illegible] in April by Sen. Herman Talmadge of Georgia, chairman of the Senate agriculture committee and in the House by Rep. John L. McMillan of South Carolina, vice chairman of the House agriculture committee. They have been joined by 33 Senators and seven Congressmen as co-sponsors of the bill.

According to Johnson, removal of the restriction now in the federal law would place more of the new loan making responsibility on the Federal Land Banks and affiliated local associations and would permit greater flexibility in the organization's mortgage lending to farmers.

Credit needs in agriculture are expanding at a rapid rate from the $60 billion of farm debt at present to an estimated doubling of that figure by the end of the decade.

Mrs. Alice Vraa Retires From Teaching Duties

classroom work."

"I remember one year when I was teaching at a rural school in North Dakota when I had a student teacher helping me, and he said one day, 'You don't have to go out and watch the kids (at noon recess) I can do it.' He did and I was glad—I could both work and relax.

"But when those children weren't out at recess, they really studied, because the eighth-graders knew they had to study for the state board exams to get into high school, and those youngsters were so concerned about hitting the books!

"You can't help but get attached to the pupils who really love to learn," she said, "but you can't let them know about it. Every year you find a child who wants to learn so badly, and who comes from a family background which hinders his learning, and you'd really want to take him home, but you can't."

Asked if she felt the end of the teaching day the same way she felt at the end of the year, Mrs. Vraa replied in the affirmative, and said, "even if it's been a really bad day, and you feel like saying 'I can't take the next day of school,' you find yourself waking up the next morning, ready to go—because you don't want to miss out.

"You have to like and understand youngsters, and we teachers like to think we understand and know each different child."

She does.

Farmers Benefit If They Certify Set-Aside Early

Producers have to certify their compliance under the 1971 set-aside farm programs. Deadline for certification in Pennington county is July 15, 1971, according to Winton Knutson, chairman of the county agricultural Stabilization and Conservation (ASC) committee.

In most cases, it will be to a producer's advantage to certify his program acres as early as possible, he said. However, he emphasized that early certification is optional, and that a producer may certify at any time through July 15, 1971.

A producer must complete his certification before he can receive any set-aside payment.

To certify, a producer signs a statement at the county ASCS office showing the acreages devoted to various crops under the 1971 farm programs. At the same time, he designates the amount and location of his set-aside acres.

"The Pennington county ASCS Office is ready to give farmers all possible help in correctly certifying their acres," Knutson said. "County executive director, Wallace Sparby, and his staff will be glad to answer any questions or help with problems."

Producers who certify in time for data to be processed will get checks for their preliminary set-aside program payments as soon after July 1 as possible.

First payment in corn is set at 22 cents per bushel, and the grain sorghum rate is 29 cents a bushel. Feed grain payments are made on established farm yield times one-half the feed grain base.

The preliminary wheat payment has not yet been announced but will be 75 per cent of the estimated final value of domestic certificates.

Producers receive photocopies of aerial photography of their farms to help them certify, ASC committee chairman Knutson said. The photocopies show boundaries of farms and most up-to-date field acreage information. They are valuable for planning farm operations as well as for certification of program compliance.

The county ASCS office also provides measurement service, at cost, to help producers determine acreages at planting or at certification time.

"Most producers are familiar with our system of certification, followed by spot checks around the county to verify accuracy of these statements," Knutson said. "Producers can certify acreages once they complete their planting operations if they do not plan to make any changes. The important thing is to certify accurately and as soon as practical for early payments. But they must remember no changes can be made after certification."

CAR DRIVEN by Lyle Paulson of Grygla lies in a ditch near Northland state junior college last Wednesday morning after being struck by a car driven by John Fitzgerald of Thief River Falls who attempted to make a left turn into the college driveway in front of the oncoming Paulson car. Fitzgerald suffered cuts and minor head injuries and Paulson and the two passengers in his car also suffered facial cuts and other injuries. Damage estimates are as yet unavailable.

Ness Is Passenger On Ransomed Plane

(Editor's Note: The following column by Jim Klobuchar in the Minneapolis Star tells of the experiences of William Ness of Thief River Falls. A vice president of Arctic Enterprises, Ness was on the Quantas plane selected for a $500,000 ransom as reported in the news recently.)

HE WAS LOOKING for a little black box, the head steward explained to Bill Ness of Thief River Falls, Minn., at 35,000 feet.

Bill Ness obligingly lifted his feet and allowed the steward to rummage. By way of demonstrating to the Aussie attendant that he felt no annoyance, Bill decided to touch him lightly with a little Red River potato patch humor.

"If it's a bomb you're looking for," he said waggishly, "dump it in a hurry so we can all get out of here."

The steward was fishing the overhead racks by now but paused to reply. "We can't," he said with a noticeable lack of hilarity. "The bomb I'm looking for is altitude-controlled."

Ness allowed his head to sink unhappily into the backrest of his first-class seat on the Quantas jetliner. He mused on the laws of probabilities. Three billion odd souls on earth, and Bill Ness would be on the airplane chosen by a ransomer for a half million dollar heist.

It might have amazed his confederates back at the Arctic Cat blueprint dens in Thief River Falls but it didn't amaze Ness. He had pretty well accepted by now that he stood in the same relationship with air travel as Spiro Agnew did with golf balls.

Sometime during his formative years in Gully, Minn., Bill Ness developed a mild version of claustrophobia, a discomfort in enclosed places. He suppressed it in his rapid charge into the higher echelons of the Arctic Cat snowmobile company, for which at 33 he is now a vice-president and chief engineer.

And yet in the thousands of air miles he has logged in the last three years, Ness never made his peace with the marvels of stratospheric flight. It was that old discomfort. Ness viewed the pressurized cabin of a jetliner with the same sense of lost liberty the discus thrower feels working out in a broom closet.

For years he had successfully evaded such small confining places as family pantries, Satellite comfort stations and the state of Rhode Island. Air travel, however, was impossible to dodge unless he wanted to give up snowmobile design and switch to sled dogs.

And so it was late last fall that Bill warmed up for the 1970-71 aeronautical follies on a Western flight from the Twin Cities to the West Coast. They were preparing for final approach when somebody made the bothersome discovery that the landing gear wasn't working.

They circled two or three times to determine if the wheels really were locked in the down position. Ness tapped his fingers noncommittally on the arm rest. It could have been worse for openers, he reasoned. They could have been locked in the up position.

They landed forthwith, and Ness now regarded himself as properly conditioned for the championship season. A couple of months later he was flying from Anchorage, Alaska to the company's engine factory in Japan aboard a Northwest flight when the cabin lights went out.

This did not especially distress Bill Ness, bogeywheel nomad. The darkness, as a matter of fact, tended to set as a counter-balance, because the audio had just blown out on the in-flight movie, and tranquility reigned.

Drowsing, Ness was now awakened by the calm and reasonable voice of the air captain, disclosing that power had gone out on one of the engines and they would return to Anchorage. Ness and his seatmate, Roger Skime of Arctic Cat, immediately made plans to transfer to the next flight from Anchorage to Tokyo. On the ground, they switched to Plan C. First class on the next flight was jammed. So they flew to Fairbanks to catch a Pan-Am bound for Tokyo.

Regretably, Skime had lost his vaccination record. Pan-Am was sympathetic but assured Mr. Skime it was quite impossible to accept him shotless. Skime hurried to downtown Fairbanks to get reshot.

He and Ness returned to the terminal just in time to admire the vanishing tailfins of the Fuji-bound Pan-Am.

"There was no indication that anything was wrong on this Quantas flight out of Sydney until the steward let slip this business of the black box," Ness explained from the executive convalescence couch at Arctic Cat.

"We do some off-season testing in Australia. I was planning to fly to Hong Kong by way of Darwin but the plane was rerouted to Brisbane. Everybody on the plane knew about the bomb threat by the time they asked permission to land at Brisbane. Everybody seemed agreeable to this plan except the airport at Brisbane. They said something like 'How about trying Sydney?'

"By the time we got back in Sydney they had torn up all the carpeting in the plane, but no box. They circled for four hours. We all had oxygen masks on by now, and the plane had dropped from 35,000 to 20,000 feet. All somebody had to do was twist in his seat and it sounded like the hydrogen bomb. But they came on about then and said the ransomer called to say there was no bomb on board.

"Naturally, we believed him unanimously. It really didn't matter, I suppose. We couldn't stay up for more than five or 10 minutes longer. Flying? Oh, yeah, I'll still fly. I regard it as almost as safe as, well, snowmobiling."

Wiseth Honored For FU Service

Robert Wiseth of Goodridge, president of the East Marshall County Farmers Union, was among more than 30 county officials given special recognition for membership recruitment and rural leadership last Monday in Alexandria.

The presentation was made by Edwin Christianson, president of the Minnesota Farmers Union, at a Farmers union luncheon session during a statewide rural leadership seminar.

Christianson said the certificates awarded to the men acknowledge the role of Farmers Union county presidents and other officers and members in strengthening the voice of family farm agriculture through their efforts in increasing the membership strength and promoting the goals of the Farmers Union organization.

STUDIES IN GERMANY

Marsha Mattson of Thief River Falls was among 11 students of German at Bemidji state college who departed June 4 for a three-month stay in Germany as part of an exchange program that has them work two months in German businesses and tour Europe for a month before they return to college in September.

Area Students Receive Degrees At MSC Thursday

A total of 19 seniors from the Thief River Falls area were among the 917 candidates for degrees at spring commencement exercises last Thursday at Moorhead state college.

Jon N. Efteland of Thief River Falls received the bachelor of arts, degree, as did Larry D. Johnson, also of Thief River Falls. David L. Noed of Plummer and Sally A. Oremland of Red Lake Falls also received bachelor of arts degrees. Sally Oremland's degree was awarded cum laude.

Darryl G. Smith of Thief River Falls received both bachelor of arts and bachelor of science degrees. Robert P. Bredeson of Thief River Falls received a bachelor of science and technology degree. Jana H. Demarais of Red Lake Falls received a bachelor of science in education degree.

Also receiving degrees in education were Leon R. Elseth of Newfolden, Michael G. French of Red Lake Falls and Francis J. Genereux of Red Lake Falls. Kathy L. Holm of Thief River Falls also received the bachelor of science degree in education.

Other area residents receiving degrees in education at the commencement exercises were Steven C. Holmes of Middle River, Larry M. Keifenheim of Red Lake Falls, Terry K. Lehrer of Red Lake Falls, Colleen E. Lerum of Greenbush, Larry D. Peterson of Thief River Falls, Renae L. Ptacek of Goodridge, Jean H. Schneider of Thief River Falls, whose degree was awarded cum laude, and Kelin L. Schultz of Red Lake Falls.

Rep. Bergland Introduces Two New Farm Bills

U.S. Representative Bob Bergland has introduced two bills "designed to give farmers a greater voice in establishing equitable prices for their products." They are the national agricultural bargaining act of 1971 and the national agricultural marketing act of 1971.

Bergland's bargaining act would provide for farmer-elected committees which would have the power to bargain and negotiate with processors and other buyers for fair and adequate prices. "There would be a separate committee for each commodity," Bergland explained.

According to Bergland, his marketing act would make all commodities eligible for marketing orders and "give farmers expanded powers—including collective bargaining—under the orders."

"These bills offer two methods of attacking the same problem—the disastrous economic plight of our farmers," Bergland said when introducing the legislation. "Either bill, or a combination of the two, would be a great stride forward in our efforts to save the American farmer. I do not insist that one approach or the other must be strictly adhered to. But I must insist—we all must insist—the positive action has to be taken now," Bergland concluded.

Asst. 4-H Leader Named At RLF

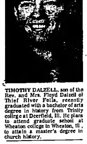
Betty Grossman will begin work today as the summer 4-H extension assistant in Red Lake county and continue in that position until September 15, according to Blake Peterson, Red Lake county agent.

She is a native of Esko in Carlton county and is currently enrolled in home economics study at the University of Minnesota. She has ten year's experience as a 4-H member and attended the national 4-H club congress in Chicago last fall.

Active in many areas of 4-H work, including clothing, junior leadership, foods, safety, gardening and flowers, she also helped with dress revues, style shows, and setting up displays at county and state shows.

She also won four trips to the Minnesota state fair as a 4-H'er with demonstrations she had presented.

Future dairy production depends on healthy calves. Minnesota ranks second in the nation in the volume of cows milk fed to calves, $8,233,000 worth last year.



TIMOTHY DALZELL, son of the Rev. and Mrs. Floyd Dalzell of Thief River Falls, recently graduated with a bachelor of arts degree in history from Trinity college at Deerfield, Ill. He plans to attend graduate school at Wheaton college in Wheaton, Ill., to attain a master's degree in church history.

Minnesota Eagles Meet June 16-17 At Rochester

Minnesota State Eagles convention will be held Wednesday through Saturday at Rochester with the Eagles Auxiliary holding its convention at the same time.

Registration begins Wednesday with the officers banquet slated for that night. Business sessions will be held Thursday, as will the ritual competition.

The Eagles and Auxiliary will hold a joint banquet at 6:30 p.m. Friday. Another day of ritual competition, business sessions and seminars will also take place. A joint memorial service will be held at 8 p.m.

Election of officers of both the Eagles and Auxiliary are set for Saturday, with the installation scheduled for 2 p.m.

State Aerie officers currently are Clyde Schmirg, St. Paul, junior past worthy president; Lyle Zick, Faribault, worthy president; E. R. Melbye, Crookston, worthy vice president; Harold Kunkel, St. Cloud, worthy chaplain; R. G. Randall, St. Paul, secretory; Heeb Calliee, Rochester, worthy conductor; Ken Christensen, Detroit Lakes, inside guard, and Florian Gonsorowski, East Grand Forks, outside guard. Trustees are John Huss, Minneapolis; Don Stilwoll, Sr., Austin, and Loren Dwinnell, Owatonna.

RRV Historical Society Sets Annual Meeting

"Old Crossing Revisited", a discussion of the Old Crossing treaty in which the Indians ceded large tracts of land in the Red River Valley to the government of the United States, will be the major feature of the eighth annual meeting of the Red River Valley historical society next Saturday.

The meeting will begin at 12 p.m. at the Old Crossing state park north of Crookston. Albany Capistran of Crookston, an original researcher on the topic will lead the discussion, and reservations may be made by writing to Don Myrold, executive director, Red River Valley historical society, Minard Hall, North Dakota State University, Fargo, North Dakota 58102.

A family picnic from noon until 2:30 p.m. complete with free refreshments will precede the discussion. The annual business meeting of the society will begin at 2:30 p.m. in the pioneer Huot store on a site next to the park. Rev. Gerald Foley, president of the society, will preside.

R. D. Holvorson Completes Army Engineer School

Army Private Richard D. Halvorson, 19, son of Mr. and Mrs. Myron E. Halverson, 445 S. Spruce, Thief River Falls, recently completed an eight-week combat engineer course at the U.S. Army training center, at Ft. Leonard Wood, Mo.

During his training, he learned to perform engineering tasks in direct support of combat units. The training included instruction in road and airfield construction and maintenance, field fortifications and the erection of fixed and floating bridges.

Difficult State

Farmers are in "a difficult state of affairs", according to the analysis made by Sen. Walter F. Mondale of Minnesota. Critical of the Nixon administration for its (mis) handling of the farm program, Sen. Mondale says neglect of the farmer and general economic sickness have put the farmer in that situation.

Of course, the senator is not really telling the people of this area something that they don't already know. Farmers in Northwestern Minnesota are only too well aware of the difficult state of affairs in which they try to earn a living. Governmental manipulating over the years has helped to create that state of affairs.

Few are the business ventures that could survive in the face of what farming has met in the past decade. Farm operating costs have increased by 50 per cent, capital investment costs by 79 per cent, fertilizer costs by 64 per cent—all of this while real farm income has declined by 25 per cent.

An all-time low is the 37 cents the farmer now receives of the food dollar spent by the consumer on food items. To get that 37-cent total, the farmer works the longest hours for the lowest wages and receives the poorest return on investment of any segment of the American economy. Parity of 69 per cent is at about the lowest level since the depression.

But while the farmer's situation is difficult, it is not impossible. With good management, a thorough knowledge of the business and a little luck, it is still possible to earn a decent living on the farm. And just being able to live in the country must be worth something, or else there would not be so many people who are working so hard to stay there.

While there is no easy answer to creating a better life for the farmer, better farm prices must be a major part of it.

"Sure was a whoppin' two-hour speech the senator made, wasn't it," one farmer asked another. "Sure was," his neighbor agreed, "but two dollar wheat would do us a lot more good!"

Help For The Victims

Following editorial is from the Grand Rapids Herald-Review:

Who speaks for the victims of crime in America?

FBI director J. Edgar Hoover asks that interesting question and provides his own answer: "Aside from the weak, muffled cries of the victims themselves, practically no one."

With crime rates continuing to increase, justice for the victims of crime becomes increasingly important. A U.S. citizen's risk of becoming a victim of serious crime has more than doubled since 1960. No one is immune. An innocent person may be murdered or seriously injured. He may incur costly medical and hospital expense, lose time from his job and suffer great mental anguish.

If the person who commits the crime is apprehended, the full power of the judicial process protects his constitutional rights. That is the way it should be, of course, but what about justice for the victim?

Only five states — California, Hawaii, Maryland, New York and Massachusetts — have laws providing compensation for victims of violent crime. New Jersey is expected to join the list. California became the first state to enact legislation to compensate victims of violent crime in 1965.

There are sound reasons for such legislation. It is the responsibility of the government to protect its citizens from criminals. Citizens generally are not allowed to carry weapons for self-defense. Technically, if a citizen is injured by a criminal, the government has failed and should make some restitution to him.

Backers of the plan point out that it is almost impossible for a victim to sue a criminal for damages. Few criminals have the financial resources to compensate a victim. The doctrine of sovereign immunity means that the victim can't sue the state for damages.

Millions of dollars are spent in America each year to provide public defenders for persons charged with crimes. Are the victims of crimes less deserving of financial help? The Council of State Governments emphasizes the hardship which often hits victims of crime:

"Crime particularly hits at victims in the middle class. With the present high cost of medical and hospital care, even in cases where such victims have medical insurance, the bills for treatment of extensive injuries can wipe out modest financial resources. Survivors of murdered wage earners may face years of financial hardship and even poverty."

New York has paid about $2,000,000 since 1967 for medical bills and loss of income. It has a three-member board which reviews all claims. New Jersey will operate with the same type of board. Some states have expressed concern over the amount of money which may be involved if crime increases and more payments are allowed. Costs will undoubtedly climb as more citizens of the states with such legislation become aware of their right to file claims after a criminal attack.

There will be many problems in administering a program of this type. But it is significant that a number of states have recognized the fact that the victim of a crime deserves as much consideration as the one who commits it. Perhaps better law enforcement will be a result of expensive programs to compensate victims of crime.

Senseless Paperwork

By best estimates, the 1968 gun control act requires the detailed recording of 30 million retail transactions every year on .22-rimfire ammunition alone. That is a lot of senseless paperwork and we hope Congress acts soon to change it. Exemption of .22's from the act is long past due.

Under the present law, every time anyone wants to buy a box of 50 of these cartridges from a federally licensed dealer, he must identify himself to the dealer's satisfaction by a driver's license or equivalent means. The dealer must then enter in a bound record, to be kept at least two years, the buyer's name, address, birth date and mode of identification, plus the date of the transaction, quantity and caliber of ammunition bought, and the manufacturer of it.

While Congress exempted rifle and shotgun ammunition from this bundle of red tape in 1969, the requirement still applies on all .22 rimfire ammunition, as well as handgun ammunition, because .22's can be used in handguns. Involved in this maze of paperwork are some three billion (3,000,000,000) rounds of .22 cartridges per year—60 per cent of all ammunition sales.

We are sure the procedure has done absolutely nothing to reduce crime—and there apparently aren't any people who believe it has done anything to make a serious dent in crime. Last year the House of Representatives voted 246 to 59 to end the record-keeping requirement on .22's and the Senate judiciary committee approved the House bill. Congress adjourned before the bill could be passed, however, and the process started again.

This year there are 22 bills in the House and two in the Senate. One House bill has 76 co-sponsors and one senate bill has 37 co-sponsors from 25 states. Passage is believed to be only a matter of time, but it's about time the paperwork is eliminated.

Is It Disturbing?

Commenting on the change in procedure for renewal of driver licenses in Minnesota, the Granite Falls Tribune notes that the highway department has proudly announced that it has license information on every driver in Minnesota on a computer. Then the editorial adds:

The computerized information includes your name, address, date of birth, color of hair and eyes, your height and your weight.

When it's about time for your license to expire you'll receive an application blank prepared for you by the computer. And you'll be asked to list any recent experiences with traffic violations and any change in your physical condition.

When you return the application blank along with the license fee, the computer will add some more information to your file and make you a new license.

A record of all accidents is also computerized in Minnesota.

We imagine all this information is a tremendous aid to the highway department.

But, at the same time, the government's increasing desire to keep track of John Q. Public disturbs us.

Borrowed Nonsense

The cast of an all-nude show was arrested and brought before a local judge. The judge looked one of the performers right in the eye.

"Were you covered by anything at all during the performance?" he asked.

"I certainly was," the girl replied.

"By what, exactly?" the judge asked.

The girl drew herself up and pulled her coat around her. "By workmen's compensation," she said triumphantly.

It was dark outside and a man in Washington, D.C., knocked on his neighbor's apartment door. "I'm going out for a newspaper," he said. "Cover me."

Letters to the Editor

Editor:

Thank you for your good editorials. I appreciate those a great deal. We live in a great country in fact the best and must strive to keep it free. We dare not forfeit our freedom.

I notice the upside down cross known by several names, is making its ugly appearance on merchandise, also in various places. Seems merchants do not hesitate to advertise articles with these symbols on them. When will citizens in this area awaken to the fact that these symbols are Communist Peace Symbols that includes the two finger sign for victory and the clenched fist—used by the Communists in ages past.

Our United States flag has also been desecrated by replacing the stars in the blue corner with the C. P. Symbol. This has been used in rock festival parades and their gatherings. Most citizens want victory and freedom however not on Communist terms. Are parents concerned about the future generation as to their spiritual, physical and political life?

A gas station owner and operator in a neighboring state refuse to sell to any motorist who has the C. P. Symbol displayed on his vehicle, more power to him and others should take notice. Seems we are abusing our freedom by displaying any C. P. Symbols.

Respectfully, for an American City,
Mrs. Blance Hovden

4-H CLUBS

Leaders Council

The Pennington county 4-H leader's council met June 7, 1971, in the county courthouse at 8:30 p.m. Mrs. Wilbur Hallstrom presided. Regular business procedures were followed.

June 8 is Dairy Day. Judging begins at 10:30 with a showmanship demonstration at 10:00. Lake Sarah 4-H camp is to be held June 23-25. It is open to members ages 11-13. Any 4-H family who is interested in hosting an IFYE delegate is asked to contact the local county extension office. The 4-H leader's council is again going to sponsor two students to the Youth Conference on economics and public policy. This conference will be held September 16-17.

Susan Adamson, Roxanne Bruggeman, and Anita Hallstrom presented a brief summary of their activities at the Kare Three Pines camp counsellors workshop. Candy Passa spoke about the state 4-H radio speaking contest.

Rolland E. Waller, Thief River Falls chief of police, spoke about the police force and its contributions to the community. Waller spoke of the many problems that confront the citizens of Thief River Falls. Questions were answered.

Near the Minnesota River, a few miles south of Sacred Heart on County Road 8, are the crumbling ruins of what was once a pink granite mansion belonging to Joseph R. Brown.

The story behind the house and of its owner is one of the most romantic to emerge from Minnesota's pioneer days.

Brown came to the state as a drummer boy at Fort Snelling in 1818. In the following years he was soldier, Indian trader, lumberman, land speculator, legislator, editor, inventor and Indian agent.

He was at the 1838 Stillwater meeting which led to the establishment of Minnesota as a territory. He was already at Taylors Falls when the first lumbermen arrived to establish a sawmill. He founded the town of Henderson where a crowd gathered in 1859 to ride in his latest invention—a 40 hp "steam wagon."

Sinclair Lewis later wrote of Brown that "perhaps as much as anyone, he was the inventor of the automobile."

By 1862, Joseph Brown had built his three-story mansion and furnished it with such pieces as two grand pianos, crystal chandeliers and damask drapery brought from New York. The elegant home was the center of hospitality in southwestern Minnesota before there was any other white settlement.

On August 19, 1862, Brown was in New York on business regarding his steam wagon. The date also marked the first stages of the Sioux Uprising nearby and his wife, Susan, gathered her 12 children and neighboring families to seek refuge at Fort Ridgely.

They were soon overtaken by Sioux warriors who threatened to kill them, but Mrs. Brown spoke to them in their own language and the group was spared as prisoners. They were cared for by the Sioux and set free at the end of the Uprising.

Meanwhile, Joseph Brown was in Sibley's army and his empty mansion was ransacked and burned by the Indians.

When peace returned, the family moved west to what is now Brown's Valley where Mr. Brown operated a stagecoach line.

Today the ruins of the Joseph R. Brown home are part of a state wayside commanding a magnificent view of the river bottoms and vast prairies beyond, calling up romantic images of one of Minnesota's most colorful figures.

Lightweight, Durable, Plastic
ARCH SUPPORTS

Expert Fitting

The combination of a lightweight, strong, injection molded plastic and nylon makes this support extremely durable so that it will not flatten under constant weight-bearing conditions. Recommended for those who must spend long hours on their feet. Ideal for relieving the pain of callouses, cramps, sore heels, etc., when due to weak or fallen arches. Cupped heel cradles and holds heel of foot in a natural position.

METATARSAL BAR — This patented Metatarsal bar extends across the forward end of the support, giving a substantial raise to the Metatarsal Arch at the ball of the foot where the Foot Wings rest on the insole of the shoe.

Picnic in the Park Cookies Par Excellence

For a picnic in the park — a stroll down by the riverside — or after a ride on a bicycle built for two these Choco-Coconut Bars are the tastiest cookies around. Each shortcake pastry gets a heavenly topping loaded with Baker's Angel Flake Coconut, semi-sweet chocolate squares, and chopped walnuts for an out-of-hand dessert par excellence.

CHOCO-COCONUT BARS

- 1 cup sifted cake flour
- 1/4 cup sugar
- 1/3 cup butter
- 2 eggs
- 1 cup sugar
- 1/4 cup sifted cake flour
- 1/2 teaspoon double-acting baking powder
- 1 1/3 cups (about) flaked coconut
- 1/2 cup chopped walnuts
- 2 semi-sweet chocolate squares, finely chopped
- 1 teaspoon vanilla
- 1/2 teaspoon orange rind

Combine 1 cup flour and 1/4 cup sugar. Add butter and mix until thoroughly blended. Press into ungreased 9-inch square pan and bake at 350° for 15 minutes.

Meanwhile beat eggs until thick and light in color. Add 1 cup sugar, 1 tablespoon at a time, beating thoroughly after each addition until mixture is light and fluffy. Sift 1/4 cup flour with the baking powder, fold into egg mixture. Add coconut, nuts, chocolate, vanilla, and orange rind; mix thoroughly. Spread on top of baked mixture in pan and return to oven. Bake 20 to 25 minutes longer or until lightly browned. Cut in squares while warm. Makes about 2 dozen squares.

Pollution Essays Are Written By Grade Schoolers

Essays on pollution were written late in the school year by students in the local elementary schools. Several of the essays selected by the area Soil Conservation service office staff are published below:

Pollution, What A Way To Live!

You know, people are pretty careless, if they knew what they were doing to the people of the future (some do know but they just don't care!) I don't think they'd be dumping their sewage and wastes in our rivers and lakes. It's not only peoples' fault but these big factories dump all their wastes in our waters, too. Of course, people run factories so I guess this water pollution really is caused by people.

Another famous cause of water pollution is the farms. The manure is washed into the lakes and streams and rivers. If you live on a farm you know manure isn't the freshest smelling fertilizer in the world. It's not exactly the nicest thing to step into either. Can you imagine swimming in something like that?

Why not help by not throwing things in our waters and picking up cans and other castaways on the beaches.

When you pollute your lakes, rivers and streams, remember, you're not only killing the fish and the people of the future, you're killing yourself as well!

Pollution

Pollution stinks. It fills our rivers, lakes and oceans. Pollution is so bad some scientists believe that it is already too late to save the world. The harm pollution does is killing our fish and other creatures. It will not be fit for drinking and 70 per cent of our oxygen comes from the ocean. If that happened just think where we would be!

Pollution starts with us. We must try to stop it every way possible. You can help by encouraging people to stop this filth.

Pollution is caused by people throwing trash and farmers' manure running into streams. Gases also cause pollution. People throw gas cans in rivers and people are too lazy to throw their litter in a basket so they just plop it into a lake or river.

Pollution also stops water fun like swimming. It makes the water unfit to have fun in. Some lakes and rivers are black, you can just see all the junk settling on the surface. So, please stop pollution. It's a matter of life or death!

God's World—What Has Man Done To It?

In the beginning God created the earth with everything new and clean, but God was lonesome so he created man. God had a plan for man. But man wanted to have more.

Man changed, and along with him Earth changed.

Man wanted cars, planes, subways, trains, snowmobiles, and T.V.'s.

To get these things man needed factories. Factories, factories everywhere and factories needed some place to put the waste materials. So—without thinking, they dumped it into rivers. Now all the rivers are full of junk. People in town and further down the rivers drink and wash in this water, getting sick from the filth.

We can stop pollution by not throwing stuff in our lakes and rivers. Stop dumping refuse into our beautiful rivers and streams.

Water Pollution

Water pollution is one of the ways in which man makes the earth—a junky and unfit place to live.

We make our many lakes unfit for fish to live because of the garbage we throw in it. Outboard motors leave a gas film on the water where the boat was sitting. Without thought we dump in sewage which kills the life in the water making it unfit for swimming, boating etc.

Chemical companies dump in many gallons of waste material in the water every day. Much of the waste is poisonous. It kills all life which lies on the surface decaying. The chemical company needs clean water as much as anybody. So they build the plant far upstream as to get the cleanest water. So the farther downstream the more dirty the river.

Another cause of water pollution is the farms. They dump the livestock waste into the river making the river more dirty. The farmer should and in some cases does spread this waste into the soil because it serves as fertilizer. The farmer makes the river unfit for life because when it rains or the snow begins to melt the water takes along the good top soil in some cases leaving just the subsoil which a man can't grow crops profitably on.

Water pollution does carry disease. For example I am water skiing on a water polluted lake. I take a spill in the water. Next thing you would know I am sick in bed with typhoid fever which I could blame nothing but the lake and the stupid people which dumped garbage into the lake and hadn't bothered to care. This is one of the many things water pollution can do.

Some of the ways a person can counter the attack on the water is to not dump junk into the river or lake or where it can be washed into the water. Also get your congressman to bring up water pollution in the session of Congress. Perhaps through your help he can get a law passed on the amount of junk a company can dump into a river or lake or stream. There should be a strainer that would take out 95 per cent of the chemical making the river safe for use. Also tell farmers that trees and grass will help them keep from having their top soil washed away. Also mention that method of spreading livestock waste in the field. Maybe you can't do as much as this but think about it. If you got rid of all the elements of water pollution there will be clean water for many generations to come.

Why So Dumb?

Water pollution is waste water that is very dumb. I don't think it is necessary. It is a kind of pollution that is bad, very bad.

It is caused by people on picnics. They are done eating so one says, "Why not dump it in the river? The trash can is so far away. Besides our little bit won't hurt." The other agree. What they don't know is their little bit is the biggest part! Just think how many people have put their little bit in!

Factories use gases, oil, poisons, etc., and drain it down a pipe that goes into the river. Farmers use insecticides that kill bugs and then dump it in a stream. People that are on the way to a dump say, "The dump is three blocks away, look at the river, why not dump it here? Besides nobody comes around here anyway." So they do. I think they should be put in jail. Dumps are often put by a source of water. All the people that do go the dump, dump it right in the river.

Pollution kills. People die because of pollution, they drink it and die. Fish die because of insecticides put there by farmers. Fish get caught in cans and can't get out. Many things are killed. I think it's the worst of all.

You can do a lot to thin down pollution—put your garbage in a dump without a river in it, make a trash can. Try to reason with littering people. I think it's a dumb thing, I hate it. If everyone would pitch in what a beautiful country this would be!

TRFinettes To Hold Review At Lincoln Tuesday

Prior to their participation in the "Pageant of Drums" Friday in Bemidji, the TRFinettes of Thief River Falls will present a preview drill for the public Tuesday at 7:30 p.m. at the Lincoln High school practice field on the school grounds. Sponsoring groups and others interested are encouraged to attend.

Under the direction of Mrs. Richard Bergland, the TRFinettes will represent VFW Post 2793 and the Ninth District in the "Pageant of Drums" competition. That appearance will be one of many parades and performances for the group this summer. The TRFinettes are the only drum and bugle corps in northwestern Minnesota to enter competition.

The "Pageant of Drums" in Bemidji will start at 8:30 p.m.

Parents of girls in the TRFinettes group are reminded that a general meeting will be held with the director immediately after the review on Tuesday. At this time all information regarding housing and other details of the Bemidji trip will be presented.

Social Security Man Here Tuesday

Ted Hoveraten, field representative of the social security district office in Grand Forks, N. D., will be in Thief River Falls at the city auditorium on Tuesday from 9 a.m. to 2 p.m.

spectators is available and action takes place in two arenas simultaneously. Total competition includes bareback riding, bronc riding, bull dogging, bull riding, barrel races, pole bending, calf roping and cutting horse contests.

Rodeo go-rounds are scheduled for 8 p.m. Friday and Saturday nights and 2 p.m. Sunday.

When she isn't riding horses, Bobbi says she enjoys sewing as a hobby. She made the outfit she will wear for the rodeo queen contest and also makes quite a few of her own clothes.

Bobbi has five younger brothers and sisters—Nancy, 17; Joe, 15; Jay, 8; Kris, 8; and Kara, 4—but they haven't shown as much interest in horses as their eldest sister. "They like to have horses around, but they don't do much riding," she said. But they'll make a good nucleus for a cheering squad as Bobbi enters state competition this week.

Good Start At Park Rapids

The 1971 fishing season is off to a good start in the Park Rapids [illegible] Fuller of Fuller's Tackle Shop and Bob Wallick of Aqua Park tell us that the first two weeks of the season have been good in spite of the weather.

The biggest walleye reported so far was caught by Larry Butler of Brooklyn Center in Blue Lake. It weighed 10 pounds 8 ounces. In all, 28 walleyes over five pounds were taken.

Wendy Corbett of Bloomington caught a muskie weighing 20 pounds 9 oz. in Stocking Lake.

The Straight River has produced some nice catches of Brown Trout.

Grand Rapids Report

Spaldings Bait Shop at Grand Rapids recorded two winners in the area weekly fishing contest. Lau Greiner of Grand Rapids caught a walleye weighing 8 pounds 10 ounces in the Mississippi River and Bob Burger of Burnsville caught a Northern Pike weighing 15 pounds 9 ounces in Prairie Lake.

Robert Stahl of Grand Rapids was the top trout fisherman. The top rainbow trout weighed 3 pounds 6 ounces and the largest German Brown trout weighed 3 lbs. 2 oz. Both were caught in Kremer and registered by Stahl at Rapids Tackle Shop.

Other Reports

Swede Carlson of Warroad reports limits of 3 to 4 pound walleyes are being taken in Lake of the Woods. Live minnows are being used as bait.

Bill Crowe of Esslingers Resort on Lake Kabetogame at Ray, Minnesota reports a walleye weighing 11 pounds 7 ounces taken from Lake Kabetogama by Jack Weber of Minneapolis. He used minnow for bait.

Melvie's Defeat Schmidt's 5 to 4

Melvie's posted a come-from-behind 5-4 win over Schmidt's to open their season in grand style Wednesday night in the men's fast pitch softball league.

Melvie's Terry Cardinal laced an inside the park home run in the bottom of the seventh inning with one out for the game's winning run.

Melvie's pitcher Leroy Christenson gained the win for his team while striking out every batter in the opponents line-up except one. Christenson also drove in two runs in his own behalf.

Melvie's took an early 1-0 lead in the bottom of the third inning before Schmidt's came back with three runs in the top of the fourth. Melvie's cut the difference to just 3-2 in the bottom of the fifth but Gene Halvorson of Schmidt's poled a home run to right for a 4-2 lead going into the last half inning.

After Melvie's had picked up one run in the seventh, Cardinal hit a sizzling drive to center that sent Halvorson crashing into the fence. By the time the right fielder retrieved the ball and threw toward home Cardinal had slid in with the game-winning run, scoring Christenson ahead of him.

Next action for the fast pitch league will be tonight (Monday) on the softball diamond when VFW will take on St. Hilaire. Tuesday night action will find L.B. Hartz playing Schmidt's while Falls Diesel will oppose Melvie's Wednesday night. All games are set for a 7 p.m. start.

There will be a meeting of the softball league Tuesday night, June 15, immediately following the Hartz-Schmidt's game at the ball park.

Minn. Will Have '71 Moose Season

A bill authorizing the Department of Natural Resources to hold a limited moose hunting season cleared its final legislative hurdle and was signed into law by Governor Wendell Anderson on Friday, May 28.

Commissioner of Natural [illegible] said that efforts will be made to hold a moose season in the state this fall. Only two areas will be opened to hunting—one in the northeast part of the state and one in the northwest. The number of hunters will be limited and selected by drawing.

Each hunting area will be divided into zones. Hunters will be required to select the zone they wish to hunt when they make application.

A party of four hunters will apply for one moose license, which will entitle the party to take one moose. The total license fee for the party is $100.

From the applications received, a total of 1600 hunters will be issued 400 permits by a public drawing. Names of 600 hunters (150 permits) will be drawn for the northeast hunting area and 1,000 hunters (250 permits) for the northwest.

The moose season will be split with one portion being held October 2-18 and the other December 4-10. Commissioner Herbst said, "Department personnel will carefully supervise and enforce the newly established season."

Director of Game and Fish, Mike Casey, said Department game officials have assumed the possibility of 100 per cent success in planning the hunt, so no more than 150 moose can possibly be taken in the northeast area and no more than 250 in the northwest.

Game hunting surveys show there are approximately 1,000 moose in the northeast area that will be open to hunting and 2,825 in the northwest. Surveys show there are at least 8,000 moose within Minnesota, virtually all of them in the northern portion of the state.

In the agricultural part of the northwest area, 20 per cent of the licenses will be reserved for persons living as owners or tenants on agricultural or grazing lands within the open hunting area.

Casey said details on how and where to apply for a moose hunting license will be announced later.

"Some time will be required to print up the necessary application forms and set up the other machinery for the drawing and the hunt," he explained.

Interested sportsmen are urged to await further announcements rather than call or write the Department for details.

FFA MEETING JUNE 21

Meeting of the Thief River Falls chapter of the Future Farmers of America will be at 8 p.m. next Monday in the vocational agriculture room at Lincoln high school. Discussion will include participation in the Pennington county fair and construction of an FFA sign.

ATTEND CONFERENCE

James A. Jerde, agency manager, and James D. Erickson and Winslow J. Helt of the West Polk Pennington county Farm Bureau Insurance agency, recently attended a two-day company insurance conference in Des Moines, Ia. Agents participating in the meeting were from Iowa, Minnesota, Nebraska and North Dakota.

WILL REMAIN CHURCH PRESIDENT

Rev. John P. Strand, leader of the Association of Free Lutheran Congregations since the group was organized in Thief River Falls in October, 1962, told the annual conference of his church last Friday that he would complete the final year of his third three-year term in office. He had announced last month that he intended to resign.

CANCER SOCIETY GIFTS

Gifts to the Pennington county Cancer Society in memory of Amy Kormer, Arlington Heights, Ill., and Sheldon Joyner and Albert Alby have been received and will be used for research into the causes and cures for cancer, it has been announced by Mrs. Charles Krause, memorial gifts chairman.

The largest log jam in the United States occurred on the St. Croix River in Minnesota on June 1886 when more than 150,000,000 board feet of logs were piled in a mass which extended for miles. A crew of 200 men, 110 horses, 2 steamboats, and a donkey engine required 6 weeks to break it.

1970-71 Lincoln Athletic Year Labeled A Success

The 1970-71 Lincoln high school athletic year has drawn to a close after nine months of highly spirited competition in ten different sports.

The past year held many highlights with long winning streaks and the bitter disappointment of a tournament loss at the hands of an age-old rival. Records were broken and rewritten in different sports as the graduating seniors provided experienced leadership while enthusiastic under-classmen gave assurance that the competitive spirit of Thief River Falls will not diminish in the future.

The year began in September when football coach Jim Sims unveiled his new "wishbone" offense.

The University of Texas attack worked so well for the Prowlers they ran up a six game winning streak beginning with a 22-21 come from behind win over Dilworth and lasting until a 14-12 upset loss to Roseau. Wins in the two remaining games of the season gave the team a fine 6-1 season record and a share of the Northwest Conference crown for the third straight year—this time with East Grand Forks.

Four Prowlers were named to the Northwest All-Conference squad at the end of the football season. Seniors Roger Lee, Ken Lindquist and Merv Eriksson along with junior Rob Swenson were named to the first squad while Brian Peterson and Dale Hanson, a pair of seniors, were chosen as honorable mention picks.

New athletic director Russ Smith also took the helm of the Prowler cross country squad and guided his team to a 4-1 dual meet record along with third-place finishes in the Northwest Conference and region eight meets.

During the season the Prowler runners captured the Crookston Invitational title while Kim Murphy and Paul Battleson set new Lincoln records. Battleson set the three-mile mark with a 14:37 clocking while Murphy set the two-mile standard with a 9:16 mark over golf courses.

The Prowler hockey team also had a long winning streak during the 1970-71 season as the pucksters reeled off eight straight wins after opening the season with a pair of losses. The Prowlers began their winning streak with a 5-1 win over Grand Forks Red River and continued to win until a 3-3 tie with Warroad and a 4-3 overtime loss to Roseau in the city arena.

The Bob Tuff-led Prowlers finished the regular season with an 11-6-3 record and added 10-2 and 10-1 wins over Indus and Moorhead in the region eight tournament. Roseau ended the Prowler sextet's season with a 5-0 win in the regional semi finals in the city arena.

Highlights during the season included 3-1 and 3-2 wins over rated Anoka and St. Paul Park during the Prowlers' Christmas tournament and a 5-5 tie with perennial North Dakota champion, Grand Forks Central. Senior goalie Brian Peterson was honored with his post-season selection on the first-team All-Region squad. Senior Roger Lee and sophomore Jeff Bottem were named as honorable mention picks.

Whitey Olson's basketball squad managed to include a four-game winning streak in its season which ended with a 12-9 won lost record in the district 31 tournament at Grand Forks.

The Prowlers advanced to the semi-finals of the district tournament with a resounding 106-80 win over Fisher in the first round before bowing to Crookston by one, 61-60, in the second round contest. During the season the Prowlers gained two wins over the Pirates, 59-56 and an overtime 53-51 win.

The Lincoln quint bounced back for a 82-69 win over Climax in the consolation game.

Senior Dale Hanson was selected as most valuable player by his teammates as he and junior captain-elect Rande Smith were chosen to the Big Five All-Conference squad.

Basketball coach Whitey Olson announced his resignation following the district tournament and assistant coach Lee Swanson was chosen to replace him.

Wrestling captain Jerry Muzzy was the brightest spot on the mat squad this season as the 133-pounder wrestled his way to a Northwest Conference crown, district 31 title and a region eight championship enroute to a state meet appearance.

Ed Kryatosek's grapplers finished their season with a 5-7 won-lost record in dual meet competition and a third-place finish in the district 31 tournament at Warren.

Evan Armstrong organized the first Thief River Falls swim club with meets scheduled against Grand Forks and Fergus Falls swim clubs. The swimmers put forth a fine effort throughout the season and were awarded their LHS athletic letters at the season's end, including the winning of letters by two girls for the first time.

In the spring sports the Prowlers continued to put forth excellent efforts in golf, tennis, track and baseball.

Jim Sims track squad included titles in their own Prowler-Jaycee Invitational meet, district 31 and region eight championships. The Prowlers advanced two relay teams and five individual performers into the state track meet in Minneapolis.

Taking part in the state track meet were Steve Beich, Jon Markstrom, Jon Wangberg, Markoe Hanson, Rob Swenson, Mike Fitzgerald, Don Reierson and Paul Battleson.

Five Lincoln high school track records fell during the season as Mike Fitzgerald set the new record in the 440 with a 52.1 clocking, Battleson set the new 880 standard with a 1:59.5; Jon Folkedahl broke the old record in the two-mile with a time of 10:37, and two relay teams, the sprint and 880, set records during the season.

The Lincoln baseball team ended its season with a 12-7 record as they lost in Crookston in the semi-finals of the district 31 tournament in Thief River Falls.

Ralph Skey's nine had seven players batting above the coveted .300 mark during the season with sophomore Tom Hanson leading the way on a .475 average.

The Prowler golf and tennis squads also recorded successful seasons in 1971 as they advanced men into the state meets.

The tennis squad successfully defended their district 31 tennis crown and won the Northwest Conference title while finishing second to Bemidji in the region eight competition.

Junior Mark Liden advanced into the singles competition of the state tennis meet in Minneapolis.

Jack Boyer's golfers participated in some large invitational tournaments during the season against rough competition while finishing second in the district meet and third in the region eight meet.

Prowler golfers Roger Lee and Jay Moum represented Thief River Falls in the state golf meet in Minneapolis.

The Prowler athletic teams supplied Thief River Falls with two conference championship teams plus eight individual entries in the state meets to show that northwestern Minnesota has a strong athletic background.

With strong junior varsity squads and a number of returning lettermen, the year 1971-72 has a lot of potential for athletic achievements in Thief River Falls.

PLAY BY PLAY ON SPORTS

with Mike Lundgren

Northland state junior college basketball coach Chet Engelman reports the names of eight area athletes who have intentions of playing basketball at NSJC in the 1971-72 season.

The list is headed by Big Five All-Conference selection Dale Hanson of Thief River Falls along with Prowler teammate Pat Hamilton. Stan Leach and Jeff Graves of region eight champion East Grand Forks will also attend Northland along with Terry Haaven, McIntosh; Randy Fossum, Roseau; and Larry Anderson, Fosston.

A strong potential cage candidate is Mike Rasch of Hoffman high school in Elbow Lake. Rasch's parents moved to Thief River Falls this year but Mike stayed behind to graduate from his home town. Reports are that Rasch does a fine job on the basketball court and he entered the state high school track meet this season as a shot putter. Mike's best throw of the season was 53-0.

Returning lettermen for Northland next season will include Tony Burke, Curt Jenson, Tim Olson, Greg Hafdahl and Jay Forney. Freshman guard Jim Goudge of Clearbrook left school this spring and will not return next season.

Two East Grand Forks products Engelman had been talking with decided to try their basketball fortunes elsewhere.

Mark Syrstad, 6-7 center, and Don Johnson a 6-5 forward will attend Bemidji state and Lake Region respectively.

A. J. Kramer of Roseau was selected as the retiring region eight Coach of the Year in track by the coaches at the regional track meet in Bemidji.

The announcement was made at the same time Prowler coach Jim Sims was selected as Coach of the Year.

Henry Boucha, the former Warroad high school hockey star who played very well for the U. S. Nationals last season was chosen by the Detroit Red Wings in the second round the National Hockey League junior amateur draft Thursday in Montreal.

Boucha, now serving in the U. S. Army, was expected to be picked in the first round of the draft. The 1968 Warroad graduate was the 16th player chosen in the draft, the highest American-born player picked in the history of the draft which claimed 117 players age 20 and over.

Two Roseau graduates, Earl Anderson and Dale Smedsmo, were also snapped up in the draft by NHL teams. Anderson, a sophomore right wing at the University of North Dakota, was picked on the fifth round by Detroit while Smedso, a product of Bemidji state college, was chosen by Toronta in the seventh round. Another UND underclassman, Jim Cahoon of Melville, Saskatchewan, was picked by Montreal in the third round.

Guy Lafleur was the number one pick of the draft going to Montreal. Last season in the Quebec Junior Hockey Association Lafleur scored an amazing 130 goals and 79 assists.

MCC Completes Best Baseball Season

Seniors Gary Borg and Marlin Bjornrud helped complete Newfolden's best season in history during the 1971 baseball campaign.

The Nordics recorded a 15-3 won-lost mark during the season as they captured the district 32 championship. Newfolden lost a region eight title bid with an 8-1 opening round loss to Bemidji.

Borg, the team's centerfielder, led the offensive charge for the Nordics as he collected 27 hits in 54 trips to the plate for a sensational .500 batting average. Borg also led the club in runs scored with 22; runs batted in with 24; and stolen bases 18.

Senior right-hander Marlin Bjornrud paced the defensive play for the Nordics as he ran up a 10-1 record on the mound.

Ron Ueland and Dave Kragness coached the Nordics in their record-setting season in 1971.

July 20—EGF at Roseau; Oslo at TRF; Middle River at Newfolden; Warroad at Crookston; Warren at Fisher; Hallock, bye.

July 21—Tournament meeting at TRF.

The Thief River Falls entry will also play six non-league games during the season beginning Wednesday, June 16, with a double header at Fosston and Gonvick.

Other non-league contests scheduled for the year will be June 18 at home against Moorhead; June 28 at Red Lake Falls; July 2 at Moorhead; and July 7 at home against Red Lake Falls.

Set Registration For Recreation Program In TRF

Registration for the summer recreation program in Thief River Falls is scheduled for Wednesday, June 16, from 8 a.m. to 12 noon at East Side and from 1 p.m. to 4:00 at the Northrop school.

Gene Jurgens will be the summer instructor at Franklin, Northrop and Lincoln schools. The schedule will be as follows: Monday, Franklin junior high, 1-5 p.m. and 6:30 to 8:30 p.m.; Tuesday, Northrop, 1-5 p.m. and Lincoln high school from 6:30-8:30 p.m., Wednesday, Franklin, 1-5 and 6:30-8:30 p.m., Thursday, Northrop, 1-5 and Lincoln from 6:30-8:30 p.m.

At Franklin junior high the program will have basketball, volleyball, trampoline and ping pong available. Lincoln high school will have basketball, volleyball, trampoline and the weight machine. Northrop will have basketball, volleyball and gym hockey.

Peggy Almquist will be the instructor at the playgrounds. The playgrounds will be open on Mondays at East Side and Wednesdays at Northrop.

The Monday schedule will be as follows: 9-12:00, arts & crafts, low games, 1:00-2:15, small fry activities; 2:15-3:30, girls T ball; and 3:30-5:00 boys T ball.

The Wednesday schedule is the same except the activities will be at Northrop.

Liden Topped In State

Junior Mark Liden lost to John Jaros of Duluth East 6-4, 6-3 in his first round action during the state high school tennis meet on the University of Minnesota campus Friday and Saturday.

Liden drew a bye in the first round of the consolation action before losing 2-6, 6-1, 6-3 to Dennis Langerman of Brainerd.

It was Liden's first appearance in the state classic which is played simultaneously on 21 courts on the Minneapolis campus. Prowler coach Whitey Olson reported his ace was notably nervous before the matches and is sure he will do better in next year's tourney.

Gary Conda of Bemidji, whom Liden defeated in the Northwest Conference meet, finished fourth in the state meet. Conda received a first-round bye before defeating Russ Larsen of Madison 6-2, 6-3. Conda dropped Paul Jokela of New York Mills 5-7, 6-1 and 7-5 in the third round but lost a 6-0, 6-4 match to Edina's Bob Amis in the semi-finals. Amis, only a junior, defeated Bob Van Hoof of Harding 6-4, 6-0 to win the state title in the singles competition.

Region eight's other entry, Bemidji's doubles team, received a first-round bye but met defeat at the hands of South St. Paul 6-4, 4-6, 6-2 in the quarter-finals. Jim Kaster and Jon Rossi came back to advance into the semi-finals of the doubles consolation round before losing to Duluth East 11-9, 3-6 and 6-1. Edina also won the state crown in the doubles action to easily win the state tennis title.

PRIZE CATCH was made by 11-year-old Steve Geatz, son of Mr. and Mrs. Curtis Geatz of Thief River Falls, in the Thief river about 9 p.m. Monday. Fishing with his dad and brothers David, 9, (who hooked but lost a large northern) and Jim, 5, Steve was using a hook with a minnow and a bobber on his line. The catch was made about a block north of the Eighth street bridge and the hook came out just after the fish was scooped up in the landing net. The lunker weighed an even nine pounds—quite a load for even an ardent fisherman like Steve.

Developer Plans Continuance Of Shopping Center

Fargo realtor and developer Warren Cowgill, who early last month told the Thief River Falls city council that he wanted to build a $1.5 million shopping center on the southeast edge of the city, notified the city council recently that he was ready to begin development.

There was some delay in the project while Cowgill negotiated with probable tenants for the new shopping center, and he declined to reveal the current list of future tenants.

In his original appearance before the city council, Cowgill said the three primary tenants would be White Drug, Herbst, and probably a grocery facility, which would be both a tenant and part-owner of the shopping center. He also said at that time that the center would have a quality restaurant, a beauty shop, barber shop and a Hallmark company shop. He said there would also be men's and women's wear shops, which he said would probably be owned by local clothing shops.

Cowgill previously had agreed with the council's stipulations on costs and assessments, and had agreed to bring the entire 105-acre parcel of land into the city. According to Mayor A. E. Jacobson, any costs to the city will be 100 per cent recoverable.

The architect hired by Cowgill to plan and design the shopping center was in Thief River Falls Tuesday looking over the site and conferring with city officials.

DEDICATION of the new educational unit of the Evangelical Covenant church in Thief River Falls will take place Sunday at 3 p.m. Rev. Paul Anderson, director of home missions for the Evangelical Covenant church of America and former Northwest Conference superintendent, will be the guest speaker at the morning service and dedication program. The new educational unit consists of seven classrooms, fellowship hall, library, church office, pastor's study, rest rooms and choir room. The remainder of the church has also undergone a complete renovation including new pews, carpeting, paneling, plastering, widening of former classrooms, new electrical appliances, painting, installation of a new wall room divider, new nursery, foyer and narthex. The public is invited to attend the dedication service, according to Rev. Paul W. Mann, pastor.

Letter Carriers To Meet Here

Minnesota Rural Letter Carriers association 69th annual convention opens with registration at noon Sunday and runs through Wednesday in Thief River Falls. The association ladies' auxiliary will conduct it's 46th annual convention at the same time. Sessions will be held at Noper's Motel, city auditorium and American Legion club rooms.

Lloyd Merell of Brooks and Irwin Wilson of Thief River Falls are northern Minnesota local representatives for the convention. Mr. and Mrs. Cameron Gray of Climax are convention co-chairmen. Irwin Wilson will act as master of ceremonies at the Tuesday evening banquet at which Hiram Drache, professor in history at Concordia college, will be guest speaker.

National officers attending are Rial M. Rainwater, vice president of the National Rural Letter Carriers association, and Mrs. Clifford W. Perrine, treasurer of the national ladies' auxiliary. Both will address the convention.

Cooking Project Open To Girls

There will be a short term project on "Foods" for girls who want to learn how to cook starting Thursday, June 24. All girls between the ages of 8 and 11 are invited to come and the rest of the scheduled meetings will be held each consecutive Thursday for three weeks. All girls interested in learning the basics of how to cook are asked to sign up at the Pennington county extension office by Friday, June 18.

NAME Plans Aired For Local Officials

Aims and programs of the Northern Association for Medical Education (NAME) were explained at a recent meeting with community officials held at Northwestern hospital in Thief River Falls. Outlining the program were Dr. Davitt A. Felder, president of NAME's board of trustees, and Ronald A. LaCouture, executive administrator of the association.

Northwestern hospital is being considered as a potential site for a clinical training program which is being planned by NAME. Teachers and students in medical programs would be rotated throughout a series of communities to teach them in the conditions under which they might practice in the future. They would also serve as an additional resource for health care in the community, LaCouture said.

Northern Association for Medical Education was formed to establish a new kind of medical school to educate doctors for people, according to a brochure prepared by the association. It is concerned with alleviating the shortage of general practitioners in Minnesota, North Dakota and South Dakota and now has a membership of 632 doctors, 39 bank presidents, 56 corporation heads, 44 attorneys, architects, dentists, college professors and other professionals, 12 hospital administrators and 40 other concerned citizens including a state governor, legislators and city officials.

"Early in 1958," the NAME brochure states, "a group of farsighted doctors teaching interns and residents in Saint Paul hospitals forecast the impending shortage of physicians, particularly doctors to take care of people. They lived in a medical world dominated by the prestige of research and specialization. They saw their colleagues returning to ivory-towered medical schools as huge federal grants created attractive research sanctuaries uncluttered with routine patients. They heard medical educators propound that the general practitioner would disappear, a relic of the past.

"During its first years, NAME efforts were focused on alerting the public to the growing shortage of physicians. Today this is generally accepted. Across the county the concern has been translated into the establishment of more medical schools and the expansion of existing schools."

The association notes that in the upper North Central region the problem includes the following:

. How to bring quality care to the people distant from the large medical school center.

. How to train doctors and medical manpower capable of delivering such care.

. How to teach these doctors to understand and evaluate the health needs of these people.

. How to utilize the abundant clinical facilities in the

Fahey Elected Chairman Of Clerks Group

William Fahey, Thief River Falls city clerk, was elected president of the Minnesota Clerks and Finance Officers association last Thursday at an annual meeting in conjunction with the League of Minnesota Municipalities convention in Bloomington.

Gerald Wigness, Thief River Falls city councilman, continues as a trustee of the League of Minnesota Municipalities.

Fahey will be assisted by Michala Casper, vice president, Austin, and Helen Penniman, secretary, Golden Valley. The new officers will work to develop a series of half-day training schools for municipal clerks.

Don O. Kest, mayor of Hutchinson, was elected 1971-72 president of the League of Minnesota Municipalities at the annual meeting last Friday. More than 1,000 attended.

Board Lets Bids On Road Projects

At a recent meeting the Pennington county board of commissioners let bids on two highway maintenance projects. Elgin Loeffler Construction company of Thief River Falls submitted the lowest of eight bids and was awarded the contract for $306,945. The next lowest bid was $350,945, and the high bid was $499,768.

The contract is for building a bituminous base and tarring 10.5 miles of County state aid Highway 22, known as the Mavie Road, from the north county line down to County state aid Highway 3.

Five bids were submitted for grading 8.4 miles of the Ridge Road west of the city limits. Bud Zimpel of Plummer won the contract with a low bid of $50,080.18, while the next lowest bidder was Arnie Anderson & Son Construction of Ada, at $51,070.80. The high bid was $70,817.92.

The county board also decided to sell a total of $234,000 in state aid road bonds to be financed

North Central Flight Remains Here Overnight

North Central flight 793 which arrives at the Thief River Falls municipal airport from Minneapolis at 9:05 p.m. is now remaining here for the night, according to North Central officials at the airport. Previously the plane had continued on to Grand Forks and Devils Lake, N.D.

The plane's captain, co-pilot and stewardess stay in Thief River Falls and the Convair 580 prop-jet takes on fuel in the early morning prior to departure at 6:35 a.m. as flight 790 for Minneapolis. First overnight stay here was on Monday.

Station manager Lowell Vraa said that having the plane here overnight will provide more dependable early morning service due to weather variations which have made landings here impossible in the past.

CLINICAL TRAINING programs in small communities such as Thief River Falls is being studied by the Northern Association for Medical Education (NAME) and was outlined at a recent meeting in Thief River Falls. Left to right above are Dr. A. F. Scheuneman, chief of staff of Northwestern hospital, Dr. Davitt A. Felder, president of the board of trustees of NAME; Dr. George Martin, member of the local medical staff and president-elect of the Minnesota Medical association; and Ronald A. LaCouture, executive administrator. Dr. Felder and LaCouture spoke to selected members of the local community regarding the aims and programs of the association to alleviate the shortage of medical manpower in Minnesota and surrounding states.

School Board OK's Rental Of Facilities

Rental of the National Guard armory and the former Carnegie public library building was approved again by the Thief River Falls board of education at its Monday meeting at Lincoln high school. The board had approved a similar motion a couple of months ago but rescinded its action in the face of strong parental objection. The current proposal is somewhat different from the former one.

Bids opened by the board on portable school buildings were held by the board with the understanding that a 30-day period was available to accept or reject them. Robertson Lumber company had the low bid of $55,995 for cash purchase with an alternate lease of $1,115.44 per month. Home Lumber company was second low at $56,000 purchase price and $1,155.56 per month lease. Third bid was by Hauenstein & Burmeister, Inc., for cash purchase only at $72,432.

Rental of the armory and old library is deemed necessary by the board to make room for expanded junior high school enrollments. The armory would be used for two sections of fifth grade classes from Mark Twain elementary school and the library for the trainable mentally retarded. Classrooms freed in Mark Twain school would be used in the Franklin program.

Rental of the armory has been set at $3,800 for the school year, plus $540 for custodial service. Transportation of students for school lunch or bringing lunch to the students at the two sites was estimated at $3,500. Rental for the library building was placed at $150 per month.

The board spent approximately an hour in executive session with the press and public excluded. Minutes of the board clerk show that the board considered a letter from Mrs. Shirley Frandsen (principal of Knox and Mark Twain schools) requesting leave

GETTING ACQUAINTED with the Thief River Falls school district prior to assuming the position of superintendent of schools is Dr. William Corliss. Temporary headquarters have been arranged for him in the home economics room until Supt. L. M. Johnson completes his transition from Thief River Falls to LaCrescent. Dr. Corliss, 48, has most recently been superintendent of the Gateway school district in Monroeville, Pa. He was in attendance at the regular board of education meeting here on Monday evening.

Hear Many Cases In County Court

In Minnesota State Highway Patrol cases tried in local court June 11, Dwight J. Bruggeman was found guilty on an open bottle charge and forfeited a $50 bond, and Hobert J. Reinbold forfeited a $200 bond on a charge of driving after revocation of license.

In other highway patrol cases, Fidir Chrun of St. Paul forfeited a $35 bond on a speeding charge; Leonard O. Feragen of Goodridge forfeited a $200 bond on a driving after revocation of license charge, and Marjorie Schref forfeited a $150 bond on a charge of driving without a license.

In sheriff's cases brought before the court, James M. Pinsonneault forfeited a $60 bond on a failure to yield the right of way charge and forfeited a $15 bond for having no motorcycle endorsement on his license. Larry F. Grabowski forfeited a $40 bond on a careless driving charge.

Rolland D. Verbout, Grygla, forfeited a $30 bond on a speeding charge, and John R. BeauLac, East Grand Forks, forfeited a $50 bond on a speeding charge. Douglas K. Waale, Thief River Falls, and Keith A. Smith, Greenbush, both forfeited $50 bonds on charges of possession of liquor by a minor, as did Larry A. Mozinski, Thief River Falls.

Loren D. Vocks, Thief River Falls, forfeited a $50 bond on a speeding charge, and Edward McQuire, Oslo, was found guilty of driving while under the in-

Nancy Carlson-Richard Lee Vows Exchanged at Gully

Marriage vows were exchanged recently at the Lund Lutheran church at Gully by Miss Nancy Louise Carlson of Gully and Richard A. Lee of Moorhead.

The bride is a daughter of Mr. and Mrs. Bennie Carlson of Gully. She is a 1968 graduate of the Gonvick high school and is presently enrolled in the cosmetology course at the Thief River Falls area vocational-technical school.

The groom is a son of Mr. and Mrs. Severt Lee of Harvey, N.D. He is a sales representative of Bankers Life and Casualty, Moorhead.

Rev. Darrel Vetter officiated at the double ring ceremony. Forming the chancel setting for the evening ceremony were candelabras with sprays of daisies, heather and yellow and bronze mums. White bows and greens marked the pews.

The traditional nuptial selections were provided by the organist, Melvin Hamnes. He also accompanied Mrs. Norman Eldenchink as she sang, "O Perfect Love" and "The Lord's Prayer."

The bride was escorted to the altar by her father and given in marriage by her parents. She was attired in a gown of white Raschel lace over slipper satin. The empire bodice featured a Peter-Pan collar, edged with lace, and long full sleeves of sheer organza secured at the wrists with lace cuffs. Her floor-length veil of bridal illusion, appliqued with Raschel lace motifs, was held by a cluster of white Rowees, made by Mrs. Harold Kruase of Thief River Falls. She carried a white satin covered Bible, a gift to the couple from the bride's aunt, Mrs. Walter Mathews of Bemidji. Topping the Bible was a bouquet of yellow and white daisies with heather and babies' breath. Her only jewelry was a pair of silver mounted diamond earrings, a gift from the groom.

Sue Swanson was the bride's personal attendant.

Attending the bride as maid of honor was Robin Norgaard. Noreen Carlson was bridesmaid. Both are friends of the bride. They wore identical gowns of yellow dotted Swiss with short chiffon sleeves. Lavender ribbon streamers created back interest. Their headbands were of yellow daisies. Each carried a basket of white and yellow daisies complemented by heather and babies' breath. Their silver pendants were gifts from the bride.

David Carlson, a brother of the bride, attended the groom as best man. Groomsman was David Borman, a friend of the groom. Ushers were Randy Neilson, a friend of the groom, and Brian Carlson, a brother of the bride. All wore black tuxedos with continental ties and yellow carnation boutonnieres. Their tie tacs were gifts from the groom.

The mother of the bride wore a white bonded crepe dress with white accessories and a corsage of white daisies, heather and mint green foliage. A similar corsage was worn by the mother of the groom, who wore a blue bonded dress accented with white accessories.

Honor guests at the wedding were the bride's great uncle, Rolf Carlson of McIntosh, and the bride's godmother, Mrs. John Nelson of Trail.

A reception for about 200 guests followed in the church parlors. Serving as hostesses were Mrs. Nordal Solheim, Mrs. Albert Davids and Mrs. David Austad.

Highlighting the serving table was a three-tiered wedding cake, decorated in the bride's chosen colors and topped by a miniature sugar Bible and a gold Christogram, a gift to the bride from her godmother, who also baked and decorated the cake. Mrs. Julian Lee, sister-in-law of the groom, and Mrs. Walter Mathews, aunt of the bride, cut and served the cake. Pouring were aunts of the bride, Mrs. Arnold Haugen and Mrs. Gust Carlson.

Miss Shireen Lee of Embarrass, niece of the groom, was at the guest book. The punch was served by Peggy Haugen and Marilyn Klema, waitresses were Lori Eck, Norma Klema and Mary Jo Haugen. All are cousins of the bride. Reception host and hostesses were Mr. and Mrs. John Nelson and Helen Bergerson of Trail.

At present, the newly-weds are at home at Gonvick. Photo Hansons, Bagley

Mrs. Jaycees Make Plans For Several Events

Several activities were planned by the Mrs. Jaycees at the June meeting of the chapter held Monday evening at the home of Mrs. Karen Trager. The group also decided to participate in a number of community events.

The first event scheduled was the annual family picnic with Mrs. Evon Larson as chairman. The event, open to all Jaycees families, was set for June 29, at 6 p.m., in the park near the Armory.

The chapter also decided to *schedule a Morning Coffee in the* park meeting in place of the regular August meeting. Plans for this informal session will be completed the July meeting.

Community events in which the chapter will participate include the Aquacade and the Crazy Days. In planning for the Aquacade, committees were appointed to assist the co-chairmen, Valerie Larson and Ann Haugen. Chairmen of the committees named are Karen Lehrer, queen's luncheon; Yvonne Myster, pageant helper; Dell Loeb, supper; Vicki Porter, reception; Carol Wendorff, ushers, and Clarice Stoltman, Sunday concessions.

Mrs. Karen Trager was named chairman of the concession stand that will be a feature of the Crazy Days event.

An announcement was made that a regent summer orientation meeting for all Mrs. Jaycees will be held at Crookston on Saturday, June 26. All members were encouraged to attend.

Reports given included an account of the state convention held in Duluth. The report was given by Valerie Larson, who attended the convention together with Maxine McEwen. A report of the first orientation meeting held by the local Mrs. Jaycees was also given. It was noted that the event held at the home of Mrs. Sharon Sims was well attended by both the members of the Mrs. Jaycees and by prospective members.

Guest speaker at the meeting was Mrs. Gloria Bjorkman. She stressed the need for foster homes in the Thief River Falls area.

Hostesses for the evening were Bev Fisher and Donna Carlson.

Linda L. Sabo Married June 4 At Waterloo, Iowa

Miss Linda L. Sabo of Waterloo, Iowa and Richard Cruse of Plainfield, Iowa, exchanged marriage vows on Friday, June 4, at a 7 p.m., ceremony at Trinity American Lutheran church at Waterloo.

The bride is a daughter of Nels Sabo and Mrs. Helen Sabo, Waterloo, Iowa and formerly of this community. Her grandmother, Mrs. Inga Sabo resides at Rosewood. The groom is the son of Mr. and Mrs. Eugene Cruse of Plainfield, Iowa.

Rev. Kenneth Eggen officiated at the double ring ceremony attended by approximately 100 relatives and friends. Miss Kathy Edsill of LaPort City, Iowa, a friend of the bride, presided at the organ. She played the new renditions of nuptial music, selected by the bride, and also accompanied Dorthy Dehl as she sang "I Love You Truly" and "The Lord's Prayer."

On either side of the altar were baskets of blue and white daisies complemented by sky-blue carnations and white gladioli.

Given in marriage by her father, the bride was attired in a floor-length gown of sheer satin peau combined with imported Chantilly lace. The empire fitted bodice of lace, featured a high scalloped neckline and long, full sleeves secured at the wrists by wide cuffs. The satin, A-line skirt, bordered and appliqued with matching lace, flowed back into a chapel-length train. A lace petal cluster, edged with seed pearls, held her bouffant veil of bridal illusion. She carried a colonial bouquet of blue and white carnations, white daisies, and yellow roses interspersed with ferns and lilies of the valley.

Attending the bride as maid of honor was a close friend, Diane Barker of Waterloo. She wore a floor-length gown of sky blue over satin, styled with a high neckline. A sky blue satin cummerbund accented the waistline and a matching bow, complemented by a lace rose, formed her headpiece. She carried a bouquet similar to the one carried by the bride.

Attired like the maid of honor was the bride's niece, Kimberly Linnenkamp of Waterloo, who served as flower girl. She carried a basket of yellow roses, blue mums and white daisies. Carrying the rings was Tom Schrage of Clarksville, Iowa, a nephew of the groom.

Bradley Cruse attended his brother as best man. Ushers were Jim Cruse, brother of the groom, and Ronald Edsill, brother-in-law of the bride. All the men of the wedding party, together with the ring bearer, wore dark trousers, white dinner jackets and sky blue carnation boutonnieres.

For her daughter's wedding, Mrs. Sabo chose a coral pink crepe dress with matching hat and white accessories. The mother of the groom wore a navy blue crepe dress accented with white accessories. Both wore identical corsages featuring blue and white carnations and miniature pink roses.

Special guest was a great uncle, Andrew Urness of New Hampton, Iowa.

A reception followed with the bride's sister, Avis Sabo registering the guests. Mrs. Donald Schrage, sister-in-law of the groom, and Kathy Ziegler, niece of the bride, served the punch. The three-tiered wedding cake, decorated with blue and white daisies and topped by a miniature bride and groom, made by Mrs. Lloyd Albrect of Waterloo, who also made the candied, heart-shaped nutcups and blue and white mints. Mrs. Sheldon Cruse, sister-in-law of the groom, and Mrs. Billie Ryherel, cousin of the bride, cut and served the cake. The bride's sisters Mrs. Ron Edsill and Mrs. Ron Ziegler, poured. Gift carriers were the groom's nieces, Julie and Angela Cruse of Newton. Other friends of the couple also assisted at the reception as did the members of Mrs. Sabo's church circle.

Among those attending the wedding were relatives and friends from St. Paul, Warren, Thief River Falls, White Bear Lake, Spring Valley and Albert Lea.

For traveling on the wedding trip, the bride wore a blue and white knit pantsuit.

The bride is a graduate of the West high school at Waterloo and was employed by Parkview Care center. The groom is a senior student of agronomy at State University at Ames, Iowa.

The newly-weds are now at home at Homested Colony Mobile court at Ames. Photo, Anton Studio, Waterloo

Mrs. Iane Stane Attends Music Meet In Chicago

Mrs. Ione Stone, pianist and teacher, attended the National Music Teachers Association convention in Chicago, Ill., at the Hotel Sherman recently. Mrs. Stone is a nationally certified piano teacher of the national organization.

Among the highlights cited by Mrs. Stone was a concert by the internationally famous pianist Jorge Bolet of the University of Indiana, in a program of Beethoven's Sonata opus 110 and the rarely performed 12 Transcendental Etudes of Liszt, two of which were performed here in Thief River Falls several years ago by Mrs. Stone.

Extremely interesting, Mrs. Stone said, was the program of Malcolm Bilson of the faculty of Cornell university in works by Haydn and Mozart, performed on an authentic Stein Forte piano replica. A scholarly lecture recital on "Bach's Keyboard Technique Seen Through the Goldberg Variations" by Istan Nadas of the faculty of Washington state university, and a piano recital, the crowning feature of which was the American composer Samuel Barber's Sonata opus 26, magnificently performed at the final banquet by William Doppman of the University of Texas faculty, were other highlights.

The Mason and Hamlin piano company awards for high school level piano performance and the Baldwin piano junior awards winners concerts were fabulous, Mrs. Stone said. The young performers were from Texas and the East and West Coasts.

In May Mrs. Stone attended the Metropolitan Opera at Northrup auditorium in Minneapolis.

Open House June 27 For Victor Renstroms

set for the open house celebrating the 50th wedding anniversary of Mr. and Mrs. Victor Renstrom of Thief River Falls. The event will be held June 27 at the First Baptist church in this city. Hours will be from 2:30 to 5:30 p.m., with a short program to be presented at 2:30.

The children of the couple are hosting the event. All friends and relatives are invited to attend.

J. Grundhauses Celebrate Their 25th Anniversary

Approximately 125 relatives and friends gathered at the John Grundhaus home on Sunday, May 23, to help them celebrate their 25th wedding anniversary.

The open house celebration was hosted by the couple's two children, Mrs. Don (Karen) Hanson and her husband of Grand Rapids, Mich., and Kenneth Grundhaus, at home. Assisting them were Mrs. Adolph Kleinvachter, Mrs. William Grundhaus and Mrs. Goodwin Hanson. Mrs. Kleinvachter, the only living attendant from the original wedding, was presented with a corsage of orange carnations. A similar corsage was given to Mrs. Elisabeth Grandbois of Red Lake Falls, 91-year-old mother of Mrs. Grundhaus. The corsage and boutonniere worn by the honored couple were composed of yellow roses. All were gifts from Mrs. Don Hanson.

Centering the serving table for the reception was a square, three-tiered anniversary cake, decorated with blue roses and topped with a Christogram. The cake was baked and decorated by Mrs. Grundhause's niece, Mrs. Erwin Weiss of Red Lake Falls. Mrs. Weiss also cut and served the cake. Her daughter, Sandra, presided at the guest book. Mrs. Florie Page of Red Lake Falls, sister of Mrs. Grundhaus, poured and Mary Ellen Grundhaus, grand-niece of Mr. Grundhaus, served the punch.

Among the guests attending were Rev. Roger Grundhaus of Crookston, a nephew of Mr. Grundhaus, and Rev. John Dullea and Rev. Keough Patnode, both of Thief River Falls.

Other guests attending were from Grand Rapids, Mich., Middle River, Red Lake Falls, Crookston, East Grand Forks, Warren and the Thief River Falls community.

Unable to attend but telephoning their congratulations were Mr. and Mrs. Ed Grundhaus of Richmond, Calif.; brother and sister-in-law of Mr. Grundhaus, and Miss Cynthia Grundhaus of Alexandria, Va., niece of Mr. Grundhaus and god-child of Mrs. Grundhaus.

Following the open house activities, the hostesses served a supper at the Grundhaus home for close relatives and friends.

Miller Elected To ARC Board For Minnesota

Lon Miller of Thief River Falls was elected to the board of directors of the Minnesota Association for Retarded Children at the group's convention in Rochester last Saturday.

Miller was a high school English teacher before coming to work with a community theater group in Thief River Falls three years ago. He then assumed responsibility for a program involving five children one day a week at the local day activity center. He soon developed the program to five days a week involving 28 persons, two aides and many volunteers.

Miller is an active member and past board member of the Minnesota Day Activity Center Association. He was instrumental in initiating a new program calling for VISTA volunteers to serve in day centers. He also served as chairman of the Northwest Advisory Council planning committee for Region One, which has been instrumental in conducting a census of retarded persons in the region, a sheltered workshop study and starting a group home project.

He was personally instrumental in starting two other day activity centers in addition to the one which he directed.

Miller was the first Minnesota Aid to Retarded Children field representative, and served in Region One until June of 1970 in this position. He served as regional chairman until 1971. As regional chairman he was also a member of the state association's board of directors.

Robert Brodin To Serve Bolivia Mission Station

Robert Brodin, son of Mr. and Mrs. Redney Brodin of Thief River Falls, has received appointment to serve with the 1971 Summer Career Corps program of the World Gospel Mission on their mission stations in Bolivia, South America. He will leave Grand Forks by plane Thursday enroute to Miami, Fla., and Bolivia.

The Summer Career Corps program is designed to give college students and graduates an opportunity to engage in voluntary missionary assignments. The program is similar in concept to the Peace Corps, although of a shorter duration and under the direction of the missionaries. Travel costs and all related expenses for this assignment are being provided through the youth missionary budget of the local Evangelical Covenant church.

Robert is a 1967 graduate of Lincoln high school, and on May 30 received a Bachelor of Arts degree from Bethel college, St. Paul, majoring in history and social studies. He plans to go into secondary education.

The World Gospel Mission is an interdenominational missionary agency with international headquarters in Marion, Ind. There are approximately 240 missionaries who minister in 16 mission fields in the continents of Africa, Asia and the Americas.

County Board Lets Bids On Road Projects

(Continued from Page 1)

over a period of five and one-quarter years. Bonds will be paid off from future state aid money, much of which would have been lost to the county if the board had not voted to issue the bonds, a board spokesman said.

The board also voted to allow Pennington county veterans services officer L. W. Hill to revise his schedule and office hours, and also voted to adjust his salary accordingly.

The board members also reconsidered their earlier action in which they approved less than the full amount requested as Pennington county's share for Northwest Mental Health. In reconsidering the board voted the full budget request of $13,690, but asked that in drawing up future budgets the county board be allowed to participate.

The board was also told once more that it must have drawn up by July 1 a solid waste disposal plan which must be approved by the Minnesota Pollution Control agency. The county board also approved a petition by the city of Thief River Falls that the city be allowed to use County Ditch 70 as an outlet for sewerage.

A plat in the Oakville addition just south of the apartments, located near the southeast section of the city, was submitted by Kenneth Berg and was approved by the board of commissioners. The board also accepted a district court order saying that the board has acted in "unreasonable disregard" in setting the salary of the county attorney and which ordered that the county attorney receive a salary of $10,000 per year. The salary had been set at $6,840 annually.

A cost of living presentation was made to the board of commissioners and reflected a 3.2 per cent increase in the cost of living over last year. The county board has been paying an annual adjustment in county officers salaries based on the cost of living index.

NAME Program Aired Here For Local Officials

metropolitan area, while also taking the teachers and students to the areas of need.

How to take advantage of the wide spread educational facilities throughout the region instead of starting a new, monolithic and expensive institution in one location.

How to mobilize the resources of the region in cooperation across state borders to take advantage of the multiplied possibilities of united efforts.

How to offer careers in the health field to the many qualified applicants who now find no openings in today's schools.

NAME's Plan

As the problems came into focus, the solution became more obvious. NAME must establish a regionally oriented school with its own board of governance, but have a working affiliation with a number of state and private institutions throughout the region.

Students would take portions of their education in facilities in several states. Support, either financial or in kind, would come from several states and locales. Faculty would rotate through the region. With this flexibility students with different qualifications could enter or leave the system at different levels, become technicians, nurses, doctor's assistants; return to complete their courses for the M.D. degree.

Research would concentrate on the delivery of health care, and the current needs—quickly translated into educational programs because teacher-researchers will be where the needs are.

The Minnesota Legislature granted NAME a planning appropriation in its 1969 session of $200,000. With this support, NAME explored relations with a number of institutions such as private colleges, the University of Minnesota, the two year medical schools in North and South Dakota, local hospitals which will participate in teaching and the state college system.

It consulted with the Liason Committee between the Association of American Medical Colleges and the Council on Medical Education of the American Medical Association. The Liason Committee accredits medical schools. Its staff assured NAME that "it should not be assumed that a medical school established outside a university setting would not be accredited."

Asks Motorists To Watch For Children At Play

June, July and August are the months Minnesota school children have been looking forward to since last fall—seemingly endless days of deliciously carefree activity.

But for motorists, the reverse is true. They must become more responsible than ever now that thousands of small pedestrians are taking advantage of those extra hours of outdoor play.

The Minnesota AAA today advised drivers to exercise extreme caution during the first few days of summer vacation until they become accustomed to the presence of large numbers of children at all hours during the day.

The motoring organization urged all drivers to be especially alert for:

Recreational areas—including playgrounds, swimming pools, tennis courts and public parks.

Urban residential areas where lack of facilities like those above may tempt children to play in or near streets.

Residential areas, where corners, curves and driveways often are characterized by "blind spots."

The hours from 11:30 a.m. to 2 p.m., when youngsters are entering and leaving play areas over the lunch period, and from 5 to 9 p.m., when dusk hampers vision, are especially hazardous. It's also important for parents to see that their children play only in supervised areas, the Minnesota AAA added.

Capt. Brown Decorated For Vietnam Action

U. S. Air Force Captain Robert L. Brown, son of Mr. and Mrs. L. J. Brown, 620 S. Markley Ave., Thief River Falls, has been decorated with the Distinguished Flying Cross for aerial achievement in Southeast Asia.

Capt. Brown distinguished himself as a forward air controller when he flew his unarmed O-2A observation aircraft into an antiaircraft high threat area in search of enemy supply vehicles.

Despite darkness and intense enemy fire, he successfully directed air strikes in the destruction of three enemy vehicles.

He was presented the medal during ceremonies at McClellan Air Force base, Calif., where he now serves as a pilot in a unit of the air weather service which provides weather information for military flight operations.

He was commissioned in 1967 through Officer Training School at Lackland Air Force base, Tex. A 1960 graduate of Lincoln high school, he received a B. S. degree in zoology in 1965 from the University of Minnesota.

TRF Attorneys Attend Annual Bar Convention

Thief River Falls attorneys Lawrence A. McDowell, Neil A. McEwen, Stanley N. Mortenson and Curtis L. Charlson are attending the 87th annual convention of the Minnesota state bar association today (Wednesday) through Friday.

Association president John W. Padden, Crookston, will preside at the session, in which an estimated 1,000 lawyers, judges and their wives are expected to participate. The convention opened today with a noon board of governors luncheon honoring 30 lawyers from throughout the state who have served with distinction for 50 years.

Numerous discussions and seminars on a wide variety of legal subjects will take place, over the three-day convention, and a number of speakers will address the various sessions. The general business session will be conducted Friday afternoon with 43 committees and sections reporting.

Nursing Home Week Proclaimed By Gov. Anderson

Gov. Wendell Anderson has proclaimed the week of June 20-26 as Minnesota Nursing Home Week.

In issuing the proclamation he urged citizens to visit a nursing home on Father's Day, June 20, and during the entire week, "to acquaint themselves with the benefits, services and potential these facilities offer in meeting the growing health care needs of our elderly, chronically ill and convalescent citizens". He said that a visit would serve as a "way of demonstrating to the residents that the community cares about them and their welfare".

In observing Nursing Home Week, the state is participating in a nation-wide salute to the million aged and ill persons living in long term health care facilities. It is sponsored by the American Nursing Home association (ANHA) and its 48 affiliated state associations.

Elmer Andersen Heads Regents Of University

Former Minnesota Gov. Elmer L. Andersen has been elected chairman of the University of Minnesota Board of Regents.

Andersen, who was named to the board by the 1967 Legislature, was chosen by the board last week to succeed Lester A. Malkerson.

Andersen is board chairman and chief executive officer of the H.B. Fuller Co., St. Paul.

He was president of the Voyageurs National Park association and has been a member of the Minnesota higher education coordinating commission.

Neil C. Sherburne, secretary-treasurer of the Minnesota AFL-CIO in St. Paul, was elected to succeed Marjorie J. Howard as vice chairman of the board.

A new committee on contracts, gifts and grants will be headed by Regent Lyman A. Brink of Hallock.

VFW Commander At Grygla Hails Adoption Of Bill

Kerl Sundberg, Commander of Veterans of Foreign Wars Post 3858 of Grygla, joined State V.F.W. Commander John Slaum of Minneapolis in complimenting the Minnesota Senate and House of Representatives on their passage of Senate File 108 which will put the Constitutional amendment question on the November, 1972, ballot to receive authorization to pay a Minnesota bonus to veterans of the Vietnam era.

Commanders Sundberg and Slaum said that the task of the veteran's organizations was far from being completed in gaining this legislation for the Vietnam veterans. They noted that it will take many hours of work and explanation to insure voter approval in 1972.

In order to insure the proper lines of communication between the interested veterans, Sundberg invited eligible Vietnam veterans to join the Veterans of Foreign Wars Post 3858 by visiting the post home or calling the commander at Grygla.

Any male American citizen who has served in the armed forces and earned a combat service ribbon (WWI, WWII, Korea and Vietnam), the Armed Forces Expeditionary medal or the Army of Occupation ribbon are eligible to join the Veterans of Foreign Wars. Service in Korea since October 1, 1966, again has made servicemen eligible for the V.F.W. Another unknown eligibility is the Army of Occupation ribbon which is still being given for service in West Berlin.

Lyle Olson At Long Lake Camp

Lyle Olson, son of Mr. and Mrs. Rufus Olson of rural Thief River Falls, was selected to attend Long Lake Conservation Camp near Aitkin from June 13-25.

The Pennington County Soil and Water Conservation district and the 4-H leaders council sponsor one 4-Her to camp each year.

Lyle was selected to attend camp because of his interest and activities in conservation. While there he will study the conservation of water, wildlife and forestry. Field trips to a deer yard, peat farm, wild rice farm, forestry practices, sewage treatment and the Red Lake National Wildlife refuge are planned.

Farm Real Estate In Minnesota Has Record Value

Minnesota's agricultural real estate carries a new record value of $7,034,000,000, reports Agriculture Commissioner Jon Wefald.

He emphasized that represents the investment only in land and buildings, and not equipment or inventories.

That is a $69 million increase during the year ended March 1.

Commissioner Wefald said new figures obtained from the economic research service of the U.S. department of agriculture reveal Minnesota farmers have the highest proportionate investment in farm buildings in the nation, compared with land value.

Farm buildings are valued at $2,209,000,000, an increase of $21 million in the last year, and represent the second highest building value among the nation's 48 contiguous states.

Minnesota ranks 27th in agricultural land value per acre, averaging $231 last March 1, an increase of $5 in the past year.

Only Iowa ranks ahead of Minnesota in farm buildings value, at $2,301,000,000. Iowa's land is valued $74 per acre higher than Minnesota's.

New Jersey claims the most valuable farm land in the nation, averaging $1,094 per acre, but reports only $248 million in building value.

Minnesota ranks ninth in total farm real estate value. Texas, the largest state, leads that class with $21,248,000,000, although the average land value is $152 per acre and total buildings value is $233 million less than Minnesota's.

Nationally, the agricultural plant is valued at $213,988,000,000, including $41,679,000,000, worth of buildings and an average land value of $199 per acre.

Minnesota Third In Nation For Producing Cheese

Minnesota ranks third in the nation in cheese production and Minnesotans are above U.S. average as cheese consumers, reports Agriculture Commissioner Jon Wefald.

Latest available figures reveal 1969 Minnesota cheese production totaled over 154,674,000 pounds, bested only by Wisconsin and New York, respectively.

"It may also surprise some Minnesotans, in view of the state's Scandanavian identity, to know that we rank fifth in the U.S. in production of Italian cheese," added Commissioner Wefald.

The 1969 production total included 104,955,000 pounds of American cheeses, 23,953,000 pounds of cottage cheeses, 12,930,000 pounds of Italian cheeses, and 13,136,000 pounds of other cheeses, including Swiss, brick, Munster and blue.

Commissioner Wefald credited "availability, economy and natural pride for Minnesota made cheeses," for home state popularity. Per capita consumption is estimated at 11.5 pounds of American cheeses, over six pounds of cottage cheeses, and 4.8 pounds of other specialty cheeses. National averages, respectively, are 9.4, 4.8 and 4.2 pounds.

In addition to the overall and Italian cheese rankings, Commissioner Wefald said Minnesota ranks second in the nation in production of American, cheddar and blue cheeses, 10th in creamed cottage cheeses, and 12th in output of basic cottage cheese curd.

High home consumption helps reduce the export of cheese products beyond Minnesota to about 70 per cent of total output. Overall, Minnesota must sell over 80 per cent of its total agricultural production outside the state's borders.

Cheese manufacturing, processing and packaging is a significant segment of Minnesota's dairy industry, comprised of 30 plant facilities, located in Aldrich, Austin, Breckenridge, Bongards, Brooks, Clarkfield, Dalbo, Duluth, Elgin, Faribault, Hibbing, Hokah, Houston, LeSueur, Melrose, Minneapolis, Moorhead, Moose Lake, New Ulm, Pine Island, Rochester, St. Paul, Watkins, Winsted and Zumbrota.

Entry Dates For Minnesota State Fair Are Listed

Competitive exhibit entry closing dates for the 1971 Minnesota state fair were announced today by John E. Libby, secretary-general manager. Libby said some $2½ million in premiums have been awarded to exhibitors during the past 10 years and that there will be more than $300,000 available this year.

Butter and cheese entries are due no later than July 7. They are to be submitted at Land O' Lakes Creamery, Inc., 2201 Kennedy St. NE, Minneapolis. Horse department exhibitors, except for those showing hunters and jumpers, must have their entries in by July 24.

The list of August closings includes: Future Farmers of America (FFA) judging contest, Aug. 1; auto race, hunters and jumpers, Aug. 2; pigeons, rabbits, poultry, Aug. 3; fine arts, Aug. 7; open class and FFA cattle, Aug. 9; open class and FFA swine and sheep, Aug. 11; agriculture, including utility certified seed, old corn and FFA crops, Aug. 15; fruits, potatoes and vegetables, Aug. 19; Christmas trees, bees and honey, Aug. 19; creative activities (formerly home activities) except for baked goods, Aug. 21; 4-H and FFA tractor driving contest, Aug. 23; baked goods, Aug. 26 (delivered in the Creative Activities Building between 9 and 11 a.m.).

New corn entries are due Sept. 2.

Entries to all departments should be addressed to: Entry Department, Minnesota State Fair, St. Paul, Minn. 55108. Additional information, premium lists and entry blanks may be obtained by writing the entry department or by calling the State Fair, 645-2782.

Browns Attend GOP Conference

Dr. David Brown and Mrs. Brown of Goodridge plan to attend the second annual Republican Women's conference in Minneapolis Friday.

Mrs. Tobin Armstrong, co-chairman of the Republican national committee, will be a speaker, as will Representative Margaret M. Heckler of Massachusetts. Four high-ranking Department of State officials will also speak at the conference.

Hallinglaget Of America Plans Meet at Bemidji

Hallinglaget of America annual convention will be at Bemidji state college June 25-27 with registration and a business meeting opening the Friday morning session. On Friday afternoon the "Sweet Adelines", a Bemidji women's barbershop quartet will sing, and there will be a rosemaling demonstration, speakers, and music. At 8 p.m. Friday there will be a concert of Norwegian music by a string orchestra and the Bemidji high school choir will sing.

Saturday's highlights include a tour of the Norwegian language camp during the day and a banquet of Norwegian food in the evening, with Odd Lovell of the University of Minnesota as the featured speaker. The convention closes on Sunday with a Norwegian worship service at First Lutheran church with the Rev. Jacob Andreasen of Hitterdahl, Minn., as guest speaker.

Farmers Borrow $4.9 Million At PCA Office Here

Area farmers currently borrow more than $4.9 million from the Production Credit association of Thief River Falls, which also has a branch in Roseau, according to Harlow C. Johnson, manager of the PCA here.

Johnson attributes the increase in credit use by farmers to low farm prices and ever-increasing operating costs. He says the farmer is therefore forced to expand and seek ways of boosting his efficiency to preserve a profit margin.

Farmers in the Seventh Farm Credit district, which includes Michigan, Minnesota, North Dakota and Wisconsin, currently borrow 19 times more money from PCA than they did in 1955. Borrowing total for Minnesota is currently $287,336,914.

The 48 Production Credit agencies in the district now supply farmers with more than $831 million in short and intermediate term credit, $512 million more than in 1965 and the largest of the 12 credit districts in the country.

Farmers recognize that credit is a tool, Johnson says, which used wisely can improve profits and provide better lives for themselves and their families. Average investment per farm has increased dramatically in recent years, as farms have become larger and more automated.

49,426 Veterans Trained Under Current GI Bill

Veterans Administration announced that 49,426 veterans and servicemen have trained under the current GI bill in Minnesota as the bill's fifth anniversary was marked this month (June).

John Murphy, director of the VA center at Fort Snelling, also noted that nationally, 1,100,000 were enrolled in job-training and studying at college level or below at the end of the school year.

He said 2,500,000 veterans and servicemen have trained under the current bill (PL 89-358) so far, compared to 2,391,000 under the Korean Conflict bill (PL 82-550) during its 13-year history.

Of the 49,426 current GI Bill trainees in Minnesota, 48,919 were veterans and 807 were servicemen. Veteran trainees followed the national pattern of generally heavier enrollment in institutions of higher learning as compared to below college level training and on-the-job training.

Murphy said 23,252 veterans studied in institutions of higher learning, 19,735 trained below college level, and 5,632 took on-the-job training.

However, servicemen who trained in Minnesota deviated from the pattern of heavier enrollment in institutions of higher learning, he observed. Only 107 servicemen have studied at this level under the current GI bill, compared to 700 below college level.

He pointed out that California leads the nation in the number of trainees under the current bill with 383,400. New York is second with 168,400, followed by Texas with 138,900, and Pennsylvania with 123,400.

Veterans and servicemen become eligible for educational benefits after separation from service under other than dishonorable conditions with at least 181 days of active military duty, any part of it after Jan. 31, 1955. Veterans also are eligible if released because of a service-connected disability, he said.

The VA director urged veterans and servicemen interested in educational benefits to contact the VA center in the new federal building at Fort Snelling, or their local veterans service organization representative, or nearest veterans county service officer.

Area Students On UND Dean's List

Many area students were among the 1,092 University of North Dakota students in eight academic divisions to be named to the deans' lists for the spring semester of the 1970-71 school year.

On the dean's list for the college of arts and sciences were Kenneth Etterman, Red Lake Falls; Beatrice Kaaprowicz, Strandquist; and Thomas Tunberg, Thief River Falls.

Bergland Bill Proposed To Aid Small Business

U.S. Representative Bob Bergland this week cosponsored legislation designed to simplify federal tax procedures for small businessmen and "insure that the unique tax problems of the main street businessman are considered separately from those of large corporations."

Bergland's legislation would establish a committee composed of representatives from the treasury department, the office of management and budget, the small business administration and the internal revenue service.

"This committee," according to Bergland, "would be responsible for studying tax regulations and make recommendations on how they can be improved to the advantage of small businessmen." To facilitate this function, the bill would also create a special 12-member advisory committee of small businessmen and a special small business tax analyst in the treasury department.

"These new specialists," Bergland explained, "would be primarily responsible for writing a new tax code for small businesses." Specific proposals in the code would include revisions of federal depreciation policies "giving small business special treatment," equalizing tax benefits for fringe benefits offered by small business, a general review of tax laws and reforming the collection of employment and excise taxes.

"The trend toward big government and big businesses must be reversed and a greater emphasis must be placed on protecting the individual and the small businessman," Bergland said in support of his legislation. "The federal government must recommit itself to serving our average citizen."

Water Planners To Attend Meet At Warroad

Water planners from the United States and Canada will attend the quarterly meeting of the Souris-Red-Rainy River Basins commission, July 15, at Warroad, according to H. A. Hendrickson, commission chairman.

Hendrickson said that commission membership comes from eight federal agencies and three states. The latter are Minnesota, North Dakota and South Dakota.

Federal agencies are Departments of agriculture, army, commerce, housing and urban development, interior, transportation; and the newly named environmental protection agency, and the federal power commission.

Hendrickson said the commission was established in 1967 under the water resources planning act of 1965. Its purpose is to serve as the principal agency for the coordination of federal, state, interstate, local and nongovernmental plans for the development of water and related land resources among its three river basins.

He explained that under the act, the commission is charged with preparing a plan for such development. A Type I study is nearing completion, and a Type II study of selected subbasin areas in the three states is in progress.

The Warroad meeting, scheduled for 1:30 p.m., July 15, is open to the public.

Adventist Camp To Open Friday At Hutchinson

Rev. Leslie Cox of the local Seventh-day Adventist church will go to Hutchinson, Minnesota, Thursday to help prepare for the church's annual camp meeting in the Minnesota conference, which convenes Friday.

Rev. Cox is joining other ministers, Bible instructors, and church employees from the Minnesota conference of Seventh-day Adventists at the camp site on the campus of Maplewood academy in Hutchinson to help ready the convention grounds for some 2,000 persons.

Thief River Falls Adventist church members are this year expecting one of the biggest camp meetings ever held by the denomination at Hutchinson.

Each day's program includes a heavy schedule of meetings beginning as early as 8:30 a.m. and closing around 8:00 p.m. Many stay for the entire nine-day conference, living right on the campgrounds which houses a cafeteria, food commissary, book store, first aid headquarters, private accommodations, and four meeting auditoriums.

Issue Warnings On Gasoline Use For Mowers

Power mowers have the power to be dangerous if not used with care and good sense, according to State Fire Marshal Patrick Barry, as the sound of gasoline powered lawnmowers is heard now that warmer weather and Spring clean-up time have arrived.

Every year, Barry says, the National Fire Protection association records injuries resulting from unsafe practices in the use of power mowers.

To avoid becoming the victim of such an accident, he reminds, everyone must treat gasoline with respect. It gives off flammable vapors which need only a tiny flame or spark to turn them into searing fire or dangerous explosion.

Some specific safety rules from the state fire marshal include:

Do all refueling outdoors where dangerous gasoline vapors can't accumulate.

When refueling, keep away from all ignition sources such as bonfires and motors in operation. Observe the "No Smoking" rule without exception.

Wipe up any spilled fuel before starting the motor.

Store gasoline in a tightly closed metal can, never in an easily-broken glass jug or bottle.

Chamber Board Holds Meeting Tuesday Noon

Board of directors of the Thief River Falls Chamber of Commerce met Tuesday noon to hear reports and discuss items of interest to the local organization.

Vernon Nelson, chairman of the agriculture committee, urged participation by local businessmen in the state Minnesota Polled Hereford association field day June 25 at the Donald Knutson farm eight miles east of Thief River Falls. The agriculture committee will furnish trophies for the event and operate a milk stand at the farm. Polled Hereford breeders from throughout the state are expected to attend the event which is co-hosted by the Knutsons and Stauning Bros. of Beltrami.

Merle Smith, executive secretary, reported on a successful Northwest Dairy Day and Thief River Falls day at Assiniboia Downs in Winnipeg. He said that about 150 people from the Thief River Falls area attended the races, at which a cooler blanket was presented by the local Chamber of Commerce to the winner of the Thief River Falls feature race.

Jan Larson, second vice president, reported on a trip made by Smith and himself to Duluth to participate in annual Duluth Day activities.

Change of the Chamber of Commerce parking committee to a downtown development committee was announced by president Marvin Lundin, with Justus Larson to be chairman of the committee. The committee will deal with several problems concerning improvement of the downtown business area.

New Employment Counselor Here

Donald Baumann, a high school counselor at Howard Lake, began work Monday in the Thief River Falls office of the Minnesota department of manpower services as one of 15 high school counselors who will provide job and career guidance services at 12 state employment service local offices this summer.

Federal funds to pay their salaries for up to two-and-one-half months have been granted to the department by the Manpower Administration of the U.S. Department of Labor.

Four of the summer counselors are assigned to the St. Paul and Minneapolis offices. The other 11 are at local department offices in St. Cloud, Thief River Falls, Virginia, Moorhead, Fairmont, Rochester, Hibbing, Little Falls, Mankato, Winona, and Hopkins.

All of the counselors have M.A. degrees in counseling and guidance. Temporary use of the school makes it possible for the state employment service to offer career guidance to more of the thousands of young jobseekers who enter the Minnesota labor force at this time of year, according to Emmet J. Cushing, state commissioner for manpower.

Ekelund Church Will Dedicate New Dining Hall

Members of Ekelund Lutheran church will dedicate a new dining hall addition during special services on Sunday. Dr. Cecil M. Johnson, Bishop of the Northern Minnesota district of the A.L.C., will officiate at the dedication during the 10 a.m. worship service. The service will also contain a special service of consecration of the members of the congregation.

At 2 p.m. a special program will mark 1971 as the 65th anniversary year of the congregation. Rev. A. B. Heithe, pastor of Ekelund church from 1954 to 1969, will bring an anniversary address.

Members of the congregation plan to serve a dinner at noon to all friends of the congregation who are present for the day's activities. The afternoon will conclude with coffee and refreshments following the anniversary service. All friends and relatives of the congregation are welcome and invited to take part in all or some of the day's activities.

Construction of the new addition began in the late spring of 1970 following a campaign for pledges to the building fund. The dining hall was completed in the early fall, in time for use by the Sunday School for most of the school year. During the winter the dedication committee began making plans for this dedication and anniversary service which will provide opportunity for the members to give thanks for the gift of the new addition, according to Rev. Bruce Anderson, pastor.

WALDORF COLLEGE male quartet of Forest City, Iowa, will present a sacred concert at Trinity Lutheran church in Thief River Falls Sunday at 8 p.m. Four Waldorf sophomores are in the quartet, including science major Jerome Tanneson, music majors Dennis Meyer and Donn Johnson, and engineering major Donald Meyer. All are members of the college choir and are on a six-week tour in South and North Dakota, Minnesota, Montana, Wisconsin and Iowa. The public is invited to attend the concert and a free-will offering will be taken.

Pollution March Nets $200 For Donation To City

In spite of inclement weather on Saturday, May 22, about 75 students from Franklin junior high school participated in a "Students Against Pollution" march, walking more than five miles to demonstrate their concern about the pollution problem.

Individuals and several stores sponsored the student march, and at the end of the campaign $200 had been donated. During the march the students filled about 75 plastic bags with litter. The money has been turned over to the city council to be used for purchasing additional trash containers to help fight litter in the downtown area.

Thief River Falls Mayor A. E. Jacobson gave his thanks and the thanks of the city council for the young people's anti-litter efforts.

"The young men and women who participated in the walk are to be congratulated," said the mayor, "as are the teachers who organized and led the walk to a successful completion."

The mayor went on to say that the "fine response and participation in this exercise was the result of the inspirational advice and leadership of junior high social studies teacher Cal Lindberg. This is what teaching is all about, and I think we have a great number of teachers who have the capacity and the ability and dedication that has been demonstrated so well."

Return Of Dental Cards In Schools Is 50.5 Per Cent

Each year at the close of school a pink dental card count is taken for each school and class in Thief River Falls. The average card return this year was 50.5 per cent, slightly higher than last year's 48 per cent, according to school nurse Mrs. Margaret Roce.

She said that if the cards are indicators of the dental health picture in Thief River Falls, it means that only 50 per cent of the school age children are getting yearly dental care. She said, however, that most teachers believe that more children go to the dentist, but neglect to return their pink cards.

The morning kindergarten class at Washington school returned 77 per cent of its cards. The second grade at Washington returned 76 per cent of the cards, and the fifth grade class at Knox was third with 75 per cent of the cards returned.

Mark Twain school had the highest percentage of cards returned, 56 per cent. At other schools, the percentage at Knox was 54 per cent, 49 per cent at Northrop, and 43 per cent at Washington.

Students are encouraged to see their dentist twice a year, and at least once a year to return a dental card to school. Those having work done this summer are asked to have their cards signed and to return them to school in the fall.

MCDC Has Loans For New Business

Midwest Minnesota Community Development Corporation (MCDC) has been formed out of the Office of Economic Opportunity's Special Impact Program (SIP) in several northern Minnesota counties.

Included in the new corporation are Becker, Hubbard, Mahnomen, Clearwater, Red Lake, Pennington and eastern Polk counties, according to director Ralph Holte. SIP has offices in the Mahube Community Council office in Detroit Lakes and in Fosston. Cooperating community action programs are Mahube, Inter County and White Earth.

The corporation will loan money at the rate of five per cent and provide technical assistance to groups or communities seeking economic development projects that would provide additional jobs in the area. Some $503,000 in venture capital is available for the enterprises, which must be approved by a board of directors as well as the Office of Economic Opportunity in Washington, D.C.

The CDC is governed by an interim board of directors. A permanent board will be elected by the membership in the CDC, which will be available for $5 a person. Persons 18 years of age or older living in the counties included are eligible for membership.

Officers of the interim board are: chairman John Quam, Detroit Lakes; vice chairman Melvin Clark, Rice Lake; secretary Charlene Lundin, Bagley; and treasurer Shirley Coleman, Naytahwaush. Directors include Leander Berberick, Brooks; Arvid Clemenson, Fosston; Bernt Norness, McIntosh; Emma Johnson, Ogema; Albin Nelson, Waubun; Roger Lundahl, LaPorte; Elmer Frederickson, Waubun; Gwen Olsmore, Park Rapids; Arnold Higdem, Bagley; and Otto Johnson, Oklee.

The board will determine the feasibility of the economic development projects before making a decision whether or not to loan money to a business venture. However, the staff will be available to help determine the feasibility of projects, according to Holte.

The only program thus far approved by the CDC board is a $200,000 expansion of the specialty crops program, which will be serving 85 farmers in the area this summer, according to Holte. The special crops program is run with an educational component from the Detroit Lakes area vocational-technical institute. Gunder Hanson is the coordinator between the school and the program.

Holte says that the Midwest Minnesota Markets Organization is in the process of becoming a separate legal entity and will be eligible for assistance loans from the CDC. Terms for the five per cent loans to any business enterprise will be negotiated on an individual basis.

Holte says that the board is open for project proposals, but will give prime consideration to projects by communities or groups that involve the two available resources of timber and agriculture. Projects must provide a good economic base as well as jobs for low income residents, he adds.

He emphasized that the staff would work with groups or communities in determining project plans and feasibility. The special impact staff will be operating under the new CDC board.

Detroit Lakes staff members in addition to Holte include: Willard Steinke, agriculture specialist; Don Davis, irrigation specialist; Tom Hanks, speciality crops fieldman, and Tim Bergien, marketing specialist. Members of the Fosston staff are James Bingham, assistant director; Ben Myhre, timber specialist; and John Hopke, speciality crops fieldman.

"Each prospective enterprise will be looked at strictly from a business point of view," says Holte. "We want to make sure that it is financially sound and will be a continuing business."

Starts Control Of Hemp Weed

A pilot program to eliminate wild hemp weed, commonly called marijuana, from farmland has started in central Minnesota's Meeker county with the assistance of the University of Minnesota's agricultural extension service.

Meeker County Extension Agent K. Russel Bjorhus, Litchfield, has been working with county weed inspector Bill Nelson to determine if cost sharing might encourage farmers to eliminate hemp weeds on their farms. About $3,000 in federal funds will be spent on the program in the county.

About 180 farmers in Meeker county have been contacted by letter advising them to destroy the weeds by spraying, pulling by hand or plowing. A maximum of $40 will be made available to each farmer in the program.

Ten states are involved in this cost-sharing program to eliminate hemp weeds from noncropland areas. Total cost for this program is estimated at $68,000.

to achieve recertification in elementary administration, but took no action on the request.

Teacher contracts were approved for the following:

Dan H. Skaji, secondary special education at Lincoln high school. He is a native of New Brighton and graduate of Bemidji state college.

Rodney M. Johnson, carpentry at the area vocational-technical school. He is a graduate of the University of Minnesota.

Cecilia Stoltman, secondary education at Lincoln high school. She is a native of Oslo and graduate of St. Mary's at Winona.

Kathleen Lindquist, elementary education, is a graduate of St. Mary's and a native of Cloquet.

The board also acted officially on accepting the contract with Dr. William S. Corliss as superintendent of schools. Dr. Corliss was in attendance at the meeting, as were two of the three newly-elected board members who will take office in July.

Resignations were accepted from Werner Horter, auto mechanics in the vocational-technical school; Boneeto Bumgaener, home economics at Franklin junior high school, and Karen Trager, special education at Mark Twain school.

Resolutions were adopted commending Mrs. Alice Vroa and Mrs. Blanche Larson upon their respective retirement from Northrop elementary and Lincoln senior high schools.

A correction was made in the May 21 meeting minutes to add the name of Allen Krouse to the list of teachers granted leave of absence for military service.

Supt. L. M. Johnson's report on the center school operated for Thief River Falls, Plummer, Goodridge and Newfolden high schools at the area vocational-technical school showed 116 students enrolled last year. Of this total, 41 per cent plan to enroll in post high school vocational programs here. Intentions of others include 8.4 per cent to Northland junior college, 21.6 per cent undecided, 14.6 per cent into full-time employment, 3.8 per cent marriage, 3.6 per cent military and 7.2 per cent other plans.

Report on the Franklin junior high school swimming pool showed average use during the month of May of 44 persons daily after school during the week, 84 on Saturdays and 98 on Sundays. Net operating cost of the pool was $537.

Supt. Johnson also noted that the Holcomb and Knutson accounting firm has indicated it will audit the school district's books during the week of August 16-20.

He also commented on attempts to secure a teacher for the hard of hearing, since the district has to deaf students among its enrollment.

Asks Owners To Claim Lost Items

An assortment of items including glasses, watches, rings, clothing articles, boots and other items has accumulated at Franklin junior high school, according to Neil Toverna, principal. He urged that students or parents of students who lost items at the school last year call at the office and claim items which belong to them.

THREE DIVISIONS of competition will be entered by Gayle Nepper as Miss Thief River Falls in the Miss Minnesota pageant in Austin this week. She will compete tonight in evening gown competition, Thursday in talent division and Friday in swimsuit competition. She is pictured above in a composite photo in her evening gown, talent costume and swimsuit. Her talent presentation is a dramatic reading from Shakespeare's "Romeo and Juliet".

Tuition Raised For All Students At University

Students at the University of Minnesota will pay increases in tuition ranging from $25 to $77 when they return to school in the fall.

The tuition hikes, which were approved last week by the university's board of regents, were built into legislative appropriations bills.

Tuition will increase $24 per quarter for undergraduate students from Minnesota in liberal arts, university college, home economics, general college, the college of education and the campuses at Duluth and Morris. Students in the same fields from other states will pay $57 more each quarter.

Currently, a fulltime resident student in these areas pays $33, so his tuition goes up to $158 a quarter. A non resident will pay $437.

Undergraduate resident students in forestry, agriculture and biological sciences will pay $28 more than their current fee of $133 per quarter. Non-residents in these fields will add $63 to their current quarterly fee of $380.

Resident students in the school of business administration and the paramedical programs in the college of medical sciences will pay $28 more per quarter than their current tuition of $141. Non-residents will pay $63 more than their current $380.

Graduate students from Minnesota will pay $34 more than their current $150 quarterly fee. Non-resident graduate and professional students will add $77 to their current quarterly fee of $380.

A differential between resident lower and upper division students in the Institute of Technology was eliminated. Students in lower division had paid $133 per quarter and upper division students paid $141. Both groups will pay $165 per quarter next year.

Additional tuition hikes are expected during the second year of the biennium.

Army Guardsmen Begin Training At Camp Ripley

Clear skies and warm, summer weather greeted more than 6,000 Minnesota Army National Guardsmen Sunday as they moved in by convoy to set up housekeeping for two weeks at Camp Ripley.

The Minnesota Guardsmen joined the 194th Armored Cavalry Battalion from Duluth and Iron Range communities who had started summer training a week earlier in open the 53,000-acre military reservation.

Commanded by Brigadier Gen. Paul V. Meyer, Mankato, the state's 47th (Viking) Infantry Division and support units became the first military organization to use the state-owned site for annual field training this year. More than 20,000 National Guardsmen and Army Reserve personnel from Minnesota, Iowa, Illinois, Indiana and Kansas are scheduled for training sessions through August.

Minnesota Guardsmen will remain in metal huts and canvas tents for one week of the two-week training period, moving to the field for tactical bivouac during the second week.

The camp will be opened to the public June 20, for the traditional Sunday parade and review ceremonies.

Visitors at the camp will watch the state's units participate in the 2 p.m. parade at the parade grounds, and the firing of one of four Honest John rockets used for training during the two weeks. The annual Governor's Day review is tentatively set for Monday, June 21.

Fresh Water Fishing Systems

Dave Harbour is a master angler who has written a book to explain his no-nonsense systems for sportsmen who would rather fish than cut bait. His are super-special, long-tested, guaranteed to work, new ways with rig, jig and tackle to bring in more fresh-water game fish per angling hour, anywhere! His book details uses of such innovations distinctively unusual as:

A new swivel-leader-hook plastic worm rig;

New uses for rubber-body jig;

Taking ways with suckers;

Plug-jigging techniques for white bass;

A unique jig-rig that scrapes walleyes out of deep bottoms;

Successful fly-and-bait combos for bluegills;

Easily mastered tricks with summer trout rigs;

Never-fail jigging system for under-ice trout;

...and more, much more.

The author explains his book is a text for open-minded anglers, novice and expert alike who are eager to increase their skills.

It is a joy to introduce new writers to Minnesota fishermen. Dave has also written several books on hunting and is often published in Sports Afield, Sports Afield Hunting and Fishing Annuals, etc. He has fished in all 50 states and Canada and Mexico. He is an active member of: The Texas Hall of Fame; Outdoor Writers Association of America; and the Izaak Walton League. He now lives in Leesburg, Fla. His books are available through Stackpole Books, located at Cameron and Kelker Streets, Harrisburg, Pa., 17105.

"This is an out-of-the-ordinary study of out-witting ways to super catches of large and smallmouth bass, musky, pike, walleyes, bluegills, crappies, white bass, rainbow, brown, brook and lake trout. Without relying on cliches and personal anecdotes it reflects a devotion in trying anything that will improve the catch—and when it works, proving its validity."

Canoe Race At Cambridge Set For July 17 & 18

Entries are now being accepted for the 22nd annual "Rum River Paddle-Rama," a 43-mile, two day canoe race on the Rum River from Princeton to Cambridge, Minnesota. The race will be held Saturday and Sunday, July 17-18.

The race is open to any team of two canoers (girls, boys or mixed) within the ages of 13-18. Contestants to be eligible can't have reached their 19th birthday on or prior to July 17, 1971.

There will be three classes of competition: junior boys—ages 13-15, senior boys—ages 16-18 and girls—ages 13-18. Trophies will be awarded contestants in each class for the first three places.

All entrants must supply their own canoe, which must be of a *standard commercial aluminum* type and not to exceed 17 feet in length. Blade width of paddles can't exceed 6½ inches.

Interested contestants should write immediately to Charlie Johnson, 217 2nd Ave. S.W., Cambridge, Minn. 55008 for entry forms and further information. Deadline date for accepting entries is July 1.

Entry fee is $5 per team and will include lodging for two nights, meals, souvenir paddles, team pictures, swimming pool use, etc.

Six Carriers At Ski-O-Rama In Minneapolis

Six carrier salesmen from Thief River Falls will receive a special trip in Minneapolis June 14-16 for Ski-O-Rama, which includes water skiing, speedboating, houseboating and swimming.

The six include Jon and Mike Froehle, Peter Hess, Scott Carlson, Rondy Dallmann and Chris Biegner. More than 1,250 carriers for the Minneapolis Star and Tribune from Minnesota, North and South Dakota and western Wisconsin will learn to water ski in this year's Ski-O-Rama program.

A number of Ski-O-Rama outings will be conducted this summer on Lake Minnetonka near Minneapolis by the newspaper's circulation sales supervisors. The program is held to reward qualified carriers throughout the upper Midwest for extra sales effort.

Each boy will receive water-safety instruction, including tips on water skiing, from qualified instructors. All carriers will be required to wear life jackets while in or near the water. A qualified lifeguard will supervise each swimming period.

Resource Bills Win Approval In Legislature

Many important items of natural resource legislation won approval during the regular session, according to Robert Herbst, Commissioner of Natural Resources.

"The appropriation bills that will come out of the special session will complete the picture," he said. "When we see those, we will know just how successful a session it has been so far as conservation is concerned."

But he said it is "already clear that major advances have been made in natural resource management, preservation and outdoor recreation this session."

Herbst listed the following measures and said more detailed information on each act will be released as the bills are signed into law or take effect:

1. Passage of the Voyageurs National Park legislation, authorizing the state to make the required land transfers to the federal government so that the park can be established.
2. Extension of the surcharge on the small game license for the acquisition of wetlands.
3. Flexible authority in the setting of deer seasons.
4. Addition to state park boundaries and solid funding for development of existing parks.
5. Department authority to hold a moose season.
6. Water safety act updated.
7. Bear classed as a game animal and removed from the "unprotected" list.
8. Land owners exempted from liability for recreational use of their lands.
9. A contingency fund to supplement license revenues in case these fall short of required needs.
10. Strengthening of snowmobile laws and increased fees.
11. Moose Lake Recreation Area.
12. Five new recreational trails established and master planning authorized for development of recreational facilities on 16 designated boating and canoeing rivers.
13. Review of proposed pipeline projects.
14. Authority to allow year 'round fishing on lower part North Shore streams.
15. Removal of restriction on grouse hunting during deer season.
16. Authority to allow entrance to state parks on one designated day without a motor vehicle entrance permit.
17. Authority to acquire public access sites on small lakes.
18. Removal of ceiling on revenue to the Department from unrefunded gas taxes.
19. Endangered species act.
20. Registration of well drillers and control over their compliance with state regulations.
21. Recreation site maintenance under the "Greenview" program.

Thank you friends and relatives for the beautiful floral arrangements, cards and memorials. Also thanks to you who brought food to our home or assisted in any other way. May God bless you all. The family of Berger Wold. 1t48p

IN Memoriam
In loving memory of our dear son and brother, Ovid, who passed away 11 years ago June 11.
No one knows how much we miss you
No one knows the pain we bear.
And the loneliness and heart ache.
Life will never be the same
But we hope some day to meet you
On the bright and golden shore.
Where there'll never be a parting
Always joy and peace forevermore.
Missed by his parents, Mr. and Mrs. Lester Nordhagen, Shirley, Leslie, Bruce, Richard and Steven. 1t48p

Warroad Stops TRF 3-1 In Northwest Legion Play

Thief River Falls opened up their Northwest Legion baseball season on a sour note last night with a 3-1 set-back at the hands of Warroad.

Rocky Wilson's club will be back in action tonight (Wednesday) at Fosston with a double header against Fosston and Gonvick. The season's first home contest is slated for Thursday night, June 17, against Newfolden on the fairgrounds diamond beginning at 7 p.m. Thief River Falls will also be at home Friday night, June 18, for a 7 o'clock contest against Moorhead.

Warroad scored twice in the first inning last night for all the runs they needed before adding an insurance tally in the second frame for a 3-0 lead off lefty Pete Sullivan. Sullivan gave up just five hits in the game but his teammates could only muster up four singles off winning pitcher Robert Fish. The local club was never able to collect more than one hit in any inning.

Thief River Falls threatened in their half of the first inning as second baseman Brian Peterson singled after the first batter had been retired. Peterson went to second on a passed ball but was tagged out trying to advance to third. Third baseman Tom Hanson walked and advanced to second but Fish struck out the final out.

Warroad's Allan Hangsleben singled with one out in the bottom of the first and scored on John Taylor's double to left for the game's first run. Fish followed with a single to score Taylor but Sullivan retired the next two batters, including a strike out of Keith Pommering to end the inning.

Thief River Falls put three runners on base in the second inning after two were out as catcher Jon Jensen and right fielder Bruce Johnson walked. The two runners advanced to second and third on Pete Sullivan's single to left to load the bases but Fish struck out the third out.

Warroad scored a single run in the second inning when third baseman John Thompson led off the inning by being hit with a pitch. Thompson advanced on an error and stole home for the run.

With two out in the seventh, Sullivan walked on a full count for Thief River Falls. Sullivan went to third on Rob Almquist's single and then scored his team's only run on an error in right field.

Sullivan struck out seven batters in seven innings while walking just one. Fish struck out five and walked five for Warroad.

In other action reported in the Northwest Conference, Roseau stopped Oslo 2-1 on a three-hitter by Mitch Brandt. Roseau collected nine hits off Oslo pitching in the game at Roseau. Crookston defeated Fisher 4-1 last night behind Kyle Pearson who pitched a three-hitter. Crookston also belted nine hits during their game.

SUMMER IS in full swing in Thief River Falls if you go by the number of people taking advantage of the weather with a round of golf. Temperature readings in the 70's and 80's have sent residents to the lakes, beaches and golf courses. The two young veterans shown here took time off last week to play nine holes of golf on the Thief River country club course which is open to the public.

TRF Far North Softball Tourney Set For Sunday

Thief River Falls will host the ninth annual Far North fast-pitch softball tournament Sunday, June 20, on the fairgrounds softball diamond.

Teams entered are from Thief River Falls, Crookston, Maple Bay, Callaway, St. Hilaire and Grand Forks.

Otter Basketball Camp Sets Dates

Minnesota's original Otter Basketball Camp will feature expanded facilities, staff and dates for four weeks at the Eagle Lake site.

Sanctioned by the Minnesota State High School League, the camps are scheduled June 27-July 2, July 11-16, July 25-30 and Aug. 8-13.

It is hoped that Bill Musselman, new Minnesota coach, will also attend one of the camps.

Hartz & VFW Close In On Trap League Leader

League leading Coast to Coast shot to a 119-119 tie with VFW while L.B. Hartz defeated the Pharmacy 123-108 to tighten the Thief River Trap League standings.

The win for L.B. Hartz and the tie between Coast to Coast and the VFW moved the three teams within two points of one another in the team standings after six weeks of shooting. Coast to Coast leads the league with 11 points while L.B. Hartz is a close second with ten and VFW is in third place, only two points from first, with nine points.

Other action from Monday night's shooting found Arctic Cat and Northern State Bank shooting to a 123-123 tie, Johnson Hide and Fur dropped Lind Motors 118-115, Tony Dorn's edged A & W 125-124, Union State Bank downed Karlstad 117-104, the Times upended Bjorkman's 120-110, Wilson Brothers clobbered the Shrine 123-114 and Custom Motors defeated the Legion 120-118.

Tony Norl of the VFW squad recorded one of the two 25 straights Monday night while teammate Gubby Lane shot a 23-1, Ronnie Johnson 23-3, Keith Bugge 19-6 and Del Rux 13-8. Coast to Coast was led by Harold Hugg with a 23-2, Norland Windahl 19-7, Ike Ellingson 23-1, Dale Thompson 10-8 and Merv Skadsem 18-3.

L.B. Hartz defeated the Pharmacy 123-108 with Howard Hagen shooting a 23-4, Curt Bottem 21-5, Norm Olson 19-6, Bob Olson 19-7 and Pat Fischer 23-0. For the Pharmacy, Ray Thyren shot a 22-3, Stub Pahlen 22-5, Mark Swanson 21-4, Don Wahlbeck 16-4 and Jim Huseth 9-4.

Arctic Cat and Northern State Bank shot to a 123-123 tie as Arctic Cat's Gary Lane shot a 22-6, Ike Hoglin 21-6, Burt Lane 19-7, Lorn Brenna 24-0 and Ron Shern 19-5. Northern State Bank was led by John Feragen 23-3, Doc Stewart 23-0, Howard Thorson 23-4, Bob Phillips 24-2 and Sandy Wilson 23-0.

Johnson Hide & Fur won their second in a row, 118-115 over Lind Motors, with Hal Loge shooting a 22-4, Lambert Bronkhorst 19-8, David Lee 20-4, F. D. Ball 19-2 and Dick Grirsen 14-6. Johnson Hide & Fur was paced by Frandell Johnson with 21-5, Del Stordahl 17-7, Brian Dally 19-8, John Dorr 18-4 and Harry Johnson 17-6.

Tony Dorn's squeezed past A & W 123-124 with Rick Bruggeman shooting a 24-2, Buzz Marvin 21-5, Bud Brooten 16-0, Tony Dorn Jr. 19-6 and Mark Langevin 17-8. For A & W, Warren Hanestad shot a 22-3, Curt Ness 23-4, Roger Rivera 19-6, Bruce Prichard 20-7 and Barry Fellman 21-3.

Union State Bank dropped Karlstad 117-104 as Jerry Wendorff shot a 23-5, Arnie Johnson 20-6, John Moum 16-7, Arnie Naverud 16-0 and Fred Sorensen 19-3. The losers were paced by Craig Spilde's 25-straight but they had just three shooters on hand as Jan Nordin shot a 20-7 and Armon Kiel 23-1.

The Times stopped Bjorkman's 120-110 for their third win as Marv Lundin shot a 23-3, Roger Anderson 22-4, George Mestua 21-7, Bob Mattson 22-0 and Bruce Mattson 18-3. Bjorkman's received a 24-3 from Dave Bjorkman while Lawrence Bjorkman shot a 16-8, Earl Dagg 18-4, Dick Bjorkman 17-5 and Wendy Olson 9-8.

Wilson Brothers topped the Shrine 123-114 behind Mert Wilson's 23-4, Si Schantzen 22-4, Wally Vagle 19-7, Orville Feragon 18-7 and Stan Wilson 23-1. The Shrine was led by Eugene Gaer with a 17-8, Phil Prichard 19-6, Carl Lee 15-8, LeRoy Nabben 15-6 and Orvis Olen 13-8.

Custom Motors got by the Legion 120-118 as Mark Hagen shot a 22-7, Steve Cyr 21-4, Steve Johnson 21-2, Dan Brouse 16-7 and Dale Schantzen 16-8. The Legion's Dick Sculthorp shot a 23-3, Al Paulson 21-0, Allen Steinhauer 17-8, John Kotaska 17-0 and Gary Boughton 17-3.

The team standings after six weeks of shooting:

Moum, Lee Compete In State Golf Meet

Lincoln high school golfers Jay Moum and Roger Lee both finished in the upper half of the large field of competitors in the state high school golf meet held Friday on the University of Minnesota golf course.

Moum, a junior, fired a 36-hole total 160 to finish in the upper third with scores of 78-82. Senior Roger Lee shot 81-85 for a 166 total.

Jeff Lindvall of International Falls and Bill Rislove of Preston were the meet's co-medalists with 144's. White Bear Lake won the team title with a 467, four strokes lower than Albany. The finish behind Albany included Montevideo 470, Faribault 475, Kellogg 475, Mankato 481, Roseau 481, Fergus Falls 488 and Greenway 492.

Top performance turned in by a region eight golfer was Ed Demeny of Bemidji with a 147, just three strokes off the leaders. John Kalle of Crookston shot a 151 and Rob Harris of Roseau fired a 155.

Openings Remain For UND Camp

Openings remain for the second half of the University of North Dakota summer basketball camp, according to director Dave Gunther, UND head basketball coach.

The camp is scheduled June 20-26 on the UND campus. It is open to North Dakota and Minnesota youths who will be in grades 8 through 12 in the fall. Total cost is $65.00 for a one week session, which includes room and board. An advance deposit of $35.00 should accompany each application. Local youths may enroll at a reduced rate if they stay at home during the camp.

Gunther termed the first camp June 6-12 "successful and gratifying." He said 81 youths participated, most of them from North Dakota and Minnesota, but from as far as Colorado.

He noted 60 had enrolled for the second camp. "We have some openings but we expect to have about 80 for the second camp. Those interested should contact us immediately," he added.

Rocky Flemming, a 6-0 guard from Fessenden, N. D., was selected the "Outstanding Camper."

Gunther also announced award winners in five categories for the first camp. Included among the award winners were Bob Louma of Bemidji for defense and Paul Erickson of Bagley for free throw shooting.

The University of Minnesota athletic department dedicated its new baseball stadium at Bierman Field Friday, April 30, just prior to a Big Ten doubleheader against Ohio State. Former UM athletic director Frank McCormick threw out the first ball.

VFW Climbs On Top In Softball Play

VFW handed St. Hilaire its first loss of the season while remaining undefeated themselves Monday night with a 9-2 win in the men's fast-pitch softball league.

VFW scored single runs in the first two innings and erupted for four runs in the third frame for a 6-0 lead. St. Hilaire scored twice in the top of the sixth inning on Dalager's home run but six errors in the contest cost St. Hilaire as VFW came back with three runs in the bottom of the sixth.

Del Offerdahl and Dana Stromberg connected with home runs for VFW.

Action on the softball diamond tonight (Wednesday) finds Falls Diesel taking on Melvies at 7 p.m. St. Hilaire and L. B. Hartz will meet Monday night, June 21, on the softball diamond.

State Farmers Cut Back In Use Of Fertilizers

Minnesota farmers made the second greatest reduction in use of commercial fertilizers in the nation in fiscal 1970, reports Agriculture Commissioner Jon Wefald.

He said only Connecticut made a sharper cutback, 23 per cent, than Minnesota's 14 per cent reduction. However, Minnesota ranks 11th and Connecticut 45th among the 50 states in volume of fertilizer consumed.

Total commercial fertilizer consumption in Minnesota in the last fiscal year was tabulated at 1,306,881 tons by the state-federal crop and livestock reporting service of the Minnesota department of agriculture. That was 218,287 tons less than in fiscal 1969.

Phosphate fertilizers, under national scrutiny for possible hazard to the environment, were cut by 66,851 tons in Minnesota, or 45 per cent. The 1970 use of 82,888 tons of phosphates represents less than seven per cent of all fertilizers applied.

Minnesota farmers also cut the use of nitrogen materials by 54,677 tons, secondary and micronutrients by 631 tons, and natural organic fertilizers by 1,363 tons, while increasing consumption of potash materials by 45,098 tons. Minnesota is the nation's fourth largest user of potash chloride fertilizers in the 50-62 per cent grades, and ranks 17th in use of natural organic fertilizers sold commercially.

Commissioner Wefald said Minnesota's 1970 fertilizer consumption represented 3.3 per cent of the U.S. total. Illinois, the top user, consumed eight per cent of the total. Also ranked ahead of Minnesota in commercial fertilizer consumption, respectively, are California, Iowa, Texas, Indiana, Florida, Georgia, North Carolina, Missouri and Ohio.

He pointed out that Minnesota's reported use of 3,951 tons of natural organic fertilizer represents only commercial sales of bagged manures, primarily to urban flower and vegetable growers. It does not include farm use of livestock and poultry manure as organic fertilizer.

Prison Reformer Is U of M Instructor

by Judy Vick
University of Minnesota
News Service

Prison reform. Almost everybody believes it is needed.

Former U.S. Attorney General Ramsey Clark called penology "the saddest chapter in the history of civilization."

President Nixon called for prison reform in a recent speech on the subject.

College and university students spent a recent holiday picketing at the state prison in Stillwater.

Uprisings among the inmates of many institutions demonstrate dissatisfaction with the system and lack of control within the system.

One man, however, has found that his intense interest in prison reform, and the grimness with which he presents his ideas on how it should be accomplished, have cost him many job opportunities and almost completely alienated him from his colleagues in the field of penology.

Tom Murton, who has a doctorate in criminology from the University of California at Berkeley and 13 years of experience in law enforcement, was unemployed for two and a half years and living off food stamps before he joined the University of Minnesota department of criminal justice studies as a visiting professor last fall.

Just prior to his period of unemployment, he was superintendent of the Arkansas state prison system. He was hired in 1967 by Governor Winthrop Rockefeller to reform the state prison system. He made a number of controversial changes at both Tucker and Cummins prison farms, but it was his uncovering of the bodies of three allegedly murdered inmates at Cummins that led to his immediate dismissal.

Tom Murton doesn't believe in murder—even of prisoners.

"I'm a self-appointed spokesman for the inmates of the United States," he says.

Last fall, as a member of the American Correctional association, he introduced a resolution at its annual meeting that condemned the murder of prison inmates and called for a complete, thorough and honest investigation of the alleged prison atrocities in Arkansas. The resolution was defeated.

Murton, who wears a crew-cut and likes to refer to himself as a "hick from Oklahoma," wants a prison system in the United States that is "humane, cleaner and better organized."

"I want to substitute the democratic model for the autocratic model that is now used in prison," he said. "It won't cost any more money—how much money does it cost to treat a man like a human being?

"If you want to teach a man to survive on the outside, you have to get him ready for it. You don't train a man in dictatorship and then expect him to function in a democracy."

Murton denies that this would be "coddling" prisoners.

"Imprisonment itself is punishment," he says. "I don't know very many men who would choose to live their lives in prison."

Murton doesn't believe education or technical training programs do much, if the prison model is unchanged. "You just get a better-educated criminal," he said. "I don't think these programs do much except soothe liberal consciences."

"Inter-personal relationships between the staff and the inmates is the key to reform," he said. "Rapport is all important—then you can begin to make changes."

How does one establish rapport?

At Arkansas, Murton said he started by tackling simple grievances such as food.

"Most new inmates got a spoonful of rice a day, plus some soybeans, corn bread and water. They ate meat once a year, usually pigs'-knuckles soup. The food was rancid and often contaminated with weevils. If they wanted any better fare, they had to bribe someone to get it. Some men were 40 to 60 pounds underweight. All this despite the fact that the kitchen, which was built in 1966, was completely modern; the prison was farming several thousand acres and had large livestock herds.

"Within a couple of weeks we were serving meat at every meal and all the inmates had enough to eat. This accomplished two things: it showed the prisoners that I would deliver on my promise to improve conditions and it eliminated two major sources of tension—bad food and black-marketing of provisions. In any prison there are a few simple measures that can be taken immediately that will win the prisoners' confidence and improve conditions. These are the things I went after right away in Arkansas.

When it came to handling the problem of homosexuality at Tucker, Murton used a less mild-mannered approach. He put in charge of the barracks a man the other inmates called "Chain-Saw Jack," who had been imprisoned for cutting off the head of a man who had made homosexual advances to him.

"He was an older man, they knew what he was in for and he had status," Murton said. "The rapes in the barracks dropped to zero and other, consensual activities were so infrequent you couldn't count them.

"Using inmates with leadership ability is one way we changed the prisons."

Murton has gory tales to tell about the punishment devices used in "modern" prison. One of the devices sent electric charges through a man's body; another was a five-foot-long, wooden-handled leather strap with which naked men were beaten. Murton eliminated these devices, as well as the less-exotic torture methods of beatings with pipes, clubs and rifle butts.

The average, humane outsider would support Murton's ideas on how prisoners should be treated. Apparently some of his colleagues also think he has "good ideas." One of the leading corrections officials in the United States says, "his trouble is he just doesn't know how to get along with people."

Murton doesn't agree. "Rockefeller refused to recommend me. I wasn't allowed to teach in Alaska, and at first, neither was my wife. Now, I don't think you get this kind of treatment just because you're ill-mannered. You get it because you pose some sort of threat to things as they are. I love prison work. I feel strongly about inmate welfare and I want to be on the inside. But I also want to do what's right."

District Judges Vote In Survey On Drug Charges

by Bill Hafling
University of Minnesota
Science Writer

Hair neatly trimmed for the occasion, a young man faces the judge. Arrested for possession of marijuana (pot), he wonders what the verdict will be. Nervous sweat soaks his clean socks and he wishes he had a cool beer about now. The only time he's been in court before was for that speeding ticket.

If a recently completed survey of Minnesota district court judges is any indication of how the verdict might go, the young man will not be made to suffer too greatly. Judges' verdicts tend to follow their personal opinions on the law, as many an arresting officer or attorney can tell you.

Conducted by James Cullen, chairman of the young lawyers section of the Minnesota Bar association, and James Rothenberger, director of the drug information service center (DISC) at the University of Minnesota, the survey was answered by 50 of Minnesota's 71 district court judges.

Four judges felt there should be no penalty for simple possession of marijuana. Ninety per cent of them, however, felt that simple possession should remain unlawful. Of this 90 per cent, 71 per cent felt the offense should be treated as a misdemeanor, another 24 per cent favored a gross misdemeanor penalty, and one judge favored a felony penalty.

For second and subsequent offenses for possession, the judges would be a bit tougher. Forty-seven per cent would favor a gross misdemeanor penalty; 24 per cent, a felony; and only 27 per cent would still hold the offense a mere misdemeanor.

People caught selling or distributing marijuana would probably not fare too well with most judges. Of the 98 per cent who say this act should be unlawful, 46 per cent feel the first offense should be a felony and 79 per cent feel second and later offenses should be felonies.

Two-thirds of the responding judges thought probation an effective deterrent to repeated offenses while only 18 per cent felt that fining the offender did any good. Forty per cent felt that sentencing would be effective and 32 per cent favored a combination of fining and sentencing.

If given the option, 88 per cent of the judges favored drug education for offenders instead of sentencing. Ninety-two per cent would "apply medical, psychological, or psychiatric treatment and rehabilitation for drug dependent persons as an option to sentencing," according to the survey.

Possible solutions to the problem of increased drug use favored by the judges included:

Better education at elementary and junior high levels, 45 judges; education of parents and adults, 44; better funding of counseling and rehabilitation, 44; more realistic drug laws and penalties 41; and more uniform law enforcement, 39.

Interestingly, only 23 judges felt more arrests was a solution to the problem and 18 felt that more arrests was not a solution. The survey did not ask judges if they felt marijuana was a harmful substance or not.

Maximum Weekly Unemployment Payment Raised

Maximum weekly unemployment insurance payments will increase from $57 to $64 for some claimants effective July 4, 1971, Commissioner Emmet J. Cushing of the Minnesota department of manpower services said today.

The increase, enacted by the regular session of the 1971 state legislature, was signed into law May 20 by Governor Wendell R. Anderson.

Commissioner Cushing explained persons now receiving unemployment compensation will continue to be paid at the old rate. The new rate will apply only to new claims which become effective on or after July 4, 1971.

Cushing advised anyone who becomes unemployed between now and July 4 to visit the nearest Minnesota department of manpower services office to determine the effect of the new law on this claim.

Only persons eligible for payments in excess of the present maximum will benefit from the change in the law, Cushing pointed out. The weekly unemployment insurance check is limited to 50 per cent of the claimant's average weekly earnings during the 52-week period immediately before the week in which his claim is filed, Cushing explained.

This means a person must have average weekly earnings of at least $128 to qualify for the full $64 weekly benefit, he said. Under the formula for determining weekly benefits, the maximum payment any claimant can receive is 50 per cent of his average weekly earnings.

Governor Signs Compensation Bill Recently

Dr. John F. Besty, president of the Minnesota Chiropractic association, has announced that Governor Wendell Anderson has signed into law Senate File 1053. This bill again includes chiropractic treatment in the state's workmen's compensation provisions.

Dr. Besty explained that for the past 50 years chiropractic had been included in these provisions, but on January 29 of this year the Supreme Court found it necessary to rule that the state legislature has neglected to authorize that inclusion.

This bill, he noted, corrected this oversight and restored the workmen's compensation provisions to a status it has held for half a century.

A BOY THAT MISUNDERSTOOD

As a boy, I was always disturbed by this Biblical passage in Matthew: "For I have come to set a man against his father and a daughter against her mother . . . He who loves father and mother more than me is not worthy of me."

In those days of innocence, it seemed that my greatest love should go to Mother and Father. They gave me life, love and visible physical needs that seemed all-important.

But what I did not understand was that this life of mine came directly from God through my parents. I had tried to separate God's love from the love of Mother and Father. It was through Him that they received the great gift of human love. And because a mother has God's love implanted in her heart, she will instinctively love *me*. Matthew was emphasizing the fact that God's love must come first and that human love will then follow in its proper perspective.

Take your child with you to church and church school so that both may gain a better understanding of God's will. One who really loves God supremely will invariably develop a *deeper* love for family, friends and neighbors.

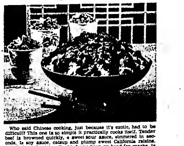
Neil and Lyle Johnson of Rosewood are spending a few days at the home of their grandparents, Mr. and Mrs. Clarence Peterson while their mother, Mrs. Irwin Johnson and Dwight went to St. Paul where Dwight will attend the 4-H Junior Leaders conference and Mrs. Johnson went along with a group of 4-H'ers as a chaperone.

Mr. and Mrs. Clarence Peterson visited Sunday afternoon with Mrs. Anna Myhrer in Thief River Falls.

SANDERS . . .

Mr. and Mrs. Jesse Bakke attended the 50th wedding anniversary open house given for Mr. and Mrs. Willis Roese Sunday at the United Methodist church.



Who said Chinese cooking, just because it's exotic, had to be difficult? This one is so simple it practically cooks itself. Tender beef is browned quickly, a sweet sour sauce, simmered in seconds, is soy sauce, catsup and plump sweet California raisins. A little box of raisins, the kind you keep on hand for snacks, is just the right amount, incidentally.

You need only one pan. All is ready in a jiffy, to serve over hot steamed rice. A fresh green vegetable or salad completes the pretty picture.

GINGER BEEF WITH RAISIN SAUCE

- 1½ pounds tender beef steak
- 2 tablespoons flour
- 1½ teaspoons powdered ginger
- 1 teaspoon paprika
- 1 teaspoon seasoned or garlic salt
- 3 tablespoons oil
- ⅓ cup dark or golden raisins
- 2 tablespoons butter or margarine
- 1 teaspoon soy sauce
- 3 tablespoons catsup
- ½ cup bouillon or water

Cut the steak into thin strips. Dredge in flour mixed with ginger, paprika and salt. Brown quickly in heated oil; remove meat from pan and keep hot. Add remaining ingredients to pan in which meat was cooked. Stir to gather up all the rich brown pan drippings. Bring to a boil; simmer 2 to 3 minutes. Add steak strips and heat briefly. Serve with rice.

Makes 4-6 servings

"In the management of our own personal affairs, we are proceeding on the theory that what happens will be something we didn't expect, and that any worry about the future is a waste of time." —William Feather

Wlecome, Dr. Corliss

On Monday we had the opportunity to meet Dr. William Corliss, our new superintendent of schools, and chat with him for a few minutes. Monday evening he was present for the first June meeting of the Thief River Falls board of education receiving further insight into his new position.

If first impressions are lasting, we will have a pleasant association with Dr. Corliss in the year or years to come. He steps into a position not without considerable pressure and in which very few decisions can be based on clear-cut, black-and-white facts. We know that residents of the district are concerned about their youngsters' education, and that they will be fair in their efforts to maintain the quality of it.

We welcome Dr. Corliss to Thief River Falls and trust that our citizens will accord him every consideration as he gains acquaintance here.

There's A Thought!

There is no little truth to the statement that the length of time it takes to do a job is directly proportional to the amount of time available to get it done. Deadlines make priorities necessary and compel concentration on what must be done, leaving the unnecessary for later.

That is something of the way we look at the Minnesota legislature, now in special session without a great deal seemingly accomplished. A special session seems to be merely a perpetuation of procrastination, and further deferment of decision-making which is bound to be unpopular with some voters.

We recognize that a certain amount of research and study and comparison and compromise is necessary before major legislation can be enacted. But we don't believe that very much business of a major nature comes before the legislature every two years and that too much time is spent on relatively minor matters.

Furthermore, division of the main bodies into committees should speed the work of the legislature rather than hinder it. Committee recommendations should be either accepted or rejected by the main body without changes and amendments and with limited House-Senate bartering. Committees should stand or fall on the recommendations they make. Too much time is lost in re-hashing by the entire House or Senate what has already been discussed in committee.

Annual sessions are not necessary, and the special session this year should not be necessary either. Someone suggested the other day a way to avoid time wasting by the legislators. He proposed that rather than pay legislators for time spent in the special session, they be docked a day's pay for each extra day spent beyond the regular session.

Now, there's a thought!

No Road Testing

No driver would take an automobile with a known defect in steering, brakes, acceleration or other vital function out on the road at today's highway speeds or in today's traffic. But many drivers of new cars are taking the same chances without knowing it.

A buyer purchasing a new car usually assumes that an unused vehicle should be free from safety hazards, normally associated with wear. As a result, he or she drives the car under that assumption until something happens. That something could well be a disabling or fatal accident.

Such is the contention of the Roscoe Pound-American Trial Lawyers foundation. The foundation cites a report prepared by two engineering experts which states, "The recall of millions of automobiles is compelling evidence that the failure to road test or adequately inspect new automobiles is a prime factor of accident causation."

Road testing by the manufacturer prior to shipment for sale is the goal of the foundation—along with a number of other recommendations. The foundation maintains that adequate inspection and road testing can be performed by manufacturers for approximately $7.50 per car. "These tests will establish the safety of brakes, steering, acceleration-carburetion and other vital functions of each automobile in actual use on the highway," the engineers' report states.

At the rate Americans are being killed on the highway, every reasonable attempt should be made to prevent these needless deaths. While driver error is a far greater cause of accidents than vehicle failure, it still makes sense to make the most of possibilities for precaution. A few miles of road testing will not show up all defects, but the test could help eliminate immediate problems which could be dangerous.

Personally, we would rather see a few dollars tagged on the price of a new car for safety testing rather than chrome plating or some other incidental which means nothing to performance.

Good Luck, Girls!

Monday's edition of the Times carried articles on two local girls entering state competition this week. Gayle Nepper, daughter of Mr. and Mrs. James Nepper, carries the title of Miss Thief River Falls into the Miss Minnesota pageant. Bobbi Knutson, daughter of Mr. and Mrs. Robert Knutson, is a candidate for state high school rodeo queen.

We extend the community's best wishes to Gayle and Bobbi as they compete for state honors in two similar but different fields. Both involve beauty, both involve talent, both involve poise and personality, but Gayle will be performing on an auditorium stage while Bobbi competes in a rodeo arena.

Good luck, girls! May the judges think as highly of you as your community does.

Not Second Class

Role and reputation of the vocational-technical school in the overall program of education is undergoing considerable change. In our opinion, the change is long overdue and certainly in the best interests of the potential students and of our nation.

Time was when vocational schools were looked upon by many as harbors for those who, because of lack of academic ability or lack of finances, were unable to attend four-year colleges. Students were sometimes considered as second class citizens by those who were unfamiliar with the vocational schools and their course offerings. No real effort was made by the students or the schools to change that image.

Now time has caught up with some other phases of formal education and the real value of vocational training is being learned. Marketable skills and trades are still in demand by business and industry in a job market that is extremely competitive. More and more young people are turning to vocational schools to obtain the training they need to get and hold responsible jobs—positions in which they can use their best skills and be happy in earning their way in life.

A major problem with this transition in general opinion, however, is what to do with the students who want to enroll in vocational programs. Most schools now have waiting lists in most programs, are using split shifts or extended school days, and otherwise making the most of available facilities. There is little expansion room to meet the increased demand.

Following is an excerpt from a talk by Robert P. VanTries, assistant commissioner of education for vocation-technical education in Minnesota, given at a local program directors' meeting in Alexandria:

"The Minnesota Testing Bureau has for many years asked the question on the MSAT tests as to what the intentions are of the junior in the spring of the year before he becomes a senior; what his intentions are for post-secondary education. Now the last two years have been eye-openers for us and have actually caused us a great deal of concern.

"For instance, this last year—and this will be the seniors that will be going on this fall—there are more people graduating from high school who will be asking to enroll in an area vocational school than all of the public and private junior colleges and four-year colleges combined. And more than are asking for entry to the University of Minnesota and all of its campuses combined.

"We sort higher education out into those two groups: university system and the college system. The figures are—and only half of the students answered the questions, so the figures only reveal what half of the students intend to do—that half of them, 14,000, said they were going on to an area vocational-technical school. Five years ago, this would have been unheard of; nobody would have even thought that this could possibly happen.

Going to the University of Minnesota or one of its campuses are 13,000; 7,000 said they were going to go to a junior college and 5,000 said they were going to go to a state college. Combine those latter two and you come up with 12,000. So I think that anybody that thinks that vocational education, post-high school program is second class, or that post-high school programs lack status or interest, should look at those figures because they're eye-openers."

Yes, Mr. VanTries, they certainly are!

Borrowed Nonsense

A golfer got to heaven and found it was a mass of championship links. One approach was covered with tall fir trees and looked really tough. Someone was attempting to drive a ball 400 yards over the thickest clump of them. "Who does he think he is?" asked the newcomer, "St. Peter?" "He IS St. Peter," said a passing angel. "Trouble is, he thinks he's Jack Nicklaus!"

notes from the governor

With the special legislative session now two and one-half weeks old and the central issue still unresolved, it might be well to re-examine certain fundamental facts.

The basic issue, of course, is taxes—who pays and how much.

There seems to be little argument that the lowering of high, regressive real estate tax rates is the single most critical problem facing the legislature.

The budget I presented to the Legislature last January was designed to provide substantial, permanent property tax relief throughout the state.

Republicans in the Minnesota House, who have vigorously opposed our tax plan, contend their own plan is far preferable.

Let's take another look at how the two proposals stack up in terms of property tax relief.

Our tax plan, as revised and reintroduced in the special session, would give our homeowners, farmers, businessmen and local governments $475 million in property tax relief. The House GOP plan extends but $261 million in relief, or $214 million less.

Average relief per school district, under our plan, would amount to well over 60 mills.

Relief under the House GOP plan would be substantial in a few high-welfare counties in northern Minnesota, but far less in the Twin Cities area, in southern Minnesota and elsewhere.

The State Tax Department has advised me that substantial permanent property tax relief cannot be achieved unless the aggregate amount of relief is at or near the very level provided under our tax plan.

A tax plan that purports to extend such relief, yet provides less than half as much money to accomplish that goal, is demonstrably inadequate.

Inspection Mark Confuses Buyers Of Meat Products

Many consumers mistakingly assume that a government inspection stamp on meats is an indication of eating quality, while it actually refers to wholesomeness, according to Richard J. Epley, extension meat specialist at the University of Minnesota.

Inspections are conducted at packing and processing plants. The inspection mark means the meat is entirely suitable for consumption from a sanitary standpoint when it leaves the processing firm. Inspection is actually a consumer protection process; however, inspection does not tell the buyer much about the relative eating quality of the product, Epley said.

Quality and quantity differences in meats can be determined by the grade marking. Grades are based on the age of the carcass and marbling, color, firmness, lean texture and cutability of the meat. USDA grades for beef are Prime, Choice, Good, Standard, Commercial, Utility, Cutter and Canner; for veal, Prime, Choice, Good, Standard, Utility and Cull; and for lamb, Prime, Choice, Good, Utility and Cull. Although there are federal grades for pork, they are not widely used.

Prices vary according to grade with Prime more expensive than Choice and Good grades.

Grades are based on the meat's age, color, firmness, texture, cutability and marbling, which is the mixing of fat within the lean part of the meat. The more marbling, the more flavorful and juicy the meat will be, but as marbling increases, the amount of protein decreases.

Prime grade cuts have more marbling than other grades, giving them more flavor than lower grades of beef and lamb. Although a Good grade beef and lamb is less flavorful, it is higher in protein. Therefore, the Choice grade beef and lamb generally is featured in supermarkets, since it is in between Prime and Good Grades in flavor and protein, he added.

Saturated fat in animal products is an area of consumer concern, with some claims that saturated fats cause cardiac-vascular diseases and heart conditions. But there is not sufficient scientific evidence that this is true, Epley said. A person's total fat intake is more important in dietary considerations than the kind of fats he eats. Actually, smoking, exercise and heredity are thought by many authorities to be more important contributory causes in cardiac-vascular diseases, he said.

Some consumers reject pork products because they consider it a "fat" food and not readily digestible, yet some beef is fatter than pork. Pork is as digestible as beef and lamb, Epley added.

Removing Signs From Highway Is Illegal, Unsafe

Having "Stock Crossing" or "Soft Shoulders" signs hanging on the doors and walls of one's pad is considered the "in" thing by many high school and university students.

To the Minnesota highway department, the removal of signs by high school and college pranksters for "harmless fun" may cause serious accidents as a result of missing regulatory or cautionary signs. These signs are the property of the citizens of the state of Minnesota and some of them cost from $20 to $50 each.

The charge, if caught, can be for possession of stolen property. If these students are over eighteen, a record of these convictions could follow them the rest of their lives, seriously jeopardizing their ability to apply for good jobs despite their scholastic achievements.

Stealing highway signs is a misdemeanor and can result in a fine of up to $300 and up to 90 days in jail.

Minnesota 2nd In Green Peas For Processing

Minnesota now is in second place in planted acreage of green peas for processing, with 17.2 per cent of the nation's total for 1971, Agriculture Commissioner Jon Wefald has announced.

Planting of the new pea crop, totaling 71,600 acres, is virtually completed well ahead of schedule and represents a five per cent increase over Minnesota's 1970 acreage.

Minnesota displaced Washington state in the rankings by taking an 8,000-acre advantage, according to the State-Federal Crop & Livestock Reporting Service of the Minnesota Department of Agriculture.

Neighboring Wisconsin retains the top rank with 131,300 acres of green peas for processing this season, representing 31.5 per cent of the nation's total.

Last year green peas yielded $7,865,000 gross income for Minnesota farmers. It was the fifth best income for the third largest acreage and yield of peas since 1960.

Eighty nine per cent of the midwest green pea production this year is scheduled for canning, the other 11 per cent for freezing.

Justice Heads Alumni Ass'n.

Hon. Oscar R. Knutson, chief justice of the Minnesota supreme court, and former area attorney and judge, was elected national president of the University of Minnesota alumni association at its 67th annual meeting held in Minneapolis.

Chief Justice Knutson, a 1927 university law school graduate, replaces Harry Heltzer, chairman of the board of 3M Co., St Paul.

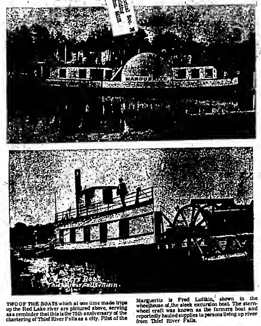
Thief River Falls, Pennington County, Minnesota Monday, June 21, 1971 Number 49



TWO OF THE BOATS which at one time made trips up the Red Lake river are pictured above, serving as a reminder that this is the 75th anniversary of the chartering of Thief River Falls as a city. Pilot of the Marguerite is Fred Luftkin, shown in the wheelhouse of the sleek excursion boat. The sternwheel craft was known as the farmers boat and reportedly hauled supplies to persons living up river from Thief River Falls.

Council Approves Street Projects Of $278,260

Thief River Falls city council Tuesday night approved $278,260 in street improvements in the city for 1971. Two projects totaling $20,500 were dropped by the council.

In Noper's third addition and Countryside trailer court, $14,100 was approved for curbs and gutters, and $11,000 was approved for storm sewers. Streets to be improved are Westview and Cottonwood avenues and Sunset, Meadow, Stephen and Christopher streets. In the undeveloped portion of Countryside trailer court, $28,000 was approved for excavating and backfilling and $10,300 was allotted for storm sewer installation.

On Brooks avenue from Arctic Industries to Third street, the council approved $34,000 for street excavation and backfill, $11,000 for curbs and gutters, and $13,500 for bituminous surfacing. For Greendale Manor trailer court the council approved $20,200 for street excavation and backfill, $10,600 for curbs and gutters, and $18,860 for storm sewers.

Approved for Tindolph avenue south from Greenwood was $11,500 for curbs and gutters. $4,100 was allotted for street excavation and backfill on a section of Crocker avenue to the Southern addition. In Berg's second addition $5,600 was approved for street excavation and backfill, and $3,000 was approved for storm sewers.

On Greenwood street on the east side of Highway 59 area, the council approved $21,300 for water extensions and $29,500 for sewer extensions. The council also decided on street excavation and backfill in Arthur's addition. Cost will be $15,300. Another improvement voted for by the council is the excavating, backfilling and bituminous surfacing of the alley between Kneale and Maple between Third and Taft streets. Cost of this is set at $2,700.

The council also approved $13,000 for curbs and gutters on Falls, Pleasant and Reserve avenues in the Riverview trailer court.

Walter Asselin Killed In Crash

Walter L. Asselin, 64, of Lambert township, rural Oklee, was killed instantly at 8:50 Thursday morning when the car he was driving was involved in a two-car collision at the intersection of County Highways 1 and 10 northeast of Oklee in Red Lake county. Working as a substitute mail carrier, he was delivering mail at the time of the accident.

Asselin's car had entered the intersection when it was hit broadside by a car driven by Mrs. Arlen Fore, 26, Oklee. Both cars went into a ditch and the Asselin car hit a telephone pole, snapping the pole in half, according to the Red Lake county sheriff's office. Mrs. Fore was taken to Northwestern hospital in Thief River Falls, where she was treated and released.

Walter Louis Asselin was born January 23, 1907, and was the son of Onezime Asselin and Permelia Hinco Asselin. He was a 1926 graduate of Oklee high school and attended Bemidji state college. He farmed west of Oklee.

He served as a substitute mail carrier for a number of years and had been Lambert township assessor for more than 30 years. He was active in community affairs and served as either an officer or a member of the Red Lake county Agricultural Stabilization and Conservation Committee, the Inter-County Community Council, the Oklee Creamery board, Senior Citizen Housing board, Woodmen of the World, school alumni committee, and as an agent for the Bray Mutual Insurance and Waseca Insurance companies.

He is survived by his mother, Mrs. Permelia Asselin of Oklee; two brothers, Tom and Joseph, of Oklee; five sisters, Mrs. Max (Cora) Rossignol, of Red Lake Falls; Miss Celene Asselin; Mrs. Marvin (Lucille) Strande, of Crookston; Mrs. Leander (Mayme) Berberich, of Brooks, and Mrs. Ray (Bernice) Wicks of Oklee; and a number of nieces and nephews.

He was preceded in death by his father, one brother, Harvey, and one sister, Mrs. Charles (Rose) Lessard.

Concelebrated High Mass was offered for Walter Asselin at 3 Saturday afternoon from St. Francis Xavier Roman Catholic church at Oklee, with the Revs. Paul Cardin, Keough Patnode, and Henry Carriere officiating. Interment was in the church cemetery.

Honorary pallbearers were Oscar Stenberg, Delton Sebenaler, Lowell Sovde, Lowell Enerson, Dick Clement, and Wallace Leander. Pallbearers were Michael Wicks, John Rossignol, Raymond Lessard, Linus Berberich, and Kenneth and Victor Asselin. Pettersen Funeral Home was in charge of arrangements.

Mrs. Rantanen Honored By 4-H For Past Service

Mrs. Betty Rantanen of Middle River was one of four distinguished former 4-H members who received plaques last Wednesday at a banquet during the state 4-H junior leadership conference.

CANADIAN VISITORS from St. Pierre, Man., met with local officials of the Diamond Jubilee Wednesday to discuss the jubilee and the annual fair held at St. Pierre. William LaFave, second from left, is general chairman of the Diamond Jubilee and made local arrangements for the meeting, held at the Thief River Golf club. Mayor A. E. Jacobson and parade chairman E. C. Olson also met with the group.

223 Enroll For Vo-Tech Summer School Classes

Total of 223 students have enrolled for the summer session at the Thief River Falls vocational-technical school, according to Arnt M. Aune, director of the school.

There are 49 students enrolled in the summer hydraulic mechanics course, 25 in the auto body repair course, 40 in the office education course, eight in the Carpentry I course, 42 in the cosmetology course, 14 in the architectural drafting course, 22 in the summer welding course, and 18 in the summer session practical nursing course.

Director Aune also said that with the exception of the accounting classes, all departments will close for summer vacation from June 25 to July 13. The administrative office will maintain regular hours from 8 a.m. to 5 p.m. during the vacation period, he said.

Wikstrom Phone Company Given $1,110,000 Loan

Wikstrom Telephone company, Inc., with head offices in Karlstad, learned recently that its request for a $1,110,000 Rural Electrification Administration loan has been approved. The loan will be used to establish private line service in Donaldson, Greenbush, Karlstad and Strandquist.

Prior to going ahead with the work the Wikstrom company is making a survey in each of the affected exchanges to obtain the feelings of the patrons concerned. The change to a private line system in each community will mean a slight increase in phone rates, but company officials say the rate increase will be off-set by better service.

All lines will be buried underground instead of being on overhead poles. When the work is completed there will be no party lines remaining in the four communities.

New switch boards will be installed at both Karlstad and Greenbush to carry the new load. The present system in Karlstad is overworked, the company says, and is almost at the point where no new services of private lines can be installed.

Shooting Suspect To District Court

Ronald David Borgen of Greenbush was bound over to the Ninth Judicial District Court on a charge of attempted murder in the second degree and aggravated assault when he appeared before Judge J. A. Harren in Warren county court June 10.

Borgen was placed under arrest at Greenbush by area law enforcement officials following the shooting of Earl Voytilla in the parking lot of the Florian dance hall west of Strandquist on the night of Saturday, June 5.

He is being held in the Marshall county jail following his hearing before Justice of the Peace C. Elmer Johnson on June 8 when bond was set at $10,000.

Thief River Falls attorney Curtis Charlson appeared in the county court at the preliminary hearing in behalf of Borgen and asked the court for a psychiatric examination of the suspect.

Theft Of Silver Worth $1,000 Is Noted By Police

Theft last Saturday was reported to Thief River Falls police of an eight-piece setting of sterling silver in a brown Walnut box, along with several other silver serving pieces, from a local residence. The silver was valued at $1,000, and police are investigating.

At 1:37 p.m. June 11 a truck driven by Willard Scott was attempting to make a right turn east on First street from Main avenue. The truck turned into the left side of a car driven by Jesse Vedum of route 1, Thief River Falls, who had pulled up on the right side of the truck. There was $5 damage to the truck and $600 damage to the Vedum car.

On June 13 the theft of a radiator for a 1954 Ford pickup truck from an area near the D & Q motel was reported to the police.

At 12:05 p.m. last Monday a car driven by Homer Grinde of Thief River Falls was going west on Third when it was struck by a pickup truck driven by George Gunn of Middle River, who was going north on Atlantic. Damage to both vehicles totaled $350.

On Tuesday at 2:54 p.m. a car driven by Bonnie Boushee of Thief River Falls was headed south on Horace when it was struck by a car driven by Clara Jacobson, Thief River Falls, who was entering Horace from a service station driveway. Total damage to both vehicles was set at $250.

Last Wednesday Mrs. C. P. Lasha of Thief River Falls reported to police the theft the night before of a Western Field five-foot by seven-foot green pup tent and red battery lantern. The tent was valued at $14 and police are investigating.

City Applies To MPCA For Okay On Sewage Plans

City of Thief River Falls has applied to the Minnesota Pollution Control Agency for approval of plans for a waste disposal system to be located west of the city in Rocksbury and North townships. Effluent would be channeled through County Ditch 70 and then into the Red Lake river.

The project will consist of a three-cell stabilization pond system having a total surface area of approximately 333 acres with a detention time of approximately 280 days. The proposed system will replace an existing sewage treatment plant. The effluent at maximum will amount to about 1.65 million gallons per day of treated sewage.

Interested parties may write the Pollution Control Agency office concerning facts, arguments or objections concerning the project. The statements primarily should refer to the adequacy of the project with regard to avoidance of water pollution and possible conflicts between the discharge of the effluent and any actual or potential uses of waters involved or other environmental impact.

All statements should be addressed to the Minnesota Pollution Control Agency, Division of Water Quality, 717 Delaware St. S. E., Oak Street Station, Minneapolis, Minn. 55540.

Letter Carriers Hold Convention In TRF

Sixty-ninth annual convention of the Minnesota rural letter carriers' association, ladies' auxiliary, and juniors is meeting in Thief River Falls this week.

Registration began on Sunday afternoon with a family picnic in the city park in the evening. Business sessions will be held until Wednesday noon.

Official sessions began this morning at 9 a.m. with Orval A. Lund, Lancaster, president of the association, heading the organization. The joint session included a memorial service to carriers who had died during the past year and greetings from local officials. Bringing greetings were R. J. Dryden, postmaster; Mayor A. E. Jacobson; Marvin Lundin, president of the Chamber of Commerce; and Arnold Iligdem, president of MRLCA area five. Cameron Gray, convention chairman, presided.

Sessions will continue throughout today and Tuesday with a banquet to be held Tuesday night. Speaker will be Dr. Hiram M. Drache, professor of history at Concordia college in Moorhead. Major convention business will be transacted Wednesday morning at the Thief River Golf club when committee reports will be given and officers elected. Ladies auxiliary to the organization will also meet all three days.

Two special guests who will speak to the convention have arrived from Washington, D.C. They are Mrs. Clifford W. Perrine, national auxiliary treasurer, and Rial M. Rainwater, national vice president of the rural letter carriers association.

Rainwater has released the following statement: "On Tuesday, June 8, unfair labor practices were filed against the U.S. postal service by the seven postal organizations with national exclusive bargaining rights.

The Organizations accused the postal service of refusal to bargain, bad faith, a closed mind and a determination not to reach agreement, except on terms incompatible with law and the legal rights of the unions.

"Bernard Cushman, chief spokesman and negotiator for the Council of American Postal Employees (CAPE), charged that during the entire period since negotiations began on January 20, the postal service has never made any offer to improve wages or fringe benefits. The postal service was charged with six specific violations as follows:

(1) Refusing to make any specific proposals on wages and other economic issues.

(2) Trying to make such proposals conditional on union acceptance of a new "management rights" position while failing to articulate this position.

(3) Insistence on modifying grievance procedures and reducing fringe benefits contrary to the intent of the postal reform act.

(4) Announcing that agreement by the postal service with respect to wages and economic benefits would be influenced by an irrelevant and illegal consideration, i.e., the anticipated

Mrs. Larson Taught Latin, Loves Sports

by Pete Volkert
Times Reporter

"Those sophomore boys I had in class last year are going to make a fantastic hockey team!"

Mrs. Blanche Larson should know. She's been following Lincoln high school athletics fanatically since she first started teaching in Thief River Falls in 1927. "I taught here 41 years—but three of those years I only taught half days, so maybe I should say 38 and one-half years." This year she retired from her teaching position.

Whatever number of years, she taught both math and Latin. "I suppose that is a rather unusual combination," she said, "but for me they always seem to have gone together nicely."

Mrs. Larson was seated in the teacher placement office at the University of North Dakota, from which she was about to graduate in 1927 when "Mr. (Morris) Bye came in and said in such a loud voice 'I'm Mr. Bye, the superintendent at Thief River Falls' in such a loud voice that he scared the life out of me." But she took the teaching job anyway.

"Lincoln high school at that time was just what is now 'Old Lincoln' with about 20 teachers. There were 88 seniors in the graduating class that year, and at that time we had the freshman class at Lincoln, too. There was an enrollment of only about 300 in the entire high school," she said.

"The school was so much more different then," she said. "The assembly room—I suppose we would call it an auditorium now—was upstairs where the English resource room and the language labs now are, and the addition where the art room and math center now is was only classrooms when it was built in the early 30's. What I call the 'new addition' was built in 1938.

"And how I loved athletics. I went to every game and I'm going to every game next year, too. I remember we used to be in seats right up to the foul line in the auditorium.

"I remember one tournament game when Warren was our biggest rival—it was played in the morning for some reason. But in the last second somebody on the Warren team made a basket, and we lost the game 14-13. We must have played carefully controlled basketball!"

She added that she likes all high school athletics, and noted that when she came here hockey was of little importance. "But is it ever exciting now," she said.

She reminisced about some of the other events during her Latin and math teaching career: "When I first came here there was a woman on the school board. I though she did a fine job, but there haven't been many women on the school board since. Then not too long after I started teaching here the Depression struck, and you couldn't change jobs for any price." She never did change jobs, however, and

PACKING TEXTBOOKS at the end of the school year and the end of a teaching career that began in Thief River Falls in 1927 is Mrs. Blanche Larson, mathematics and Latin teacher at Lincoln high school. An avid fan of high school athletics, she plans to continue attending as many sports events as possible, as well as traveling and visiting her children.

Termination Of Contract Voted By School Board

Termination of the contract of Mrs Shirley Frandsen as principal of Knox and Mark Twain schools was voted by the Thief River Falls board of education in special session early Wednesday evening. The action followed a request by Mrs Frandsen at Monday night's regular board meeting for a leave of absence to obtain credits necessary for certification as principal.

The board resolution stated that unless Mrs. Frandsen "presents to the School Board of Independent School District No. 564 evidence of certification by the state department of education for the position of elementary principal on or before July 1, 1971, the employment of Mrs Shirley Frandsen shall be terminated as of June 30, 1971."

The resolution, adopted by unanimous approval of the six board members in attendance (member Charles Samuelson was absent), also called for presentation of written notice to the principal relating to termination of her employment.

That notice called attention to state board of education rules and regulations regarding elementary and secondary school principals' certification stating in part that "the first certificate will be valid for two years. It may be renewed for one five-year period after twelve (12) quarter hours of credit have been earned in work applicable on a professional certificate."

Mrs. Frandsen reportedly has not earned the 12 hours of credit necessary for recertification.

Esther Diane Dalzell And Terrance Dahl Vows Said

Miss Esther Diane Dalzell became the bride of Terrance Dale Dahl at a double ring ceremony at 4 p.m., on Saturday, May 15, at the Evangelical Free church in this city.

The bride is a daughter of Rev. and Mrs. Floyd Dalzell of Thief River Falls. Parents of the groom are Mr. and Mrs. Dennis Dahl, also of this city.

The bride's father officiated at the ceremony, assisted by Rev. Ivan Carlson, pastor of the church.

Mrs. Ronald Trontvet was the organist. She played the traditional nuptial selections as the guests were ushered in by Eldred Frederiksen of Petersburg, N.D., and Ardell Brueckner of Niagara, N.D., cousins of the groom. For the processional, Mrs. Trontvet played "Trumpet Voluntaire". She also accompanied Mr. and Mrs. Orville Trontvet, uncle and aunt of the bride, and Ronald Trontvet, cousin of the bride, as they sang, "Together" and "Wedding Prayer".

Forming the chancel setting were two large baskets of white gladioli, orchid carnations and yellow and white mums.

The bride was escorted to the altar and given in marriage by her father. She was attired in a floor-length gown of orchid floral brocade. The gown was designed with a fitted bodice, high neckline and full bishop sleeves fashioned of a sheer orchid chiffon. Marking the empire waistline was a purple velvet ribbon. Her orchid shoulder-length veil was held by a matching pillbox headpiece embroidered with pearls. She carried a colonial bouquet of yellow roses and white mums complemented by lace ruffles and ribbon streamers.

Attending the bride were her sisters, Miss Joyce Dalzell, as maid of honor, and Miss Pamela Dalzell, as bridesmaid. They wore identical street-length gowns of orchid embossed with a white floral design. Their gowns also featured long sleeves and empire waistlines marked with velvet ribbon. In their hair, they wore orchid ribbons and white daisies. Each carried a white basket filled with yellow and white mums and orchid carnations.

Wearing similar attire was the bride's second cousin, Shellie Trontvet of Thief River Falls. She served as flower girl.

Dean Dahl of Thief River Falls attended the groom as best man. Groomsman was Bob Larson, a friend. All wore dark business suits with orchid shirts, white ties and orchid carnation boutonnieres.

The mother of the bride wore a dress of white bonded lace over orchid, complemented by white accessories and a corsage of yellow roses and white mums. The mother of the groom wore a gold long-sleeved dress accented with black accessories. Her corsage was similar to the one worn by the bride's mother.

Honor guests at the wedding were the bride's maternal grandmother, Mrs. Gunda Trontvet of Thief River Falls, the groom's paternal grandfather Ole Dahl of Adams, N.D., and his maternal grandparents, Mr. and Mrs. Henry Mork of Petersburg, N.D.

The parents of the bride hosted a reception in the church parlors following the ceremony. Serving as reception host and hostess were Rev. and Mrs. W. R. Dalzell, uncle and aunt of the bride. Miss Connie Dahl, sister of the groom, registered the guests and Mrs. Gerry Brorby and Lyla Frederikson, cousins of the groom, served the punch.

The three-tiered wedding cake, supported by swan pillars and topped with an ornament of wedding bells and yellow daisies, was cut and served by Mrs. Inga Trontvet, aunt of the bride, and Mrs. Albert Binfet, aunt of the groom. Presiding at the coffee service were Mrs. Orville Kveno, aunt of the bride, and Mrs. Elverne Fredriksen, aunt of the groom.

At the gift table were Mrs. Merv Sorenson and Mrs. Dennis Hapman. Renae, Glenda, Carolyn and Rachel Trontvet served as waitresses.

Approximately 100 relatives and friends attended the ceremony and reception. They were from Winnipeg, Man., Canada, Minot, Grand Forks, Harvey, Kensal, Niagara, Petersburg, Adams and Fargo, N.D., Gary, Maple Plain, Moorhead, Barnesville and the area around Thief River Falls.

For traveling on the wedding trip the bride wore a purple double knit pant suit. The newlyweds are now at home at the Country-side Mobile park in Thief River Falls. The groom, a 1970 graduate of Lincoln high school, is employed in this city by Hartz Wholesale, Inc. Photo, Neal Fox Studio.

Mattson And Visness Plan A Fall Wedding

Mrs. Galda Mattson of Kennedy announces the engagement of her daughter, Sonia Lou, to Ronald Visness, son of Mr. and Mrs. Kenneth Visness, also of Kennedy.

Both attended school in Thief River Falls. Miss Mattson is a 1970 graduate of the Kennedy high school and a 1971 graduate of the clerical department of the Thief River Falls area vocational-technical school. She is now employed as a teller at the Northwestern State Bank at Hallock. Her fiance, a 1969 graduate of the Kennedy high school, is a 1971 graduate of Northland State junior college. He plans to go into farming.

A fall wedding is being planned.

Tony Petersons Will Note 50th Anniversary

Mr. and Mrs. Tony Peterson will be honored on their 50th wedding anniversary on Sunday, June 27, at an open house celebration at their farm home 1½ miles north and ½ miles east of Holt. Hours will be from 2 to 5 p.m., with a program to be given at 2:30 p.m.

In case of rain, the event will be held at the Nazareth Lutheran church at Holt.

The couple's daughter, Eileen, will be the hostess. She invites all friends and relatives to attend.

LaVarne Rondorfs To Observe Anniversary

Open house celebration will be held at the Steiner hall on Sunday between the hours of 2 p.m., and 5 p.m., for Mr. and Mrs. LaVerne Roodorf of rural Thief River Falls, who are celebrating their 25th wedding anniversary.

All friends and relatives are welcome to attend.

KITCHEN KARNIVAL

Features from the Kitchen of

Mrs. Nick Foster
Rural Thief River Falls

Today's column is for all those who must diet because of a weight problem or for some physical disorder. You have my honest sympathy. For the first time in my life, I'm on a strict diet. Always having been interested in foods, it was a great disappointment to me when the doctor ordered the elimination of such goodies as whole milk, butter, and eggs. I was brought up on a farm, and those foods were just a part of the every-day diet. Also forbidden now are cheeses, (no more toasted cheese sandwiches) chocolate and nuts. (I used to put nuts in everything except mashed potatoes and gravey). Other no-no foods are ham, bacon, duck, goose, pork, pastries, pancakes, and of all things, liver. To change eating habits, established over half a century ago, hasn't been easy. I just wish it were as simple to lower the cholesterol count as it was to loose those extra 20 pounds that I've carried around for the past 20 years. Cholesterols, those hidden enemies, can cause a lot of problems which can result in strokes or heart attacks. Have you had your cholesterol count checked lately? (EMS)

The recipe today comes from Mrs. Nick Foster of rural Thief River Falls. We are grateful to her for sending us this recipe for her favorite rhubarb dessert.

Rhubarb Dessert

4 cups rhubarb
2 cups white sugar
1 cup marshmallows
1 package strawberry gelatin
1 cup whipped cream

Method: Combine rhubarb and sugar and boil until rhubarb is done. Remove from heat and add marshmallows and gelatin. Stir until dissolved. Cool. Add whipped cream and pour into a graham cracker crust. Use a 8 x 12 inch pan. Mrs. Foster stated that for special occasions, she adds a few fresh strawberries.

The Fosters are newcomers to this area. They formerly lived at Northcote, north of Hallock. Since last fall, they have made their home here, with their son-in-law and daughter, Mr. and Mrs. Ole Johnson. They have three other children and are the grandparents of 14.

Mrs. Foster's hobbies are working cross word puzzles, cooking and embroidering.

Vows Exchanged At Oklee By K. Martell-D. Fimrite

Bouquets of pink carnations and yellow and white mums graced the communion rail at St. Francis Xavier church at Oklee for the afternoon wedding of Miss Kathleen Mary Martell and David Wayne Fimrite, both of Oklee.

The bride is a daughter of Mr. and Mrs. Francis P. Martell of Oklee. Parents of the groom are Norman Fimrite of Hibbing and Mrs. Cliff Lindholm of Cloquet.

The ceremony took place on May 22 with Rev. Paul A. Cardin officiating. Mrs. David Holmbeck was the organist and Mrs. Marvin Bronken, soloist.

Escorted to the altar and given in marriage by her father, the bride was attired in a floor-length gown of white Chantilly lace. The gown was styled with bishop sleeves, featuring cuffs that came to a point over the wrists. The square neckline was embroidered with jewels matching the crown that held her veil of bridal illusion. Her modified A-line skirt, which flowed back into a peacock train, was edged with a scalloped lace trim. She carried a bouquet of pink roses and yellow mums centered with two pink orchids.

Serving as the bride's personal attendant was Joanne Lambert of Oklee.

Mrs. James A. Schmitz of Red Lake Falls attended her sister as matron of honor. Other attendants were Mrs. Randy Brekke of Oklee, sister of the groom; Phyllis Muszynski of South Milwaukee, Wis., friend of the bride, and Bobbi Jo Fimrite of Hibbing, sister of the groom. All wore identical gowns made with floor-length skirts of a multi-colored, figured organza over deep pink, topped by deep pink sleeveless bodices featuring scooped necklines. Marking the empire waistline was a deep pink velvet ribbon, tied in back, with floor-length streamers. At the neckline, they wore matching dog collars of deep pink velvet ribbon complemented by a jeweled ornament. To complete their attire, they wore matching satin shoes, over-the-elbow white gloves, and pink shoulder length veils held by rhinestone tiaras. Each carried a bouquet of white and yellow mums centered with pink roses, and complemented by ribbon streamers corresponding with the colors in their skirts.

Attending the groom as best man was James A. Schmitz of Red Lake Falls, brother-in-law of the bride. Groomsmen were Randy Brekke of Oklee, brother-in-law of the groom, Dave Martell of Oklee, brother of the bride, and Brian Kruchowski of Cloquet, brother of the groom. Ushers were Ronald Vedbraaten of Crookston and Darrell Stengl of Taber, brothers-in-law of the bride; Leo McMahon of Minneapolis, uncle of the groom, and Duane McMahon of Thief River Falls, brother of the groom. All wore dark tuxedos with pink boutonnieres.

For her daughter's wedding, Mrs. Martell wore a navy blue, long-sleeved dress with white trim, white accessories and a corsage of yellow and white carnations centered with a pink rose. A similar corsage complemented the yellow, three-piece ensemble worn by the mother of the groom.

Corresponding corsages and boutonnieres were also presented to the honor guests: Henry Becull of Grand Forks, N.D., grandfather of the bride, Mrs. Marie Fimrite of Hibbing and Mr. and Mrs. Leon McMahon of Oklee, grandparents of the groom.

The parents of the bride hosted a reception in the church parlors following the ceremony. Mrs. Ronald Vedbraaten, sister of the bride, registered the guests at a table centered with a bouquet of white mums and a pink rose that the bride had earlier placed at the altar of the Blessed Virgin Mary.

Highlighting the serving table was a four-tiered wedding cake, with each tier supported by cornucopia pillars. Pink roses and miniature wedding bells decorated each tier. Topping the cake was a two-tiered ornament featuring pink satin wedding bells. Mrs. Gladys Dillabough and Mrs. Man Hanson, aunts of the bride and groom, cut and served the cake as Mrs. Louis Amiot and Mrs. Leo McMahon, aunts of the couple, poured.

Distributing the groom's cake were Mary and Tammy Stengl, nieces of the bride, and Sherri Fimrite and Kristi Fimrite, sisters of the groom. The groom's sisters were attired in long-sleeve gowns of a pink and white floral fabric styled with long sleeves and a high neckline trimmed with lace. The nieces of the bride wore pink brocade skirts with sheer pink organza tops ruffled at the neckline and around the gathered sleeves. They wore corsages of pink and white carnation, and each carried a wicker basket trimmed with pink flowers and lined with scalloped lace.

Waitresses were Mary and Theresa Martell, Darlene Martell, Vicki Hanson and Jill and Patty McMahon. At the gift table were Mrs. Darrell Stengl, sister of the bride, Mrs. Richard Bluemke, cousin of the bride, and Barb Asselin, friend of the couple.

Approximately 200 relatives and friends attended the ceremony. They were from Colorado Springs, Colo.; Milwaukee, Wis.; Harvey and Fargo, N.D.; Duluth, Hibbing, Cloquet, East Grand Forks, Red Lake Falls, Crookston, Thief River Falls, Goodridge and Brooks.

For the wedding trip to Duluth and Superior, Wis., the bride wore a green crepe pantsuit with white accessories.

The bride is a graduate of the Oklee public high school and the groom is a graduate of Lincoln high school. He is employed by Soo Line Railroad.

The newly-weds are now at home in Thief River Falls at Country-Side Mobile park, lot 40. Photo, LeMar Studio, Crookston.

Johnson Boarding Home Residents Make Group Trip

Residents of the Johnson boarding home returned recently from a week-long trip to Wisconsin Dells and points of interest in that area, staying at two cabins at a resort there. The trip was made with the home's van-type bus with the group's gear piled atop the vehicle.

Making the trip were Mr. and Mrs. Oscar W. Johnson and Dean, Bud Evenson, Mrs. Cori Beiswenger and boarding home residents Amy Johnsrud, Doris Rothschadl, Jean Wright, Theresa Bischoff, Jennie Finrdey, Orris Austreng, Virgil Carlson, Kermit Boyd, Eugene Burslie and Earl Senum.

The group visited Lost Canyon on a horse-drawn cart, toured the Biblical Gardens and Fort Dells, had a picnic supper at the Alton Baxter residence and visited their cheese house to sample various cheeses. They saw the circus museum, took an Upper Dells boat trip on the Wisconsin river, crossed the river in their bus via the free ferry, visited the state capitol at Madison and did some shopping.

Warns Against Roadside Stand Safety Hazards

Noting arrival of a new season of marketing of "home grown" fresh fruits and vegetables, agriculture commissioner Jon Wefald appealed to roadside stand operators to give maximum consideration to consumer safety.

"Last year the traffic hazard problem was great enough to trigger a bill at the 1971 legislature that would have virtually eliminated the roadside produce stands. The bill did not pass, but the problem can recur," commissioner Wefald warned.

He urged that the seasonal fruit and vegetable dealers pick stand locations more carefully for adequate access and parking without jeopardizing heavy highway traffic.

Commissioner Wefald recommended that roadside dealers post adequate "advertising" signs at least 1,000 feet on either side of the stand on private property—it is illegal to post signs on highway property—to warn potential customers and other traffic.

In the past, he said, authorities have been tolerant and understanding of the mutual public service provided by the roadside stands—income for farmers, gardeners and enterprising youngsters, and fresh home grown produce for consumers—although use of highway right of way is technically a violation of state law.

This year, a spokesman for the department of public safety confirmed that the highway patrol will take enforcement action against operators of any roadside stands that are considered to be causing an unnecessary traffic accident problem.

"We want our growers to sell their produce. We want Minnesotans and visiting tourists to enjoy our home grown fruits and vegetables. We don't want anybody killed or injured in this process," commissioner Wefald warned.

Many of the seasonal roadside stands are exempt from state license. The Minnesota constitution exempts all persons who sell or peddle the products of the farm or garden occupied and cultivated by them in this state.

Minnesota department of agriculture is currently processing license and surety bond renewals for more than half of the nearly 3,000 wholesale produce dealers who operated in Minnesota last year. Licenses are required of most dealers who sell fresh produce not of their own raising. Economic practices division welcomes inquiries, at 540 State Office Building, St. Paul, Minnesota 55101.

Crops And Soils Field Day Set At Crookston

Wednesday, July 14, is crops and soils field day at the Northwest experiment station, University of Minnesota, Crookston. An invitation is extended to the public to attend this annual field day.

Tours of the plot work and other experimental activity will begin at 9 a.m. and continue through 1 p.m. Buses and tractor-drawn wagons will take visitors out to major plot areas. Research specialists from the Institute of agriculture, University of Minnesota, St. Paul, and the Northwest experiment station will be on hand to discuss the research work, including sunflowers, forage crops, small grains, sugarbeets, and chemical weed control.

The livestock barns and animal lots will be open for those interested in visiting the sheep, beef and dairy. The cold confinement beef barn where the cattle are on slats and the beef pole barn will be available for viewing.

The popular plant problems clinic will be featured again this year. Farmers and others are invited to bring in insect, plant disease, weed and soil problems to the specialists who will be available to diagnose and recommend control measures.

A noon luncheon will be served in the dining hall for field day visitors.

Lake Bronson Retarded Camp Set For August

Camp Sunshine at Lake Bronson, a service of Northwest Region One for Retarded Children and Adults, will have three sessions in August, it has been announced. The sessions will be August 1-6, 8-13, and 15-20.

The camp provides outdoor education and recreation in a group living setting. Each camper stays for one week, and lives in a cabin with five to ten others of similar age and ability, with counselors. Fifty campers can be served at each session.

Camp fees are on ability to pay basis. All mentally retarded who can benefit from its program are encouraged to apply. The standard fee is $50. Parents will be given assistance by local Association for Retarded Children chapters.

Through the stimulating environments and program and a directed staff effort, the camp aims to promote learning, socialization, group function and character development while providing enjoyment of the outdoors and healthy excercise.

Located on Lake Bronson, the camp has facilities for swimming, boating, fishing, hikes, nature studies, arts and crafts, cookouts, and a variety of games and social activities.

Vicky Erickson Leaves Sunday On Austria Tour

Vicky Erickson, 18, of Viking, is one of five Minnesota girls who left Sunday on the overseas 4-H Teen Caravan program, which is designed to give teenagers an opportunity to learn about 4-H in another country.

The teen caravaners will live with a host family in one country for about six weeks and spend several weeks on an educational guided tour of nearby countries. Others taking part in the program are Christine Berge, Minneapolis, Bonnie Schilling, Newport, Yvonne Bauman, Oak Park, and Sue Ray, Pipestone.

Miss Erickson and Miss Berge will stay with host families in Austria; Miss Schilling will go to Barbados, Trinidad and Tobago; Miss Bauman will go to Denmark and Miss Ray to Italy.

Teen Caravan is one of the international programs conducted by the National 4-H foundation in behalf of the agricultural extension service to increase world understanding at the family level.

Governor Signs Bill Authorizing Rural Financing

Gov. Wendell Anderson has signed into law a bill authorizing the creation of rural development financing authorities.

The bipartisan measure is designed to help slow rural outmigration through the construction or expansion of agriculture production plants in Minnesota's rural areas.

The finance bill was passed by the Legislature during the closing days of the regular legislative session.

The act provides for "the acquisition, construction, improvement or equipping of projects comprising real and personal property within or outside the state for purposes of processing agricultural products." And it would seek to improve and develop methods of financing for such projects.

The measure authorizes the operation and maintenance of each project under an operating or lease arrangement with a person, firm or corporation.

Overall, the rural development financing act will assist in promoting new job opportunities for Minnesotans.

Administration of the new bill will be the responsibility of the Minnesota department of economic development.

Father Krebs Transfered To E. Grand Forks

Rev. Donald H. Krebs, pastor of St. Joseph's church in Middle River and St. Edward's church at Strandquist since August, 1966, has been appointed pastor at Sacred Heart church in East Grand Forks by Bishop Kenneth J. Povish effective next Tuesday.

Father Krebs was the first resident Roman Catholic pastor in Middle River when St. Joseph's was changed from mission to parish status in 1966.

During the first year of his postorate plans were worked out for the construction of a new church and parish center to replace the 40-year-old structure which had been moved to Middle River 20 years earlier from its rural location at Jane, east of Middle River.

Federal Truck Taxes

WASHINGTON—More than $2.1 *billion* in federal highway use taxes collected annually from the organized trucking industry goes into the Highway Trust Fund to pay for the 42,500-mile federal system of interstate and defense highways. Due for completion in 1975, the system has been hailed as one of the world's greatest engineering efforts.

Arctic Ads And Annual Report Receive Awards

Advertising and annual report of Arctic Enterprises, Inc., created by Carmichael-Lynch Adv., Inc. Minneapolis, received two first-place Olaf awards and three runner-up Merit awards in recent presentations of the Advertising Club of Minnesota.

The five Arctic awards represented the largest number for any advertising client entered in the annual competition.

The Arctic snowmobile advertising campaign, built around the "Year of the Cat" theme, received a Merit award in the category for complete advertising campaigns.

One of two Olaf awards for television commercials went to the Arctic commercial, "Cowboy."

In the category for booklets of more than 12 pages, the Arctic Enterprises 1970 annual report, produced by the Carmichael-Lynch public relations department, was awarded an Olaf.

Merit awards were also presented to Carmichael-Lynch for a *magazine* color ad *for Arctic* Snowmobiles, entitled "Man's Best Friend," and for a newspaper black and white ad for Arctic mini-bikes, entitled "Weight Lifter."

Letter Carriers In Convention Here This Week

impact of an agreement on wages and economic benefits for postal service employees upon employees of the federal government outside the postal service.

(5) Refusing to agree to inclusion of the union dues check-off system in any new contract as required by the postal reform act.

(6) Insisting upon a union recognition clause which would deny separate craft identities and individual representational rights of the seven unions as mandated by law.

"Under labor department regulations, the charges are ultimately referred for adjudication to the assistant secretary of labor for labor-management affairs, if the unions and management are unable to resolve them.

"It began in dramatic fashion by a wildcat strike in March. The

strike was caused by the frustration of the long delay in passage of a postal pay increase resulting from the threat of a presidential veto of any pay bill which did not include postal reform.

"The strike resulted in a negotiated agreement between the seven exclusive employee organizations and the post office department. This marked the first negotiations by postal employees for wages. Although the agreement served only as a joint recommendation to the Congress, it was the basis of subsequent legislation on postal pay and postal reform.

"It should be noted that the department has brought in numerous professional negotiators for their negotiating team. More than 60 general proposals were submitted by the organizations in addition to many craft proposals. Not until more than 60 days after the start of negotiations did the post office department offer any counter-proposals. In fact, no counter-proposals of a monetary nature have been forthcoming from the post office department.

"The future of collective bargaining in the postal and federal service will depend upon the outcome of current negotiations. If the current negotiations fail, it cannot be blamed on the organizations' willingness to bargain. Unfortunately, the postal officials who sought postal reform so vigorously, now seem unwilling to cooperate in making collective bargaining work effectively."

"In the eyes of the Minnesota Rural Letter Carriers association, we feel the mail service should be a public service not a private money making corporation.

"With all the concern and confusion of negotiations the rural carriers of Minnesota along with the rest of the nation, are deeply concerned with pending dangers of service changes that will produce a postal service that is less then the public service to which our rural patrons are entitled."

Specialist Lists Hidden Costs In Buying A Home

Buying a house involves a long series of decisions with risks that are inevitable. It is an expensive venture in both time and money, says Mrs. Edna Jordahl, extension home management specialist at the University of Minnesota.

Housing takes the biggest bite of a family's living dollars—often as much as 30 per cent. Although most people assume that home ownership is cheaper than renting in the long run, it does involve hidden costs.

Here are a few of the costs Mrs. Jordahl suggests that the prospective home owner keep in mind when buying a house:

. Real estate taxes. For an average income family, such taxes may easily amount to $600 to $1,000 a year.

. Casualty and fire insurance. This may run $100 to $160.

. General maintenance. This may take one per cent of the value of the house.

. Closing costs. Figure these at about two per cent of the value of the house.

. Lawn and garden tools.

. Extra furniture, if you have lived in a small apartment.

. Inflation.

Money going into all these extra costs could be earning interest and dividends if invested when the family rents. However, the satisfaction of home ownership may well outweigh the added costs, Mrs. Jordahl says.

Bergland Asks Police And Fire Benefit Bill

U.S. Representative Bob Bergland this week introduced legislation extending survivors benefits to the dependents of all police and fire officers killed in the line of duty. Under present laws, only those who have lost their lives in duties involving the enforcement of federal laws receive benefits.

Bergland's bill would provide survivors benefits to any police and fire officers killed or totally disabled in the line of duty, whether or not a specific federal criminal law was violated. It provides: 45 per cent of the monthly salary for widows without additional dependents; 40 per cent plus 15 per cent, up to 75 per cent of the monthly salary, for each additional dependent; and up to three fourths of the monthly salary for disability payments.

In support of his bill Bergland said: "Risking their lives to insure the public safety of all our citizens is part of the every day life of all our police and fire officers. We must be willing to provide, on a national basis, compensation for those who are disabled or killed."

Bergland said that one of the most important aspects of his legislation is providing "equal treatment to both full-time and volunteer" public safety forces. "Especially in rural areas," Bergland said, "volunteer fire and police organizations provide equal service and share equal risks with the formal full-time safety services of larger towns and cities.

"Providing for our public safety is one of the most dangerous—yet thankless—jobs in our society. We must provide benefits equal to the risks," he said.

Blanche Larson Taught Latin But Loves Sports

(Continued from Page 1)

retired this month.

"My retirement is probably the end of the Latin classes at Lincoln. There just isn't that much interest in Latin any more. I don't think anyone could even be found to teach it. Only eight years ago I had 40 students in Latin I and this year I only had 20. Many of those didn't go on to Latin II, so that was an extremely small class."

Mrs. Larson, who was born and raised in Binford, N. D., and received her bachelor of science degree in mathematics and Latin, is philosophical about the declining interest in Latin.

"Part of it is the change in curriculum," she said, "along with the increasing emphasis on the audio-visual. Then, too, the curriculum is so much broader than when I first started teaching. The 'knowledge explosion' means there is so much more to study, and law and medical schools no longer require Latin as much as they used to. Also, I think the Roman Catholic church dropping Latin requirements has had an effect."

Mrs. Larson taught both Latin and math for all except eight years. "I know that what we were studying in college we are now teaching in high school. There's been a change in teaching, also. The teacher does far less talking now, and the students use the teacher more as a source rather than just letting the teacher 'pour it into them', so to speak."

In discussing other changes she has seen during her school career, Mrs. Larson had high praise for modular scheduling. "Mod scheduling makes better use of the talent, ability and knowledge of both students and teachers—why should a teacher use five whole class hours to show a 25-minute film when it can be shown just once to an entire group? Then the other four hours are free for more teaching."

She said she was also happy to see more special education classes and said that such classes were probably one of the biggest changes she has seen while teaching. "Our teaching for the blind and for educable people is a fine thing. It just wasn't available in public school systems when I started teaching, and another improvement is the new vocational education program—not all students want to learn Latin and math, or even history or geography or English, for that matter."

She said the most gratifying thing in her teaching career has been associating with fellow faculty members, students and the administrative staff of the school. "I've had so many great friends," she said, "and it's great to hear what people I taught and knew so well have accomplished after finishing high school. Another great thing is the rapport I have with parents of my current students—because I had the parents in my classes when they were in school!"

Now that she has retired, Mrs. Larson plans to travel and to visit her two children, Charles, who is married and is a minister in Merrimac, Wis., and Gretchen, who is now Mrs. Charles Otto and is living at Fort Collins, Colo. "And I hope to do a lot of visiting with the young people who come by," she said. "I like young people."

Trucks Are Lifeline

WASHINGTON—More than 35,000 American communities — more every year — are totally dependent on truck transportation to deliver the goods needed for daily living.

JAY FORNEY, left, a student at Northland state junior college, spoke of his experiences while working in the psychiatric unit of Northwestern hospital at a statewide meeting in Minneapolis last Monday. He is shown here with Alan Waiz, a student at Metropolitan state junior college in Minneapolis, who worked in an inner-city junior high school. Both are enrolled in programs of cooperative education in human services in which students alternate classroom study with actual experience in their field of interest. Northland is one of eight junior colleges in the state system participating in the human services "experiential education" program. Deans of instruction and faculty coordinators from Minnesota junior colleges attended the meeting.

Minnesota Will Seek To Attract Eastern Industry

Twenty members of Minnesota's business community will be calling on 250 firms in the New York area next week to encourage investment in the state.

Under sponsorship by the Minnesota Department of Economic Development, members of the delegation will work in teams to call on firms in Metropolitan New York, Connecticut and New Jersey. They will talk with management personnel regarding the advantages of investment in Minnesota.

Charles M. Towle, director of the department's Industrial Development division, indicated that such investment would reduce unemployment within the state by creating new job opportunities for the returning Vietnam veterans and high school and college graduates entering the labor forces.

"Although Minnesota has fewer unemployed than most other areas of the nation," said Towle, "we want to continue our efforts to seek more job opportunities and to diversify our industry."

Towle said that Minnesota's quality of life and the productiveness of its work force will be emphasized in the talks with eastern companies.

"While seeking investment," he added, "we must also make certain that it will be of the type which will not disrupt our environment. Our state is a leader in the quality of life and it must be kept that way."

He pointed out that many eastern firms are becoming discouraged with the problems facing industry.

Thomas Carriere, TRF Shoemaker, Dies Thursday

Thomas Carriere, 53, of this city, owner of Tommy's Shoe Repair, died Thursday at Northwestern hospital.

Son-In-Law Of Local Couple Killed In Chicago

Dean Spiering, 26, son-in-law of Mr. and Mrs. Hilding Holmgren of St. Hilaire, was killed instantly in Chicago, Ill., on Thursday, June 10, while on a construction job.

Funeral services for Dean Spiering were held Monday, June 14 at Osakis at the Redeemer Lutheran church.

Dean Spiering was born at Osakis to Mr. and Mrs. Ray Spiering. There he attended school, was baptized and confirmed in the Lutheran church, and grew to manhood. On Nov. 30, 1964, he was married at Osakis to Patsy Holmgren. Since March of 1967, he and the family had lived in Chicago, Ill., where he was employed by Herman Iverson Construction.

He is survived by his wife and three children: Jeffery, 5, Ricky, 3, and Lisa Marie, three weeks. Also surviving are his mother and one brother, both living at Osakis.

He was preceded in death by his father and one sister.

Relatives and friends attending the services were from Chicago, Ill., Fargo, N.D., Madison, Wis., Minneapolis, St. Paul, Thief River Falls, St. Hilaire, Roseau and Warroad.

Rites Set At Red Lake Falls For H. Knott

Harvey L. Knott, 68, of Red Lake Falls, died unexpectedly Saturday on a farm north of that city.

Requiem High Mass for Harvey Knott will be offered Tuesday at 9 a.m., at St. Joseph's Catholic church at Red Lake Falls with Rev. William Keefe officiating. Interment will be in St. Mary's cemetery.

Honorary pallbearers will be Henry Skala, George Schafer, Paul Scherrick, Chris Schmitz, Ed Constant, Lawrence Kres, Sylvester Johanneck and Ray Johanneck.

Active pallbearers will be grandsons: James, Lawrence, Douglas, Jeffrey, Michael, Gregory and Bruce Knott and Gary Haupt.

Recitation of the Rosary will be held tonight, at 8 p.m., at the Petterson Funeral home, Red Lake Falls, where the body will repose after 3 p.m., today.

Harvey L. Knott, a son of Leo and Margaret Gorres Knott, was born July 9, 1902 at Lambert. As a child, he moved with his parents to a farm northeast of Red Lake Falls. He was married on May 14, 1924 at Red Lake Falls to Lillie Gale. The couple lived and farmed north of Red Lake Falls until 1967, when he sold the farm and moved into the city.

He was active in community affairs, serving as director and past chairman of the Community Co-op Association and officer of the Red Lake Town board.

He is survived by his wife, four sons: LaVern, Donald, Gordon and Orville Knott, all of Red Lake Falls; three daughters: Mrs. John (Gladys) Haupt of Elk River, Mrs. Gerald (Eva) Theroux of East Grand Forks, and Mrs. Darell (Shirley) Swenson of Red Lake Falls, 43 grandchildren, four brothers: Gust and Math Knott of Mound and Henry and Frank, both of Red Lake Falls; and four sisters: Mrs. Henry (Cora) McBroom of Minneapolis, Mrs. Val (Gazella) Zima of Flasher, N. D., Mrs. Ed (Gertrude) Schmitz, Sr., of Red Lake Falls and Mrs. Art (Frances) Schiefert of Plummer.

One brother and a sister preceded him in death.

Mrs. Claffy, 70, Formerly Of TRF, Dies In Calif.

Mrs. Florabel Claffy, 70, widow of former superintendent of Lincoln high school, William G. Claffy, died Thursday, June 17, at Long Beach, Calif., following an illness.

Funeral services for Mrs. Claffy are being held today (Monday) at Bottels Mortuary at Long Beach.

Mrs. Claffy lived in Thief River Falls from 1930 to 1955 while her husband was principal and later superintendent at Lincoln high school. While here she was very active in the work of the American Legion auxiliary, Eastern Star and the Community Methodist church. Since leaving Thief River Falls, she had made her home at Long Beach.

Survivors include three sons: William Claffy of Long Beach, Calif.; Herbert of Milaca and Jerry of Rochester; six grandchildren, one great-grandchild and a sister, Marion Borchert of Faribault.

Rangvald Olson Funeral Services Held Here Thurs.

Funeral services for Rangvald Olson, 72, of Thief River Falls were held Thursday at 2 p.m., at Zion Lutheran church. A resident of this city since 1942, Olson died Tuesday morning at Northwestern hospital.

Rev. Alexander Stoffel officiated at the services. Mrs. Clarence Weckwerth was the soloist and Jerry Joringdal, organist. Interment was in Greenwood cemetery with the Green Funeral home in charge of arrangements.

Pallbearers were Norman Strand, Leonard Fucuseth, Clifford Jorde, Everett Amundgaard, Lowell Hegberg and William Haugen.

Rangvald Olson, a son of the late Hans and Gunnar Olson, was born Dec. 3, 1898 in Foldahl township, Marshall county. There he attended school and grew to manhood. He was united in marriage in 1925 to Ruby Cook. She died in 1935. In 1937, he was married to Thilda Ness. Shortly after their marriage, the couple moved to Newfolden where they lived for a time before moving to Middle River. Since 1942, the Olsons had made their home here. He was a mechanic and worked at several places, including Amundgaard's Implement.

He was a member of Zion Lutheran church.

Survivors are his wife; two daughters: Mrs. Calvin (Ardelle) Offerdahl of Thief River Falls and Mrs. Wilbert (Betty) Violette of Mankato; four sons: Raymond Olson of Stephen, Norman of Thief River Falls, Dale with the United States Navy, stationed at San Diego, Calif.; and Robert of Chariton, Iowa; six grandchildren, a sister, Mrs. Haedis (Anna) Wilson of this city, and one brother, Conrad Olson of Middle River.

In addition to his first wife, he was preceded in death by a daughter, Lola.

Rites Held Fri. At Ringbo For Eli Erickson, 57

Funeral services for Eli G. Erickson, 57, of Warren, were held Friday at 2 p.m., at the Emmanuel Lutheran church of Ringbo, east of Holt. Erickson died unexpectedly in this city on Monday evening.

Rev. H. S. Olson officiated at the services. Mrs. Don Perkins served as organist and Mr. and Mrs. C. J. Blom sang two duets. Interment was in the Woodman cemetery at Middle River. Graveside military rites were by the American Legion posts of Warren and Middle River. The Collins Funeral home, Middle River, was in charge of arrangements.

Pallbearers were L. F. Knutson, Dwight Anderson, Lloyd Cole, Alton Jorgenson, Si Schantzen and Jergen Ravndalen.

Eli G. Erickson, a son of the late Edward and Hannah Erickson, was born Jan. 5, 1914 in East Valley township, Marshall county. He attended school and grew to manhood in East Valley township and in the Ringbo area. He served in the United States Army from 1942 until 1946. On Jan. 1, 1949, he was united in marriage to Miss Ellen Ingalls at Roseau. Following their marriage, the Ericksons lived in East Valley township. While residing there, Erickson was employed at the Lake Agassiz Federal game refuge. In 1957, they moved to Warren where they have since resided. From 1957 until 1967, Erickson was employed by the Marshall county highway department. He retired, due to ill health. For the past year, he had been employed by Arctic Enterprises in this city.

He is survived by his wife, Ellen; one daughter, Ellette, and three sons: Eltune, Elvis and Ethel Erickson, all of Warren; and one sister, Mrs. Julianne Clutter of Spokane, Wash.

He was preceded in death by three brothers and one sister.

Rites Held For Mrs. Donald I. Olson Of TRF

Mrs. Donald I. Olson, 50, of Thief River Falls, died Thursday at her home at 1440 North Main.

Funeral services for Mrs. Donald I. Olson were held today (Monday) at St. Joseph's Catholic church at Brooks with Rev. Henry Carriere officiating. Interment was in the church cemetery. Sinding's Funeral chapel was in charge of arrangements.

Pallbearers were David Bruggeman, Donovan Bruggeman, Greamond Bruggeman, David Amiot, Raymond Olson and Merlin Strom.

Mrs. Olson, the former Dorothy Bruggeman, was born Aug. 4, 1920 in Red Lake county, in the Brooks-Plummer area, to Mr. and Mrs. Frank Bruggeman. She attended school at Plummer and had since lived in the Plummer-Brooks area and in this city.

She was married at Moorhead on March 13, 1970, to Donald I. Olson. He survives.

Also surviving are her mother, Mrs. Zoe Bruggeman of Brooks, two sisters: Mrs. L. (Audrey) Lee of Kent, Wash., and Mrs. Erling (Joyce) Iverson of Thief River Falls; and four brothers: Lloyd, Larry and Richard Bruggeman, all of Brooks, and Gene of St. Hilaire.

She was preceded in death by her father.

Lloyd Sveningson Funeral Services Held At Mentor

Lloyd Wilford Sveningson, 50, of Mentor died Wednesday evening at Riverview hospital at Crookston where he had been admitted at noon that same day. Death was attributed to a heart attack.

Funeral services for Lloyd Sveningson were held Saturday at 11 a.m., at the Faith Lutheran church at Mentor. Rev. P. E. Onstad officiated. Mrs. Wilbur Nelson was the organist and Mrs. Marion Lee, soloist. Interment was in the church cemetery with military honors under the direction of the Mentor American Legion post. Funeral arrangements were by the Petterson Funeral home, Red Lake Falls.

Pallbearers were Jack Sveningson, Bruce and Reggie Galland, Rodney and Richard Rhode and Harvey Hagl.

Lloyd Wilford Sveningson was born March 8, 1921 at Fisher to Anton and Goldie Gunderson Sveningson. As a child, he moved with his parents to the Erskine and Mentor area. He was a veteran of World War II, serving with the United States Army from 1942 until 1946. Since then, in addition to farming, he worked for the Garden Valley telephone company of Erskine and the Vigen Construction company of East Grand Forks.

He was married on March 10, 1943 at Erskine to Louisa Rhode of Brooks. She survives, together with one daughter, Gwen, his mother, Mrs. Goldie Sveningson, all of Mentor, four brothers: Sven, Carl and Daniel Sveningson, all of Mentor, and Lawrence of Rochelle, Ill.; and three sisters: Mrs. Laren (Alma) Hole of Erskine, Mrs. Raymond (Alice) Galland and Mrs. Wilson (Clara) Galland, both of Mentor.

He was preceded in death by his father and an infant sister.

NW Bell Proposes Rate Increases

Northwestern Bell Thursday proposed its first general Minnesota telephone rate increase in 13 years, declaring that the impact of inflation threatens to seriously affect the company's ability to continue to provide good service.

In Thief River Falls, the one-party residence rate would go from $4.60 to $5.75 per month, according to Donald L. Lindquist, manager. There would be corresponding increases in the various business rates as well.

"On long distance calls," he said, "a three minute station-to-station day-time call from Thief River Falls to Minneapolis now costs one dollar. Under the new plan, this same call would cost 95 cents—the same rate that will apply when direct dialing becomes available here in the future. Once direct dialing is available and operator services are requested instead of dialing direct, the cost of the call would be $1.15. It would be even higher if it required special handling such as collect or person-to-person call," the manager added.

He noted that most other calls from Thief River Falls to other communities in the state would increase under the new plan.

Vice President Wayne L. Huffman said price increases would be applied to nearly all telephone services under the plan, providing $38 million additional revenue.

"We expect that federal and state taxes will consume about half the new revenue," he added. "The balance is urgently needed to bring earnings to the level required to finance construction programs necessary to continue serving customers well."

Huffman pointed out that the average price of all goods and services, measured by the Consumer Price Index, has gone up by one-third since the company's last general rate increase in the state in 1958.

"Over the years, we have used advancing technology and every possible operating efficiency to help keep our rates low," he said. "Our earnings kept pace with the mild inflation of the early 1960's, but the rapid inflation of recent years caught up with us fully during the past three years and our earnings dropped sharply.

"We will have to invest over $1 billion in new plant and equipment in Minnesota within the next six years to maintain and improve telephone service and meet new service demands," he explained. "We must increase earnings now, by increasing rates, to assure that capital funds are available to meet these foreseeable investment requirements."

Huffman noted that such investments since 1958 have created savings for customers as well as improving service.

"Savings which now net $9.0 million annually for Minnesota customers have resulted from the Gopher State Bargain Rate and other reduced long distance rates, expansion of local calling privileges and base rate areas in many communities, and elimination of message units in the Twin Cities," he said.

"We have also made direct distance dialing available to 96 per cent of our Minnesota customers, placed 75 per cent of our long distance cables underground, introduced Touch-Tone calling and electronic switching and changed our last 34 manual exchanges to dial service," he added.

"To continue providing such needed service improvements and to meet new customer demands," Huffman said, "we need adequate revenues. We can then also engage in efficient long-term planning and engineering, extend cost-saving technology and avoid the costly stopgap measures in construction and maintenance which might otherwise become necessary. In this way, a rate increase now will help us to provide future phone service at more economical prices than would otherwise be needed."

Under the proposed rates filed today with the Minnesota Public Service commission, increases for one-party residence phone service would range from 95 cents to $1.45 for most customers. Basic rates vary among exchanges, depending upon the number of main phones a customer can call without a long distance charge.

The amount of increase for any given customer also would depend on the service options he has chosen and his long distance usage. Monthly rates for other services would also increase—a Princess phone, for instance, by 15 cents and a residence extension or Trimline phone by 25 cents.

Long distance rates would go up on nearly all calls within the state. Largest increases would apply on operator assisted calls, to reflect the higher cost of providing personalized help. Huffman said low-rate periods would also be expanded for direct dialed calls to encourage customers to use the long distance network at times when usage normally is comparatively low.

The Gopher State Bargain Rate, now providing 10 minutes of calling for $1 or less (depending on the distance called) and extra minutes for 10 cents each after 5 p.m. and on weekends, would be revised. The new plan would offer 10 minutes for $1.30 or less and 13 cents for each additional minute between 5 p.m. and 11 p.m. or on weekends, and 20 minutes for the same initial price plus six cents for each additional minute between 11 p.m. and 7 a.m. nightly.

"The direct dial rate will apply here even though this service is not yet immediately available. This rate and low-rate periods for long distance calling, as well as low-cost local service options, offer continued opportunities for customers on fixed incomes or others hardest hit by inflation to economize in their service choices," Huffman said. "Two-party service also offers lower costs for those willing to share a line with another customer."

The company proposes, for the first time, to charge customers who request omission of their names from the public telephone directory. "Private directory service" would be offered at $1 a month for a number to be available only from the customer, and "semi-private directory service" at 50 cents monthly for a number available through Directory Assistance operators.

"As the number of people requesting these services has increased, the cost of providing them has gone up," Huffman explained. "We can no longer justify asking all customers to bear the burden of this cost for services required by less than 10 per cent of our customers."

He said the costs involved include additional administrative expenses as well as the time of Directory Assistance operators who must provide "semi-private" numbers to callers requesting them and explain to others why "private" numbers cannot be given out.

The Public Service commission is expected to schedule a public hearing on the proposed rates in the near future.

DARRELL HURSMAN, left, president of Thief River Falls FFA chapter, is greeted in Washington, D. C., by George Allen of Easton, New York, national FFA vice president of the North Atlantic region. Darrell attended a week-long national FFA chapter impact conference for FFA chapter officers. A highlight of the week's activities came on Wednesday morning when Darrell met with Congressman Robert Bergland. Besides the training sessions, the FFA program also includes visits to the White House, Mt. Vernon, Arlington national cemetery, and several other historic monuments and memorials in and around the capitol. Darrell, 16, is the son of Mr. and Mrs. Howard Hursman of Goodridge.

Three Attend Retardation Conference

Lan Miller, Koren Johnson and Sue Hagen, members of the Pennington-Red Lake chapter of the Minnesota Association for Retarded Children, attended the annual association convention June 11 and 12 at the College of St. Benedict at St. Joseph.

The association is a private, non-profit organization separate from any official state agency and works to improve residential services for retarded people and to create broader educational opportunities while encouraging employment of the retarded and increasing community services while advancing research.

The first day of the state convention was designed for professionals in the field of mental retardation. Dr. Wolf Wolfensberger, a mental retardation research scientist with the Nebraska Psychiatric Institute, gave the keynote address. The talk explained why human services must be based upon prevailing social-cultural values of the community in order to succeed.

There are 81 local chapters of the Minnesota Association for Retarded Children, having a total of more than 8,100 members.

NWSA Alumni Plan Reunion For Saturday

Alumni of the former Northwest School of Agriculture, University of Minnesota at Crookston, will gather at the technical college campus Saturday for a reunion, according to Mylo Carlson, president of the alumni association.

Special activities are planned by the classes of 1921, 1931, 1951 and 1961. Mrs. Stuart Doeller, East Eighth trailer court, Thief River Falls, may be contacted for plans concerning the class of 1961.

Reunion festivities will commence with registration and coffee at 3 p.m. at the agricultural research center. There will be tours of the technical college and experiment station and special class activities.

There will be a special recognition for Harry Soderburg, a former faculty member. An achievement award will be presented to William Strickler of Euclid. This will take place at the early evening program following the 5:30 p.m. smorgasbord supper served in the main dining room at Bede Hall. Those who wish to attend the smorgasbord are asked to make reservations with the superintendent's office at the Northwest experiment station.

Officers of the alumni association are Mylo Carlson, Angus, president; Edward Peater, Crookston, vice president; and Mrs. Colmer Johnson, Beltrami, secretary-treasurer.

BSC Dean's List Includes Many From This Area

Bemidji state college dean's list certificates were awarded to 1,350 students for scholastic honors earned spring quarter, according to Dr. Richard Beitzel, vice president for academic affairs. Bemidji state students carrying 12 or more quarter hours during any one term and earning a "B" average or better are listed on the quarterly dean's list.

Students on the dean's list from this area include Marsha K. Matison, Michele S. Quam, Scott D. Vettirson, and Rocco E. Wilson, all of Thief River Falls, and Nancy Bruggeman and Virginia H. Hanson, both of Brooks.

Students from Gatzke on the list were Elaine P. Ruud and Olga Engevik, and from Goodridge James L. Johnson and Vickie Wiseth. Students from Greenbush on the dean's list were Luellie A. Brinkman, Paul R. Flaten, Roman Gonshorowski, Weldon Rowley, and Robert Stanislawski. Grygla students included Gory L. Anderson, Steven Holte, and Janet A. Lian.

Additional Thief River Falls students named to the list were Lynn Dorn, Scott B. Dowers, Linda M. Goddard, and John C. Kotoska. Students from Trail on the list were Valerie J. Lund and Karen A. Schmit. Oklee students included Renee M. Champagne, Joy A. Chervestad, Mary S. Melby, and Rebecca A. Melby.

Other area students on the list included Bonnie Amiot, Mary Jo Audette, Steven Phillion, and Elizabeth R. Remick, all of Red Lake Falls, Roger L. Johnson and Ralph M. Rokke, both of Strandquist, Melvern K. Syverson of Strathcona and Deborah J. Nelson of Viking.

Marvin Windows Building Project Now Underway

Third major building program in ten years in Warroad is underway as Marvin Windows company embarks on a project which will provide an additional 85,000 square feet in surface space to the steadily growing manufacturer of millwork. Estimated cost of the building addition is $500,000, and excavation is already underway on the project.

Hogenson Construction of Minneapolis has contracted for the building project. With the new addition the plant will cover about six acres. The first portion of the present plant was built in 1961 following a fire which completely destroyed the old plant. The first portion of the building provided 90,000 square feet of working space. This was quickly outgrown and in 1967 an additional 85,600 square feet were brought into use.

Half of the new addition will be used for an enlarged prime and prefinishing department, and the two-story portion of the building will be used for a loading dock and warehouse.

Richard Brown Graduates

Richard Brown of Thief River Falls graduated cum laude from Mankato state college June 11 receiving a bachelor of science degree in sociology. A total of 1,125 students were in the graduating class, and 52 of these were graduated cum laude.

Gackstetter Is RLF Vocational Center Director

Winton Gackstetter, formerly a member of the faculty of Lafayette high school in Red Lake Falls, was appointed director of the vocational education center there at a meeting of the board of education last Monday. Gackstetter will replace E. J. Shukle, who has accepted a similar position at Hutchinson.

Gackstetter taught industrial arts at Lafayette high school for a number of years and during the 1970-71 school term taught carpentry at the vocational center. He will continue to teach in the vocational program as well as carry out his new duties as director of the vocational center.

The vocational education center is a cooperative venture involving high school students from Mentor, Oklee, Erskine and Red Lake Falls. The program in the past has offered vocational education in mechanics, personal service occupations and carpentry. Plans for the future include the addition of other vocational classes to offer a broader selection of courses.

Junior Colleges Raise Tuition For Next Year

Minnesota junior college board voted Friday to increase tuition from $6.50 per credit hour to $7.25 per credit hour to become effective the fall quarter of this year in the 18 junior colleges in the state system.

The new figure will apply to all resident students, but non-resident students will pay double that amount.

The last increase in junior college education costs was in 1969. Earlier this year the University of Minnesota and the state four-year colleges raised their tuition.

The increase adopted by the board means that college income from tuition will be about 30 per cent of total operating costs. The latter is a figure recommended for all state institutions of higher education by the Minnesota higher education coordinating commission.

No change was made in the student activity fee schedule in the junior colleges. Students will continue to pay one dollar per credit hour up to a maximum of 15 hours which covers such things as athletics, music, drama, student government and other student activities.

Minnesota Tech Reports Credits

University of Minnesota has just released the following information concerning student credit hours at the University of Minnesota technical college, Crookston. Total student credit hours for the spring quarter was 5,474; average credit hour per student during the spring quarter was 15.4, and the all university average was 12.3. Total enrollment was 356 or 15th of the 28 University of Minnesota units involved in the report. Total for the University of Minnesota was 45,994.

Deadline For Tax Stamps Is July 1

Persons who manufacture, maintain for use or deal in or with businesses in connection with gaming devices, wagering, distilled spirits, wines, beers, stills and firearms have an important tax deadline on or before July 1.

By that date, they must register and pay for federal occupational tax stamps for the new fiscal year ending June 30, 1972, according to George Lethert, IRS district director.

This deadline applies to those persons currently registered. Those who engage in these businesses for the first time must register and pay for the tax stamp before commencing business, Lethert stated, and secure an employer identification number.

Detailed information and forms may be obtained from local IRS offices, or by writing the District Director, Federal Building, St. Paul, Minnesota 55101.

"There is no sin greater than yielding to ambition; no calamity greater than covetousness. He who has known the contentment of being contented will always be content." —Lao-tse

Dairy Month

Nine billion, seven hundred and seventy-two million pounds is a lot of pounds of anything. That is the total number of pounds of milk produced in Minnesota in 1970—up 45 million pounds from the previous year. The state's dairymen hit that top figure with 24,000 fewer cows than in 1969—boosting the average milk production from 9,650 to 9,931 pounds per cow.

Dairy products produced in the state last year from the huge milk total included 294,150,000 pounds of butter, 128,530,000 pounds of cheese, 28,240,000 gallons of ice cream and an undetermined amount of non-fat dry milk and animal feed and buttermilk.

Since June is dairy month, it is fittin' and proper that some of these statistics be brought forth at this time. While production was rising, however, number of cattle, number of dairy farms, number of bottling, ice cream and milk plants and number of creameries making butter all decreased in number. Creameries making butter dropped from 183 to 146, for instance, and bottling plants dropped from 90 to 76.

Consolidation of facilities becomes necessary from an economic standpoint, but it reduces employment and detracts from the overall life of the small community. It is a sad happening when any farm-oriented small business must close its doors or suspend much of its operations.

The dairy farmer himself, however, is finding somewhat of an improved situation which may be a fore-runner of what is to come in agriculture in general. His efficiency is increased, his production is greater and the price received for his product is better. If he takes care of his land and cattle they can take care of him. Gross farm income from dairy products was $452,028,000 last year.

Is dairying big business in Minnesota? You bet your sweet cream butter it is!

Strange Logic

"Just a thought on the current talk of split liquor and building a new municipal liquor store in Detroit Lakes," comments Doug Hirsch in the Becker County Record.

"We spend huge amounts of money to beef up our law enforcement groups, purchase new types of equipment and publicize safe driving—all aimed at reaching the drunken driver who is involved in so many accidents on our roads these days.

"So municipalities and private businesses alike turn right around and locate their on-sale liquor facilities directly on the busiest highways they can find—so they can capitalize on the motorist who's just passing through."

Doug is so right. Strange logic, isn't it?

What Is A Cop?

More truth than fiction is contained in the following general summary of "What Is A Cop?":

Cops are human (believe it or not) just like the rest of us. They come in both sexes but mostly male. They also come in various sizes. This sometimes depends on whether you are looking for one or trying to hide something. However, they are mostly big.

Cops are found everywhere—on land, on the sea, in the air, on horses, in cars, and sometimes in your hair. In spite of the fact that "you can't find one when you need one," they are usually there when it does count most. The best way to get one is to pick up the phone.

Cops deliver lectures, babies and bad news. They are required to have wisdom of Solomon, the disposition of a lamb and muscles of steel and are often accused of having a heart to match. He's the one who rings the door bell, swallows hard and announces the passing of a loved one; then spends the rest of the day wondering why he ever took such a "crummy" job.

On TV a cop is an oaf who couldn't find a bull fiddle in a telephone booth. In real life he's expected to find a little blond boy about so high in a crowd of a half million people. In fiction he gets help from private eyes, reporters, and "who done it" fans. In real life, mostly all he gets from the public is "I didn't see nuttin."

When he serves a summons he's a monster. If he lets you go, he's a doll. To little kids he's either a bogeyman or a friend, depending on how the parents feel about it. He works around the clock, split shifts, Sundays and holidays and it always kills him when a joker says, "Hey, tomorrow is election day. I'm off, let's go fishing" (that's the day he works 20 hours).

A cop is like the little girl, who, when she was good, was very, very good, but when she was bad she was horrid. When a cop is good "he's getting paid for it." When he makes a mistake "he's a grafter and that goes for the rest of them too."

When he shoots a stick-up man he's a hero, except when the stick-up man is "only a kid, anybody couda' seen that."

Lots of them have homes, some of them covered with ivy, but most of them covered with mortgages. If he drives a big car he's a chiseler; a little car, "who's he kidding?" his credit is good, this is very helpful, because his salary isn't. Cops raise lots of kids; most of them belong to other people.

A cop sees more misery, bloodshed, trouble and sunrises than the average person. Like the postman, cops must also be out in all kinds of weather. His uniform changes with the climate, but his outlook on life remains the same; mostly a blank, but hoping for a better world.

Cops like days off, vacations and coffee. They don't like auto horns, family fights and anonymous letter writers. They have unions, but they can't strike. They must be impartial, courteous and always remember the slogan "At your Service". This is sometimes hard, especially when a character reminds him, "I'm a taxpayer, I pay your salary."

Cops get medals for saving lives, stopping run-away horses and shooting it out with bandits (once in awhile his wife gets the medal). But sometimes the most rewarding moment comes when after some small kindness to an older person, he feels the warm hand clasp, looks into grateful eyes and hears "Thank you and God bless you, son."

Vandalism Wave

Vandalism has been so prevalent in Grafton, N. D., recently that it prompted a front page editorial in the Walsh County Record. Thief River Falls has been spared a great deal of that type of damage, probably due to our full-time police department, and we hope we shall be spared in the future. Here is what the Record had to say:

Trees stripped of their bark, soon to be dead, fifteen years of growth ruined.

Water hoses left running into cars parked for the night, and into basement windows.

Lawn ornaments stolen from lawns penalizing people who want to keep beautiful lawns.

Evergreens brutally clipped of all their top growth.

Clothes line ropes slashed, not just once but dozens of times.

Gallons of paint smeared on numerous buildings throughout the city, leaving unsightly structures that are eyesores to the city.

These and other acts of vandalism have been noticeable throughout Grafton the past several days.

The time has come—in fact time has passed—that these acts of senseless, useless vandalism and thievery be stopped.

If people cannot educate their children to respect property and the rights of others someone else is going to have to do so.

Let's insist, and insist strenuously, that steps be taken and taken immediately to stop these half-wits, morons, or whatever you may call them from causing any more destruction within the city.

Let's insist that the city council take steps which will lead to the apprehension of those responsible. Tell your alderman that you are thoroughly fed up with what's been going on and that you want it stopped—NOW.

Insist that if the city police department is not capable of apprehending this criminal-type element of our population that the police department be increased to a point where it can handle the situation.

Insist, too, that if and when those who are responsible for these acts are apprehended that our courts stop letting them off with only a "slap on the wrist." Insist that the type of punishment be fitting to the type of crime which has been committed.

Then, too, —cooperate with the authorities. Report immediately some unusual incident, such as a group prowling late at night. Obtain a license number, if possible, or a description of those involved. And don't hesitate to sign a complaint in order that arrests can be made.

Borrowed Nonsense

It had been a very quiet evening. The youngsters had gone their separate ways giving Mom and Dad a chance to have a little time to themselves. However, the stillness was broken when the telephone rang and Dad recognized the shaken voice of his teen-age son on the other end of the line. "Good news, Dad! You haven't been pouring those car insurance premiums down the drain after all!"

Arriving home from school, the youngster announced, "My teacher quit today. The principal said we made so much noise she couldn't stand it any longer." "But didn't she ask you to be quiet?" asked his mother. "I don't know," was the answer. "We couldn't hear anything she said."

Letters to the Editor

Dear Editor,

In regard to a column in your paper of Wednesday, June 2, 1971, entitled Chief's Corner I question the fourth paragraph which I will quote for those who missed it.

"Another requirement is that any person operating or driving a motor vehicle must be of licensing age and pass the tests for a license. This eliminates the many persons under 15 and 16 who buy the Mini Bikes and want to operate them."

My question is this: Why aren't the same rules applicable to snow machines? Aren't they also under a classification of a motor vehicle? They can be just as dangerous as a Mini Bike yet you see little children barely old enough to drive a two wheel bike allowed to use them alone.

I hope now stricter laws will be enforced on the use of snowmobiles statewide before the next winter season sets in.

Sincerely
Virginia Olson

notes from the governor

A few days ago I signed the Voyageur's National Park bill, a measure that gives Minnesota the nation's first national park in a northern forest lake setting.

Just this past weekend, on Lake Darling near Alexandria, it was my privilege to participate in the grand opening of Arrowwood lodge, the state's newest major resort complex.

The two events are related, for both will contribute substantially to the economic health of one of our most rapidly growing industries.

Tourism is big business. By most indicators, it ranks third in size behind manufacturing the agriculture.

Resorts like Arrowwood will help make tourism a billion dollar business by 1972. Last year, 5 million vacationers—half of them from outside Minnesota—spent $810 million in our state.

At a time when unemployment is at the highest level in a decade, tourism provides jobs for 40,000 persons. Many of these are young people; who as a group face possibly more joblessness than at any time since the Great Depression.

Tourism, in short, is vital to our economy. And it will become more so in the years ahead. Shorter work weeks mean more leisure time, which in turn enhances the importance of recreation.

The future of this industry is, therefore, very bright. It is particularly bright in Minnesota, a state blessed with great natural beauty and recreational opportunity.

Your state government, through its Department of Economic Development and other agencies, will do everything in its power to keep it that way.

Legis Lative Letter

from ANDREW SKAAR
STATE REPRESENTATIVE

Now that the special session of the legislature is going into the third week, it might be a good time to review some of the major differences that led to this extra session.

Before the tax crisis developed, there were many other major differences between the legislature and the Governor.

When the various state departments made their requests for the coming biennium, they asked for a total of 5,075 new positions. The Governor in his message to the legislature recommended 1,755 additional employees for the coming two years. The legislature, after careful study, allowed only 76 new positions.

There was also considerable disagreement over the amount of salary increase to be granted to the state employees. Some members of the legislature were of the opinion we should reduce the number of state employees, and some wanted to keep present employees but reduce the amount of increase for the coming biennium. The total number of positions that were requested by the department and the action of the legislature indicates how wide this gulf was.

The House school aid formula is coupled with a plan for the state to take over all welfare costs. This plan which calls for increased funding of elementary and secondary education, and elimination of all welfare levies, would substantially reduce real estate taxes. There is major disagreement between both the Senate and the Governor over this proposal, each having their own separate plan.

We in the House came in with an austere budget which reflected the concern most people have over the tax crisis. The Senate and the governor felt we were being too stingy. . .and their tax programs contained many more hundreds of millions in new tax revenue. All of us are seeking substantial tax relief for the homeowner. However, the House has taken a position of reduced governmental spending to help pay for the relief—rather than getting more tax dollars out of one pocket to put back in another.

Governor Anderson—late in the session—indicated he thought the plan advanced by Senator Blatz (added value tax) was one he and the DFL could support.

If the House had buckled and supported the Senate tax proposal (the so-called Anderson-Blatz tax plan) the State of Minnesota would not be in a special session—but we would have been in a lot of trouble.

It would have been totally irresponsible for us to pass into law a completely new concept of collecting taxes without thorough study. Very few really understand the proposal—and Senator Blatz himself has been unable to tell us what the impact would be in certain instances. Perhaps the Anderson-Blatz proposal will be the basis for seeking a solution to the tax dilema. However, we in the House will not budge from our position until it can be shown there's a better way.

Finally, it is the position of the House that people pay taxes whether they pay on sales, income, property, or what have you. Total real estate property tax relief could be achieved, but if this were to be done, someone—people—would have to pick up the bill.

It is the position of the majority of the members of the House that a tax dollar is a tax dollar, regardless of how it is levied.

House Conservatives are certainly willing to negotiate in these closing days of the special session regarding any tax proposal. However, it is the concensus of all Conservatives in the House that they are not going to impose confiscatory taxes on any individual, any wage earner, any farmer, any group of businessmen small or large, or any other segment of our state's pollution in order to achieve what might best be described as Herting and phoney tax relief.

Chief's Corner

— by —

Roland E. Woller, Chief
Thief River Falls Police Dep't.

The other day I was driving my car east on First Street and was just about to the bridge crossing the river. I noticed a boy on his bicycle coming west and heading across First Street from the south side to the north side so he could go north on Horace. Since it is my custom to drive fairly close to the right curb I was about two feet out from the curb as I made the slight right bend to go across the bridge.

Just at this bend I met another boy on a bicycle and I barely was able to swing to the center of the street in time to give him room to get past me on my right side. HE WAS DRIVING HIS BICYCLE ON THE WRONG SIDE OF THE ROADWAY. If there had been a car coming west across the bridge and was near the center line of the street I would not have had room to swing out to miss the boy without hitting the other car. This week—BICYCLE SAFETY and general bicycle suggestions.

I notice that the practice of driving on the left side of the roadway is quite prevalent here in Thief River Falls, so I will start with this action. I know that a pedestrian is requested to walk on the left side to face the oncoming traffic but this is not the case in regard to any type of mobile traffic. As a matter of fact, all mobile traffic is required to abide by all traffic rules the same as for auto traffic. This holds true for speeds, signals, stop signs and semaphores.

We often see bicyclists come to a semaphore and go right on through. I am sure you are aware of the hazard of this type of action but too many people feel that this is a small thing and really doesn't matter. I wish you could have seen some of the injured people that I have picked off the street and sent into the hospital for just such small infractions where they were involved in an accident. I would admonish parents to take action in these wrong doings since it is your conscience and pocket book that will bear the brunt of injuries and damage.

Another very unsafe action is that of riding double on a bike whether on the front or rear fender, on the handle bar, or on the main bar. Unless a bike is equipped for other passengers, it is illegal for more than one person to ride a bicycle at a given time. Bikes should be ridden single file and not abreast of each other.

One of our greatest problems here and everywhere else in this country, is that of handling the stolen and abandoned bikes that come into our possession. At the station I commanded in Minneapolis, we had from 100 to 200 bikes in the back room of the station all the time. The big problem . . We either did not know who the owners were or we could not get the owners to come down to pick up the bike. This is the big reason for requiring licensing. A bike that is properly licensed is easy to identify and we immediately try to locate the registered owners and have them come down and recover their property.

If the bike is not licensed and unless the owner comes down to look over the supply of bikes on hand, we do not know who it belongs to and we are stuck with the bike until such time as we can have a sale.

If you, as an owner of a bike or several bikes, are living in Thief River Falls, PLEASE MAKE A NOTE OF THE NAME OF THE BIKE, THE TYPE (BOYS OR GIRLS), SIZE, THE COLOR, AND THE SERIAL NUMBER AND COME TO THE POLICE STATION AND PURCHASE A CURRENT LICENSE. The cost is 35 cents and will be well worth the price if your bike becomes lost or stolen. Persons outside this city should make this same recording for your personal file for the same reasons.

We will be enforcing the regulations as they pertain to the operation and licensing of bikes within the city. If your child gets a traffic citation for a violation, I trust it will be received in the proper perspective since it is the safety of our citizens that is foremost in our mind in this enforcement action.

COOL, COLLECTED AND CLEAN

A refreshing drink at poolside keeps this happy family cool and collected. Summer beverages poured into foam cups stay cold a minimum of half an hour longer than in any other disposable container. And besides that, they are the cleanest, non-slipping, non-breaking container you can select. Why worry about accidents around the pool caused by a broken glass meeting bare feet? Use one of a variety of sizes of foam cups throughout the summer for outdoor fun without fuss. They are clean, don't slip out of swimmers' wet hands and don't sweat. Important, too, is that foam cups are non-biodegradable which means they are inert materials and don't decompose or smell.

Mr. and Mrs Tenny Olson and David of Silver Bay arrived Saturday and were overnight guests at the home of his brother, Omer Olson. Joining the two families Sunday for a pot luck picnic dinner were Mr. and Mrs. Donald Paulson, Peggy and Keith of Fosston, Mr. and Mrs Irvin Brenna and Barbara of Thief River Falls and Thomas Olson and Clarence Orvald of Trail. Peggy and Keith remained to spend a week with Greg and Rita Olson.

Mr. and Mrs. Martin Solseng Jr., Sherry and Shelly left Friday forenoon for Keewatin to visit at the Donald and Robert Olson and Selmer Myrum homes. Lonnie Olson accompanied them home Saturday to spend a week as a house guest of Mrs. Esther Solseng.

Mr. and Mrs. Gary Tanner, Kyla and Kimberly of Moorhead were Sunday afternoon visitors at the Marvin Moen home.

Kathy, daughter of Mr. and Mrs. Gordon Olson, was among the 6 4-H'ers leaving by bus Sunday to attend the Junior Leaders conference at St. Paul. They will return home Friday.

Thursday afternoon visitors at the Frank Armstrong home were Mrs. Duane Olson, Clarence Anderson and Henry Sevre of Brey. Supper guests that same evening were Mrs. Leo Armstrong, Bonnie Cota and Doris Dahl, all of Red Lake Falls.

Mr. and Mrs Warren Brenna, Tammy, Todd and Tina were Friday evening visitors at the Doyle Harstad home at Newfolden.

Susan Olson was a Wednesday overnight guest of Tawnya at the Lavern Hamre home in Numedal. Danny and Jeffrey Olson spent Friday afternoon at the home of their grandparents, the Frank Armstrongs.

Lightweight, Durable, Plastic
ARCH SUPPORTS
Expert Fitting

The combination of a lightweight, strong, injection molded plastic and nylon makes this support extremely durable so that it will not flatten under constant weight-bearing conditions. Recommended for those who must spend long hours on their feet. Ideal for relieving the pain of callouses, cramps, sore heels, etc., when due to weak or fallen arches. Cupped heel cradles and holds heel of foot in a natural position.

METATARSAL BAR — This patented Metatarsal bar extends across the forward end of the support, giving a substantial raise to the Metatarsal Arch at the ball of the foot where the Foot Wings rest on the insole of the shoe.

New Program For Alcoholism Tried

By Bill Hafling
University of Minnesota
Science Writer

Living under a bridge with a cheap bottle of wine was not Larry Poulson's idea of a good life—but as an alcoholic it was his life.

Occasionally he dreamt of a better life—"a good solid job," "marriage maybe," "being somebody"—then went panhandling for enough to buy another bottle of hooch.

After treatment for chronic alcoholism at least seven times in his life and trying several other methods to bring his drinking under control, Larry had given up hope. Then he was told about an experimental research project at the University of Minnesota. He volunteered and became the only subject in an unusual experiment.

Larry started drinking at 15, joined the army at 17 and "like a lot of soldiers had a good time at the bars." He was awarded a good conduct medal in the army. At 21, however, he was committed to an institution for the first time because his drinking had become a serious problem.

Larry's parents both belong to Alcoholics Anonymous. According to Larry, who is now 30, neither parent ever drank alcoholic beverages but joined AA in order to better understand both Larry and his brother's drinking problems.

"I was told that as an alcoholic I couldn't even take one drink because it would make me start drinking all over again. So I thought, what's the use, I might as well keep drinking after the first drink," Larry said.

"I got so I'd drink near the toilet in case the wine wouldn't stay down. I was so sick I couldn't walk. After I got some wine down I could go downtown feeling better.

"After so long drinking, there's nothing left, so when you're sober you feel depressed. My nerves would go to hell on me when I was sober. The design in a curtain would bother me and make me jumpy. I was about as low as I could go.

"I volunteered for this University project because I wanted to get going with a normal life. I didn't like what I saw happening to people on skid row—poor health, old before their time. I still had my health."

Tough Cases Only

The experiment was conducted by a team of researchers under the direction of psychologist Roy W. Pickens, associate professor at the University of Minnesota. The aim of such research is eventually to develop a treatment program, or several programs, for those individuals who want to help but have been unsuccessful in more traditional treatment programs.

"At this time," Dr. Pickens said, "We're interested only in working with alcoholics who have failed other programs many times. We recommend that others try programs such as those offered by Alcoholics Anonymous.

"We agree fully with the objectives of Alcoholics Anonymous—a highly respected community organization which has helped many people."

New Approaches Needed

At the same time, Dr. Pickens emphasized that new approaches to treating chronic alcoholism are needed. "The need for improved ways of treating alcoholism is becoming increasingly apparent," he said. "Total abstinence has long been held as the only successful approach to this problem, but total abstinence is only successful in 5 to 30 per cent of the cases, depending on which estimates you use. With up to 8 million alcoholics in this country alone, this leaves a very large group of people who are apparently not successful with total abstinence. Some, of course, have not had the courage to try total abstinence.

"The alcoholic who completes an experimental program such as we're trying to develop—or any program for that matter—is not viewed as cured. He still runs a greater risk of uncontrollable drinking than the average person. Hopefully, the type of treatment technique we're developing here will lessen that risk."

Drinking Behavior Studied First

After Larry Poulson volunteered, he was given a thorough physical examination to confirm that he was in good health. As in real life, but without having to panhandle, Larry was then given free access to alcohol.

For six weeks he was allowed to have a drink whenever he wanted one. His drinking behavior was carefully watched, studied and graphed in an attempt to determine what factors were associated with it.

After a few weeks one factor became apparent. Larry really liked talking to people and socializing while he was drinking. He found these activities difficult to do when he was not drinking.

Drinking Situation Changed

Following the six-week drinking and observation period, the relationship between alcohol drinking and socialization was reversed by the researchers. Now, in order to get a drink, Larry had to carry on a conversation with a staff person for one minute. Once the drink was produced, however, no talking or socializing with others was possible for 10 minutes. Everyone just ignored him whenever he drank.

Over the next month of observation under the new conditions, Larry drank less and less alcohol. Finally, he stopped drinking. In the following four weeks, he went on two drinking binges which lasted six and eight days—then quit drinking again entirely.

Behavior-Modification Techniques Begun

Behavior-modification techniques developed by experimental psychologists in recent years were used in the treatment program. The techniques used in this case, however, were somewhat different from those commonly used in some mental institutions and a few progressive schools.

Slowly and gradually the behavior patterns associated with binge drinking were eliminated by controlled exposure to alcohol. "Technically speaking," Dr. Pickens said, "we were extinguishing the discriminative control of those stimuli associated with heavy drinking. Contrary to what some people have claimed for us, our primary purpose is not to 'teach social drinking' to alcoholics."

Learning to drink under the new conditions was itself made a very gradual process. Several times a day, Larry was required to smell the whiskey in an open bottle. Later on he did the same thing with a glassful of whiskey. After several days of sniffing, he spent several more days in which he was required to first taste, then carefully sip, and then finally take a very weak drink.

At no time during this phase did Larry return to his uncontrollable drinking patterns even though liquor was freely available to him at all times.

At the present time he is drinking a normal drink, twice a day, without further drinking. He is also being taught to "nurse" his drinks and to schedule them properly with respect to other daily activities.

"They've given me several good ideas to work with," Larry said. "They've also helped me to see myself better. It helps to be around people who aren't just drinking all the time. I used to couldn't look anybody in the eye. I'd just look at the ground. Now I've got now confidence.

"I'm not scared of drinking any more. The idea that I couldn't take even one drink made it hard for me not to drink, if you know what I mean. It's no big thing any more."

Larry recently confided that he often forgets to drink both of his "two drinks a day." He appears to be too busy with plans for his future to think much about drinking.

Other Alcoholics May Be Helped

"This experiment, with Larry Poulson, was to see if our behavior modification ideas might work. He was the only subject. There are no other alcoholic subjects in any of our experiments or in 'treatment' by our group at the present time," Dr. Pickens said.

"We are talking to people with alcoholic treatment programs now and would consult out if some treatment center were interested in trying an experimental method, particularly if such methods prove to be successful."

Alcoholics and heavy drinkers now account for about half of all new cases of tuberculosis, 90 per cent of cirrhosis cases, and at least 50 per cent of automobile accident injuries, according to statistics reported at a recent symposium.

The death rate for untreated alcoholics is five times that of the general population, accidents are 18 times higher and the suicide rate is 50 times higher.

The Nation's "Most Abused Drug"

As Dr. Pickens points out, "alcohol is the nation's most abused drug. Unfortunately concern about it is not as 'fashionable' as that for more exotic drugs such as heroin, pills, and marijuana.

"I think Larry Poulson would make an excellent alcoholic treatment counsellor. He's been through everything that he could possibly go through as an alcoholic as well as being familiar with the methods used to this experiment," Dr. Pickens said.

If Larry Poulson can be trained to drink without getting drunk, maybe others can also. Hopefully, now approaches to the problem, developed through continuing research, will provide the answers many now wait for.

Guidelines For Hot Lunch Plan Are Increased

Assistant Secretary of Agriculture Richard Lyng announced the income poverty guidelines for determining children's eligibility for free or reduced price lunches in the 1971-72 school year. Use of the guidelines is mandatory for all schools under the national school lunch program and in other schools receiving federally-donated foods, starting July 1, 1971.

The new guidelines are higher than the 1970-71 guidelines. For example, last year the income eligibility minimum for a family of four was $3,720. The new guidelines for the four-person family is $3,940, reflecting the latest statistics on poverty levels reported by the bureau of the census.

By law, any child from a family with an income at or below the national income poverty guidelines shall be served a lunch, either free or at a reduced price (not to exceed 20 cents), in schools participating in the national school lunch program or in other schools receiving federally-donated foods for their lunch program. Lyng noted that private schools with programs administered by the department of agriculture are exempt from these guidelines under certain conditions.

Schools in the national school lunch program or receiving donated foods must publicly announce the criteria they will use to determine the eligibility for free or reduced price lunches. At a minimum, schools must consider family income, family size and the number of children in the family attending school and pre-school programs.

The income criteria cannot be less than the income poverty guidelines announced annually by the secretary of agriculture. Schools also must establish and publicly announce separate criteria for free and for reduced price lunches.

In applying these guidelines, school food authorities may consider both the income of the family during the past 12 months and the family's current rate of income to determine which is the better indicator of the need for free and reduced price lunches.

The 1971-72 guidelines are:

Total Family Size	Family Income
One	$2,040
Two	2,670
Three	3,310
Four	3,940
Five	4,530
Six	5,110
Seven	5,640
Eight	6,170
Nine	6,650
Ten	7,120
Eleven	7,600
Twelve	8,080
Each additional family member	480

Leaf Blight Is Expected Soon

Southern corn leaf blight (SCLB) has not yet been found in Minnesota, but is expected before long, according to a University of Minnesota extension plant pathologist, Herbert G. Johnson. Suspected corn plants are now being checked, he said.

SCLB is building up in the central corn belt and most widespread reports are from Illinois where the disease is now in about 25 counties. One 20 acre field there has been plowed down because of early and severe infection.

Increasing but fewer occurrences of SCLB are reported from Ohio, Iowa and Nebraska.

The source of the fungus spores in all of these cases is believed to be from local corn refuse of the 1970 crop.

Once SCLB occurs in Minnesota, the severity of the disease will then depend upon the weather. Hot, wet conditions will promote the disease, but either cool or dry weather will slow it down.

The seedling wilt phase of the disease which occurs from infected seed has been found in test plots in Minnesota where known infected seed was planted. Seedling wilt does not result in leaf spot, but stand is reduced.

Roadside Mowing Delayed To Aid Nesting Wildlife

In cooperation with the department of natural resources, the Minnesota highway department will schedule its roadside mowing program to allow time for successful nesting of pheasants, ducks and other wildlife.

Studies have shown that although about 25 per cent of our pheasants establish nests in alfalfa, the production of pheasants in it is almost zero. About one-third of the hens are killed or severely injured during hay mowing and nearly all of the nests are destroyed.

CALL FOR BIDS
FOR
NUMBER 2 FUEL OIL
GOODRIDGE PUBLIC SCHOOLS
GOODRIDGE, MINNESOTA

Notice is hereby given that the school board of Independent School District Number 561 of Pennington and Marshall counties will meet in the ag room of the Goodridge Public School, Goodridge, Minnesota, on Wednesday, July 14, 1971 at 9:30 p.m. for the purpose of receiving bids on the furnishing of number 2 fuel oil in transport load lots of not less than 5000 gallons to the oil tanks of the school located at Goodridge, Minnesota, during the 1971-1972 heating season.

Transport must be able to use 75 ft. hose if necessary. Loads may be split between 7000 and 8000 gallon tanks at different locations.

Bids will show the cost per gallon, include all costs as delivered, and be firm for the heating season. Bids may show variation in price for loads varying from 5000 to 7000 gallons.

It is estimated that the school will require not more than 75,000 gallons during the season.

Each bid must be accompanied by a good faith certified or cashier's check for $50.00. The successful bidder must furnish a survey bond for $1,000 to insure faithful performance for his offer.

The school board reserves the right to reject any and all bids, and to waive any informality in any bid.

All bids should be addressed to the Superintendent of Schools of Independent School District Number 561 at Goodridge, Minnesota 56725.

Truman Hemmestvedt
Clerk

Dated June 15, 1971

SCHOOL BOARD PROCEEDINGS

June 21, 1971
REGULAR MEETING
June 14, 1971

A regular meeting of the School District Board No. 564 was held at 8:00 o'clock P.M. on Monday, June 14, 1971 in the Superintendent's Office of the Lincoln High School Building.

The following members were present: Dr. George Martin, Kenneth Murphy, E. C. Olson, Marvin Prestebak, Charles Samuelson, Wallace Sparby, Maynard Wedul and Superintendent Johnson. None were absent.

A motion was made by G. Martin and seconded by W. Sparby to approve the minutes of the previous meeting.

A motion was made by K. Murphy, seconded by E. Olson and carried to approve the bills.

A motion was made by C. Samuelson, seconded by G. Martin and carried to approve the following teacher contracts: Dan H. Skaja, Secondary Special Education; Rodney M. Johnson, Carpentry, A.V.T.S.; Cecilie Stollman, Secondary; Kathleen Lindquist, Elementary; and Dr. William S. Corliss, Superintendent.

A motion was made by W. Sparby, seconded by K. Murphy and carried to approve the following teacher resignations: Werner Horter, Auto Mechanics, A.V.T.S.; Bonella Bumgarner, Home Economics, Junior High School; and Karen Trager, Special Education, Mark Twain.

A motion was made by M. Wedul, seconded by E. Olson as to a resolution commending the following teachers: Mrs. Alice Vraa and Mrs. Blanche Larson. The resolution was carried by all members.

A motion was made by K. Murphy, seconded by G. Martin and carried to rent the old library building and the armory for extra classrooms for the 1971-72 school year.

A discussion was held on classroom space for the coming year. Due to the high cost of financing a building program the decision was made to rent classroom facilities around the city with space that is available.

An executive session was called at 8:45 p.m. The executive session was over at 9:40 p.m.

A letter was received from Mrs. Shirley Frendsen requesting a leave of absence to achieve re-certification in elementary administration. No action was taken on this.

A motion was made by G. Martin, seconded by M. Wedul and carried to correct the minutes of the May 25th meeting to add Alan Krause to the military leave of absence motion.

A motion was made by C. Samuelson, seconded by W. Sparby and carried to pay the election clerks at the rate of $1.75 per hour.

A motion was made by M. Wedul, seconded by C. Samuelson to adjourn at 10:05 p.m.

Signed: Kenneth O. Murphy
Clerk

Approved: Mervin Prestebak
Chairman
